India signs the Multilateral Competent Authority Agreement (MCAA) pact on Automatic Exchange of Information (AEOI)

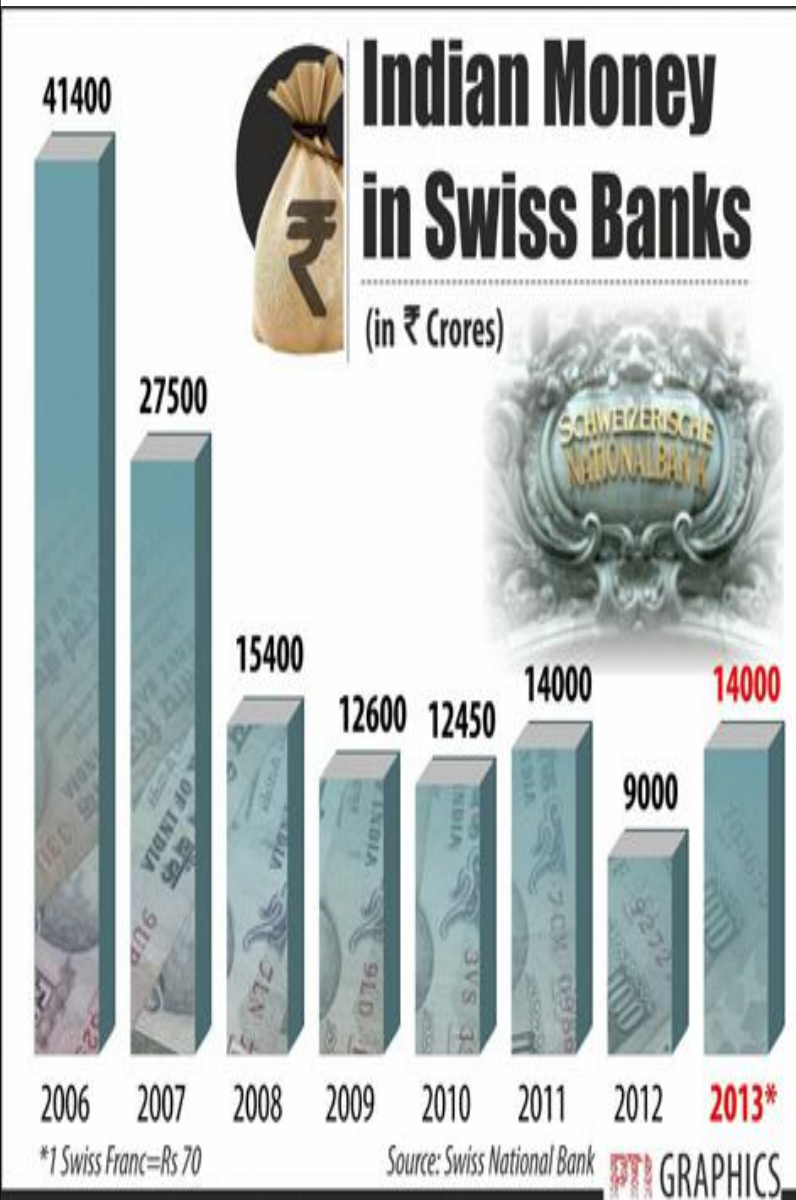

- Previously, 54 countries had joined the MCAA.

- The target is to reach 94 countries by 2017.

Recently Switzerland's Official Gazette revealed publicly names of seven Indians on the list for tax evasion

Swiss Federal Tax Administration has asked to file an appeal within 30 days if they do not want their details to be shared with the Indian authorities.

The names of the seven persons are

- Yash Birla,
- Gurjit Singh Kochar,
- Ritika Sharma, Sneh Lata Sawhney and Sangita Sawhney,

# BLACK MONEY PROBE

A list of 628 names was submitted in 2010 by France to India. There are people who allegedly held bank accounts at HSBC's Geneva branch.

India has so far initiated action in 121 cases. No activity or money deposits have been found in 202 accounts.

Late last year, Mr Jaitley said 250 Indians on the HSBC list had admitted to holding foreign accounts but cautioned that not all of them were illicit.

# STRUCTURE OF THE BLACK MONEY ACT

Black Money act has 88 sections and 7 chapters as under:

# SCOPE

Black Money Act applies to all persons who are 'resident and ordinarily resident' in India.

*"Undisclosed asset located outside India"* means an asset (including financial interest in any entity) located outside India:

- held by the assessee in his name or where he is a 'beneficial owner' ; AND
- he has no explanation about the source of investment in such asset; OR
- the explanation given by him is

*"Undisclosed foreign income and asset"* means the total amount of undisclosed income of an assessee *from a source located outside India* and the value of an undisclosed asset located outside India.

# WHO IS ASSESSEE?

Section 2(1) defines “Assessee” as under:

*“assessee” means a person, being a resident other than not ordinarily resident in India within the meaning of clause (6) of section 6 of the Income-tax Act, by whom tax in respect of undisclosed foreign income and assets, or any other sum of money, is payable under this Act and includes every person who is deemed to be an assessee in default under this Act”*

The term ‘person’ is not defined in the Black Money Act so its definition under the ITA must be adopted. Accordingly, assessee will include individual, HUF, company, firm, AOP, BOI, local authority and every artificial judicial person.

