That person who is awake in those that sleep, shaping desire after desire, that, indeed, is the pure. That is Brahman that, indeed is called the immortal. In it all the worlds rest and no one ever goes beyond it. This, verily, is that, kamam kamam: desire after desire, really objects of desire. Even dream objects like objects of waking consciousness are due to the Supreme Person. Even dream consciousness is a proof of the existence of the self.

No one ever goes beyond it: of Eckhart: 'On reaching God all progress ends'.

Message

Dear Colleagues,

The profession of Chartered Accountancy has always been recognised for the quality of its education, training and strong reservoir of knowledge, skills and professional values. In the emerging scenario, there is a paradigm shift in the role of Chartered Accountants which is not only restricted to subject areas of Accountancy, Audit and Taxation but also encompasses management consultancy services, insolvency, valuation, risk management, corporate governance and strategic management etc. “Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great.”, as truly said by Dr. A. P. J. Abdul Kalam, there is no end to learning. This is also applicable for the Chartered Accountants who render knowledge and skill-based services. Our members need to put concerted efforts to be well versed with the contemporary developments being taking place very rapidly.

At this juncture, it is heartening to note that the Western India Regional Council (WIRC) of the Institute of Chartered Accountants of India (ICAI) is bringing out a “WIRC Reference Manual 2019-20” covering all the important aspects relating to the profession such as Chartered Accountants Act & Regulations, Accounting & Auditing Standards, Guidance and information on Direct Taxes, GST and Other Indirect Taxes including UAE VAT, Company law, Insolvency and Bankruptcy Law, Valuation etc. This Reference Manual has been developed to apprise and update our members with all the relevant information at one place. I am sure that the members will find this compilation very useful in their day-to-day reference needs and this will act as one-point ready reference for all.

I place on record my compliments to the entire team associated with the compilation and finalisation of this Reference Manual.

With best wishes,

CA. Prafulla Premsukh Chhajed
President,
The Institute of Chartered Accountants of India

Respected Members,

The Accounting profession is playing an active role in progress driven by reforms and technological advances, both nationally and globally. ICAI is mindful of its responsibility to continuously improve and innovate the services rendered by the members through knowledge enrichment, to be future ready to guide and support clients in the dynamic marketplace. Technical excellence and adherence to high ethical standards are essential conditions for growth and development of any profession. The Institute has been quite proactive in realigning its vision by imbibing best global practices in its educational curriculum with the changing business environment.

As a profession, being agent of change, it is expected of the CA fraternity to ensure both, to promote public interest as well as sustained economic growth by acquiring requisite and updated knowledge and skills to remain on the forefront in the changing paradigm. In fact, in the changing scenario, it is all the more important for the CA fraternity to enhance its intellect and skills, totally equipped with the knowledge of all the important economic, commercial and business laws and cases related to such laws, as also the various amendments to rules and regulations from time-to-time.

The task of learning and development is demanding for a CA, with professional commitments, timelines, which by themselves are quite challenging. In this background the concise WIRC Reference Manual will definitely be an excellent resource, wherein they can instantly refer, for various references and guidance, to arrive at solutions.

I compliment the efforts of the members of Western India Regional Council for compiling, documenting and collating the required information with appropriate comments in bringing out this useful publication.

I am also confident that the same will prove to be immensely beneficial to all the members and users of this reference manual.

CA. Atul Kumar Gupta
Vice-President,
The Institute of Chartered Accountants of India

About ICAI

The Institute of Chartered Accountants of India (ICAI) is a statutory body established by an Act of Parliament, viz. The Chartered Accountants Act, 1949 (Act No. XXXVIII of 1949) for regulating the profession of Chartered Accountancy in the country. The Institute, functions under the administrative control of the Ministry of Corporate Affairs, Government of India. The ICAI is the second largest professional body of Chartered Accountants in the world, with a strong tradition of service to the Indian economy in public interest.

The affairs of the ICAI are managed by a Council in accordance with the provisions of the Chartered Accountants Act, 1949 and the Chartered Accountants Regulations, 1988. The Council constitutes of 40 members of whom 32 are elected by the Chartered Accountants and remaining 8 are nominated by the Central Government generally representing the Comptroller and Auditor General of India, Securities and Exchange Board of India, Ministry of Corporate Affairs, Ministry of Finance and other stakeholders.

Over a period of time the ICAI has achieved recognition as a premier accounting body not only in the country but also globally, for maintaining highest standards in technical, ethical areas and for sustaining stringent examination and education standards. Since 1949, the profession has grown leaps and bounds in terms of members and student base.

The activities of the ICAI can be broadly divided into Regulatory, Standard Setting, Disciplinary and Education & Training.

About WIRC of ICAI

The Western India Regional Council (WIRC of ICAI) which is located at Mumbai is the largest Regional Council of Institute of Chartered Accountants of India amongst the Five Regional Councils, catering to the membership of more than 1,16,000 Chartered Accountants and about 2,25,000 CA students, spread across the network of 35 branches in the three States — Maharashtra, Gujarat, Goa and the Union Territories of Daman, Diu, Dadra & Nagar Haveli. These CA members are either in practice or in business or holding eminent positions in various industries as well as Government Organizations spread across the Region.

“Powered By Professionalism. Driven By Values” – is the theme of WIRC. These simple words carry with them a tremendous promise – our commitment to professionalism driven by integrity. In this perspective, WIRC of ICAI has always been in the forefront in organizing conferences, seminars, workshops and webinars which are important tools for the propagation of relevant information and dissemination of knowledge. WIRC of ICAI also makes representations on the practice of various laws through Central Committees or directly to the respective offices of State Governments of Maharashtra, Gujarat, Goa and the Union Territories. It also organises various programmes for the benefit of the public at large. These are ideal platforms for the Chartered Accountants to participate and gain the benefits from the doyens of the profession in Industry, Technology, Financial Services and matters related to Professional Development and contemporary relevance, which is considered the need of the hour. As a testimony of its continuous effort the WIRC of ICAI has been consistently adjudged as the Best Regional Council of ICAI. Our students have also proved their mettle by bagging the most acclaimed ‘Best Student's Association’ on regular basis.

The WIRC of ICAI also publishes a monthly newsletter for the benefit of the members, wherein all information relating to forthcoming programmes, law updates, event highlights for the benefit of students are published. It also includes matters relating to Corporate laws, Direct and Indirect Tax laws, SEBI guidelines, various allied laws, etc. to mention a few areas.

The members are our great brand ambassadors, and make us proud. It is always our constant endeavour to keep constant connect with them and create platforms for constant networking at all the times.

Students Education Courses and Classes are also organised regularly for the benefit of CA students. In order to attract new entrants into the CA learning programmes, WIRC organises regularly Career Counselling Programmes in high schools and colleges throughout the Western Region.

In so far as research activities relating to Finance and Accounts domain, WIRC has always been in the forefront in supporting such research activities.

WIRC also brings out some unique and eye catching publications. This Reference Manual is a compilation of various laws useful to our profession. It also contains gist of Accounting & Auditing Standards, CA Act & Rules. This Reference Manual is the result of contribution of 119 members including our esteemed Central Council Members. This Reference Manual is very well appreciated by Regulators & Members in Industry and also continues to be highly appreciated by members of other Regions.

Foreword

Presenting the WIRC Reference Manual 2019 is a huge privilege for us. The WIRC Reference Manual has grown from strength-to-strength over the years. This publication has been continuously innovating and redefining itself. Today, it has grown into a treasure trove of information on a vast gamut of subjects reflecting the growing areas of practice of a finance professional.

This year we are highlighting the qualities which define the very core of Chartered Accountants – Professionalism and Values. This is a reflection of our motto 'Powered by Professionalism. Driven by Values." These simple words carry with them a tremendous promise – our commitment to professionalism driven by integrity.

Contemporary circumstances and various legal developments bring in new challenges. These challenges have opportunities within them. The dynamic regulatory environment would necessitate every professional to keep on learning and exploring new ideas. Current trends point towards a sea change for practices, especially the pace at which inputs are required to match pace globally. Given the aggressive pace of progression, today's accounting and finance landscape is a perfect example of the quote "The Only Constant is Change Itself".

A closer look at industry developments suggest that while adapting to today's market is critical, an even greater determinant of success lies in anticipating future trends and taking steps to prepare for what's ahead, well before it comes to fruition. Development of such vision requires strong insight into the conditions of today's accounting and finance landscape.

The WIRC, being a catalyst for the professionals and their need to remain updated on the developments, will have a very important role to play going forward. The 2019 Reference Manual is a step in that direction. In this context, the WIRC Reference Manual, which acts as a ready reckoner, has been the bible for instant reference, guidance for responses and most importantly to resolve issues and arrive at solutions.

I thank CA. Jayesh Kala, CA. Lalit Bajaj and CA. Vishal Doshi for taking the lead jointly and ensuring a Reference Manual of the highest relevance and validity. I also appreciate the dedicated efforts of members who have devoted their valuable time and made meticulously gathered, documented and collated updated information validated with insightful analysis.

The motivation and the support of my other colleagues in the Regional Council and guidance of the Central Council Members in bringing out this publication is well appreciated. I am sure that this Reference Manual will prove immensely beneficial to all the members.

CA. Priti Savla
Chairperson, WIRC of ICAI

Preface

In a constantly changing world, the Chartered Accountants profession is also constantly evolving. The main reason, we have continued to provide excellent service to all stakeholders is with the help of continuous research and learning endeavours of the Institute. In this context, the WIRC Reference Manual, which acts as a ready reckoner, is a powerful resource which members and students can access instantly, not only for various references but also for guidance to finalise their responses and to arrive at solutions. Thus, it is with great pride that we present to you the new WIRC Reference Manual 2019-20.

Over the last few years our industry has grown tremendously and along the way we have earned great respect and trust through our positive contributions to the nation and to society. But in today's fluid professional environment it is imperative that we remain at the cutting edge, totally aware of every new law and every new amendment of rules and regulations.

The WIRC Reference Manual 2019-20 is the perfect instrument for our profession, providing us with relevant and vital information on the spot. It has all the laws, regulations and the latest amendments to prepare for any and all exigencies. Every relevant piece of information and all pertinent knowledge bytes have been included in this exhaustive Reference Manual. You will appreciate the fact that this manual, with all its encyclopaedic facts and figures has also been made available digitally, making it a very handy virtual Reference Manual.

This publication has been made on the back of numerous recommendations and insightful feedback furnished by our members. I deeply appreciate the efforts of all the contributors who acknowledged the various inputs while putting forward their own endeavours at the same time. The Reference Manual has been put together through the selfless efforts of members who have drawn on years of valuable experience to present data to you in the best possible way.

As WICASA Chairman, it gives me great pride to see our students take great interest in accessing this Manual. By publishing this Manual, WIRC gives them a strong resource providing instant knowledge to all their queries thus creating a culture of diligence.

I am sure that this Reference Manual will prove to be immensely beneficial to all our WIRC members and students.

I would like to convey my sincere thanks to all the Contributors of the Reference Manual who have gifted knowledge and time; their most invaluable assets, in order to create this Manual.

I also thank Central Council Members and Regional Council Members for providing guidance and able leadership toward this publication. I would also like to acknowledge the untiring efforts of CA Priti Savla, Chairperson, WIRC and her team to bring the Reference Manual in the present form. I am confident that this publication will be extremely useful to the members and students of the Institute.

CA. Jayesh Kala
Chairman, WICASA

Preface

Respected Members,

It is my privilege and honour to present before you one of the premier publication of WIRC "Reference Manual 2019-20". This is an annual publication used by most of the members, whether in practice or in industry. The WIRC Reference Manual is an easy reference compilation of assorted Laws, Rules, Regulations, Procedures, Pronouncements, Notifications, etc. It covers topics suitable for all accounting, tax and legal professionals. A comprehensive yet handy guide, the Manual is a distillation of the expertise of some of the best minds in our profession.

To equip our members with recent updates and updating their knowledge required in day-to-day practice, team WIRC has been publishing reference manual every year. I am happy to say that manual provides most regularly referred laws, regulations and latest amendments in this just one exhaustive and handy compilation.

I would like to convey my sincere thanks to all the contributors of the Reference Manual who have put their efforts tirelessly in publishing this Manual for our members.

I wish to personally thank our Hon. President, CA. Prafulla Chhajed and all Central Council Members for their guidance and support regularly. I am Grateful to our Chairperson, CA. Priti Savla for giving me this opportunity to be part of Referencer compilation group. I compliment the efforts of Regional Council Members CA. Vishal Doshi and CA. Jayesh Kala for their efforts and initiative for timely availability of publication. I am thankful to all my council colleagues for their support.

I am much confident that this Manual will be extremely helpful to our Members and Students. I request our members to kindly give their input and suggestion to make this publication more better in future.

CA. Lalit Bajaj

Regional Council Member - WIRC of ICAI

Dear Professional colleagues,

It gives me immense pleasure to present before you ***"WIRC Reference Manual 2019-20".***

The WIRC Reference Manual is a much-awaited annual publication of WIRC of ICAI. The WIRC Reference Manual is comprehensive not only in respect of the coverage of various laws and standards but also about the details covered under each section.

The law is never static. However, the pace of change is at unprecedented highs. In such times, it becomes difficult for a professional to keep track of all the changes. The WIRC Reference Manual serves as a one-stop-publication where all the updated laws are readily and easily available.

This is the 16th successive year of WIRC Reference Manual. This Manual is used not only by practising Chartered Accountants but also by account and finance teams in industries, other professionals and students.

I thank the contributors for their untiring efforts to ensure that this publication gets updated in a short time. I also thank Ms. Priti Savla, Chairperson, WIRC of ICAI to have reposed faith in me and entrusted me with the responsibility of being part of the team to update the *WIRC Reference Manual 2019-20*.

At WIRC of ICAI it is our endeavour to ensure that we release latest and timely publications which are helpful to members, students and other stakeholders and I am sure everyone will reap the benefits of these efforts.

The Chartered Accountants Act, 1949 and Regulations

1. THE CHARTERED ACCOUNTANTS ACT, 1949 (THE ACT)

It is an Act enacted by Parliament w.e.f. 1st July, 1949 — as amended by Chartered Accountant (Amendment) Act, 2011 for the regulation of the profession of Chartered Accountancy in India. The regulation is exercised through the Institute of Chartered Accountants of India. For the management of the affairs and for discharging the functions assigned to it by the Act, there is a Council of the Institute.

The Act has eight chapters, which deal with provisions relating to membership of the Institute, Council and Regional Councils, misconduct, penalties, power to make various regulations, etc.

The Act also has two Schedules relating to professional misconduct.

By virtue of Section 30 of the Chartered Accountants Act, 1949, the Council of the Institute has made regulations, which are called the Chartered Accountants Regulations, 1988. The same came into force from 1st June, 1988 and have been amended from time-to-time. The Council has issued guidelines for the members pursuant to the provisions of the Chartered Accountants Act, 1949. Important aspects of these guidelines have been suitably covered under appropriate heads the Chartered Accountants Regulations, 1988.

Some of the important regulations relevant for members and students are given hereinbelow:

11. The members of ICAI who are also members of AICPA and are eligible to sign the financial statements as CPAs (i.e., as members of the AICPA), may do so. So far as ethical standards are concerned, the ICAI ethical standards will apply. When the ICAI members sign the financial documents as CPAs, they should indicate in an appropriate manner, that their firm is an Indian accounting firm registered with the Institute of Chartered Accountants of India under the Chartered Accountants Act, 1949. In other words, such a member should ensure to appropriately reflect the fact in the relevant document(s) that his firm falls within the purview of the ICAI. (Decision in the 257th Council meeting. Published on page 145 of July 2006 issue of CA Journal).

5. OTHERS

- Firm registration number allotted by ICAI is required to be mentioned in the audit report and certificate issued by the Firm/member.
- Resolution regarding appointment of statutory auditors should bear Firm's registration number.
- Indian CA firms having tie-up/affiliation with international entities/network to furnish certain documents/details to the Institute (For details refer 'The Chartered Accountant', November 2010 issue page 805). In case, the Institute comes to know of any firms which have international tie-up/affiliation, but yet had not come forward to disclose the same and submit the documents/details called for, then necessary action under the provisions of the Chartered Accountants Act, 1949 shall be taken against them.
- MAINTENANCE OF RECORD OF AUDIT ASSIGNMENTS

  A chartered accountant in practice as well as firm of Chartered Accountants in practice shall maintain a record of the audit assignments accepted by him or by the firm of chartered accountants, or by any of the partners of the firm in his individual name or as a partner of any other firm, as far as possible, in the following format:

Sr. No.	Name of the Company	Registration Number	Date of Appointment	Date of Acceptance	Date on which Form 23-B filed with Registrar of Companies

6. SELF REGULATORY MEASURES

1. Branch Audits of a Company not to be conducted by its statutory auditors consisting of ten or more members but to be entrusted to local firm of auditors consisting of less than 10 members except where accounting records of branches are maintained at the Head Office of the Company or significant operations are carried out at the branch office.
2. Where large Companies desire to appoint firm with less than five partners as joint auditors, the senior audit firms should not object to the same.
3. A practising firm of CAs engaged in audit work should have at least one member for five non-qualified members of the staff, excluding articled clerks, typists, peons and other persons not engaged directly in such professional work.
4. As a good and healthy practice, auditors should make a disclosure of payments received by them for other services through the medium of a different firm or firms in which the said auditor may be either partner or proprietor.
5. To ensure professional independence, fees for audit and other services received by a firm, its partners individually and by any other firm in which a partner or partners are partners, from one or more clients or companies under same management should not exceed 40% of the gross annual fees of firm, other firms and partners referred above. This restriction does not apply in cases where such fees do not exceed ₹ 2 lakhs from the group or where fees relate to audit of Government companies or where appointment is made by the Government.

7. MINIMUM RECOMMENDED SCALE OF FEE CHARGEABLE FOR THE WORK DONE BY THE MEMBERS OF ICAI

The Committee for **Capacity Building of Members in Practice (CCBMP)** of ICAI as a part of its commitment to strengthen the Members in Practice, has initiated the Minimum Recommended Scale of Fees for the professional assignments done by Chartered Accountants. The recommendation is about the fee to be charged as per the work performed for various professional assignments. **The committee has further revised the prescribed Minimum Recommended Scale of Fees. The fee has been recommended separately for Class A & Class B cities.**

The details about the Minimum Recommended Scale of Fees for the professional assignments to be done by the Chartered Accountants for **Class A & Class B** cities can be seen at *https://resource.cdn.icai.org/47945ccbmp37942.pdf*

8. CHARTERED ACCOUNTANTS' BENEVOLENT FUND

The Chartered Accountants' Benevolent Fund (CABF) established in 1962 by ICAI, is one of the largest body providing welfare and support to the Chartered Accountants fraternity. It provides financial assistance for medical treatment, education, maintenance or any other similar purpose to necessitous persons of the CA fraternity. Financial assistance in lump sum is also given to the widows/relatives of the deceased member in case of accidental/unnatural death at age below 55 years. A considerable number of members/family is already getting such assistance from CABF.

9. MEMBER IN PART TIME PRACTICE

- The Council has decided that the members in part time practice shall not be entitled to perform attest function w.e.f. 1-4-2005. The Council in this connection also clarified that the attest function would cover services pertaining to audit, review, certification, agreed upon procedures and compilations as defined in the framework of statements on standard auditing practices and guidance notes on related services published in the July, 2001 issue of the Institute journal.
- A member who is not entitled to perform attest function shall not be entitled to train the articled assistants.

10. NETWORK, MERGER, DEMERGER AMONGST THE FIRMS REGISTERED WITH THE INSTITUTE

The Council has accepted the report of the study group on capacity building measures of CA firms. The report as accepted has been hosted in the website of the Institute under the title "Capacity building measures 2004". The Council has also decided the rules of network amongst the firms registered with ICAI, rules of merger and demerger, etc. The Council has also decided that while, in the constitution certificate, the actual date(s) of (joining of partner)(s)) the merging firm(s) would continue to be the respective date(s) of joining the merged firm, however, against each such entry the clarificatory words "deemed date of joining" should be mentioned without fail. The principles of seniority and choosing the name of merged firm will be effective in respect of all mergers of CA firms which have taken place from April 2005 onwards. Members holding COP and practising on full time basis without any break and practising in individual name (without using any firm/trade name) are also allowed the benefit of merger. Demerger of firms under Merger may take place before period of five years after Merger and firms remaining in merger may continue further by filing its particulars in Form 18 to the respective office of ICAI.

Peer Review

The Peer Review Board was established in April 2002. The Statement on Peer Review (the Statement) was released in early 2002 (revised in 2008 and in 2011). It aims to maintain and enhance the quality of assurance services. Peer Review process is based on the principle of systematic monitoring of the procedures adopted and records maintained while carrying out audit & assurance services in the course of one's professional responsibility to ensure and sustain quality. Peer Review is primarily directed towards ensuring as well as enhancing the quality of audit and assurance services of Chartered Accountants in Practice. The Peer Review is conducted of a Practice Unit by an independent evaluator known as a Peer Reviewer. The main objective of Peer Review is to ensure that in carrying out the assurance service assignments, the members of the Institute (a) comply with Technical, Professional and Ethical Standards as applicable including other regulatory requirements thereto and (b) have in place proper systems including documentation thereof, to amply demonstrate the quality of the assurance services.

