“The Economic Survey 2019-20 builds on India's aspiration of #Economy@5trillion with its theme of #WealthCreation. This Survey provides evidence to show that ethical wealth creation is an important national service. Those who create wealth are India's wealth! It integrates our old and rich tradition with contemporary evidence to emphasize that ethical wealth creation is a noble human pursuit. The Survey identifies two key pillars for furthering wealth creation in the economy – the invisible hand of markets supported by the hand of trust – and makes specific suggestions for job creation and wealth generation in the economy. I strongly recommend everyone to read the Survey and benefit from its ideas.”

CHAPTER-5

EXPORT PROMOTION CAPITAL GOODS SCHEME

- EPCG Scheme 5.1 The scheme allows import of capital goods for pre production, production and post production (including CKD/SKD thereof as well as computer software systems) at 5% Customs duty subject to an export obligation equivalent to 8 times of duty saved on capital goods imported under EPCG scheme to be fulfilled over a period of 8 years reckoned from the date of issuance of licence. Capital goods would be allowed at 0% duty for exports of agricultural products and their value added variants.
- However, in respect of EPCG licences with a duty saved of Rs.100 crore or more, the same export obligation shall be required to be fulfilled over a period of 12 years.
- In case CVD is paid in cash on imports under EPCG, the incidence of CVD would not be taken for computation of net duty saved provided the same is not Cenvated .
- The capital goods shall include spares (including refurbished/ reconditioned spares) , tools, jigs, fixtures, dies and moulds. EPCG licence may also be issued for import of components of such capital goods required for assembly or manufacturer of capital goods by the licence holder.

Delhi - Mumbai Industrial Corridor (DMIC) is India's most ambitious infrastructure programme aiming to develop new industrial cities as "Smart Cities" and converging next generation technologies across infrastructure sectors.

The objective is to expand India's Manufacturing & Services base and develop DMIC as a "Global Manufacturing and Trading Hub". The programme will provide a major impetus to planned urbanization in India with manufacturing as the key driver. In addition to new Industrial Cities, the programme envisages development of infrastructure linkages like power plants, assured water supply, high capacity transportation and logistics facilities as well as softer interventions like skill development programme for employment of the local populace. In the first phase eight new industrial cities are being developed. The programme has been conceptualized in partnership and collaboration with Government of Japan.

Pradhan Mantri Kisan SAMPADA Yojana

Government of India (GoI) has announced the Pradhan Mantri Kisan SAMPADA Yojana (Scheme for Agro-Marine Processing and Development of Agro-Processing Clusters) with a total outlay of Rs. 10,000 crore over the period 2018-2024. The scheme is being implemented by the Ministry of Food Processing Industries (MFPI).

PM Kisan SAMPADA Yojana is a flagship scheme of the Government of India. It will not only provide a better process to farmers and is a big step towards doubling of farmers income, creating huge employment opportunities especially in the rural areas, reducing wastage of agricultural produce, increasing the processing level and enhancing the export of the processed foods.

The following schemes will be implemented under PM Kisan SAMPADA Yojana :

- Mega Food Parks

Pradhan Mantri Kisan SAMPADA Yojana (Scheme for Agro-Marine Processing and Development of Agro-Processing Clusters) with a total outlay of Rs. 10,000 crore over the period 2018-2024. The scheme is being implemented by the Ministry of Food Processing Industries (MFPI).

Downloads

The scheme is being implemented by the Ministry of Food Processing Industries (MFPI). It will not only provide a better process to farmers and is a big step towards doubling of farmers income, creating huge employment opportunities especially in the rural areas, reducing wastage of agricultural produce, increasing the processing level and enhancing the export of the processed foods.

MSME SAMADHAAN- Delayed Payments to Micro and Small Enterprises under Micro, Small and Medium Enterprise Development (MSMED) Act, 2006

[The MSME Act, 2006 \(Dealing with Delay Payment\)](#) 

Related Provision

The Micro, Small and Medium Enterprise Development (MSMED) Act, 2006 contains provisions of Delayed Payment to Micro and Small Enterprise (MSEs). (Section 15- 24). State Governments to establish Micro and Small Enterprise Facilitation Council (MSEFC) for settlement of disputes on getting references/filing on Delayed payments. (Section 20 and 21)

Nature of assistance

MSEFC of the State after examining the case filed by MSE unit will issue directions to the buyer unit for payment of due amount along with interest as per the provisions under the MSMED Act 2006.