This Act will not apply to any person who is *Not Ordinary Resident and Non Resident.*

# IMPACT OF POEM ON CERTAIN COMPANIES

(AMENDMENT IN SEC. 6 OF THE ITA BY FINANCE ACT, 2015)

Hitherto, the test of residency was whether the company is incorporated in India or is wholly controlled and managed within India.

Replaced term “wholly controlled and managed within India” with the standard of “place of effective management” (POEM).

*POEM has been defined to mean “a place where key management and commercial decisions that are necessary for the conduct of the business of an entity as a whole are, in substance made”*

## FEMA and UFIA -Issues

### Examples of foreign assets held legally under FEMA

Any resident individual (under FEMA or ITA or both) who is holding assets abroad acquired from LRS

Any Indian resident company holding assets abroad under Overseas Direct Investments (ODI) Guidelines

Inheritance of foreign asset by Indian resident from non-resident relative and continues to hold the same as permitted under section 6(4) of FEMA

A resident person who continues to hold assets abroad which were acquired when non-resident as permitted under section 6(4) of FEMA

## FEMA and UFIA -Issues

Examples of foreign assets held legally under FEMA

Onus is on the Tax Payer to prove that they are holding foreign assets legally and proper disclosures / filings were made. If so, the Income-tax Commissioner / RBI / Enforcement Director under FEMA cannot take any penal action / prosecution without any proper enquires

However, Finance Act 2015 proposes that the Enforcement Director under FEMA can directly seize equivalent value of Indian assets (without asking any questions) and merely on the reason to believe or suspicion - similar amendments are also proposed under Prevention of Money-laundering Act, 2002 (PMLA) vide Finance Act 2015

# STRINGENT PENALTIES FOR LAWFUL STRUCTURES

Far reaching, impacting everyone from those returning to India after a stint abroad to those who are in India remitting funds abroad under the Liberalised Remittance Scheme; fund managers having carry structures to corporations having subsidiaries abroad.

The Act does not appear to make a distinction between legal and illegal structures.

The Act imposes its strict consequences even where the structure has been set up in a legally compliant manner, if there has been a non-disclosure.

# KEY CONSIDERATIONS

Tax evasion to be dealt strictly, however, it cannot be treated at par with criminal law