As far as possible, in order that the reviewers carry out review assignment(s) as per globally accepted standards, the Board has brought out a comprehensive Peer Review Manual providing an insight into various aspects of peer review process and modalities and another important publications of the Board in this regard are the Training Modules for Peer Reviewers, Handbook on advisories for Peer Reviewers and Handbook on Advisories for Practice Units. The Board has also come out with a publication on Frequently Asked Questions (FAQs) to facilitate the reviewers in Peer Review process. The Peer Review process can be spelt out, in nutshell, under the following sub-headings:

(i) Selection of Practice Unit

Peer Review is being introduced in three levels with different types of practice units being included at each such level. At each level, certain practice units, satisfying the criteria laid down in the revised Statement, are selected for Peer Review on a random basis. The Board is empowered to decide the proportion of practice units to be included in this selection during each phase of implementation. At present selection of practice units is made as under—

(a) Practice units falling under Level I would be subjected to be peer reviewed at least once in three years.

(b) Practice units falling under Levels II & III may be subjected to review every four and five years respectively.

However, if the Board so decides or otherwise at the request of practice unit, the Peer Review of a practice unit can be conducted at shorter intervals in respect of practice units falling under Levels I, II & III.

Therefore, a provision has been included in the Revised Statement to ensure that all practice units may like to undergo periodic review in view of the benefit accruing out of such a process. In addition to above peer review can be conducted in following cases —

(a) An auditee may also request the Board for the conduct of peer review of its auditor; i.e., practice unit.

(b) A firm (practice unit) may also apply for suo motu/voluntary peer review by requesting the same to the Peer Review Board office.

In both the above cases specific request should be made to the Peer Review Board.

(ii) Intimation to the Practice Unit

Once a practice unit has been selected for peer review, an intimation in writing is sent by the Board to the practice unit informing of its selection for peer review. Along with the intimation, a copy of declaration is forwarded to the Practice Unit which has to be filled up and submitted to the Board.

On receipt of the Practice Unit declaration, the following documents are sent to the practice unit:

1. A panel of three local trained reviewers.
2. A copy of the questionnaire to be filled by Practice unit and submitted to the reviewer for selection of sample therefrom.
3. Circular for notification cost.

The practice unit is required to intimate the Board, the name of the reviewer from the panel, whom he selects for conducting the peer review of his firm. On receipt of the intimation from the practice unit, the Board contacts the reviewer for submission of his acceptance for the review alongwith Declaration of confidentiality, for himself and one Qualified Assitant, if any.

On receipt of the above information, the Board intimates the Practice Unit and the reviewer that the review may now be conducted and report submitted. The Practice Unit thereafter submits the duly filled Questionnaire to the reviewer for conducting of review.

(iii) Selection of Sample Assurance Services Engagements and Communication to Practice Units

The reviewer, on the basis of the information given in the questionnaire or after seeking such other information as he thinks necessary, selects a sample of assurance services engagements on random basis for review. The criterion of selection of samples for review, out of the complete list of assurance service clients, is intimated to the reviewer by the Board at the time of appointment.

However, the reviewer is required to select a sample that is representative of the practice unit's client.

After the selection of sample of assurance service engagements for review, the reviewer sends a written intimation to the practice unit about the sample selected by the reviewer, 5 days in advance, from the date the reviewer intends to begin the review. The intimation also contains a request for ready availability of the relevant records relating to the assurance service engagements selected for the review.

(iv) Method of Review

Reviewer may adopt either compliance approach or substantive approach or a combination of both.

(v) Cost of Peer Review

Cost of Peer Review as laid down by the Board is borne by Practice Unit.

(vi) Declaration of Confidentiality

Reviewer is not supposed to keep any paper(s) — original or photocopy, of practice unit. He can retain only his working papers. The Reviewer, his qualified assistant/s, if any, has to sign declaration of confidentiality, before commencing the review. All Board Members, Officers and Staff assisting the Board are also subject to similar declaration of confidentiality signed by them.

(vii) Certificate of Peer Review

On the basis of the report submitted by the Reviewer, the Board shall consider and issue a Certificate to the practice unit.

(viii) Illustrative time schedule

Peer Review is a time bound process and the total time involved in the process is 90 days.

REPORT OF THE PEER REVIEWER

Preliminary Report

After completing the on-site review, the Reviewer, before making his report to the Board, shall communicate his findings to the practice unit if in his opinion, the systems and procedures are deficient or non-compliant with reference to any matter that has been noticed by him or if there are other matters where he wants to seek clarifications. The practice unit shall within 5 days after the date of receipt of the findings, make any submissions or representations, in writing to the Reviewer.

Final Report

At the end of an on-site review, if the Reviewer is satisfied with the reply received from the practice unit, he shall submit a Peer Review Report to the Board along with his initial findings, response by the practice unit and the manner in which the responses have been dealt with. A copy of the report shall also be forwarded to the practice unit.

In case, the Reviewer is of the opinion that the response by the practice unit is not satisfactory, the Reviewer shall accordingly submit a Qualified Report to the Board incorporating his reasons for the same. The Reviewer shall also submit initial findings, response by the practice unit and the manner in which the responses have been dealt with. A copy of the report shall also be forwarded to the practice unit.

In case of a Qualified Report, the Board shall order for a "Follow on" Review after a period of one year from the date of issue of report as mentioned above. If the Board so decides, the period of one year may be reduced but shall not be less than six months from the date of issue of the report.

As per the revised Statement on Peer Review the Practice Units subject to Review

Every practice unit, based on their category as determined below will be subject to Peer Review in accordance with revised Statement on Peer Review.

  (e) Statutory Audit of Non-Banking Financial Companies (NBFCs).

(ii) Statutory Audit of entities having Net Worth of over rupees five crore or an annual turnover of more than rupees fifty crore during the period under Review.

Level III

Any other practice unit providing assurance services not covered in Level I and Level II hereinabove.

Recognition of the Peer Review of Auditors in India

- Circular of SEBI dated 5-4-2010 brought up para (d) of clause 41(1)(h) regarding requirement of a valid peer review certificate for statutory auditors, as under:

  (i) The Institute of Chartered Accountants of India (ICAI/ Institute) has specified a Peer Review mechanism to ensure that the quality of services rendered by the members of the Institute is maintained and enhanced on a continuous basis. Firms of chartered accountants (proprietary as well as partnership) and members of the Institute practicing individually are required to undergo the peer review process.

  (ii) It has been decided that in respect of all listed entities, limited review/statutory audit reports submitted to the concerned stock exchanges shall be given only by those auditors who have subjected themselves to the peer review process of ICAI and who hold a valid certificate issued by the 'Peer Review Board' of the said Institute.

- The Comptroller and Auditor General of India (C&AG) has also recognised Peer Review Board's work as it seeks additional details from the Chartered Accountants firms about their Peer Review status in the application form for allotment of audit for public sector undertakings. C&AG every year makes allotment of audits to the firms which are holding a valid Peer Review Certificate issued by Peer Review Board of ICAI. Furthermore, from last few years the C&AG annually seeks details from the institute of those firms which have been issued certificates from the Peer Review Board.
- Information of Peer Review Certificates is also included in the Multipurpose Empanelment form submitted by the Practice units to the Professional Development Committee of ICAI.
- Peer Review Certificates information is regularly updated on C&AG site and trained reviewers list is also updated on Peer Review page of ICAI website www.icai.org.

Training Initiatives

The Peer Review Board is continuously striving towards organising training programmes for Peer Reviewers in various parts of the country. The response for the training programmes has been very impressive. More and more Reviewers are actively participating in the said programmes. The Board has successfully conducted 192 training programmes for Peer Reviewers. Refresher courses for the trained Reviewers are also organised to enable them to update and upgrade their knowledge and skills.

Accounting Standards

CRITERIA FOR CLASSIFICATION OF ENTITIES INTO DIFFERENT CATEGORIES

1. Criteria for classification of Non-corporate entities as decided by the Institute of Chartered Accountants of India ("ICAI")

Level I Entities

Non-corporate entities which fall in any one or more of the following categories, at the end of the relevant accounting period, are classified as Level I entities:

i. Entities whose equity or debt securities are listed or are in the process of listing on any stock exchange, whether in India or outside India.

ii. Banks (including co-operative banks), financial institutions or entities carrying on insurance business.

iii. All commercial, industrial and business reporting entities, whose turnover (excluding other income) exceeds rupees fifty crore in the immediately preceding accounting year.

iv. All commercial, industrial and business reporting entities having borrowings (including public deposits) in excess of rupees ten crore at any time during the immediately preceding accounting year.

v. Holding and subsidiary entities of any one of the above.

Level II Entities (SMEs)

Non-corporate entities which are not Level I entities but fall in any one or more of the following categories are classified as Level II entities:

i. All commercial, industrial and business reporting entities, whose turnover (excluding other income) exceeds rupees one crore but does not exceed rupees fifty crore in the immediately preceding accounting year.

ii. All commercial, industrial and business reporting entities having borrowings (including public deposits) in excess of rupees one crore but not in excess of rupees ten crore at any time during the immediately preceding accounting year.

iii. Holding and subsidiary entities of any one of the above.

Level III Entities (SMEs)

Non-corporate entities which are not covered under Level I and Level II are considered as Level III entities.

2. Criteria for classification of companies under the Companies (Accounting Standards) Rules, 2006 [Refer Rule 7 to the Companies (Accounts) Rules, 2014]

Small and Medium-sized Company (SMC) as defined in Clause 2(f) of the Companies (Accounting Standards) Rules, 2006:

(f) "Small and Medium-sized Company" (SMC) means, a company—

(i) whose equity or debt securities are not listed or are not in the process of listing on any stock exchange, whether in India or outside India;

(ii) which is not a bank, financial institution or an insurance company;

(iii) whose turnover (excluding other income) does not exceed rupees fifty crore in the immediately preceding accounting year;

(iv) which does not have borrowings (including public deposits) in excess of rupees ten crore at any time during the immediately preceding accounting year; and

(v) which is not a holding or subsidiary company of a company which is not a small and medium-sized company.

Explanation.— For the purposes of clause (f), a company shall qualify as a Small and Medium Sized Company, if the conditions mentioned therein are satisfied as at the end of the relevant accounting period.

Non-SMCs

Companies not falling within the definition of SMC are considered as Non-SMCs.

HARMONISATION OF DIFFERENCES BETWEEN THE ACCOUNTING STANDARDS ISSUED BY ICAI AND THOSE NOTIFIED BY THE CENTRAL GOVERNMENT

The Central Government, on December 7, 2006, notified the Accounting Standards under the Companies (Accounting Standards) Rules, 2006. These Standards have since been amended mainly with respect to accounting of employee benefits and accounting of exchange fluctuations. It must be noted that the provisions relating to Accounting Standards contained in the notified Rules govern only corporate entities.

Accounting Standards as per the Rules were different in certain respects from the Accounting Standards issued by the Council of ICAI and therefore, the Council decided to harmonise these differences and clarify as to the applicability of both the sets of Accounting Standards to various entities.

APPLICABILITY OF ACCOUNTING STANDARDS UNDER THE COMPANIES ACT, 2013

As per Section 133 of the Companies Act, 2013, the Central Government is to prescribe the Accounting Standards as recommended by ICAI in consultation with and after examination of the recommendations made by the National Financial Reporting Authority (NFRA). The Government has vide notification dated 21st March, 2018 notified the Rules for formation of NFRA. NFRA is yet to be constituted. Till such time, Rule 7 of the Companies (Accounts) Rules, 2014 provides that the Accounting Standards as specified under the Companies Act, 1956 shall be deemed to be Accounting Standards for the purposes of the Companies Act, 2013, that is, those standards which are notified (and as amended) under the Companies (Accounting Standards) Rules, 2006 ("the Rules").

Harmonisation of Differences caused by Accounting Standards Interpretations (ASIs)

The consensus portion of most of the ASIs has been included as *'Explanation'* to the relevant paragraphs in the notified Accounting Standards. The Council has decided to follow the same. Accordingly, Standards issued by ICAI also have these ASIs built in the respective Standard itself. Thus, the Standards

have been amended to incorporate the consensus portion of the ASIs as `Explanation' to the relevant paragraphs.

Withdrawal of Accounting Standards Interpretations

ASI 2, Accounting for Machinery Spares (Relating to AS 2 and AS 10) and ASI 11, Accounting for Taxes on Income in case of an Amalgamation (Relating to AS 22) have been withdrawn. These ASIs are not included in the Standards.

Issuance of Guidance Notes in lieu of ASIs

Following ASIs have also been withdrawn, as Guidance Notes are to be separately issued for the same:

ASI 12	Applicability of AS 20 (Relating to AS 20)
ASI 23	Remuneration paid to key management personnel — whether a related party transaction (Relating to AS 18)
ASI 27	Applicability of AS 25 to Interim Financial Results (Relating to AS 25)
ASI 29	Turnover in case of Contractors [Relating to AS 7 (Revised 2002)]

Issuance of Guidance Note after April 2015

	Guidance Note on Accounting for Oil and Gas Producing Activities (for entities to whom Ind AS is applicable) (December 14, 2016)
	Guidance Note on Accounting for Real Estate Transactions (for entities to whom Ind AS is applicable) (May 10, 2016)
GN(A) 35	Guidance Note on Accounting for Depreciation in Companies in the Context of Schedule II to the Companies Act, 2013 (February 6, 2016)
GN(A) 33	Guidance Note on Accounting for Derivative Contracts (June 1, 2015)
GN(A) 34	Guidance Note on Accounting for Expenditure on Corporate Social Responsibility Activities. (May 15, 2015)

Harmonisation of Definition of Smaller Companies

The Council has retained three levels of entities for non-corporate Entities. However, ICAI has harmonised criteria for classification of Small and Medium-sized Entities (SMEs) keeping in view the definition of Small and Medium-sized Companies (SMCs) in the Companies (Accounting Standards) Rules, 2006.

The applicability of Accounting Standards to various entities is summarised in the following tables.

Notes:

- Undermentioned Accounting Standards are applicable to **all corporate entitie**s for accounting periods commencing on or **after December 7, 2006;**
- For **Non-corporate entities**, the same are applicable from **April 1, 2008** (including Standards which are amended to incorporate changed definitions of SMEs and the consensus portion of ASIs).

Notes referred to in the previous table are given in the table titled "Relaxations of certain requirements for SMCs/Level II and Level III Entities" below.

The Exemptions or relaxations available to both, SMCs (i.e., governed by the Rules) and also available to Level II and Level III Entities (i.e., governed by ICAI Accounting Standards), in entirety, are given in the following table:

AS 3	Cash Flow Statements [Refer Note (i) below]
AS 17	Segment Reporting
AS 21	Consolidated Financial Statements [Refer Note (ii) below]
AS 23*	Accounting for Investments in Associates in Consolidated Financial Statements [Refer Note (ii) below]
AS 27*	Financial Reporting of Interests in Joint Ventures (to the extent of requirement relating to Consolidated Financial Statements) [Refer Note (ii) below]

Notes:

i. Since under the Companies Act, 2013, the financial statements include a Cash Flow Statement, **every company is required to prepare a Cash Flow Statement, unless it is a One Person Company**, dormant company or small company. As per the Rules, every company is required to prepare a Cash Flow Statement, unless it is an SMC. Thus, the requirement of a Cash Flow Statement may be summarised as under:

As per Companies Act, 2013	As per the Rules	Whether Cash Flow Statement is to be prepared
Small Company	SMC	No
Small Company	Non-SMC	Yes
Not a Small Company	SMC	Yes
Not a Small Company	Non-SMC	Yes

In other words, the exemption to prepare a Cash Flow Statement is available if and only if a company is small company within the meaning of the Companies Act, 2013 and it is also an SMC as per the Rules.

ii. AS 21, 23 and 27 are applicable only when the relevant regulator requires compliance of these standards.

The Companies Act, 2013 requires a company (when it is a holding company, that is, parent) to prepare consolidated financial statements (CFS) along with its standalone financial statements. As per Explanation to Section 129(3), the CFS will have to be prepared even if the company does not have a subsidiary, but has associates and joint ventures.

iii. Since the Companies Act, 2013 does not contain any mention of AS 17 dealing with Segment Reporting, only SMC as defined in the Companies (Accounting Standards) Rules, 2006 is exempt from complying with the requirements of this AS.

RELAXATIONS OF CERTAIN REQUIREMENTS FOR SMCS/LEVEL II & LEVEL III ENTITIES

Note	*Accounting Standards*	*Relaxations available*
1	**AS 15, Employee Benefits**	• **Paragraphs 11-16 dealing with recognition and measurement** of short-term accumulating compensated absences which are non-vesting (i.e. for which no cash payment for unused entitlement on leaving). • **Paragraphs 46 and 139 dealing with discounting of amounts** that fall due more than 12 months after the balance sheet date. • **Paragraphs 50-116 dealing with recognition and measurement of Defined Benefit Plans – actuarial determination of the accrued liability is required; however, Level II/III Entities (not SMCs) having less than 50 to be their average number of employees, it can use other rational method for the accrued liability.** • **Paragraphs 117-123 dealing with presentation and disclosure requirements of Defined Benefit Plans.** • **Paragraphs 129-131 dealing with recognition and measurement of other long-term benefits – actuarial determination of the accrued liability is required; however, Level II/III Entities (not SMCs) having less than 50 to be their average number of employees, it can use other rational method for the accrued liability.**
2	**AS 19, Leases**	• **Requirements relating to disclosures as given in paragraphs 22(c)**, (e) and (f); 25(a), (b) and (e); 37(a) and (f); and 46(b) and (d) are not applicable to SMCs and Level II/III Entities. • Further to the above relax**ations, Level III Entities are also not** required to give disclosures as per Paragraphs 37(g) and 46(e).
3	**AS 20, Earnings per Share**	• **Diluted earnings per share (both including and excluding extraordinary** items) is not required to be disclosed for SMCs and Level II/III non-corporate Entities. • **Further, Information required by paragraph 48(ii) regarding** disclosures for parameters used in calculation of EPS, are also not required to be disclosed by Level III entities.
4	**AS 28, Impairment of Assets**	• **Value in use can be based on reasonable estimate instead of computing** it by present value technique. • Further, information required by paragraph 121(g) relating to discount rate used, need not be disclosed.
5	**AS 29, Provisions, Contingent Liabilities and Contingent Assets**	• **Paragraphs 66 and 67 relating to disclosures for amount and description** for each class of provision are not required to be disclosed.
6	**AS 25, Interim Financial Reporting**	• **AS 25 is applicable only if a company/non-corporate entity elects** to prepare and present an interim financial report. Only certain Non-SMCs/Level I entities are required by the concerned regulatory to present interim financial results, e.g., quarterly financial results required by the SEBI.

AS 1 — DISCLOSURE OF ACCOUNTING POLICIES

- Certain fundamental accounting assumptions underlie the preparation and presentation of financial statements, they are –
  (a) Going Concern (b) Consistency (c) Accrual (going concern assumption is assessed for a foreseeable future, that is, at least for a period of one year).
- If a fundamental accounting assumption is not followed, the fact thereof should be disclosed.
- Accounting Policies are the specific accounting principles and methods of applying those principles in the preparation and presentation of financial statements.
- Accounting Policies selected by the enterprise should represent true and fair view of the state of affairs of the enterprise as at the balance sheet date and of the profit or loss for the period ended on that date.
- Major considerations governing selection and application of accounting policies are: (a) Prudence, (b) Substance over form, and (c) Materiality.
- Significant Accounting Policies adopted in the preparation and presentation of financial statements should be disclosed in one place and form part of the financial statements.

- Disclosure of accounting policies or of changes therein cannot remedy a wrong or inappropriate treatment of an item in the accounts.
- Any change in the accounting policies and material effect thereof should be disclosed.

AS 2 — VALUATION OF INVENTORIES (REVISED)

- Inventories should be valued at the lower of cost and net realisable value (NRV).NRV is the estimated selling price in ordinary course of business less the estimated cost of completion and the estimated cost necessary to make the sale.
- Inventories include goods purchased and held for resale, finished goods produced, work-in-progress being produced by the enterprise and materials, maintenance supplies, consumables and loose tools awaiting use in the production process.
- Inventories do not include spare parts, servicing equipment and standby equipment which meet the definition of Property, Plant & Equipment as per (AS) 10.
- The cost of inventories should comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.
- Specific identification manner to arrive at cost to be followed when goods are not ordinarily interchangeable.
- In other circumstances, the enterprise may use either weighted average cost or FIFO formula. The formula to provide the fairest possible approximation of the cost incurred.
- Standard Costing Method or Retail Inventory Method can be adopted only as a technique of measurement, provided the results approximate the actual results.
- Inventories are written down below cost to net realisable value as assets and not be carried in excess of amounts to be realised from their sale or use. It is usually written down to net realisable value on an item-by-item basis.

Disclosures

- (a) the accounting policies adopted in measuring inventories, including the cost formula used; and (b) the total carrying amount of inventories and its classification appropriate to the enterprise.