Who can apply

Any Micro or small enterprise having valid Udyog Aadhar(UAM) can apply.

Salient Features

The buyer is liable to pay compound interest with the monthly rests to the supplier on the amount at the three times of the bank rate notified by RBI in case he does not make payment to the supplier for his supplies of goods or services within 45 days of the acceptance of the goods/service rendered. (Section 16)

State Governments to notify (i) Authority for filing Entrepreneur Memorandum (ii) Rules of MSEFC and (iii) Constitution of MSEFC.

All States/UTs have notified Authority for Filing Entrepreneur's Memorandum, 33 States/UTs (i.e. except Arunachal Pradesh, Assam and Manipur) have Notified rules of MSEFC and all the 36 States/UTs have constituted MSEFCs, as per provisions laid down under MSMED Act 2006.

AURIC - Unprecedented Opportunities for Industries and Businesses

Aurangabad Industrial City (AURIC) is one of India's most well-planned, Greenfield & smart industrial cities being developed over an area of 10,000 acres in Maharashtra, as part of the Delhi-Mumbai Industrial Corridor (DMIC). Strategically located at Shendra and Bidkin near Aurangabad, it is an existing urban and industrial hub in the State. AURIC will tap into the huge potential for industrial advancement within the region.

AURIC's development and implementation is being undertaken by Aurangabad Industrial Township Limited (AITL), a Special Purpose Vehicle (SPV) between Maharashtra Industrial Development Corporation (MIDC) and Delhi-Mumbai Industrial Corridor Development Corporation (DMICDC).

Complementing the vision of AURIC, a state-of-the-art smart technology is being used with a focus on infrastructure that is clean, reusable, recyclable and industrial growth will be encouraged in targeted areas to build upon the industrial success of the region. Aurangabad city along with its existing airport and railways in its proximity to the industrial areas gives strong support for export-oriented businesses. AURIC is located at a distance of approximately 15 km from downtown Aurangabad and is 8 km east of the Aurangabad Airport.

AITL has a single point contact for building permission, water permission and power. AITL will also manage day to day activities of the industrial city.

Food Processing Schemes

The Cabinet Committee on Economic Affairs, chaired by the Prime Minister has given its approval for re-structuring the schemes of the Ministry of Food Processing Industries (MoFPI) under new Central Sector Scheme - SAMPADA (Scheme for Agro-Marine Processing and Development of Agro-Processing Clusters) on 03-May-2017 with allocation of Rs. 6,000/- crore for the period from year 2016 to 2020 coterminous with the fourteenth Finance Commission cycle. The SAMPADA will be implemented by Ministry of Food Processing Industries (MoFPI).

On 31-May-2017, SAMPADA has been renamed as 'Pradhan Mantri Kisan SAMPADA Yojana'.

It is a comprehensive package which will result in creation of modern infrastructure with efficient supply of chain management from farm gate to retail outlet. It will not only provide a big boost to the growth of food processing sector in the country but also help in providing better prices to farmers and is a big step towards doubling of farmers income, creating huge employment opportunities especially in the rural areas, reducing wastage of agricultural produce, increasing the processing level and enhancing the export of the processed foods.

It is an umbrella scheme incorporating ongoing schemes as well as new schemes.

Following schemes will be implemented under Kisan SAMPADA Yojana

1. Mega Food Parks (on going)
2. Integrated Cold Chain and Value Addition Infrastructure (on going)
3. Creation / Expansion of Food Processing & Preservation Capacities (new)
4. Infrastructure for Agro-processing Clusters (new)
5. Creation of Backward and Forward Linkages (new)
6. Food Safety and Quality Assurance Infrastructure (on going)
7. Human Resources and Institutions (on going)