Benami Transaction law to tackle black money within India

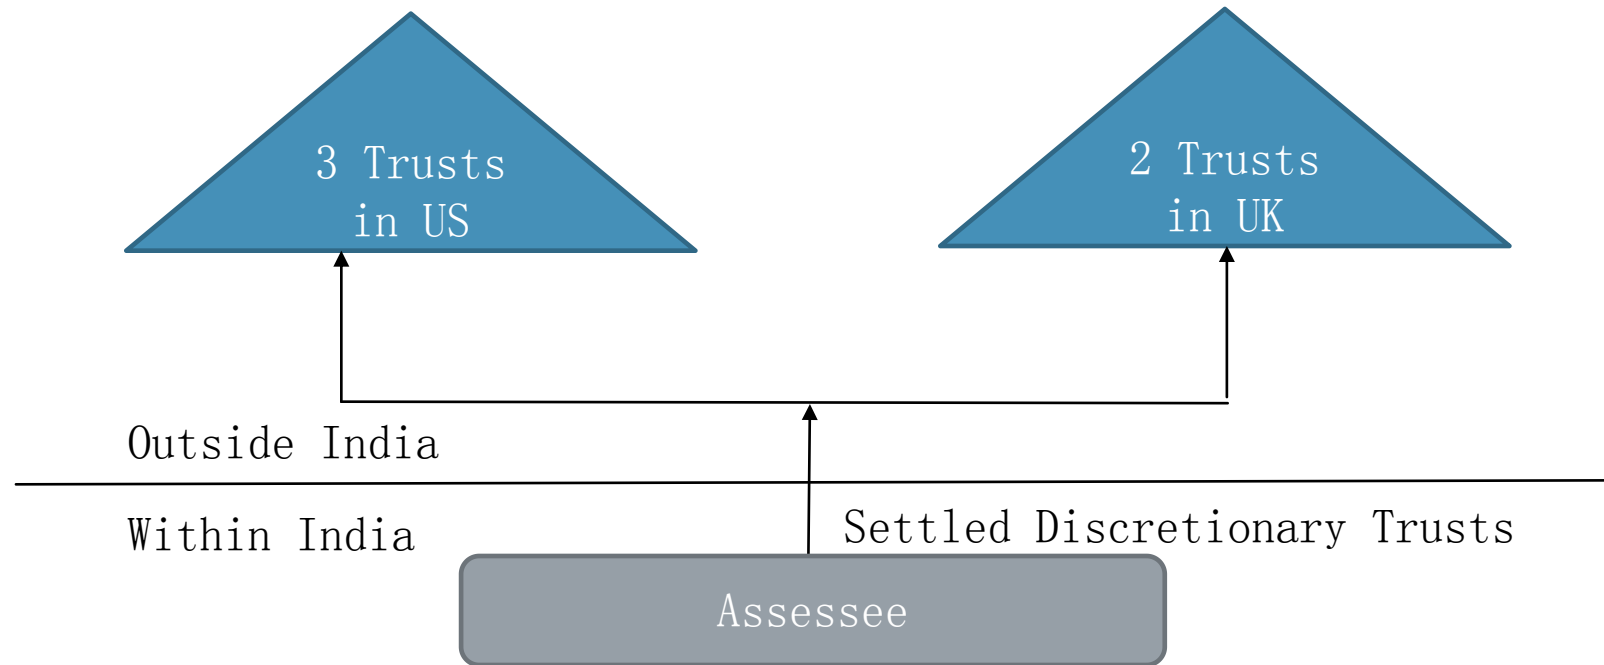

Consider to provide basic threshold to tax payers having low value foreign assets and income

Adequate documentations and record to be maintained in relation to foreign income and assets

Misuse of information may cause harassment to Tax Payers who may want to come clean

# Case Study – CWT vs. Estate of HMM Vikramsinhji of Gondal

[2014] 225 Taxman 166 (SC)

Apex Court observed that “A discretionary trust is one which gives a beneficiary no right to any part of the income of the trust property, but vests in the trustees a discretionary power to pay him, or apply for his benefit, such part of the income as they think fit. The trustees must exercise their discretion as and when the income becomes available, but if they fail to distribute in due time, the power is not extinguished so that they can distribute later. They have no power to bind themselves for the future. The beneficiary thus has no more than a hope that the discretion will be exercised in his favour.”

# Case Study - Mohan Manoj Dhupelia vs DCIT

[2014] 166 TTJ 584 (Mumbai - Trib.)

Information regarding beneficial status in foreign trust having huge bank balance neither disclosed in ROI nor in return filed pursuant to notice issued u/s 148

- The AO made addition on account of alleged undisclosed income in the hands of the named beneficiary(ies)
- The assessee contended that the alleged trust was discretionary trust and the amount was neither deposited nor received by the assessee.
- The Tribunal upheld the order of the AO observing that:
  - documents received officially
  - Trust created for benefit of beneficiaries.

# ISSUES

- Whether the Act is constitutionally valid ?  
(Reference can be drawn from Supreme Court decision in case of Navnitlal C. Javeri vs K. K. Sen [1965] 56 ITR 198 where validity of deemed dividend u/s 2(22)(e) was challenged and held as constitutionally valid)
- Is Settlement Commission still viable option?
- Section 10 states ' on receipt of an information from an income-tax authority under the Income-tax Act or any other authority under any law for the time being in force or on coming of any information to his notice' . How wide are the powers of AO to issue notice and invoke the provisions of the Act? Is it necessary that information must come from a credible /reliable and legal source?
- What happens where the value of the undisclosed asset is lost / there is diminution in value of the asset? Will there be any downward adjustment?

## CASE STUDY 1

Mr. Tom was non-resident in India till 2012. He returned to India and kept Rs. 1 crore in a current a/c with HSBC India out of the money earned abroad. He forgot to disclose this amount in his balance sheet in tax return.

Can the asset be covered under the Act?

## CASE STUDY 2

- M/s. XYZ, a company incorporated in the Netherlands, is the owner of IPR of the XYZ group.
- It has various assets which are 'on balance sheet' and disclosed to the Dutch tax authorities and also owns certain intangibles which are 'off balance sheet' items.
- In FY 2016- 17 (Ay 2017- 18) the Indian tax authorities came to a finding that the Place of Effective Management (POEM) of M/s. XYZ is in India.
- M/s. XYZ has never furnished or filed its tax returns in India.

Would M/s. XYZ be covered under the Act? If yes, what are the consequences?

# CASE STUDY

## CASE STUDY 3

- Mr. Gambler was a non-resident in India from 1997 to 2010.
- He accumulated UKP 5,00,000 in a bank account in the British Virgin Islands as at 31 March 2007.
- He loves gambling and from 2007 to 2014 has been going to Monte Carlo to play backgammon and blackjack at very high stakes.
- He has over the years lost UKP 4,50,000 of the said sum at the tables and now wants to come clean about the whole sequence of events.

What is the amount that he should be offering in the declaration? Is it UKP 5,00,000 or UKP 50,000? Even if he offers UKP 5,00,000 in the declaration will such declaration be valid?

## CASE STUDY 4

- Bear Cubs Ltd, an Indian Company, has certain assets in India and certain assets outside India.
- During the course of assessment for A. Y. 2016– 17, the AO discovers that the company had investments in a Swiss Bank account which were not disclosed in its tax returns.
- The Company is ready and willing to pay tax and penalty on this asset under the Act but wants to bring the asset into its books.

What would be the accounting entry it will need to pass? And, if it is a persistently loss making company, will it be required to pay MAT if it brings the asset into its books of account?