AS 3 — CASH FLOW STATEMENTS

- The Standard sets out the requirements where the cash flow statement is presented. The statement should disclose a movement in “cash and cash equivalents” classifying the cash flows from operating, investing and financing activities. It requires certain specific items to be addressed in the cash flows and certain supplemental disclosures for non-cash transactions.
- **Cash comprises** cash in hand and demand deposits with banks.
- **Cash equivalents** are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.
- Cash flows are inflows and outflows of cash and cash equivalents.
- **Operating activities** are the principal revenue-producing activities of the enterprise and other activities that are not investing or financing activities. Examples, cash receipts from the sale of goods and the rendering of services; cash receipts from royalties, fees, commissions and other revenue; cash payments to suppliers for goods and services; cash payments to and on behalf of employees; cash payments or refunds of income taxes.
- **Investing activities** are the acquisition and disposal of long-term assets and other investments not included in cash equivalents. Examples — cash payments to acquire fixed assets and cash receipts from disposal of fixed assets (including intangibles), cash payments to acquire shares, warrants or debt instruments of other enterprises and interests in joint ventures (other than payments for those instruments considered to be cash equivalents and those held for dealing or trading purposes), cash advances and loans made and repayment of such advances and loans.
- **Financing activities** are activities that result in changes in the size and composition of the owners’ capital (including preference share capital in the case of a company) and borrowings of the enterprise. Examples — cash proceeds from issuing shares or other similar instruments; cash proceeds from issuing debentures, loans, notes, bonds, and other short or long-term borrowings; cash repayments of amounts borrowed.
- The enterprise can choose either direct method or indirect method for presentation of its cash flows.
- Under the direct method, major classes of gross cash receipts and gross cash payments are disclosed.
- Under the indirect method, net profit or loss is adjusted for the effects of transactions of non-cash nature (depreciation, provisions, deferred taxes, and unrealised foreign exchange gains and losses), any deferrals or accruals of past or future operating cash receipts or payments, and items of income and expense associated with investing or financing cash flows.
- Cash flows arising from transactions in a foreign currency should be recorded in an enterprise’s reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of

the cash flows. The effect of changes in exchange rates on cash and cash equivalents held in a foreign currency should be reported as a separate part of the reconciliation of the changes in cash and cash equivalents during the period.

- Cash flows from interest paid and interest and dividends received in case of a financial enterprise is classified as from operating activities. Other enterprises, should classify interest paid as cash flows from financing activities, whole interest and dividends as from interest activities. Dividends paid should be classified as cash flows from financing activities.
- Disclose the components of cash and cash equivalents and present reconciliation with the same presented in the balance sheet.
- Disclose with a commentary by management that such cash and cash equivalent balances held are not available for use.

AS 4 — CONTINGENCIES AND EVENTS OCCURRING AFTER THE BALANCE SHEET DATE

Contingencies

- The amount of a contingent loss should be provided for by a charge in the Statement of Profit and Loss, if (a) it is probable that future events (based on the events occurring after the balance sheet date) will confirm that, after taking into account any related probable recovery, an asset has been impaired or a liability has been incurred as at the balance sheet date, and (b) a reasonable estimate of the amount of the resulting loss can be made.
- This Standard covers with impairment of assets not covered by other ASs, example, and impairment of receivables.
- The existence and nature of the contingency should be disclosed in the financial statements, if either of the conditions in above paragraph is not met; however, the same should not be disclosed, if the possibility of a loss is remote.
- Contingent gains should not be recognised in the financial statements.

Events occurring after the Balance Sheet Date

- Assets and liabilities are to be adjusted for events occurring after the balance sheet date that provide additional evidence for estimation of the amounts relating to conditions existing at the balance sheet date or that indicate that the assumption of going concern is not appropriate.
- Dividend declared after the balance sheet date but before the financial statement are approved for issue will not be recognised as a liability at the balance sheet date. Such dividend will be disclosed as part of notes to accounts.
- Disclosure is to be made in the report of the approving authority of those events occurring after the balance sheet date that do not affect the figures stated in the financial statements and that represent material changes and commitments affecting the financial position of the enterprise.

Disclosures

- If a contingent loss is not provided for, the following information must be disclosed:
  i. the nature of the contingency,
  ii. the uncertainties that may affect the future outcome,
  iii. an estimate of the financial effect, or a statement that such an estimate cannot be made.
- If disclosure of events occurring after the balance sheet date in the report of the approving authority is required, then to disclose:—
  i. the nature of the event,
  ii. an estimate of the financial effect, or a statement that such an estimate cannot be made.

AS 5 — NET PROFIT/LOSS FOR THE PERIOD, PRIOR PERIOD ITEMS AND CHANGES IN ACCOUNTING POLICIES

- The standard sets out the requirements regarding disclosure of certain items of net profit or loss for the period.
- **Ordinary activities** are activities, which are undertaken by an enterprise as part of its business, and such related activities which are furtherance of, incidental to, or arising from, these activities.

  Extraordinary items are income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the enterprise and, therefore, are not expected to recur frequently or regularly.

  Whether an event or a transaction is from ordinary activities of the enterprise is determined by nature of event or transaction in relation to the business ordinarily carried out by the enterprise.

  Prior period items are incomes or expenses that arise in the current period as a result of errors or omissions of one or more prior periods.

  Accounting Estimates are approximations, by their nature, that may need revision if changes occur regarding the circumstances on which the estimate was based, or as a result of new information, more experience or subsequent developments.

Accounting treatment and disclosures

- **Ordinary activities:** Items of income and expense from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance for the period, the nature and amount of such items should be disclosed separately. Such circumstances are the write-down of inventories to net realisable value, disposal of items of fixed assets, disposal of long-term investments, legislative changes having retrospective application, etc.
- **Extraordinary Items** is to be disclosed as a part of net profit or loss for the period. The nature and the amount (of each extraordinary item) are to be separately disclosed in a manner that its impact on current profit or loss can be perceived. Examples of events that lead to extraordinary items – attachment of property of the enterprise or an earthquake.
- **Prior Period:** The nature and amount of prior period items should be separately disclosed in a manner that their impact on the current profit or loss can be perceived. Alternatively, prior period items should be shown after the determination of current net profit or loss.
- **Changes in Accounting Estimates:** The effect of a change in an accounting estimate should be included in the determination of net profit or loss (under the same classification as used previously) in:—
  (a) the period of the change, if the change affects the period only; or
  (b) the period of the change and future periods, if the change affects both.
- **Changes in Accounting Policies:** A change is made only if the adoption of a different accounting policy is required — by statute or for compliance with Accounting Standard or the change would result in a more appropriate presentation of the financial statements.
- Where the change in accounting policy is on account of events or transactions that differ in substance from previously occurring events or transactions or which did not occur previously or which were immaterial, the same shall not be treated as a change in accounting policy and accordingly, no disclosure is required.
- Change in an accounting policy which has a material effect should be disclosed. The impact of, and the adjustments resulting from, such change, if material, should be shown in the financial statements of the period in which such change is made, to reflect the effect of such change.

  Where the effect of such change is not ascertainable, wholly or in part, the fact is to be indicated.

  If a change is made in the accounting policies which has no material effect on the financial statements for the current period but which is reasonably expected to have a material effect in later periods, the fact of such change should be appropriately disclosed in the period in which the change is adopted.
- A change in accounting policy consequent upon the adoption of an Accounting Standard should be accounted for in accordance with the specific transitional provisions, if any, contained in that Accounting Standard. However, disclosures required as above should be made unless the transitional provisions of any other Accounting Standard require alternative disclosures in this regard.

AS 7 — ACCOUNTING FOR CONSTRUCTION CONTRACTS

- This Standard should be applied in accounting for construction contracts in the financial statements of contractors. It is not applicable for construction project undertaken by the entity on behalf of its own, for example, a builder constructing flats for the purpose of sale. It is also not applicable to Service Contracts which are not related to the construction of assets.
- A Construction Contract may be negotiated for the construction of a single asset (bridge, building, road, etc.) or of a number of assets, which are interrelated or interdependent in terms of design, technology and function or ultimate purpose or use (refineries or complex pieces of plant and machinery).
- Construction contracts are classified as fixed price contracts and cost plus contracts. Some construction contracts may contain characteristics of both.
- Contract revenue should comprise: (a) the initial amount of revenue agreed in the contract; (b) variations in contract work, claims and incentive payments;
- Contract costs should comprise costs that: (a) relate directly to the specific contract; (b) are attributable to contract activity in general and can be allocated to the contract; and (c) are specifically chargeable to the customer under the terms of the contract.
- According to AS 7 (Revised) the enterprise should follow only percentage completion method.
- When the outcome of a construction contract cannot be estimated reliably: (a) revenue should be recognised only to the extent of contract costs incurred of which recovery is probable; and (b) contract cost should be recognised as an expense in the period in which they are incurred.
- When it is probable that the loss is expected from the contract the same should be recognised immediately.
- Under percentage of completion method, appropriate allowance for future contingencies shall be made.

Disclosures

- Contract revenue recognised, the methods used to determine revenue and stage of completion of contracts.

- For contracts in progress – aggregate costs incurred and recognised profits (less recognised losses), the amount of advances received and retentions.
- The gross amount due from customers for contract work as an asset and due to customers for contract work as a liability.

AS 9 — REVENUE RECOGNITION

- Revenue from sales or service transactions should be recognised when, at the time of performance it is not unreasonable to expect ultimate collection. If at the time of raising of any claim, it is not reasonable to expect ultimate collection, revenue recognition should be postponed.
- In a transaction involving the sale of goods, performance should be regarded as being achieved when (i) the seller of goods has transferred to the buyer the property in the goods for a price or all significant risks and rewards of ownership have been transferred to the buyer and the seller retains no effective control of the goods transferred to a degree usually associated with ownership; and (ii) no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods. Inter-divisional transfers should not be recognised as sales.
- In a transaction involving the rendering of services, performance should be measured either under the completed service contract method or under the proportionate completion method, whichever relates the revenue to the work accomplished. In this case also no significant uncertainty should exist regarding the amount of the consideration that will be derived from rendering the service.
- Revenue arising from the use of other enterprise resources yielding interest, royalties and dividends should only be recognised when no significant uncertainty as to measurability or collectability exists.
  (i) Interest is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
  (ii) Royalties are recognised on an accrual basis in accordance with the terms of the relevant agreement.
  (iii) Dividends from investments in shares are recognised when the owner's right to receive payment is established.

Disclosures

- In addition to 'Disclosure of Accounting Policies' per (AS 1), for revenue recognition; an enterprise should also disclose the circumstances in which revenue recognition has been postponed pending the resolution of significant uncertainties.
- In any revenue from sales transactions (turnover) involves collection of excise duty, the enterprise is required to disclose revenue at gross as reduced by the excise duty amount and finally reflecting net sales on the face of the Statement of Profit and Loss. The excise duty related to the difference between the closing and opening stock is recognised separately in the Statement of Profit and Loss with the explanatory note in this regard.
- The standard is followed by an appendix that though is not part of the Standard, illustrates the application of the Standard to a number of commercial situation deals with various situations in an endeavor to assist in clarifying application of the Standard.

AS 10 — PROPERTY, PLANT & EQUIPMENT

- The title of the existing Standard is to change from 'Accounting for fixed assets' to 'Property Plant and Equipment'.
- This Standard has been revised primarily to (i) improve accounting for fixed assets by requiring component based accounting; (ii) clarifying that only those costs that are necessary to be incurred to make the asset available for use in the intended manner; (iii) incorporate changes consequential to the requirements contained in Accounting Standard 29, Provisions, Contingent Liabilities and Contingent Assets, (iv) improve accounting for spares; and (v) bring about consistency between this Standard and other Accounting Standards.
- This Standard does not specifically deal with the fixed assets owned by the entity jointly with others since AS 27 would basically cover these jointly controlled assets.
- The Standard also deals with Depreciation aspects which are presently covered by the existing AS 6.
- The scope extends to include bearer plants related to agricultural activity. A bearer plant is a plant that is used in the production or supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as an agricultural produce, except for incidental scrap sales.
- The Standard defines 'Property, plant and equipment' to cover tangible items that are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes; and are expected to be used during more than one period.
- Further it lays down the recognition criteria (a) it is probable that future economic benefits associated with the item will flow to the entity, and (b) the cost of the item can be measured reliably.
- The Standard provides for accounting of 'enabling assets' (Assets which assist in creation of intended assets, e.g., road constructed during the construction of hydro-electric project so that material can be smoothly transferred and later on such road shall be used by company as well as general public).
- The Standard also provides accounting of assets to be used for administrative purpose.

- It provides the same recognition principles for initial costs as well as subsequent costs. Existing Standard, on the other hand, prescribes separate recognition principles for subsequent expenditure. At present, subsequent expenditure related to an item of fixed asset is capitalised only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.
- The Standard does not prescribe 'unit of measure' for recognition. Judgment is required to specific circumstances of an enterprise. A 'project' of construction of a manufacturing plant rather than individual assets to be considered for the purpose of capitalisation.
- The estimated costs of dismantling and removing the item and restoring the site on which an enterprise is located not already capitalised should be capitalised with a corresponding provision created as per the requirements of AS 29 on Provisions, Contingent Liabilities and Contingent Assets.
- The Standard specifically provides accounting of regular and substantial inspection costs incurred for smooth functioning of property, plant and equipment. It requires the cost of major inspection costs to be capitalised with the consequent derecognition of any remaining carrying amount of the cost of the previous inspection.
- It simplifies the accounting for spare parts, standby and service equipment. Such items are to be capitalised if they meet the definition of property, plant and equipment, otherwise the same should be treated as inventory under AS 2, Valuation of Inventories. Spare parts, which hitherto were being treated as inventory are now required to be capitalised in accordance with the requirements of this Standard and should be capitalised at their respective carrying amounts. The spare parts so capitalised should be depreciated over their remaining useful lives prospectively.
- This Standard prescribes component approach. Under this, each part of an item of property plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. As a corollary, cost of replacing such parts is capitalised, if recognition criteria are met with consequent derecognition of carrying amount of the replaced part. The cost of replacing those parts which have not been depreciated separately is also capitalised with the consequent derecognition of the replaced parts. If it is not practicable for an entity to determine the carrying amount of the replaced part, it may use the cost of the replacement as an indication of what the cost of the replaced part was at the time it was acquired or constructed.
- An entity must choose either the cost model or the revaluation model as its accounting policy and apply that policy to an entire class of property, plant and equipment. Under revaluation model, revaluation must be made with reference to the fair value of items of property plant and equipment. It also requires that revaluation should be done with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the balance sheet date.
- An increase in the carrying amount of an asset arising on revaluation is required to be credited directly to owners' interests under the heading revaluation surplus unless it reverses a revaluation decrease of the same asset previously recognised in the statement of profit and loss; in that case, the same should be recognised in the statement of profit and loss.
- A decrease in the carrying amount of an asset arising on revaluation is required to be charged to the statement of profit and loss, unless there is a credit balance in the revaluation surplus for that asset; in that case, to the extent of credit balance, the revaluation surplus should be debited.
- The revaluation surplus included in owners' interest in respect of an item of property plant and equipment may be transferred to the revenue reserves when the asset is derecognised.
- Change in depreciation method is to be considered as a change in accounting estimate and treated accordingly.
- It requires the residual value and useful life of property, plant and equipment should be reviewed at least at each financial year-end and, if expectations differ from previous estimates, the change(s) should be accounted for as a change in an accounting estimate in accordance with AS 5.
- This Standard deals with the treatment of PPE on retirement and derecognition in detail.
- An item of PPE retired from active use and held for disposal is to be stated at the lower of their carrying amount and net realisable value and the write-down thereon is to be recognised in the statement of profit and loss.
- When an item of PPE is derecognised, any gain or loss arising thereon is to be included in the statement of profit and loss and such gain is not be classified as revenue as defined in AS 9, Revenue Recognition.
- Disclosure requirements have been significantly enhanced.
- The Standard provides for the treatment as per Transitional provisions for the item of PPE acquired in an exchange of assets, the component approach, the spare parts which were being treated as inventory, the capitalisation of dismantling and removing costs, the application of revaluation model.

AS 11 — ACCOUNTING FOR EFFECTS OF CHANGES IN FOREIGN EXCHANGE RATES

It is applicable to transactions in foreign currency and translating financial statements of foreign subsidiary/branches and accounting of foreign currency transactions of forward exchange contracts.

Foreign currency transactions

- Initially, a foreign currency transaction should be recorded using the exchange rate prevailing on the date of transaction.

- At the balance sheet date,
  - — monetary items should be reported using the exchange rate at the date of the balance sheet.
  - — non-monetary items which are carried at historical cost, should be reported using the rate at the date of the transaction. However, such items which are carried at fair value, should be using the rate existed at the date of determination of fair value.
- Exchange differences arising on the settlement or on reporting of monetary items should be considered as income or as expenses in the period in which they arise.
- Exchange differences arising on monetary item which is a part of net investment in a non-integral foreign operation, is to be accumulated in the foreign currency translation reserve until the disposal of the net investment. On disposal, the aggregate of exchange differences is to be recognised as income or as expenses in the period in which the gain or loss on disposal is recognised.

Financial Statements of Foreign operations

- To translate the financial statement of foreign operations, the latter are classified as either "integral foreign operations" or "non-integral foreign operations".
- For an integral operation, the translation shall be on the same basis as the foreign currency transactions of the enterprise.
- For non-integral operation, both monetary and non-monetary assets and liabilities, are to be translated using the closing exchange rate and income and expenses are to be translated using the rate at the date of transaction. Exchange differences arising are to be accumulated in the foreign currency translation reserve. On the disposal of a non-integral foreign operation, the amount lying in the reserve shall be recognised as income or as expense in the period in which the gain or loss on disposal is recognised.
- In case of changes in the classification, the translation procedure shall be applicable from the date of the change in the classification.

Amendment to Accounting Standard (AS) 11[1]

In exercise of the powers conferred by sub-section (1) of Section 469 of the Companies Act, 2013, the Central Government, in consultation with the National Advisory Committee on Accounting Standards, hereby made the following amendment in the Companies (Accounting Standards) Rules, 2006 in the "ANNEXURE", under the heading "ACCOUNTING STANDARDS" under "AS 11, The Effects of Changes in Foreign Exchange Rates":-

- An enterprise may dispose of its interest in a non-integral foreign operation through sale, liquidation, repayment of share capital, or abandonment of all, or part of that operation. The payment of dividend forms part of a disposal only when it constitutes a return of the investment. Remittance from a non-integral foreign operation by way of repatriation of accumulated profits does not form part of a disposal unless it constitutes return of the investment. In the case of a partial disposal, only the proportionate share of the related accumulated exchange differences is included in the gain or loss. A write-down of the carrying amount of a non-integral foreign operation does not constitute a partial disposal. Accordingly, no part of the deferred foreign exchange gain or loss is recognised at the time of a write-down.

Forward exchange contracts

- Any premium or discount arising at the inception of a forward exchange contract, other than contract for trading or speculation purposes, is to be amortised over the life of the contract and the resulting exchange difference is to be recognised in the Statement of Profit and Loss. On cancellation or renewal of the contract, profit or loss thereon is to be recognised as income or as expense for the period.
- A gain or loss on forward exchange contract for trading or speculation purposes, is to be calculated by multiplying the contract amount by the difference between the rate of the contract for remaining maturity at the reporting date and the forward contract rate. The gain or loss (and not the premium or discount) is to be recognised in the Statement of Profit and Loss for the period.

Disclosures

- Amount of exchange difference recognised in the Statement of Profit and Loss;
- Exchange difference in the foreign currency translation reserve and its reconciliation at the beginning and end of the period;
- When the reporting currency is different from the local currency, the reason for using currency other currency;
- Changes in the classification of a significant foreign operation - nature, reason and financial impact of such change.

Option to account Exchange Differences on Long-term Foreign Currency Monetary Items (LTFCMI) – applies to companies – this option is also applicable to non-corporate entities

- LTFCMI is the asset or liability in a foreign currency which has a term of 12 months or more at the date of its origination.
- For accounting periods commencing on or after April 1, 2011, an entity has an option to account exchange differences arising on LTFCMI – (a) if it is related to the acquisition of a depreciable capital asset, to add to or deduct from the cost of the asset

1. The MCA has notified the Companies (Accounting Standards) Amendment Rules, 2018, to amend **Accounting Standard (AS) 11: The Effects of Changes in Foreign Exchange Rates (revised 2003)** applicable w.e.f. 1 April, 2018.

and to depreciate over the balance life of the asset; (b) if it is for others, to accumulate in Foreign Currency Monetary Item Translation Difference Account and amortise over the balance period of such long-term asset/liability.

- This option is irrevocable and is to be applied to all such foreign currency monetary items.
- MCA has clarified that companies applying this option should not consider exchange differences on borrowings to the extent difference between interest on local and foreign currency borrowings as borrowing costs as specified under Para 4(e) of AS 16. In other words, an entity would be able to defer the entire amount LTFCMI under the above option.

Disclosures

- Fact of such options is exercised.
- Amount remaining to be amortised of the period in which such option is exercised.
- This disclosure should be made in every subsequent period till exchange differences remain unamortised.

AS 12 — ACCOUNTING FOR GOVERNMENT GRANTS

- Government grants should not be recognised unless reasonably assured that (i) the enterprise will comply with the condition attached to them, and (ii) the grants will be received.
- Grants towards specific assets should be presented in the Balance Sheet as a deduction from gross value and if the grant equals to the whole of the cost of the asset, the asset is to be reflected at a nominal value. Alternatively, Government grants should be treated as deferred income and to be recognised in the Statement of Profit and Loss on a systematic and rational basis over the useful life of the asset.
- Grants related to non-depreciable asset should be credited to capital reserve; however if a grant requires fulfilment of any obligation it should be credited to income during the concerned period to fulfil such obligation.
- Balance of deferred income should be disclosed separately in the financial statements. Grants related to revenue should be recognised on a systematic basis in a Statement of Profit and Loss over the period necessary to match them with the related costs. Grants of the nature of promoter's contribution, should be credited to capital reserve and treated as a part of share holders' funds.
- Grants in the form of non-monetary assets given at concessional rate should be accounted at their acquisition cost.

  A non-monetary asset given free of cost should be recorded at nominal value.
- Grants receivable as compensation for losses or expenses incurred in the previous period should be recognised and disclosed in the Statement of Profit and Loss in the year in which it is receivable and shown as an extraordinary item and if appropriate, in terms of AS 5.
- Contingency related to grant should be treated in accordance with AS 4. When grants become refundable, they should be shown as an extraordinary item in terms of AS 5.
- Grants related to revenue, on becoming refundable, should be adjusted first against unamortised deferred credit balance of the grant and then be charged to Statement of Profit/Loss.
- Grants against specific assets, on becoming refundable, should be recorded by increasing the book value of the respective assets or by reducing the capital reserve or the deferred income balance of the grant, as appropriate.
- Grants in the nature of promoter's contribution, on becoming refundable, should be reduced from the capital reserve.

Disclosures

- Accounting policy adopted for grants including methods of presentation, the nature and extent of recognition in financial statements (including grants of non-monetary assets given at concession/free of cost).

AS 13 — ACCOUNTING FOR INVESTMENTS

- Investments are classified and disclosed distinctly as current investments and long-term investments on the basis of nature of investment. If an investment is readily realisable and is intended to be held for not more than one year (from the date of investment) then it is classified as current investment. An Investment other than current investment is classified as a long-term investment.

  Investment property is to be accounted for in accordance with cost model as prescribed in Accounting Standard (AS) 10 'Property, Plant & Equipment'. The cost of any shares in a cooperative society or company, the holding of which is directly related to the right to hold the investment property to be included in the carrying amount of the investment property.
- The cost of an investment includes acquisition charges such as brokerage, fees and duties.
- Current investments should be carried at the lower of cost and fair value.
- Long-term investments should be carried at cost. Provision for decline in the value (other than temporary) is to be determined and made for each investment individually.

- Reduction in the carrying amount or any reversal thereof or any profit or loss on disposal of an investment should be charged or credited to the Statement of Profit and Loss.
- The provisions relate to current investments, are also applicable to shares, debentures and other securities held as stock-in-trade, except that the cost is determined by applying FIFO, Average cost, etc., (that is those specified in AS 2).

Disclosures

- (a) Accounting policy adopted for determination of carrying amount of investments (b) classification of investments (c) income from current and long-term investments separately for (i) interest, dividends and rentals; (ii) profit/loss on disposal and changes in carrying amount of investments; (d) significant restrictions on right of ownership, realisability of investments or remittance of income and proceeds of disposal; (e) aggregate amount of quoted and unquoted investments giving aggregate market value of quoted investments (f) other disclosures required by the relevant statute, governing the enterprise e.g. Non-banking financial companies.

AS 14 — ACCOUNTING FOR AMALGAMATIONS

- This Standard is applicable only where amalgamation is made pursuant to a scheme sanctioned by statute.
- When an amalgamation is considered as an amalgamation in the nature of merger, it should be accounted for under the pooling of interest method.
- When an amalgamation is considered as an amalgamation in the nature of purchase, it should be accounted for under the purchase method.

  For adoption of 'pooling of interest method' five criteria are mentioned. These criteria relate to mode of payment of consideration of merger, shareholding pattern pre and post-merger, intention to carry-on business after the merger, pooling of all assets and liabilities after the merger and an intention to continue to carry the carrying amounts of assets and liabilities after the merger.
- Under Purchase Method, the assets and liabilities of the transferor company are incorporated at existing carrying amounts, or alternatively, the consideration should be allocated to individual identifiable assets and liabilities on basis of their fair values at the date of amalgamation. Any excess or shortfall of the consideration over the value of net assets acquired is recognised as goodwill arising on amalgamation or capital reserve.
- Under the Pooling of Interest Method, assets, liabilities and reserves of the transferor company are recorded at existing carrying amount and in the same form as at the date of amalgamation.
- In case of conflicting accounting policies existing in transferor and transferee companies a uniform set of policies should be adopted on amalgamation; the effects of any changes in accounting policies should be disclosed as per AS 5.

Disclosures (in the financial statements following the amalgamation)

- When an amalgamation is effected after the balance sheet date but before the issuance of financial statements of either party, disclosure should be made in accordance with AS 4, but the amalgamation should not be incorporated in the financial statements.
- Names and general nature of business of amalgamating companies.
- Effective date
- The method of accounting to reflect the amalgamation.
- Particulars of scheme
- Under the Pooling of Interest Method –
  (a) description and number of shares issued, together with the percentage of each company's equity shares exchanged to effect the amalgamation;
  (b) the amount of any difference between the consideration and the value of net identifiable assets acquired, and the treatment thereof.
- Under the Purchase method –
  (a) consideration for the amalgamation and a description of the consideration paid or contingently payable; and
  (b) the amount of any difference between the consideration and the value of net identifiable assets acquired, and the treatment thereof including the period of amortisation of any goodwill arising on amalgamation.

  Under the existing Standard a disclosure was required in a situation where the scheme of amalgamation prescribed a different treatment to be given to the reserves of the transferor company as compared to the requirement of the Standard. The said disclosure is not required in respect of any scheme of amalgamation approved under the Companies Act, 2013. Now the accounting treatment prescribed in the scheme of amalgamation has to be in conformity with the Accounting Standard.

AS 15 — EMPLOYEE BENEFITS

- The method of accounting of retirement benefits depends on the nature of retirement benefits and in practice it may not be incorrect to say that it also depends on the mode of funding.
- On the basis of nature, a retirement benefit scheme can be classified either as defined benefit plan or defined contribution plan.

  Defined contribution schemes are schemes where the amounts to be paid as retirement benefits are determined by contributions to a fund together with earnings thereon; e.g., provident fund schemes. Defined benefit schemes are retirement benefit schemes under which amounts to be paid as retirement benefits are determinable usually by reference to employee's earnings and/or years of service; e.g., gratuity schemes.

  For defined contribution schemes, contribution payable by employer is charged to the Statement of Profit and Loss.
- For defined benefit schemes, accounting treatment will depend on the type of arrangements which the employer has made.
- If payment for retirement benefits is made out of employers' funds, appropriate charge to the Statement of Profit and Loss is to be made through a provision for accruing liability, calculated according to actuarial valuation.
- If liability for retirement benefit is funded through creation of trust, the excess/shortfall of contribution paid against amount required to meet accrued liability as certified by actuary is treated as pre-payment or charged to the Statement of Profit and Loss.
- If liability for retirement benefit is funded through a scheme administered by an insurer, an actuarial certificate or confirmation from insurer is obtained. The excess/shortfall of the contribution paid against the amount required to meet accrued liability as confirmed by insurer is treated as pre-payment or charged to the Statement of Profit and Loss.
- Any alteration in the retirement benefit cost should be charged or credited to the Statement of Profit and Loss and change in actuarial method is to be disclosed.
- Financial statements to disclose method by which retirement benefit cost have been determined.
- This Standard improves the existing practices mainly in the following areas:
  - — It is broad in its applicability as it covers all short-term and long-term employee benefits. For example, annual paid leave (though not encashable), long-term service rewards, subsidised goods or services, etc. are also covered
  - — Additional disclosures are required in relation to any defined benefits plans including:
    - (i) The reconciliation of (opening to closing) of Projected Benefit Obligation.
    - (ii) The reconciliation of (opening to closing) of Fair Value of Plan Assets.
    - (iii) The reconciliation of (opening to closing) of Net Liability/Prepaid Asset.
    - (iv) Components of charge during the year.
    - (v) Principal actuarial assumptions.

FAQ on accounting treatment of increase in gratuity limit[2]

- The ICAI has issued FAQ to clarify accounting treatment of the increased liability arising from enhancement of gratuity ceiling from Rs. 10 Lac to Rs. 20 Lac, i.e. Payment of Gratuity (Amendment) Act 2018, under the AS-15 (Employee Benefits).
- ICAI has clarified that aforementioned accounting standards do not provide any exemption/ one-time relief with regard to the accounting treatment of increase in liability arising on account of past service cost.
- Accordingly, ABC Ltd. is required to account for any increase in the liability on account of increase in gratuity ceiling as expense as per the requirements of the relevant applicable Standard.

AS 16 — BORROWING COSTS

Borrowing costs are interest and other costs incurred by an enterprise in connection with the borrowing of funds.

- Borrowing costs that are directly attributable to the acquisition, construction or production of any qualifying asset should be capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

  A qualifying asset is an asset that necessarily takes a substantial period of time (ordinarily, a period of twelve months) to get the asset ready for its intended use or sale.
- If funds are borrowed specifically for obtaining a qualifying asset, actual borrowing costs incurred as reduced by income on the temporary investment of the borrowed funds should be capitalised.

2. This FAQ on accounting treatment of increase in liability on account of enhancement of the gratuity ceiling from ₹ 10 lakhs to ₹ 20 Lakhs due to Payment of Gratuity (Amendment) Act 2018 (vide notification no. S.O. 1420 (E) dated March 29, 2018) has been issued by the Accounting Standards Board (ASB) of the Institute of Chartered Accountants of India (ICAI).

- If funds are borrowed generally and used for obtaining a qualifying asset, borrowing costs determined on the basis of the weighted average rate should be capitalised.
- The capitalisation of borrowing costs should commence when all the following conditions are satisfied: (a) expenditure for the acquisition, construction or production of a qualifying asset and borrowing costs are being incurred, and (b) activities that are necessary to prepare the asset for its intended use or sale are in progress.
- Capitalisation should be suspended during extended periods in which active development is interrupted.
- Capitalisation should cease when substantially all the activities necessary to prepare a qualifying asset for its intended use or sale are complete.
- When the construction of a qualifying asset is completed in parts and a completed part is capable of being used while construction continues for the other parts, capitalisation of borrowing costs in relation to a part should cease when substantially all activities necessary to prepare that part for its intended use or sale are complete.

  Further, in view of Circular No. 35/2014 issued by the Ministry of Corporate Affairs, in case of power projects where one of the units of the project is ready for commercial production and is capable of being used while construction continues for the other units, costs should be capitalised in relation to that part once the part is ready for commercial production.
- Statement does not deal with the actual or imputed cost of owners' equity as also preference capital, which is not treated as borrowing costs.

Disclosures

- (a) the accounting policy adopted for borrowing costs; and (b) the amount of borrowing costs capitalised during the period.

AS 17 — SEGMENT REPORTING

- AS 17 requires reporting of financial information about different types of products and services an enterprise provides and different geographical areas in which it operates.
- A business segment is distinguishable component of an enterprise providing a product or service or group of products or services that are subject to risks and returns that are different from other business segments.
- A geographical segment is distinguishable component of an enterprise providing products or services in a particular economic environment that is subject to risks and returns that are different from components operating in other economic environments.
- Internal financial reporting system and organisation structure are normally the basis for identifying the primary and secondary segments.
- The dominant source and nature of risk and returns of an enterprise should govern whether its primary reporting format will be business segments or geographical segments.
- If the risk and returns are affected mainly due to difference in products and services, then the primary reportable segment shall be business segment. Similarly, if risk and returns are affected by the operation in different geographical areas, then the primary reportable segment shall be the geographical segment.
- A business segment or geographical segment is a reportable segment if
  - — Revenue from sales to external customers and from transactions with other segments is 10% or more than the total revenue (external and internal) of all segments; or
  - — Segment result, whether profit or loss is 10% or more of (i) combined result of all segments in profit or (ii) combined result of all segments in loss whichever is greater in absolute amount; or
  - — Segment assets are 10% or more of total assets of all the segments.
- If total external revenue attributable to reportable segment constitutes less than 75% of total revenues then additional segments should be identified.
- A business or geographical segment that is not identified as a reporting segment, may be designated as a reporting segment at the discretion of the management of the enterprise.
- Any segment earlier recognised as reportable segment shall continue to be reportable segment in the current period, even though it doesn't satisfy 10% threshold.
- The accounting policies followed for preparing the financial statements of the enterprise, as a whole should be followed in presenting segment information.
- Assets or liabilities that relate jointly to two or more segments should be allocated to segments only if the income and expenses relating to jointly held assets has also been allocated.

Disclosures

Primary segment information

- For each reportable segment the enterprise should disclose (a) external and internal; (b) segment revenue; (c) segment result; (d) carrying amount of segment assets and liabilities; (e) cost of fixed assets acquired; (f) depreciation, amortisation of assets; and (g) other non-cash expenses.

- Reconciliation of information provided for reportable segments and information in financial statements of the enterprise is also to be provided.

Secondary segment information

- Secondary segment information is also required to be disclosed. This includes information about revenues, assets and cost of fixed assets acquired.
- If primary format is based on geographical segments, certain further disclosures are required.
- Total acquisition cost of segment assets, if it is 10% or more of total segment assets.

Disclosures are also required relating to intra-segment transfers and composition of the segment.

Any changes in the segment reporting having material effect shall also be disclosed.

It may be mentioned that the illustrative disclosure attached to Standard as appendix (though not forming part of the Standard) illustrate in detail; determination of reportable segments, information about business segments and summary of required disclosures.

AS 18 — RELATED PARTY DISCLOSURES

- Parties are considered to be related if, at any time during the reporting period, one party has ability to control or exercise significant influence over the other party in making financial and/or operating decisions.
- This standard deals with following related party relationships: (a) Enterprises that directly, or indirectly, through one more intermediaries, control, or are controlled by, or are under common control with, the reporting enterprise. (b) Associates, Joint Ventures of the reporting enterprise and the investing party or venturer in respect of which the reporting enterprise is an associate or a joint venture, (c) Individuals owning an interest in voting power of the reporting enterprise that gives them control or significant influence over the enterprise and relatives of any such individual, (d) Key management personnel and their relatives, and (e) Enterprises over which any of the persons in (c) or (d) are able to exercise significant influence. Other relationships are not covered by this Standard.
- Following are not deemed to be related parties (a) Two companies simply because of common director, (b) Customer, supplier, franchiser, distributor or general agent merely by virtue of economic dependence; and (c) Financiers, trade unions, public utilities, government departments and bodies merely by virtue of their normal dealings with the enterprise.
- Disclosure under the Standard is not required in the following cases (i) If such disclosure conflicts with enterprise's duty of confidentially under statute, duty cast by a regulator or a component authority; (ii) In consolidated financial statements in respect of intragroup transactions, and (iii) In case of State-controlled enterprises regarding related party relationships and transactions with other State-controlled enterprises.
- Relative (in relation to an individual) means the spouse, son, daughter, brother, sister, father and mother who may be expected to influence, or be influenced by, that individual in his/her dealings with the reporting entity.
- The Standard also defines inter alia control, significant influence, associate, joint venture and key management personnel.

Disclosures

- If there have been transactions between the related parties, during the existence of relationship, information relating to:— name of the related party, description of the relationships between the parties, nature of transactions and its volume of transactions (as an amount or proportion), other elements of transaction if necessary for an understanding of the financial statements, amount or appropriate proportion outstanding pertaining to related parties, provision for doubtful debts from related parties, amounts written off or written back in respect of debts due from or to related parties.
- Names of the related parties and nature of related party relationship, even where there are no transactions but the control exists.
- Items of similar nature may be disclosed in aggregate by type of the related party.

AS 19 — LEASES

- The Standard applies in accounting for all leases other than —
  (a) Lease agreements to explore for or use natural resources,
  (b) Licensing agreements for items such as motion pictures, films, video recordings plays, etc., and
  (c) Lease agreements to use lands.
- Leases are classified as finance lease or operating lease. But such classification shall be governed by the risk and rewards transferred.
- A lease shall be a financial lease, if:—
  (a) The ownership is transferred at the end of lease term;
  (b) Lessee has an option to purchase the asset at a price which is sufficiently lower than the fair value at the date the option becomes exercisable.

(c) Lease term is for substantial part of economic life of the asset,

(d) Present value of minimum lease payment at the inception of the lease is substantially equal to the assets fair value, and

(e) The asset leased is of specialised nature such that only lessee can use it without major modifications made to it.

- An operating lease is a lease other than a finance lease.

Treatment in the books of lessee

In case of finance lease —

- At the inception of the lease, the lessee shall recognise the asset at lower of fair value or present value of minimum lease payment. The discount rate shall be interest rate implicit in the lease or incremental borrowing rate.
- Lease payments should be apportioned between finance charges and principal amount outstanding. The finance charges shall be allocated over the lease term to produce a constant periodic rate of return.
- The depreciation policy for leased asset should be consistent with that for depreciable assets that are owned.
- Disclosure should be made of —
  (a) Assets acquired under finance lease,
  (b) Net carrying amount at the balance sheet date,
  (c) Reconciliation between the total minimum lease payments at balance sheet date and their present value,
  (d) Contingent rent recognised as expense.
  (e) the total of future minimum sub-lease payments expected to be received, and
  (f) General description of significant leasing arrangements.

In case of operating lease —

- The lease payments should be recognised as an expense on straight-line basis, unless other systematic basis is more representative of the time pattern of the user's benefit.
- Disclosures should be made of —
  (a) The total of future minimum lease payments under non-cancellable sub-leases:
  (b) The total of future minimum sub-lease payments expected to be received under non-cancellable sub-leases;
  (c) Lease payments recognised in the statement of Profit & Loss, with separate amounts of minimum lease payments and contingent rents,
  (d) Sub-lease payments recognised in the statement of Profit & Loss, and
  (e) General description of significant leasing arrangements.

Treatment in the books of lessor

In case of finance lease —

- The lessor should recognise the asset in its balance sheet as a receivable at an amount equal to net investment in the lease.
- The recognition of finance income should be based on a pattern reflecting a constant periodic return on the net investment of the lessor outstanding.
- In case of any reduction in the unguaranteed residual values, income allocation over the remaining lease term should be revised.
- Initial direct cost are either recognised immediately in the profit and loss statement or allocated against the finance income over the lease term.
- Disclosure should be made of —
  (a) Total gross investment in lease and the present value of the minimum lease payments at specified periods and reconciliation thereof at the balance sheet date,
  (b) Unearned finance income,
  (c) Accruing unguaranteed residual value benefit,
  (d) Accumulated provision for uncollectible minimum lease payments receivable,
  (e) Contingent rent recognised,
  (f) General description of significant leasing arrangements and
  (g) Accounting policy adopted in respect of initial direct costs.

In case of operating lease —

- The asset given under lease shall continue to be recognised as fixed assets.
- The lease income should be recognised on a straight-line basis over the lease term.
- Costs, including depreciation, incurred are recognised as an expense.

- Initial direct cost are either deferred and allocated to income over the lease term in proportion to rent income recognised or are recognised immediately in the profit and loss statement.
- Disclosure should be made of —
  (a) Gross carrying amount of the leased assets, accumulated depreciation and impairment loss at the balance sheet date and depreciation and impairment loss recognised or reversed for the period,
  (b) The future minimum lease payments under non-cancellable in aggregate and for the periods specified,
  (c) Total contingent rent recognised as income,
  (d) A general description of the significant leasing arrangements, and
  (e) Accounting policy for initial direct costs.

Lease by manufacturer or dealer

- The manufacturer or dealer lessor should recognise the transaction in accordance with policy followed for outright sales. Initial direct costs should be recognised as an expense at the inception of the lease. Artificial low rates of interests are quoted, profit on sale should be restricted to that which would apply if a commercial rate of interest were charged.

Sale and leaseback transactions

- If the transaction of sale and leaseback results in a finance lease, any excess or deficiency of sale proceeds over the carrying amount, it should be deferred and amortised over the lease term in proportion to the depreciation of the leased assets.
- If the transaction results in an operating lease,
  — Profit or loss should be recognised immediately, if the transaction is at fair value.
  — If the sale price is below the fair value, any profit or loss should be recognised immediately, except that, if the loss is compensated by future lease payments at market price, it should be deferred and amortised.
  — If the sales price is above fair value, the excess over the fair value should be deferred and amortised.
- In an operating lease, if the fair value at the time of sale and leaseback transaction is less than the carrying amount of the asset, a loss equal to the amount of the difference between the carrying amount and fair value should be recognised immediately.

AS 20 — EARNINGS PER SHARE

- Basic and diluted Earnings Per Share (EPS) are required to be presented on the face of the statement of Profit and Loss with equal prominence for all the periods presented. EPS is required to be presented even when the amounts disclosed are negative.
- Basic EPS should be calculated by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.
- The net profit or loss for the period attributable to equity shareholder is arrived at after deducting the amount of preference dividends and any tax attributable thereto for the period.
- The weighted average number of shares, for all the periods presented, is adjusted for bonus issue or any element thereof in rights issue, share split and consolidation of shares.
- For calculating diluted EPS, the net profit or loss attributable to equity shareholders (as adjusted for dividends, interest and other charges in expenses or income relating to the dilutive potential equity shares) and the weighted average number of shares are adjusted for the effects of dilutive potential equity shares (i.e., assuming conversion of all dilutive potential equity shares into equity).
- Potential equity shares are treated as dilutive when, and only when, their conversion into equity would result in a decrease in net profit per share from continuing ordinary operations.
- The effects of anti-dilutive potential equity shares are ignored in calculating diluted EPS.

Disclosures

- i. Basic and diluted EPS excluding extraordinary items (net of expenses), if the net profit or loss includes such items.
  ii. (a) The amounts used as numerators in calculating basic and diluted EPS and a reconciliation of those amounts to the net profit or loss for the period; (b) The weighted average number of equity shares used as the denominator in calculating the basic and diluted EPS and a reconciliation between the two denominators to each other; and (c) the nominal value of shares along with EPS per share figures.
- In case the number of equity or potential equity shares changes as a result of bonus, split or reverse split, the calculation of basic and diluted EPS is adjusted for all the period presented.

AS 21 — CONSOLIDATED FINANCIAL STATEMENTS

- This Standard is applied in the preparation and presentation of consolidated financial statements for a group of enterprises under the control of a parent.
- This Standard also applies to an enterprise which does not have a subsidiary but has an associate and /or Joint Venture. Such enterprise should prepare consolidated financial statement in accordance with this Standard.
- Consolidated financial statements are to be presented in addition to separate financial statements.
- Control means the ownership, directly or indirectly, of more than one-half of the voting power of an enterprise or control of the composition of the board of directors or such other governing body.
- Control of composition implies power to appoint or remove all or a majority of directors.
- When there is more than one investor in a company in which one of the investors controls the composition of board of directors and some other investor holds more than half of the voting power, both these investors are required to consolidate the accounts of the investee in accordance with this Standard.
- All subsidiaries, domestic and foreign to be consolidated except where control is intended to be temporary as to be disposed in the near future or the subsidiary operates under severe long-term restriction impairing transfer of funds to the parent.
- 'Near Future' should be considered as not more than twelve months from acquisition of relevant investments unless a longer period can be justified on the basis of facts and circumstances of the case.
- Financial statements of the parent and its subsidiaries should be combined on a line by line basis by adding like items of assets, liabilities, income and expenses.
  - — For the purpose of consolidation, the cost to the parent of its investment in each subsidiary and the parent's portion of equity of each subsidiary, at the date of investment, should be eliminated.
  - — Excess of cost over parent's portion of equity, should be shown as goodwill.
  - — Where cost to the parent is less than the parent's portion, of equity, difference to be shown as capital reserve.
  - — Minority interest in the net income to be adjusted against income of the group.
  - — Minority interest in net assets to be shown separately as a liability.
- While preparing consolidated financial statements, the tax expense to be shown in the consolidated financial statements should be the aggregate of the amounts of tax expense appearing in the separate financial statements of the parent and its subsidiaries.
- Where two or more investments are made in a subsidiary, equity of the subsidiary to be generally determined on a step-by-step basis.
- Intra-group balances and intra-group transactions and resulting unrealised profits should be eliminated in full. Unrealised losses should also be eliminated unless cost cannot be recovered.
- Financial statements used in consolidation should be drawn up to the same reporting date. If reporting dates are different, adjustments for the effects of significant transactions/events between the two dates should be made provided difference is not more than six months.
- Consolidation should be prepared using uniform accounting policies, unless it is not practicable to use the same. If the accounting policies followed are different, the fact should be disclosed together with proportion of such items.
- In the year in which parent subsidiary relationship ceases to exist, consolidation to be made up-to-date of cessation.

Disclosures

- (a) a list of all subsidiaries giving name, country of incorporation or residence, proportion of ownership and if different, that of voting power; (b) if applicable – (i) the nature of relationship between parent and subsidiary, (ii) effect of the acquisition and disposal of subsidiaries on the financial position, the results and corresponding amounts for the preceding period; and (iii) names of subsidiaries whose reporting dates are different than that of the parent.
- When the consolidated statements are presented for the first-time figures for the previous year need not be given.

  Not all the notes appearing in standalone financial statements are required to be disclosed in the consolidated financial statements. Typically notes, which are not required to be included, are: managerial remuneration, CIF value of import, capacity, quantitative details, etc.

AS 22 — ACCOUNTING FOR TAXES ON INCOME

- This Standard deals with accounting for taxes on income.
- Tax expense/(tax savings) is current tax and deferred tax charged or credited in the Statement of Profit and Loss for the period.
- Deferred tax is the tax effect of timing differences (the differences between taxable and accounting income that originate in one period and capable of reversal in the subsequent period/s).
- Deferred tax should be recognised for all the timing differences that may result in creation of deferred tax asset or liability.

- Deferred tax assets for unabsorbed depreciation or carry forward of losses should be recognised only when there is virtual certainty of sufficient future taxable income with supported convincing evidence, to recover the amount of deferred tax assets.
- Reversal of deferred tax during the tax holiday period should not be recognised to the extent the enterprise's gross total income is subject to deduction during the tax holiday period as per the provision Income-tax Act. Deferred tax which reverses after the tax holiday period is recognised when the timing differences originate. Timing differences which originate first should be considered as reversing first, when the timing differences originate.
- At each balance sheet date, assessment of unrecognised deferred tax assets is to be made. When there is reasonable or virtual certainty that sufficient taxable income will be available in the future to realise deferred tax asset, it should be accordingly recognised. At the same time, in case of the recognised deferred tax asset, there are evidences that it cannot be realised in the future, then it should be written down.
- Measurement
  - — Current tax should be measured using applicable tax rates, while the deferred tax should be measured using the tax rate that have been enacted or substantively enacted by the balance sheet date.
  - — When the enterprise is required to pay tax under section 115JB of Income-tax Act, the deferred tax should be measured using the regular tax rates and not that of 115JB.
- Deferred tax assets and liabilities should not be discounted to their present value.

Presentation and Disclosure

- An enterprise should offset assets and liabilities representing current tax if it – (a) has a legally enforceable right to set off the recognised amounts; and (b) Intends to settle the asset and the liability on a net basis.
- An enterprise should offset deferred tax assets and deferred tax liabilities if it —
  - (a) has a legally enforceable right to set off assets against liabilities representing current tax; and
  - (b) the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.
- Deferred tax assets and liabilities should be shown separately in the balance sheet date after Investments and Unsecured Loans, respectively. (In case of companies, as per Schedule III, the same have to be shown separately as Non-current Assets or Non-current Liabilities, as the case may be).
- The break-up of deferred tax assets and deferred tax liabilities into major components of the respective balances.
- The nature of the evidence supporting the recognition of deferred tax assets, if an enterprise has unabsorbed depreciation or carry forward of losses under tax laws.

AS 23 — ACCOUNTING FOR INVESTMENT IN ASSOCIATES IN CONSOLIDATED FINANCIAL STATEMENTS

- This statement should be applied in accounting for investments in associates in the preparation and presentation of consolidated financial statements by an investor.
- An investment in an associate should be accounted for in a consolidated financial statement under the equity method.
- Equity method is not applied when:
  - (a) The investment is acquired and held exclusively with a view to its subsequent disposal in the near future, or
  - (b) The associate operates under severe long-term restrictions that significantly impair its ability to transfer funds to its investors. Investment in such associates should be accounted for in accordance with the Accounting Standard (AS) 13, Accounting for Investments.
- The reason for not applying the equity method in accounting for investments in an associate should be disclosed in the consolidated financial statements.
- An investor should discontinue the use of equity method from the date that:
  - (a) It ceases to have significant influence in an associate but retains, either in whole or in part, its investments, or
  - (b) The use of the equity method is no longer appropriate because the associate operates under severe long-term restrictions that significantly impair its ability to transfer funds to the investors. From the date of discontinuing the use of equity method, investments in such associates should be accounted for in accordance with Accounting Standard (AS) 13, Accounting for Investments. For this purpose, the carrying amount of investments at that date should be regarded as the cost thereafter.
- Goodwill/capital reserve arising on the acquisition of an associate by an investor should be included in the carrying amount of investment in the associate but should be disclosed separately.
- In using equity method for accounting for investment in an associate, unrealised profits and losses resulting from transactions between the investor (or its consolidated subsidiaries) and the associate should be eliminated to the extent of the investor's interest in the associate. Unrealised losses should not be eliminated if and to the extent the cost of the transferred asset cannot be recovered.

- The carrying amount of investment in an associate should be reduced to recognise a decline, other than temporary, in the value of the investment, such reduction being determined and made for each investment individually.
- In addition to the disclosures as indicated earlier, an appropriate listing and description of associates including the proportion of ownership interest and, if different, the proportion of voting power held should be disclosed in the consolidated financial statements.
- Investments in associates accounted for using the equity method should be classified as long-term investments and disclosed separately in the consolidated balance sheet. The investor's share of the profits or losses of such investments should be disclosed separately in the consolidated statement of profit and loss. The investor's share of any extraordinary or prior period items should also be separately disclosed.
- The name(s) of the associate(s) of which reporting date(s) is/are different from that of the financial statements of an investor and the differences in reporting dates should be disclosed in the consolidated financial statements.
- In case an associate uses accounting policies other than those adopted for the consolidated financial statements for transactions and events in similar circumstances and it is not practicable to make appropriate adjustments to the associate's financial statements, the fact should be disclosed along with a brief description of the differences in the accounting policies.
- On the first occasion when investment in an associate is accounted for in consolidated financial statements in accordance with this statement, the carrying amount of investment in the associate should be brought to the amount that would have resulted had the equity method of accounting been followed as per this statement since the acquisition of the associate. The corresponding adjustment in this regard should be made in the retained earning in the consolidated financial statements.
- Adjustments to the carrying amount of investment in an associate arising from changes in the associate's equity that have not been included in the Statement of Profit and Loss of the associate should be directly made in the carrying amount of investment without routing it through the consolidated Statement of Profit and Loss. The corresponding debit/credit should be made in the relevant head of the equity interest in the consolidated balance sheet. For example, in case the adjustment arises because of revaluation of fixed assets by the associate, apart from adjusting the carrying amount of investment to the extent of proportionate share of the investor in the revalued amount, the corresponding amount of revaluation reserve should be shown in the consolidated balance sheet.

AS 24 — DISCONTINUING OPERATIONS

- This Standard deals with discontinuing operations of an enterprise.
- A discontinuing operation is a component of an enterprise that the enterprise, pursuant to a single plan, is: (1) disposing of substantially in its entirety, such as by selling the component in a single transaction or by demerger or spin-off of ownership of the component to the enterprise's shareholders; or (2) disposing of piecemeal, such as by selling off the component's assets and settling its liabilities individually; or (3) terminating through abandonment; and that represents a separate major line of business or geographical area of operations; and that can be distinguished operationally and for financial reporting purposes.
- For a discontinuing operation, **the initial disclosure event** is the earlier occurrence of (a) the enterprise entering into a binding sale agreement for substantially all of the assets attributable to the discontinuing operation; or (b) the enterprise's board of directors or similar governing body having (i) approved a detailed, formal plan for the discontinuance, and (ii) made an announcement of the plan.
- An enterprise should apply the **principles of recognition and measurement** that are set out in other Accounting Standards (e.g. AS 4, AS 28) for the purpose of deciding as to when and how to recognise and measure the changes in assets and liabilities and the revenue, expenses, gains, losses and cash flows relating to a discontinuing operation.
- In the financial statements for the period in which the initial disclosure event occurs : (a) a description of the discontinuing operation; (b) the business or geographical segment in which it is reported; (c) the date and nature of the initial disclosure event; (d) the date or period in which the discontinuance is expected to be completed if known or determinable; (e) the carrying amounts, as of the balance sheet date, of the total assets to be disposed of and the total liabilities to be settled; (f) the amounts of revenue and expenses in respect of the ordinary activities attributable to the discontinuing operation during the current financial reporting period; (g) the amount of pre-tax profit or loss from ordinary activities attributable to the discontinuing operation during the current reporting period, and the income tax expense related thereto. (h) the amounts of net cash flows attributable to the operating, investing, and financing activities of the discontinuing operation during the current reporting period.

Disclosures

- At the time of disposal of assets or settlement of liabilities attributable to a discontinuing operation or entering into binding agreements for the sale of such assets or the settlement of such liabilities, (a) for any gain or loss recognised on the disposal of assets or settlement of liabilities attributable thereto (i) the amount of the pre-tax gain or loss, and (ii) income tax expense relating to the gain or loss; and (b) the net selling price or range of prices (which is after deducting expected disposal costs) of those net assets, the expected timing of receipt of those cash flows and the carrying amount of those net assets on the balance sheet date.
- In addition, an enterprise should include, for periods subsequent to the one in which the initial disclosure event occurs, a description of any significant changes in the amount or timing of cash flows relating to the assets to be disposed or liabilities to be settled and the events causing those changes.

- The disclosures required should be continued till the period in which of the discontinuance is completed.
- Any disclosure required should be presented separately for each discontinuing operation.
- Disclosures are to be presented in the Notes, however, the following are to be disclosed on the face of the Statement of Profit and Loss —
  (a) the amount of pre-tax Profit or Loss from ordinary activities of the discontinuing operation, and income-tax expense thereto.
  (b) the amount of the pre-tax gain or loss on the disposal of assets company settlement liabilities of the discounting operations.
- An appendix to the Standard (though not a part of the Standard) sets out detailed illustration explaining significant disclosure requirements of the Standard.

AS 25 — INTERIM FINANCIAL REPORTING

- This Standard is applied when an enterprise is required or elects to prepare and present an interim financial report.
- Interim period is a financial reporting period shorter than a full financial year. Interim financial report means a financial report containing either a complete set of financial statements or a set of condensed financial statements for an interim period.
- An enterprise has an option to present a complete or condensed set of financial statements in its interim financial report.
- An interim financial report should include, at a minimum —
  (a) condensed balance sheet;
  (b) condensed statement of profit and loss;
  (c) condensed cash flow statement; and
  (d) selected explanatory notes.
- The following information, as a minimum, should be included in the notes, if material and if not disclosed elsewhere in the interim financial report:
  (a) a statement that the same accounting policies are followed in the interim financial statements as those followed in the most recent annual financial statements or, if those policies have been changed, a description of the nature and effect of the change;
  (b) explanatory comments about the seasonality of interim operations;
  (c) the nature and amount of items affecting assets, liabilities, equity, net income, or cash flows that are unusual because of their nature, size, or incidence, net profit or loss for the period, prior period items and changes in accounting policies;
  (d) the nature and amount of changes in estimates of amounts reported in prior interim periods of the current financial year or changes in estimates of amounts reported in prior financial years, if those changes have a material effect in the current interim period;
  (e) issuances, buy-backs, repayments and restructuring of debt, equity and potential equity shares;
  (f) dividends, aggregate or per share (in absolute or percentage terms), separately for equity shares and other shares;
  (g) segment revenue, segment capital employed (segment assets minus segment liabilities) and segment result for business segments or geographical segments, whichever is the enterprise's primary basis of segment reporting (disclosure of segment information is required in an enterprise's interim financial report only if the enterprise is required, in terms of AS 17, Segment Reporting, to disclose segment information in its annual financial statements);
  (h) the effect of changes in the composition of the enterprise during the interim period, such as amalgamations, acquisition or disposal of subsidiaries and long-term investments, restructurings, and discontinuing operations; and
  (i) material changes in contingent liabilities since the last annual balance sheet date.
- Interim reports should include interim financial statements (condensed or complete) for periods as –
  (a) balance sheet as of the end of the current interim period and a comparative balance sheet as of the end of the immediately preceding financial year;
  (b) statements of profit and loss for the current interim period and cumulatively for the current financial year to date, with comparative statements of profit and loss for the comparable interim periods (current and year-to-date) of the immediately preceding financial year;
  (c) cash flow statement cumulatively for the current financial year-to-date, with a comparative statement for the comparable year-to-date period of the immediately preceding financial year.
- An enterprise should apply the same accounting policies in its interim financial statements as are applied in its annual financial statements, except for accounting policy changes made after the date of the most recent annual financial statements that are to be reflected in the next annual financial statements.
- The frequency of an enterprise's reporting (annual, half-yearly, or quarterly) should not affect the measurement of its annual results and therefore, measurements for interim reporting purposes should be made on a year-to-date basis.

- Users may refer four appendices attached to the Standard (which though not a part of the Standard) set out detailed illustrations explaining inter alia:
  1. Illustrative format of condensed balance sheet, condensed profit and loss account, condensed cash flows.
  2. Illustration of periods required to be presented.
  3. Examples of applying the recognition and measurement principles.
  4. Examples of the use of estimates.
- It may be mentioned that the companies required to disclose quarterly results are not required to follow the disclosure-related requirements of the Standard. Thus, the presentation format is not mandatory. However, it is a normal practice to adopt the recognition and measurement principles.

AS 26 — INTANGIBLE ASSETS

- This Standard should be applied by all enterprises in accounting for intangible assets, except intangible assets that are covered by another Accounting Standard; financial assets; mineral rights and expenditure on the exploration for, or development and extraction of minerals, oil, natural gas and similar non-regenerative resources; intangible assets arising in insurance enterprises from contracts with policyholders and expenditure in respect of termination benefits.
- An asset is a resource; (a) controlled by an enterprise as a result of past events; and (b) from which future economic benefits are expected to flow to the enterprise. An intangible asset is an identifiable non-monetary asset, without physical substance, held for use in the production or supply of goods or services, for rental to others, or for administrative purposes.
- An intangible asset is an identifiable non-monetary asset, without physical substance, held for use in the production or supply of goods or services, for rental to others, or for administrative purposes. An intangible asset is identifiable when it can be separated from the goodwill arising under the amalgamation. An asset is separable, if the enterprise could rent, sell, exchange or distribute the specific future economic benefits of the asset. Research is original and planned investigation undertaken with the prospect of gaining new scientific or technical knowledge and understanding. Development is the application of research findings or other knowledge to a plan or design for the production of new or substantially improved materials, devices, products, processes, systems or services prior to the commencement of commercial production or use.
- An acquired intangible asset is recognised if it is (a) identifiable, (b) controllable by enterprise, (c) where future benefit is expected and (d) cost of acquisition can be measured reliably.
- An intangible asset shall initially be measured at cost. Examples for measuring intangible assets are as follows:—
  - — Separate acquisition, it shall be recorded at the purchase price paid for the acquisition.
  - — In the scheme of amalgamation, it shall be accounted for as per AS 14.
  - — Acquisition through Government grant, it shall be recorded at the concessional fee paid or nominal amount.
  - — Exchange of assets, it shall be recorded as per AS 10.
  - — Internally generated goodwill should not be recognised as an asset.
  - — Expenditure incurred on internally generated intangible asset is expensed to the extent that it related to Research Phase.
  - — An intangible asset arising from development (or from the development phase of an internal project) should be recognised if, and only if, an enterprise can demonstrate all of the following:
    - i. The technical feasibility of completing the intangible asset so that it will be available for use or sale;
    - ii. Its intention to complete the intangible asset and use or sell it;
    - iii. Its ability to use or sell the intangible asset;
    - iv. How the intangible asset will generate probable future economic benefits. Among other things, the enterprise should demonstrate the existence of a market for the output of the intangible asset or the intangible asset itself or, if it is to be used internally, the usefulness of the intangible asset;
    - v. The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
    - vi. Its ability to measure the expenditure attributable to the intangible asset during its development reliably.
- In the subsequent periods, the intangible asset shall be carried at cost less accumulated amortisation and accumulated impairment loss. The amortisation of the intangible asset shall depend upon the best estimate of its useful life. There is rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for the use. If the control over future economic benefits from an intangible asset is achieved through legal rights that have been granted, then the useful life of the intangible asset shall not exceed period of the legal rights unless the legal rights are renewable and renewal is certain.
- The amortisation method used should reflect the pattern in which asset's economic benefits are consumed by the enterprise. If the pattern cannot be estimated reliably, straight-line method should be used. The amortisation method and period should be reviewed at the end of each of financial year. If there is any change in the expected useful life or pattern of economic benefits, then the amortisation period or method should be changed accordingly.

- An enterprise should estimate the recoverable amount of the following intangible assets at least at each financial year and even if there is no indication that the asset is impaired: (a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortised over a period exceeding ten years from the date when the asset is available for use.
- An intangible asset should be derecognised on disposal or when no future economic benefits are expected from it. Gains or losses on the disposal shall be the difference between the net disposal proceeds and the carrying amount.
- The Standard is supplemented with two appendices one of which covers exhaustive illustration on accounting of website development cost and software generated for internal use and other one covers various examples on application of various aspects of the standard.

Disclosures

- The useful lives or amortisation rates used;
- Amortisation method;
- Gross carrying amount and the accumulated amortisation at the beginning and at the end of the period;
- Reconciliation of the carrying amount at the beginning and end of the period.
- If an intangible asset is amortised for more than ten years, then reasons for the same.

AS 27 — FINANCIAL REPORTING OF INTERESTS IN JOINT VENTURES

- The standard defines what a **joint venture** is. Some of the important concepts include; joint venture is a contractual arrangement whereby two or more parties undertake an economic activity, which is subject to joint control. Joint control is the contractually agreed sharing of control over an economic activity.
- Control is the power to govern the financial and operating policies of an economic activity so as to obtain benefits from it.

  Proportionate consolidation is a method of accounting and reporting whereby a venturer's share of each of the assets, liabilities, income and expenses of a jointly controlled entity is reported as separate line items in the venturer's financial statements.
- The accounting treatments depends on the nature of joint venture which can be one of the three, i.e. Jointly Controlled Entity or Jointly Controlled Operations or Jointly Controlled Assets.
- In respect of its interests in jointly controlled operations, a venturer should recognise in its separate financial statements and consequently in its consolidated financial statements: (a) the assets that it controls and the liabilities that it incurs; and (b) the expenses that it incurs and its share of the income that it earns from the joint venture.
- In respect of its interest in jointly controlled assets, a venturer should recognise, in its separate financial statements, and consequently in its consolidated financial statements: its share of the jointly controlled assets, classified according to the nature of the assets; any liabilities which it has incurred; its share of any liabilities incurred jointly with the other venturers in relation to the joint venture; any income from the sale or use of its share of the output of the joint venture, together with its share of any expenses incurred by the joint venture; and any expenses which it has incurred in respect of its interest in the joint venture.
- In respect of jointly controlled operations the accounting treatment depends upon whether it is to be accounted in standalone financial statements or consolidated financial statements. In case of standalone financial statements the investments are accounted at cost in accordance with AS 13 whereas in case of consolidated financial statements where these are prepared (or required to be prepared) the investment in joint venture is accounted using proportionate consolidation method unless these are subsidiaries in which case these are consolidated under AS 21.

AS 28 — IMPAIRMENT OF ASSETS

- This Standard should be applied in accounting for the impairment of all assets, other than: (1) Inventories (see AS 2, Valuation of Inventories); (2) Assets arising from construction contracts (see AS 7, Accounting for Construction Contracts); (3) Financial assets, including investments that are included in the scope of AS 13, Accounting for Investments; and (4) Deferred tax assets (see AS 22 – Accounting for Taxes on Income). Prominent concepts introduced by the standards include:

  An impairment loss is the amount by which the carrying amount of an asset exceeds its recoverable amount. **Recoverable** amount is the higher of an asset's net selling price and its value in use. **Value in use** is the present value of estimated future cash flows expected to arise from the continuing use of **an asset** and from its disposal at the end of its useful life. Carrying amount is the amount at which an asset is recognised in the balance sheet after deducting any accumulated depreciation (amortisation) and accumulated impairment losses thereon. **A cash-generating** unit is the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets.
- Corporate assets are assets other than goodwill that contribute to the future cash flows of both the cash-generating unit under review and other cash-generating units.
- At each balance sheet date it needs to be assessed as to whether there is triggering event that requires the impairment testing to be made. Triggering event shall be assessed based on external information like fall in interest rate or industry growth rate,

change in law, etc., and internal information like forecasts, obsolescence, damage, etc. Where there is a triggering event the impairment loss needs to be assessed at the level of each Cash Generating Unit. Where all the assets of the enterprise are allocated to cash generating unit, only bottom-up testing method is applied and in case there is some portion of asset that is not allocated or corporate assets, then bottom-up testing method coupled with and followed by top-down testing method is applied.

- In measuring value in use the Standard specifies certain factors that need to be considered in arriving the discount rate and cash flow projection.
- Discount rate shall be independent of capital structure of the enterprise or its incremental borrowing cost. As a starting point, the enterprise may take into account the following rates: the enterprise's weighted average cost of capital determined using techniques such as the Capital Asset Pricing Model; the enterprise's incremental borrowing rate; and other market borrowing rates. These rates are adjusted: to reflect the way that the market would assess the specific risks associated with the projected cash flows; and to exclude risks that are not relevant to the projected cash flows.

Consideration is given to risks such as country risk, currency risk, price risk and cash flow risk

- Cash flow projections should be based on reasonable and supportable assumptions that represent management's best estimate of the set of economic conditions that will exist over the remaining useful life of the asset. Greater weight should be given to external evidence; cash flow projections should be based on the most recent financial budgets/forecasts that have been approved by management. Projections based on these budgets/forecasts should cover a maximum period of five years, unless a longer period can be justified; and cash flow projections beyond the period covered by the most recent budgets/forecasts should be estimated by extrapolating the projections based on the budgets/forecasts using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. This growth rate should not exceed the long-term average growth rate for the products, industries, or country or countries in which the enterprise operates, or for the market in which the asset is used, unless a higher rate can be justified. Project cash flows shall not consider impact of future capital expenditure or restructuring unless these are committed.
- Reversal of impairment loss is allowed to an extent that would be additional carrying amount of asset had there be no impairment.

  However in case of reversal of impairment loss relating to goodwill additional condition needs to be satisfied.
- The detailed text of the standard spreads across 124 paragraphs and is supplemented with 8 examples (which are not part of the Standard). Users are expected to go through it in detail before applying the Standard.

Disclosures

- The amount of the impairment loss recognised and reversed in the Statement of Profit and Loss;
- The amount of the impairment loss adjusted against the revaluation reserve;
- Basis of determination of the recoverable amount;
- Nature of the individual asset;
- Description of the cash generating unit;
- Any change in the aggregation of the assets for identifying cash generating unit and the reasons.

AS 29 — PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

- The Standard prescribes the accounting and disclosure for all provisions, contingent liabilities and contingent assets, except:
  (a) Those resulting from financial instruments that are carried at fair value;
  (b) Those resulting from executory contracts, except where the contract is onerous. Executory contracts are contracts under which neither party has performed any of its obligations or both parties have partially performed their obligations to an equal extent;
  (c) Those arising in insurance entities from contracts with its policyholders; or
  (d) Those covered by another Standard.

Provisions

The Standard defines provisions as a liability which can be measured only by using a substantial degree of estimation. A provision should be recognised when, and only when:

1. (a) An entity has a present obligation (legal or constructive) as a result of a past event;
   (b) It is probable (i.e., more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation; and
   (c) A reliable estimate can be made of the amount of the obligation. The Standard notes that it is only in extremely rare cases that a reliable estimate will not be possible.
- The amount recognised as a provision should be the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

- The provisions shall not be discounted. However, the provision recognised under AS 10 with respect to decommissioning, restoration and similar liabilities needs to be discounted. The discount rate should be pre tax rate that reflects the current market assessment of the time value of money and the risks specific to the liability.
- Gains from the expected disposal of assets should not be taken into account, even if the expected disposal is closely linked to the event giving rise to the provision.
- An entity may expect reimbursement of some or all of the expenditure required to settle a provision (for example, through insurance contracts, indemnity clauses or suppliers' warranties). An entity should: (a) recognise a reimbursement when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The amount recognised for the reimbursement should not exceed the amount of the provision; and (b) recognise the reimbursement as a separate asset. In the income statement, the expense relating to a provision may be presented net of the amount recognised for a reimbursement.
- Provisions should be reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision should be reversed.
- A provision should be used only for expenditure for which the provision was originally recognised.
- Provisions should not be recognised for future operating losses. An expectation of future operating losses is an indication that certain assets of the operation may be impaired. In this case, an entity tests these assets for impairment under AS 28 Impairment of Assets.
- The Standard defines a restructuring as a programme that is planned and controlled by management, and materially changes either: (a) the scope of a business undertaken by an entity; or (b) the manner in which that business is conducted.
- A provision for restructuring costs is recognised only when the general recognition criteria for provisions are met.

Disclosures

- The reconciliation of the amount of the provision at the beginning and at the end of the period, it should cover additional provisions made, amounts used and unused amounts recovered;
- Nature of the obligation and timing of the outflow;
- Any uncertainties relating to an outflow;
- Any expected reimbursement.

Contingent Liabilities

The Standard defines a contingent liability as:

1. (a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

   (b) A present obligation that arises from past events but is not recognised because:

   (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

   (ii) the amount of the obligation cannot be measured with sufficient reliability.

- An entity should not recognise a contingent liability. At the balance sheet date, the enterprise shall disclose brief description of contingent liability. If practicable, it shall also disclose, estimate of the financial effect, uncertainties relating to an outflow and possibility of any reimbursement. In case of non-disclosure of such information, the fact should be disclosed

Contingent Assets are not to be recognised

Summary of Companies (Accounting Standard) Rules, 2006

The rules are applicable to Companies whose accounting periods commence on or after December 7, 2006. The key features of the rules are:

- Codified, almost all the accounting standards, accounting standard interpretations and limited revision in one single document
- Reworded certain jargons, like "Preface to Accounting Standards" is now referred as "General Instructions",
- Introduced new definition on SME enterprises. (Only 2 levels as against present practice of 3 levels.)

EXPOSURE DRAFTS

ICAI has issued exposure drafts either to revise or for the limited revision of certain Accounting Standards, key features of the proposed revision are explained hereinafter. Features have been indicated as if the Exposure Draft will be the Standard in its present draft form.

AS 1 — DISCLOSURE OF ACCOUNTING POLICIES

- The Standard requires an explicit statement in the financial statements regarding compliance with all the Accounting Standards.
- It also provides criteria for classification of Current/Non-Current assets/liabilities and its presentation.
- A classification of the expenses to be presented in the statement of profit and loss based on nature is also required to be made.
- The management is required to disclose the judgments made by it while framing accounting policies. Also, key assumptions about the future and other sources of measurement uncertainty that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within next financial year are required to be disclosed.
- In respect of reclassification of items, the Standard besides requiring disclosure of reclassification adjustments in the statement of profit and loss, also requires disclosure of nature, amount and reason for reclassification in the notes to financial statements.
- The financial statements are to include movements in Equity, to be shown as a part of the balance sheet which, inter alia, includes reconciliation between opening and closing balance for each component of equity.

AS 5 — NET PROFIT/LOSS FOR THE PERIOD, PRIOR PERIOD ITEMS AND CHANGES IN ACCOUNTING POLICIES

- The revision is to bring about changes in the Standard commensurate with the requirements of the existing law and the existing notified Accounting Standards.
- The objective is to prescribe the criteria for selecting and changing accounting policies, together with the accounting treatment and disclosure of changes in accounting policies, changes in accounting estimates and correction of errors.
- Keeping in view that AS 1, Presentation of Financial Statements (Revised), is silent about the presentation of any item of income or expense as extraordinary item, this Standard does not deal with the same, which at present is dealt with by the existing AS 5.
- The Standard broadens the definition of accounting policies to include bases, conventions, rules and practices (in addition to principles) applied by an entity in the preparation and presentation of financial statements.
- An entity shall select and apply its accounting policies consistently for similar transactions, other events and conditions, unless an AS specifically requires or permits categorisation of items for which different policies may be appropriate.
- Changes in accounting policies should be accounted for with retrospective effect subject to limited exceptions, viz., where it is impracticable to determine the period specific effects or the cumulative effect of applying a new accounting policy.
- The Standard uses the term prior period errors and relates it to errors or omissions arising from a failure to use or misuse of reliable information (in addition to mathematical mistakes, mistakes in application of accounting policies etc.) that was available when the financial statements of the prior periods were approved for issuance and could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements. Errors include frauds, which is not covered in existing AS 5.
- The Standard requires rectification of material prior period errors with retrospective effect, as compared to the prospective effect in the existing AS, subject to limited exceptions viz., where it is impracticable to determine the period specific effects or the cumulative effect of applying a new accounting policy.
- The disclosure requirements have been made more detailed.

AS 12 — ACCOUNTING FOR GOVERNMENT GRANTS

- It is to synchronise the presentation requirements with the presentation requirements prescribed under Schedule III to the Companies Act, 2013.
- In the case of companies, deferred government grants should be disclosed separately under the head Non-current Liabilities to the extent entity expects not to recognise the same within the next 12 months after the end of reporting period and the remaining balance should be disclosed separately under the head Current Liabilities.

AS 20 — EARNINGS PER SHARE

- It is primarily to address the conceptual lacuna in arriving at earnings for computing EPS.

- For the purpose of calculating basic earnings per share, the net profit or loss for the period attributable to equity shareholders should be the net profit or loss for the period after
  (i) deducting preference dividends and any attributable tax thereto for the period; and
  (ii) adjusting the amount in respect of an item of income or expense that is debited or credited to share premium account/ reserves, which is otherwise required to be recognised in the statement of profit and loss in accordance with Accounting Standards.

AS 22 — ACCOUNTING FOR TAXES ON INCOME

- It is primarily to synchronise the presentation requirements of AS 22, with the presentation requirements prescribed under Schedule III, notified under the Companies Act, 2013.
- In the case of companies, deferred tax assets (net of the deferred tax liabilities, if any), is disclosed on the face of the balance sheet separately under the head "Non-current Assets' after the subhead 'Non-current investments' and deferred tax liabilities (net of the deferred tax assets, if any), is disclosed on the face of the balance sheet separately under the head 'Non-current Liabilities' after the sub-head 'Long-term borrowings'.

THE FOLLOWING ARE THE EXPOSURE DRAFTS ISSUED BY ICAI ON ACCOUNTING STANDARDS AS A PART OF MCA INITIATIVE TO ALIGN EXISTING ACCOUNTING STANDARDS (AS) WITH IND AS (INCLUDING NUMBERING OF THE AS) DURING THE PERIOD FROM APRIL'18 TO JUNE'19

AS 1 — PRESENTATION OF FINANCIAL STATEMENTS

Line by line comparison is not possible since the proposed standard is wider and the scope is larger.

- AS 1, Presentation of Financial Statements, requires that an entity shall make an explicit statement in the financial statements of compliance with all the Indian Accounting Standards. AS 1, Disclosure of Accounting Policies, does not provide so.
- AS 1, Presentation of Financial Statements, requires presentation and provides criteria for classification of Current / Non-Current assets / liabilities. AS 1, Disclosure of Accounting Policies, does not provide so.
- AS 1, Presentation of Financial Statements, specifically prohibits presentation of any item as 'Extraordinary Item' in the statement of profit and loss or in the notes.
- AS 1 requires disclosure of judgments made by management while framing of accounting policies. Also, it requires disclosure of key assumptions about the future and other sources of measurement uncertainty that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within next financial year.
- AS 1, Presentation of Financial Statements, requires the financial statements to include a 'Statement of Changes in Equity' to be shown as a separate statement, which, inter alia, includes reconciliation between opening and closing balance for each component of equity. AS 1, Disclosure of Accounting Policies, does not require so.
- AS 1, Presentation of Financial Statements, requires that an entity shall present a single statement of profit and loss, with profit or loss and other comprehensive income presented in two sections. The sections shall be presented together, with the profit or loss section presented first followed directly by the other comprehensive income section. AS 1, Disclosure of Accounting Policies, does not require so.
- AS 1, Presentation of Financial Statements, clarifies that long-term loan arrangement need not be classified as current on account of breach of a material provision, for which the lender has agreed to waive before the approval of financial statements for issue. (Paragraph 74 of AS 1). AS 1, Disclosure of Accounting Policies, does not provide so.

AS 11 — CONSTRUCTION CONTRACTS

- AS 11 requires to recognize contract revenue at transaction price, whereas AS 7 requires that contract revenue to be measured at consideration received / receivable. Accordingly, definition of transaction price has been included in AS 11.
- Paragraph 1A has been added in AS 11 which provides that the impairment of any contractual right to receive cash or another financial asset arising from this Standard shall be dealt in accordance with AS 109, Financial Instruments.

AS 17 — LEASES

- AS 19 excludes from its scope accounting of lease agreements to use lands. AS 17 does not have such scope exclusion. It has specific provisions dealing with accounting of leases of land and building.

- AS 17 is not applicable as the basis of measurement for:
  i. property held by lessees that is accounted for as investment property and investment property provide by lessor under operating leases and
  ii. biological assets held by lessees under finance leases / provided by lessors under operating leases that are covered within the scope of AS 41, Agriculture.

  AS 19 does not contain such scope exceptions since AS 13, Accounting for Investments, dealing with Investment Property does not have such special provision and there was no Accounting Standard on Agriculture.
- AS 17 makes a distinction between 'inception of lease' and 'commencement of lease' and defines these two terms differently whereas AS 19 does not define the term commencement of lease although this term is used at few places. AS 17, requires the lessee to recognise finance leases as assets and liabilities in the balance sheet at the commencement of the lease term whereas as AS 19 requires recognition at the inception of the lease. Further, AS 17 deals with adjustment of lease payments during the period between inception of the lease and the commencement of the lease term. This aspect is not dealt with in AS 19.
- AS 17 requires that in case of operating lease, where payments to the lessor are structured to increase in line with the expected general inflation so as to compensate the lessor for expected inflationary cost increases shall not be straight lined. AS 19 does not provide for the same.
- The term 'initial direct costs' has been specifically defined in AS 17 and definition of the term 'interest rate implicit in the lease' has been modified in AS 17. There is difference in treatment of initial direct costs incurred by a non-manufacturer / non-dealer lessor in respect of a finance lease. Under AS 19, it can either be recognised as expense immediately or allocated against the finance income over the lease term. Under AS 17 no such provisions are there as interest rate implicit in the lease is defined in such a way that the initial direct costs are included automatically in the finance lease receivable.
- In case of finance lease, in the financial statements of lessor, AS 17 does not specifically mention about the treatment of upward adjustment of the estimated residual value. AS 19 specifically mentions that upward adjustment of the estimated residual value is not made.
- AS 17 requires current/non-current classification of lease Liabilities if such classification is made for other liabilities. Also, it makes reference to AS 105, Noncurrent Assets Held for Sale and Discontinued Operations. These aspects were not addressed in AS 19.

AS 18 — REVENUE

- Definition of 'revenue' given in AS 18 is broad compared to the definition of 'revenue' given in AS 9 because it covers all economic benefits that arise in the ordinary course of activities of an entity which result in increases in equity, other than increases relating to contributions from equity participants.
- Definitions of completed service contract method and proportionate completion method of AS 9 have not been included in AS 18.
- AS 18 requires to recognize contract revenue at transaction price, whereas AS 9 requires that contract revenue to be measure at consideration received/receivable. Accordingly, definition of transaction price has been included in AS 18.
- Paragraph 1A of AS 18 requires interest to be recognized using the effective interest method in accordance with AS 109, Financial Instruments. AS 9 requires the recognition of revenue from interest on time proportion basis.
- Paragraph 1B has been added in AS 18 to provide that the impairment of any contractual right to receive cash or another financial asset arising from this Standard shall be dealt in accordance with AS 109, Financial Instruments.
- AS 18 provides guidance on application of recognition criteria to the separately identifiable components of a single transaction in order to reflect the substance of the transaction (paragraph 9). AS 9 does not specifically deal with the same.
- AS 18 specifically deals with the exchange of goods and services with goods and services of similar and dissimilar nature. In this regard specific guidance is given regarding barter transactions involving advertising services (paragraph 12). This aspect is not dealt with in the AS 9.
- Paragraph 12A* has been added in AS 18 to provide guidance on customer loyalty programmes.
- AS 18 specifically provides guidance regarding revenue recognition in case the entity is under any obligation to provide free or discounted goods or services or award credits to its customers due to any customer loyalty programme. AS 9 does not deal with this aspect.
- AS 9 specifically deals with disclosure of excise duty as a deduction from revenue from sales transactions. AS 18 does not specifically deal with the same.
- Disclosure requirements given in the AS 18 are more detailed as compared to AS 9.
- Illustrations on Sale of Goods and Rendering of Services of AS 9 have not been included in AS 18.

*12A. Sometimes, as part of a sales transaction, an entity grants its customer a loyalty award that the customer may redeem in the future for free or discounted goods or services. In this case, the entity shall account for the award credits as a separately identifiable component of the initial sales transaction. The entity shall allocate the transaction price between the

award credits and the other components of the sale on a relative stand-alone selling price basis. If the stand-alone selling price for a customer's option to acquire additional goods or services is not directly observable, an entity shall estimate it. That estimate shall reflect the discount that the customer would obtain when exercising the option, adjusted for both of the following: (a) any discount that the customer could receive without exercising the option; and (b) the likelihood that the option will be exercised.

AS 19 — EMPLOYEE BENEFITS

- In AS 19, employee benefits arising from constructive obligations are specifically covered whereas AS 15 does not specifically covers the same. (Paragraph 4(c) of AS 19).
- The term 'employee' includes directors in AS 19 whereas under AS 15 'employee' includes whole-time directors.
- Definitions of short-term employee benefits, other long-term employee benefits and past service cost as per AS 15 have been changed in AS 19 (Paragraph 8 of AS 19).
- Paragraph 37 of AS 19 deals with the situation where there is a contractual agreement between a multi-employer plan and its participants that determine how the surplus in the plan will be distributed to the participants (or the deficit funded). AS 15 does not deals with the same.
- Paragraph 42 of AS 19 provides that participation in a defined benefit plan sharing risks between various entities under common control is a related party transaction for each group entity and some disclosures are required in the separate or individual financial statements of an entity. AS 15 does not contain similar provisions.
- AS 19 encourages, but does not require, an entity to involve a qualified actuary in the measurement of all material post – employment benefit obligations whereas AS 15 though does not require involvement of a qualified actuary, does not specifically encourage the same (Paragraph 59 of AS 19).
- AS 19 requires recognition of actuarial gains and losses in other comprehensive income. AS 15 requires recognition of actuarial gains and losses immediately in the profit and loss.
- Paragraph 80 of AS 19 makes it clear that financial assumptions shall be based on market expectations, at the end of the reporting period, for the period over which the obligations are to be settled. AS 15 does not clarify the same.
- Paragraph 83 of AS 19 provides that subsidiaries, associates, joint ventures and branches domiciled outside India shall discount post-employment benefit obligations arising on account of post-employment benefit plans using the rate determined by reference to market yields at the end of the reporting period on high quality corporate bonds. Under AS 15, rate used to discount post-employment benefit obligations is determined by reference to market yields at the balance sheet date on government bond.
- Under AS 19, there is a concept of assets ceiling, i.e., net defined benefit liability (asset) is adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. AS 15 does not have such concept.
- Paragraph 165 of AS 19 provides guidance for timing of recognition of termination benefits. No guidance is available under AS 15.

AS 34 — INTERIM FINANCIAL REPORTING

- As per AS 25, the contents of an interim financial report include, at a minimum, a condensed balance sheet, a condensed statement of profit and loss, a condensed cash flow statement and selected explanatory notes. AS 34 requires, in addition to the above, a condensed statement of changes in equity. (Consequential to change in AS 1).
- Reference to extraordinary items (in the context of materiality) has been deleted in AS 34 in line with AS 1. However, AS 25 contains the reference of extraordinary items.
- *Illustration I:* Illustrative Format of Condensed Financial Statements' of AS 25 has not been included in AS 34.

AS 37 — PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

- Unlike AS 29, AS 37 requires creation of provisions in respect of constructive obligations also [However, AS 29 requires creation of provisions arising out of normal business practices, custom and a desire to maintain good business relations or to act in an equitable manner]. This has resulted in some consequential changes also. For example, definitions of provision and obligating event have been revised in AS 37, while the terms 'legal obligation' and 'constructive obligation' have been inserted and defined in AS 37. Similarly, the portion of AS 29 pertaining to restructuring provisions has been revised in AS 37.
- AS 37 makes it clear that before a separate provision for an onerous contract is established, an entity should recognize any impairment loss that has occurred on assets dedicated to that contract in accordance with AS 36. There is no such specific provision in AS 29.
- AS 29 states that identifiable future operating losses up to the date of restructuring are not included in a provision. AS 37 gives an exception to this principle viz. such losses related to an onerous contract.

- AS 38 contains scope exclusion with regard to the amortization method for intangible assets arising from service concession arrangements in respect of toll roads recognised in the financial statements before the beginning of the first upgraded AS reporting period. AS 26 (paragraph 5) provides that accounting issues of specialised nature that arise in respect of accounting for discount or premium relating to borrowings and ancillary costs incurred in connection with the arrangement of borrowings, share issue expenses and discount allowed on the issue of shares are excluded from Standard. AS 38 does not include any such exclusion specifically as these are covered by other Accounting Standards.
- AS 26 defines an intangible asset as an identifiable non-monetary asset without physical substance held for use in the production or supply of goods or services, for rental to others, or for administrative purposes whereas in AS 38, the requirement for the asset to be held for use in the production or supply of goods or services, for rental to others, or for administrative purposes has been removed from the definition of an intangible asset (Paragraph 8 of AS 38).
- AS 38 provides detailed guidance in respect of identifiability (paragraphs 11 and 12 of AS 38). AS 26 did not define 'identifiability' but stated that an intangible asset could be distinguished clearly from goodwill if the asset was separable, but that separability was not a necessary condition for identifiability.
- As per AS 38, in the case of separately acquired intangibles, the criterion of probable inflow of expected future economic benefits is always considered satisfied, even if there is uncertainty about the timing or the amount of the inflow. However, there was no such provision in AS 26 (Paragraph 25 of AS 38).
- In AS 38, there is a rebuttable presumption that an amortization method that is based on the revenue generated by an activity that includes the use of an intangible asset is inappropriate. AS 38 allows use of revenue based method of amortisation of intangible asset, in a limited way. AS 26 did not specifically deal with revenue based amortisation method (Paragraph 98A of AS 38).
- Under AS 38, if payment for an intangible asset is deferred beyond normal credit terms, the difference between this amount and the total payments is recognised as interest expense over the period of credit unless it is capitalised as per AS 23. However, there was no such provision in AS 26 (Paragraph 32 of AS 38).
- AS 38 deals in detail in respect of intangible assets acquired in a business combination. On the other hand, AS 26 referred only to intangible assets acquired in an amalgamation in the nature of purchase and did not refer to business combinations as a whole.
- AS 38 provides guidance for the treatment of subsequent expenditure on an in-process research and development project acquired in a business combination whereas AS 26 was silent regarding the treatment of such expenditure (Paragraphs 42 and 43 of AS 38).
- AS 38 require recognition of subsequent expenditure as intangible assets if it meets the definition of intangible assets and recognition criteria laid down in the standard (refer paragraph 18 and 20). AS 26 provided separate guidance for recognition of subsequent expenditure as intangible assets which was primarily based on generation of future economic benefits in excess of its originally assessed standard of performance (refer paragraph 59 of AS 26).
- In AS 38, guidance is available on cessation of capitalisation of expenditure (Paragraph 30 of AS 38), de-recognition of a part of an intangible asset (Paragraph 115 of AS 38) and useful life of a reacquired right in a business combination (Paragraph 94 of AS 38). There was no such guidance in AS 26 on these aspects.
- AS 38 provides more guidance on recognition of intangible items recognised as expense. AS 38 clarifies that in respect of prepaid expenses, recognition of an asset would be permitted only upto the point at which the entity has the right to access the goods or upto the receipt of services. Further, unlike AS 26, mail order catalogues have been specifically identified as a form of advertising and promotional activities which are required to be expensed.
- AS 38 (paragraph 94) acknowledges that the useful life of an intangible asset arising from contractual or legal rights maybe shorter than the legal life. AS 26 does not include such a provision.
- As per AS 26 (paragraph 73), there will rarely, if ever, be persuasive evidence to support an amortisation method for intangible assets that results in a lower amount of accumulated amortisation than under straight-line method. AS 38 does not contain any such provision.
- Under AS 38, the residual value is reviewed at least at the end of each financial year and, if expectations differ from previous estimates. If it increases to an amount equal to or greater than the asset's carrying amount, amortisation charge is zero unless the residual value subsequently decreases to an amount below the asset's carrying amount. However, AS 26 specifically required that the residual value is not subsequently increased for changes in prices or value.
- As per AS 38 (paragraph 104), change in the method of amortisation is a change in accounting estimate whereas as per AS 26, this was a change in accounting policy.
- AS 38 also requires certain additional disclosures as compared to AS 26.
- AS 38 does not deal with the assets 'held for sale' because the treatment of such assets is covered in Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations. AS 26 dealt with accounting for intangible assets retired from active use and held for sale.

AS 40 — INVESTMENT PROPERTY

- AS 13 provides limited guidance on investment properties. As per AS 13, an enterprise holding investment properties should account for them as per cost model prescribed in AS 10, Property, Plant and Equipment. However, AS 40 is a detailed standard dealing with various aspects of investment property accounting.

THE FOLLOWING ARE THE EXPOSURE DRAFTS ISSUED BY ICAI IN RESPECT OF NEW ACCOUNTING STANDARDS DURING THE PERIOD FROM APRIL'18 TO JUNE'19, WHICH HAVE BEEN FORMULATED ON THE BASIS OF EXISTING IND AS

AS 41 — AGRICULTURE

- Currently, there is no Accounting Standard on Agriculture. Considering the need of AS on the subject, the Accounting Standards Board (ASB) of ICAI has formulated draft AS 41, Agriculture, on the basis of Ind AS 41, Agriculture.
- AS 41 applies to biological assets and agricultural produce.
- A biological asset shall be measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. There are two exceptions to this general principle :
  i. When the asset is at its early age
  ii. When the fair value cannot be measured reliably on initial recognition.
- The first exception is a practical expedient. AS 41 allows that cost may sometimes approximate fair value where little biological transformation has taken place since the initial cost was incurred (for example, for fruit tree seedlings planted immediately before the balance sheet date). The same applies when the impact of the biological transformation on price is not expected to be material (for example, for the initial growth in a 30-year pine plantation cycle).
- The second exception that fair value cannot be reliably measured is rarely relevant. AS 41 includes a presumption that fair value can be measured reliably for a biological asset. That presumption can be rebutted only on initial recognition for a biological asset for which market-determined prices or values are not available and for which alternate estimates of fair values are determined to be clearly unreliable.
- Bearer plants are excluded from the scope of AS 41. It is treated just like property, plant and equipment.
- A gain or loss arising on initial recognition of a biological asset at fair value less costs to sell and from a change in fair value less costs to sell a biological asset shall be included in profit or loss for the period in which it arises.

AS 109 — FINANCIAL INSTRUMENTS

- Currently, there is no Accounting Standard on Financial Instruments under Companies (Accounting Standards) Rules, 2006. Considering the need of AS on the subject, the Accounting Standards Board (ASB) of ICAI has formulated draft AS 109, Financial Instruments, on the basis of Ind AS 109, Financial Instruments.
- However, certain guidance with regards to financial instruments exist which is provided under:
  i. AS 11, The Effects of Changes in Foreign Exchange Rates
  ii. AS 13, Accounting for Investments
  iii. Guidance Note on Accounting for Derivative Contracts
- Financial instruments contains guidance on the recognition, derecognition, classification and measurement of financial instruments, including impairment and hedge accounting.
- A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another liability.
- Section A, Basic Financial Instrument and Section B, Other Financial Instruments together deal with recognising, presenting, derecognising, measuring and disclosing financial instruments (financial assets and financial liabilities).
- Section A applies to basic financial instruments and is relevant to all entities. Section B applies to other, more complex financial instruments and transactions. If an entity enters into only basic financial instrument transactions then Section B is not applicable. However, even entities with only basic financial instruments shall consider the scope of Section B to ensure they are exempt.
- Section C Liabilities and Equity establishes principles for classifying financial instruments as either liabilities or equity and addresses accounting for equity instruments issued to individuals or other parties acting in their capacity as investors in equity instruments (i.e. in their capacity as owners).
- Trade receivables and payables, bank loans and overdrafts, issued debt, equity and preference shares, investment in securities (e.g. shares and bonds) and various derivatives are just some of the examples of financial instruments.

EXPOSURE DRAFTS ISSUED BY ICAI ON REVISED GUIDANCE NOTES DURING THE PERIOD FROM APRIL'18 TO JUNE'19

Statements & Guidance Notes issued by ICAI

STATEMENTS

1.00 Authority

The 'Statements' have been issued with a view to secure compliance by members on matters, which, in the opinion of the Council, are critical for the proper discharge of their functions. Statements are therefore mandatory. Accordingly while discharging the attest function, it will be the duty of the members of the Institute:—

(a) To examine whether 'Statements' relating to accounting matters are complied with the presentation of financial statements covered by their audit. In the event of any deviation from the statements, adequate disclosure should be made in the audit reports.

(b) To ensure that the statements relating to auditing matters are followed in the audit of financial information covered by their audit reports. If, for any reason, a member is not able to perform an audit in accordance with such statements, his report should draw attention to the material departure therefrom.

The ICAI has published 'Handbook of Auditing Pronouncements 2019 edition (Volume I.B) Compendium of Standards and Statements' wherein the Statements on auditing are given.

2.00 A list of statements on Auditing (As on August 01, 2019)

(i) Statement on Reporting under section 227(1A) of the Companies Act, 1956.

2.01 Statement on Reporting under section 227(1A) of the Companies Act, 1956

The Council at its 269th meeting held on July 18 to 20, 2007 decided to withdraw the 'Statement on Qualifications in Auditor's Report' except paragraphs 2.1 to 2.30 dealing with reporting under section 227(1A) of the Companies Act, 1956 and to rename the statement as 'Statement on Reporting under section 227(1A) of the Companies Act, 1956'.

GUIDANCE NOTES

1.00 Guidance Notes are primarily designed to provide guidance to members on matters which may arise in the course of their professional work and on which they may desire assistance in resolving issues which may pose difficulty. Guidance Notes are recommendatory in nature. A member should ordinarily follow recommendations in a Guidance Note relating to an auditing matter except where he is satisfied that in the circumstances of the case, it may not be necessary to do so. Similarly while discharging his attest function, a member should examine whether the recommendations in a Guidance Note relating to an accounting matter have been followed or not. If the same have not been followed, the members should consider, keeping in view the circumstances of the case, a disclosure in his report necessary.

2.00 The ICAI has published the list of Guidance Notes on Accounting, Auditing and on Reporting Aspects. In addition to these there are Industry Specific Guidance Notes. The following is the brief introduction to some of the Guidance Notes issued by the ICAI. The members are requested to refer to the text of the Guidance Notes for complete guidance.

Guidance Notes on Accounting Aspects

2.01 Terms used in Financial Statements (under Revision)

This Guidance Note contains broad and basic definitions of certain important terms used in the preparation and presentation of financial statements. The objective is to clarify the meaning of these terms so as to establish their significance and promote their understanding by preparers and users of financial statements.

2.02 Guidance Note on Accrual Basis of Accounting (under Revision)

Consequent to the amendments made in the Companies Act in 1988 requiring all companies to maintain accounts under accrual system, this Guidance Note provides a comprehensive background on the subject. It discusses the concept of accrual vs. cash methods and provides general guidance on recognition of revenues, expenses, assets and liabilities under this method. The concept of materiality in case of non-compliance and manner of reporting by the auditor is also discussed therein.

2.03 Accounting for Dotcom Companies (under Revision)

This Guidance Note prescribes the treatment of certain transactions, which are unique to Dotcom companies. They include cases such as the timing and amount of revenue to be recognised from online sales/auctions and membership fees, the valuation and accounting of advertising barter transactions, the identification and financial recording of website development costs, rebates and discounts offered and loyalty programmes for members. It also prescribes certain disclosure requirements for Dotcom companies.

2.04 Accounting for Oil and Gas Producing Activities (Revised 2013)

This Guidance Note aims at providing guidance on accounting for costs incurred on activities relating to acquisition of mineral interests in properties, exploration, development and productions of oil and gas. The Guidance Note suggests that there are two alternative methods for accountings for acquisition, exploration and development costs viz.

(a) Successful Efforts Method (SEM) and

(b) Full Cost Method (FCM). On overall considerations SEM is recommended to be the preferred method. The Guidance Note is under revision.

The 2013 edition of this Guidance Note comes into effect in respect of accounting periods commencing on or after 1st April, 2013. The revised Guidance Note includes accounting for acquisition phase, nature of operations like side tracking, accounting for impairment, definition of industry specific terms particularly reserves, presentation and disclosure requirements.

2.05 Accounting treatment for MODVAT/CENVAT

The Guidance Note provides the guidance in respect of accounting for MODVAT and CENVAT credits. The Guidance Note also discusses briefly the salient features of MODVAT and CENVAT credit schemes. The treatment of these credits in valuation of inventory of inputs as well as capital goods is also given herein.

2.06 Measurement of Income Tax for Interim Financial Reporting in the context of AS 25

The Guidance Note explains the measurement of provision for tax in preparation of the interim financial reporting statements.

2.07 Accounting for Credit Available in Respect of Minimum Alternative Tax under the Income-tax Act, 1961

The Finance Act, 1997 introduced the amendments in Income-tax Act, 1961 by which the Minimum Alternative Tax (MAT) paid could be carried forward and set-off for five succeeding years. The guidance for the accounting treatment for carried forward credit is given in the Guidance Note. Whether MAT credit can be considered as an asset? If so how it should be presented in the financial statements is given.

2.08 Accounting by Schools

The Guidance Note recommends application of sound accounting principles pertaining to recognition, measurement and disclosure of various items of income and expenses, assets and liabilities in the financial statements of schools keeping in view the peculiarities of the activities and formats of financial statements keeping in view not-for-profit being the objective of the school, with a view to harmonise the accounting practices being followed.

2.09 Accounting for State-level Value Added Tax

The State-level Value Added Tax comes into effect from 1st April, 2005 in place of the sales tax structure prevalent in various States. This Note provides guidance in respect of accounting various aspects of State-level Value Added Tax (VAT) including accounting for credit/set off available for input tax paid on purchases and accounting for VAT payable on sales.

2.10 Accounting for Employee Share-based Payments

Some employers use share-based payments as a part of remuneration package for their employees. This Guidance Note establishes financial accounting principles for employee share-based payment plans, viz., ESOPs, ESPPs and stock appreciation rights.

2.11 Accounting Treatment for Excise Duty

This Note discusses the nature of excise duty and recommends that excise duty should be treated as a manufacturing expense and included in inventory valuation. Where provision for such liability is not made in the accounts, the auditor should qualify his report.

2.12 Accounting for Corporate Dividend Tax (CDT)

The Note recommends that the liability for CDT should be recognised in the accounts of the year in which the dividend is recognised by a separate disclosure 'below the line'. The liability on account of CDT should be disclosed separately under the head 'Provisions' in the Balance Sheet.

2.13 Turnover in case of Contractors

This Guidance Note deals with the issue whether the revenue recognised in the financial statements of contractors as per the requirements of Accounting Standard (AS) 7, Construction Contracts (revised 2002), can be considered as 'turnover'.

2.14 Applicability of AS 25 to Interim Financial Results

This Guidance Note deals with the issue whether Accounting Standard (AS) 25, Interim Financial Reporting, is applicable to interim financial results presented by an enterprise pursuant to the requirements of a statute/ regulator, for example, quarterly financial results presented under Clause 41 of the Listing Agreement entered into between Stock Exchanges and the listed enterprises.

2.15 Guidance Note on Accounting for Expenditure on Corporate Social Responsibility Activities (Issued May 15, 2015)

This Guidance Note provides guidance on recognition, measurement, presentation and disclosure of expenditure on activities relating to corporate social responsibility. It does not deal with identification of activities that constitute CSR activities but only provides guidance on accounting for expenditure on CSR activities in line with the requirements of the generally accepted accounting principles including the applicable Accounting Standards. It shall be effective from its date of issuance.

2.16 Guidance Note on Accounting for Derivative Contracts (Issued 2015)

The objective of this Guidance Note is to provide guidance on recognition, measurement, presentation and disclosure for derivative contracts so as to bring uniformity in their accounting and presentation in the financial statements. This Guidance Note also provides accounting treatment for such derivatives where the hedged item is covered under notified Accounting Standards, e.g., a commodity, an investment, etc., because except AS 11, no other notified Accounting Standard prescribes any accounting treatment for derivative accounting. This Guidance Note, however,

does not cover foreign exchange forward contracts which are within the scope of AS 11. This Guidance Note is an interim measure to provide recommendatory guidance on accounting for derivative contracts and hedging activities considering the lack of mandatory guidance in this regard with a view to bring about uniformity of practice in accounting for derivative contracts by various entities.

2.17 Guidance Note on Accounting for Real Estate Transactions (Revised 2012) (w.e.f. 1-4-2012)

This Guidance Note recommends accounting treatment by enterprises dealing in 'Real Estate' as sellers or developers. The term 'real estate' refers to land as well as buildings and rights in relation thereto. Enterprises who undertake such activity are generally referred to by different terms such as 'real estate developers', 'builders' or 'property developers'.

2.18 Guidance Note on Accounting for Rate Regulated Activities

This Guidance Note deals with the effects on an entity's financial statements of its operating activities that provide goods or services whose prices are subject to cost-of-service regulation. The objectives of this Guidance Note are to recommend:

(i) The recognition of a regulatory asset or regulatory liability if the regulator permits the entity to recover specific previously incurred costs or requires it to refund previously collected amounts and to earn a specified return on its regulated activities by adjusting the prices it charges to its customers;

(ii) The measurement basis of a regulatory asset or regulatory liability both on initial recognition and at the end of each subsequent reporting period; and

(iii) The disclosures that identify and explain the amounts recognised in the entity's financial statements arising from a regulatory asset or regulatory liability and assist users of those financial statements to understand the nature and financial effects of its rate-regulated activities.

2.19 Guidance Note on Accounting for Self-generated Certified Emission Reductions (CERs) (Issued 2012)

This Guidance Note deals with accounting for Certified Emission Reductions (CERs). This Guidance Note does not address the accounting issues involved in carbon credits under Joint Implementation and International Emission Trading — the other two mechanisms under the Kyoto Protocol. This Guidance Note also does not deal with purchased CERs or with the use of CERs in own business.

2.20 Guidance Note on Accounting and Auditing of Political Parties (Issued 2012)

This Guidance Note contains a standardised framework for preparation and presentation of financial statements of Political Parties, using sound accounting principles pertaining to recognition, measurement and disclosures. The guidance provided under this Guidance Note is applicable to the Political Parties registered with the Election Commission of India under the Representation of People Act, 1951.

2.21 Guidance Note on Accounting for Depreciation in companies in the context of Schedule II to the Companies Act, 2013

The Guidance Note provides guidance on multiple shift depreciation, revaluation of assets, as well as component approach besides providing guidance on estimation of residual value, depreciation on low value items, pro rata depreciation etc. Few illustrations have also been included with view to provide guidance on application of the principles provided in the Guidance Note.

2.22 Guidance Note on Combined and Carve–Out Financial Statements (September 2016)

This Guidance Note provides the meaning of combined/ carve-out financial statements, indicative situations in which these may be required to be prepared and procedure for preparation of the same and required disclosures. This Guidance Note applies in the preparation and presentation of combined/carve-out financial statements.

2.23 Guidance Note on Accounting for Oil and Gas Producing Activities (Ind AS)

This Guidance Note is to provide guidance on the accounting principles contained in Ind ASs to accounting for costs incurred on activities relating to acquisition of interests in properties, exploration, development and production of oil and gas.

3 Guidance Notes on Auditing Aspects

3.1 Provision for Proposed Dividend

This Guidance Note summarises the Council's view regarding the responsibility of the auditor relating to the provision for and disclosure of proposed dividend and replaces all earlier statements on this subject.

3.2 Auditing of Accounts of Liquidators

Members of the profession are called upon to conduct the audit of the accounts submitted by a Liquidator in a voluntary winding-up under Section 551. There are no statutory provisions in regard to the manner of conducting such audit, nor is there any statutory provision regarding the form in which the auditors' report is to be submitted after such an audit under Section 551. The Research Committee has considered this question in all its aspects and gave its recommendations in this connection in this pronouncement.

3.3 Guidance Note on Independence of Auditors (Revised)

This Guidance Note aims to clarify the meaning of independence while performing their duties as Auditors. Professional integrity and independence is an essential characteristic of all the professions but is more so in the case of accountancy profession. Independence implies that the judgment of a person is not subordinate to the wishes or direction of another person who might have

engaged him, or to his own self-interest. This Guidance Note provides guidance to the members about the specific circumstances and relationships that may create threats to independence. The Guidance Note also provides safeguards that should be employed by the auditors to mitigate the risk arising from such circumstances and relationship leading to the threats to independence.

3.4 Preparation of Financial Statements on Letter-heads and Stationery of Auditors

The Research Committee's attention has been drawn to the fact that financial statements of some enterprises are prepared on letter-heads and stationery of their auditor carrying the latter's names and address. The Committee wishes to point out that the above practice is liable to be misinterpreted and, as such, should be avoided. The members are, therefore, requested to note and follow the above recommendation.

3.5 Guidance Note on Certificate to be Issued by the Auditor of a Company Pursuant to Companies (Acceptance of Deposits) Rules, 1975

The Companies (Acceptance of Deposits) Amendment Rules, 1978 promulgated on 30th March, 1978 to amend the Companies (Acceptance of Deposits) Rules, 1975 issued under Section 58A of the Companies Act, inter alia, have introduced a new requirement of certification of the Return of Deposits to be filed with the Registrar of Companies under Rule 10, by the auditor of the Company. There are inherent practical problems involved in this certification. Having regard to the problems, this Guidance Note had been issued for aiding the members in correctly understanding the implications involved and for securing uniformity in approach.

3.6 Guidance Note on the Duty Cast on the Auditors under Section 45-MA of the Reserve Bank of India Act, 1934

The Reserve Bank of India (Amendment) Act, 1974 has inserted a new Section 45-MA in the Reserve Bank of India Act, 1934 with effect from 13th December, 1974. This Section requires the auditors of non-banking institutions to enquire whether or not the institution, in case it has accepted deposits, has furnished to the Reserve Bank of India statements, information or particulars relating to the 'deposits' as are required to be furnished under Chapter IIIB of the Reserve Bank of India Act. The Guidance Note provides guidance on the Duty Cast on the Auditors under the above Section of the RBI Act, 1934.

3.7 Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)

The Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) was issued in October 2016. This Guidance Note is thoroughly revised edition of the Guidance Note on Audit Reports and Certificates for Special Purposes issued in 1984. The Guidance Note provides detailed guidance on engagements which require practitioners to issue reports or certificates for special purposes e.g. reports/certificates required under various laws and statutes or those required by management of entities for their own special purposes. The main highlights of this Guidance Note are given below:—

1 The Guidance Note provides guidance in the situations where format of assurance report has been prescribed under the applicable laws or regulations.

2 The Guidance Note also provides guidance in the situations where assurance report issued by practitioner in accordance with the Guidance Note is rejected by the concerned authorities.

3 The Guidance Note contains illustrative formats of reports or certificates for special purposes.

3.8 Guidance Note on Section 293A of the Companies Act and the Auditor

The hitherto complete ban on any contribution by companies to any political party or for any political purpose was relaxed to a great extent by the Companies (Amendment) Act, 1985, by which the provisions of the then existing Section 293A of the Companies Act, 1956 were totally substituted with effect from 24-5-1985, the day on which the said Amendment Act of 1985 received the assent of the President of India. For ready reference, the old Section 293A as well as the new one are reproduced in an Annexure to this Guidance Note. The Guidance Note lays down guidance for auditors' duties in this regard.

3.9 Guidance Note on Audit of Property, Plant and Equipment

This Guidance Note has replaced the Guidance Note on Audit of Fixed Assets. The Guidance Note provides Guidance to the members on audit of property, plant and equipment. The Guidance Note does not apply to audit of investment property and intangible assets.

3.10 Guidance Note on Audit of Accounts of Non-Corporate Entities (Bank Borrowers)

The Institute issued this Guidance Note in 1985 when RBI issued a circular advising all scheduled banks to ensure that non-corporate borrowers enjoying aggregate working capital credit limits of ` 10 lakh or more from the banking system get their accounts audited by chartered accountants in the prescribed manner. The aspects covered by the Guidance Note include: Introduction, the relevant circular of the Reserve Bank of India, books of account and records, formats of financial statements, audit procedures, audit report, special audit report, non-corporate entities and credit facility, financial statements, profit & loss account, depreciation, taxation, balance sheet, funds flow statement, reporting requirements and special audit.

3.11 Guidance Note on Reports in Company Prospectuses (Revised 2019)

The Guidance Note on Reports in Company Prospectuses (Revised 2019) was issued in January , 2019. The purpose of this Guidance Note is to provide guidance on compliance with the provisions of the Companies Act, 2013

and the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended), relating to the reports required to be issued by chartered accountants in prospectus issued by the companies for the offerings made in India.

3.12 Guidance Note on Certification of Documents for Registration of Charges

Companies registered under the Companies Act, 1956 ('the Act') are required to file periodically, various forms and documents with the Registrar of Companies, as prescribed under the Act. The Department of Company Affairs has issued two circulars, whereunder Registrars of Companies ('the Registrar') are to take on record documents relating to charges filed by companies, duly certified as correct by a chartered accountant/cost accountant/company secretary, in practice, within a reasonable period. This Guidance Note deals with the certification of the forms relating to registration, modification and satisfaction of charges by a practising chartered accountant and provide guidance on the important aspects, which should be kept in mind while certifying the forms.

3.13 Guidance Note on Audit of Inventories

The Guidance Note deals with procedures of the auditor in respect of audit of inventories. It outlines the peculiar features of inventories, which impact the audit procedures. It covers important aspects of audit of inventories such as internal control evaluation, verification, examination of records, attendance at stock taking, confirmation from third parties, examination of valuation and disclosures, analytical review procedures, special considerations in case of work-in-progress, management representations, documentation by the auditor. The Guidance Note also gives illustrated set of instructions to be issued by the client to its staff responsible for stock taking, illustrative letter of confirmation of inventories held by others, illustrative letter of confirmation of inventories held by the entity on behalf of others and an illustrative management representation letter for inventories.

3.14 Guidance Note on Audit of Investments

This Guidance Note deals with the procedures that might be employed by the auditor for auditing investments. The Guidance Note also throws light on the exceptional features of investments which have an impact on the audit procedures. The important aspects of audit of investments covered by the Guidance Note are internal control evaluation, verification of transactions, physical verification, examination of valuation and disclosures, analytical review procedures, management representations.

The Guidance Note, for the benefit of the members, also give a gist of legal requirements, including disclosure norms, relating to investments under certain prominent statutes, illustrative letter of confirmation for investments held by banks, and management representation letter for investments.

3.15 Guidance Note on Audit of Debtors, Loans and Advances

The Guidance Note deals with the audit procedures that might be employed by the auditor in case of audit of debtors, loans and advances. The relevant areas covered by the Guidance Note are internal control evaluation in respect of debtors, verification: audit evidence regarding existence, completeness, valuation and disclosure, examination of records, special considerations in case of loans and advances, direct confirmation procedures, analytical review procedures, disclosure, management representations, documentation. The Guidance Note also contains illustrative confirmation letters to be sent to debtors and management representation letter for debtors, loans and advances.

3.16 Guidance Note on Audit of Cash and Bank Balances

The Guidance Note deals with the audit procedures that might be employed by auditor while auditing cash and bank balances. The relevant areas covered by the Guidance Note are internal control evaluation, verification of cash balances, verification of bank balances, examination of valuation and disclosure. The Guidance Note also gives an illustrative letter of confirmation for bank balances.

3.17 Guidance Note on Audit of Liabilities

This Guidance Note contains recommended audit procedures in case of audit of liabilities. The relevant areas discussed in the Guidance Note are internal control evaluation in respect of loans and borrowings, internal control evaluation in respect of trade creditors, current liabilities, provisions, trade deposits, examination of records of loans and borrowings, examination of records of trade creditors and other current liabilities, examination of records of provisions, examination of records of contingent liabilities, direct confirmation procedures, examination of disclosures, analytical review procedures, special considerations in case of a company: compliance with the relevant sections of the Companies Act, 1956, management representations, documentation. The Guidance Note also contains illustrative letter of confirmation to be sent to creditors and management representation letter for liabilities and contingencies.

3.18 Guidance Note on Audit of Revenue

The Guidance Note contains recommended audit procedures in case of audit of revenue. The areas covered by the Guidance Note are:—

- Assertions Regarding Revenue: Occurrence, completeness, measurement, presentation and disclosure
- Internal Control Evaluation
- Examination of Records: Compliance with AS 9, cut-off procedures, sales journal, dispatch documents, sales to intermediate parties, realisation in installments, export sales, revenue from services rendered

- Examination of Presentation and Disclosure
- Analytical Procedures: comparison of various relevant components of revenue
- Special Considerations in Case of a Company: compliance with relevant statutory requirements
- Documentation

3.19 Guidance Note on Certification of Corporate Governance (Revised)

This Guidance Note provides guidance to the members while certifying corporate governance pursuant to clause 49 of the Listing Agreement. The important aspects covered by the Guidance Note are management's responsibility, auditor's responsibility, general principles, documentation, verification of compliance of conditions of corporate governance: board of directors, audit committee, remuneration of directors, board procedures, management, shareholders, report on corporate governance, management representations, auditor's certificate, role of auditor in audit committee and certification of corporate governance. 3.20 Guidance Note on Section 227(3)(e) and (f) of the Companies Act, 1956 (Revised)

The above Guidance Note provides guidance to the members regarding reporting on clauses (e) and (f) of sub-section 3 of Section 227 of the Companies Act, 1956 which were inserted by the Companies (Amendment) Act, 2000. The Institute issued the Guidance Note on the same in the year 2001. The Department of Company Affairs, in the year 2003, notified the Companies (Disqualifications of Directors under Section 274(1)(g) of the Companies Act, 1956) Rules, 2003. Though the issuance of the said Rules did not per se change the scope of the statutory audit of the companies or the reporting responsibilities under Section 227(3) of the Companies Act, 1956, yet they did have an implication on Sections 227(3)(e) and (f) and 274(1)(g). Thus, to help the members understand the said Rules and their implications and properly fulfil their duties as auditors the Institute has revised the Guidance Note originally issued in the year 2001.

The introductory part of the Guidance Note contains the reporting requirements for the auditors under Section 227(3) of the Companies Act, 1956. It also throws light on the guidance in respect of the same provided by the Statement on Qualifications in the Auditor's Report, issued by the Institute.

The section dealing with clause (e) begins with the requirements of the newly inserted clause. It then goes on to interpret the phrase "adverse effect on the functioning of the company" since the Companies Act is silent on the meaning of the phrase. The Guidance Note then dwells upon the change, if any, in the scope of the audit and the auditor's role pursuant to the insertion of the said clause. It also deals with the treatment of the negative or adverse remarks of the auditor in the report under CARO, 2003 vis-a-vis the requirements of clause (e).

The next part of the Guidance Note deals with the reporting requirements under clause (f) of sub-section (3) of Section 227 of the Companies Act, 1956. It guides the members as to the harmonious interpretation of clause (f) of Section 227(3) with Section 274(1)(g) of the Companies Act, 1956. The Revised Guidance Note also contains illustrative auditor's report under various situations as well as the illustrative format of the auditor's certificate envisaged by the Companies (Disqualifications of Directors under Section 274(1)(g) of the Companies Act, 1956) Rules, 2003.

3.21 Guidance Note on Audit of Expenses

This Guidance Note deals with the illustrative audit procedures that might be employed by the auditors in auditing various items of expenses. The introductory part of the Guidance Note deals with the explanation of the term "expense" and the different approaches to identify the expense. It also deals with the peculiar features of "expenses" which impact the audit procedures as also the assertions to be examined in respect thereof. The relevant aspects of audit of expenses covered by the Guidance Note are Internal Control Evaluation, Verification – Examining Records and Analytical Procedures, Examination of Presentation and Disclosure, Management Representation, Documentation, Special Considerations in the Case of a Company. The Guidance Note also contains illustrative audit procedures for the following items of expenses, viz., goods and raw materials consumed, purchases and purchase returns, wages and salaries, bonus, retirement benefits, other conversion costs, establishment and general administrative expenses, interest and financial charges, depreciation, research and development expenses, repairs and maintenance, contingencies, and taxes on income.

3.22 Guidance Note on Audit of Miscellaneous Expenditure (Revised)

Though the Institute had in October 1995 issued the Guidance Note on Audit of Miscellaneous Expenditure Shown in Balance Sheet, the same has been revised pursuant to the issuance of the Accounting Standard 26 and the changed accounting principles in respect of intangible assets contained therein.

The revised Guidance Note contains detailed guidance for auditors in respect of audit of various items covered under "Miscellaneous Expenditure", for example, preliminary expenses, commission or brokerage on underwriting or subscription of shares etc. The issues touched upon by the Guidance Note include internal control evaluation, verification and disclosure of such expenditure pursuant to issuance of AS 26.

WHAT IS INTERNAL FINANCIAL CONTROL (IFC)?

Clause (e) of sub-section 5 of Section 134 explains the meaning of internal financial controls as "the policies and procedures adopted by the company for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information."

Components of IFC

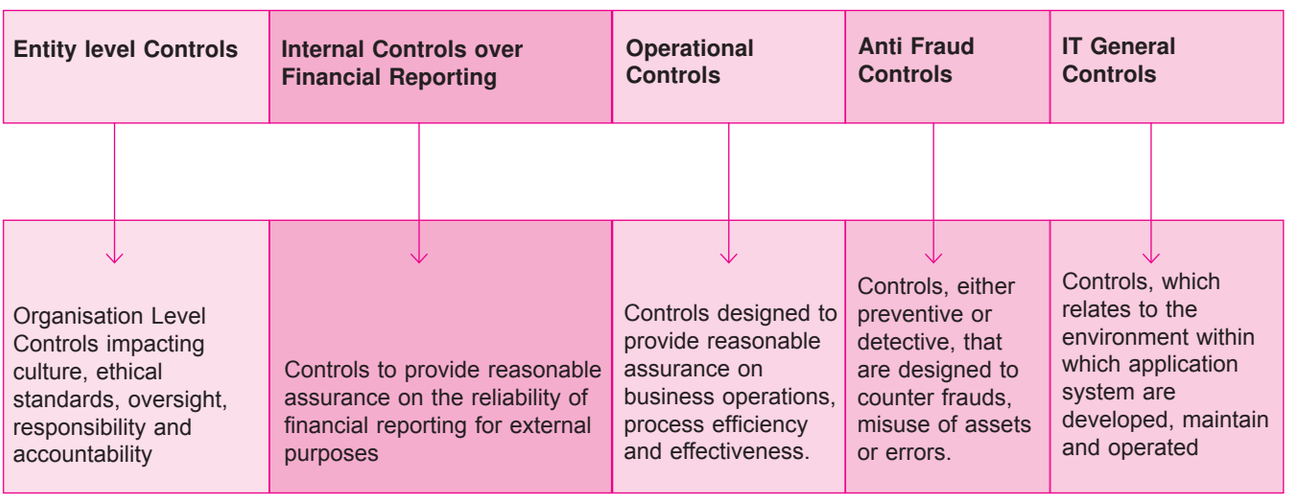
Once remediation plans have been implemented successfully and the controls are fully functional, the controls would have to be tested again. The testing for these should be conducted only after sizeable transactions have occurred under the purview of these controls. For example:

- If the control is being used several times a day or once a day, at least one month should have passed before the control effectiveness can be tested
- If the control is being used once a month, at least one quarter should have passed before it can be tested
- If the control is being used once a quarter, at least six months should have passed before it can be tested

Based on the results of re-testing, the sub-certifier responsible for functioning of the control will certify as to operating effectiveness of the control.

Furthermore, on an ongoing basis, the management would have to conduct the below mentioned exercise:

- Refresh the RCMs in lines with the remediated controls or any other modification in existing controls.
- Test the operating effectiveness of the control with a reasonable sample size.
- Draw out remediation plans for 'Ineffective' controls and implement the same.



Steps in designing Internal Financial Controls of a company

Income from Salaries

BASIC CONCEPT

Any payment made by an employer to an employee for the services rendered by him is chargeable to tax as salary and envisages a 'contract of employment'. The employer – employee relationship or master-servant relationship is an essential ingredient of a 'contract of employment' as against a 'contract for employment'.

The distinguishing feature of a 'contract of employment' that differentiates it from a 'contract for employment' is that the master or employer has the right to supervise and control the work done by the employee and not only directs what and when the work is to be done, but also how it should be done, and the employee is bound to carry out the said instructions. On the other hand, under a contract for employment, the master merely directs what is to be done, while the methodology for carrying out the work is left to the discretion of the servant. E.g. any fees received by a part-time consultant will not be assessed as salary but will be taxed as income from business or profession, or as income from other sources. Similarly, in the absence of master – servant relationship, any remuneration received by a partner from his firm is not regarded as salary.

BASIS OF CHARGE: [SECTION 15]

As per Section 15, salary consists of the following:

- any salary **due** from an employer or a former employer to an assessee in the previous year, whether actually paid or not;
- Any salary **paid or allowed** to him in the previous year by or on behalf of an employer or a former employer, though not due or before it became due;
- Any **arrears of salary** paid or allowed to him in the previous year by or on behalf of an employer or a former employer, if not charged to income-tax for any earlier previous year.

Salary is chargeable to tax either on 'due' basis or on 'receipt' basis, whichever is earlier. Once taxed on due basis, the same salary will not once again be taxed on receipt and *vice versa*.

TAX TREATMENT OF DIFFERENT FORMS OF SALARIES

Type of salary	*Taxability*
Advance salary	Taxable on receipt basis, in the year in which it is received. Relief under section 89 available.
Arrears of salary	Taxable on receipt basis if the same is not taxed earlier on due basis. Relief under section 89 available
Salary in lieu of notice period	Taxable under section 15
Salary to a partner	Salary paid to a partner is an appropriation of profits. It is therefore not taxable under the head "Salaries" but is taxable under head "profit and gains of business or profession"
Fees and commission	Taxable as salary irrespective of the fact that they are paid in addition to or in lieu of salary
Salary paid tax free	Taxable amount includes the salary as well as the tax borne by the employer
Salary forgone	Application of salary already due; hence taxable
Salary diverted at source by overriding title	Not taxable
Deferred Salary	Taxable at the point of deferral if deferral is at the option of the employee

DEDUCTIONS FROM SALARIES [SECTION 16]

1. Standard Deduction [Section 16(ia)]

A standard deduction is allowed against the salary income subject to a limit of ₹ 50,000/- or the amount of salary whichever is less.

2. Entertainment Allowance [Section 16(ii)]

Entertainment allowance is a taxable allowance and forms a part of the taxable salary. However, Government employees who are in receipt of such an allowance are eligible for a deduction in respect of the entertainment allowance received by them to the extent of the least of the following:

- ₹ 5,000/-
- 1/5th of salary excluding allowances or benefits or perquisites
- Actual entertainment allowance received

The actual expenditure incurred for the purposes of entertainment is not relevant to the calculation of the deduction. No such deduction is available to employees other than Government employees.

3. Tax on Employment [Section 16(iii)]

- Certain Indian States levy a tax on employment commonly known as Profession tax which is required to be recovered by the employer from the salary paid to the employee and deposited into the treasury. Such tax paid by an employee is allowed as deduction from his Salary.
- Deduction is available in the year in which profession tax is actually paid, regardless of which year the profession tax pertains to.

- If Profession Tax is reimbursed/borne by the employer, then such Profession Tax reimbursed/borne by the employer is first included in the taxable income as a perquisite & then allowed as deduction under section 16(iii).

SALARY, PERQUISITES AND PROFITS IN LIEU OF SALARY [SECTION 17]

Section 17 provides inclusive definition of 'salary', 'perquisites' and 'Profits in Lieu of Salary'. Hence, the scope of these terms cannot be restricted to and can extend beyond the specific components listed in the definitions.

Salary	*Perquisite*	*Profit in lieu of salary*
• Wages • Annuity or pension • Gratuity • Fees, commission, perquisites or profits in lieu of or in addition to any salary or wages • Advance salary • Leave encashment • Employer contributions to Provident Fund (PF) and interest in excess of the prescribed limits • Taxable portion of the balance transferred to a newly recognized provident fund • Employer's contributions to National Pension Scheme (NPS)	• Rent-free accommodation • Accommodation provided at concessional rates • Benefit or amenity granted free of cost or at concessional rates to specified employees • Obligation of employee met by the employer • Sum payable by the employer (whether directly or through a fund) to effect an assurance on the life of the employee or to effect a contract for annuity except through a recognised PF, Approved Superannuation Fund and Deposit Linked Insurance Fund • Securities and Stock Awards (ESOP) • Employers contribution to approved Superannuation Fund in excess of ₹ 150,000 • Any other fringe benefit or amenity as prescribed in Rule 3 of the Income Tax Rules, 1962	Compensation from the employer or former employer at or in connection with termination of employment or modification of the terms and conditions of employment • Any payment from the employer or former employer or from a PF or other fund, to the extent it does not consist of employee's contribution or interest thereon • Any sum received under a Keyman insurance policy including bonus on such policy • Any amount received in lumpsum or otherwise from any person before joining or after cessation of employment

ALLOWANCES

An allowance is a fixed amount of money paid regularly in addition to the salary for meeting specific requirements of the employees. As a general rule, any fixed allowance received by an employee forms part of his taxable salary unless specifically exempted. The taxability of various allowances an employee could receive is summarized in the table below:

VALUATION OF PERQUISITES [RULE 3]

Perquisites, for the purposes of taxation, are to be valued on the basis of valuation methodology as prescribed in Rule 3 of the Income Tax Rules. It is pertinent to note that the cost of the perquisite to the employer may be different from the taxable value of the perquisite. The taxable value of the perquisite provided by the employer is chargeable to tax whether or not expressly agreed in the contract of employment. A perquisite may be provided to the employee or any member of his household and may be provided before, during or after the employment by virtue of the employer- employee relationship. The beneficiary of the perquisite should be individually identifiable – Group benefits which are not identifiable to any particular employee are not taxable.

1. RENT FREE ACCOMMODTION ['RFA']

Accommodation includes accommodation provided in

- House
- Flat
- Farm House or part thereof

- 10% p.a. of cost of furniture, if the furniture is owned by the employer or
- actual hire charges, if the furniture is hired from a third party

Accommodation provided at concessional rate

For accommodation provided at concessional rate, the rent actually paid or recovered from the employee should be reduced from the value of the accommodation determined as above.

For the purpose of above calculation, Salary includes all emoluments paid to an employee but excludes dearness allowance which is not included in the computation for retirement benefits, allowances which are exempt from tax, value of perquisites under section 17(2), employer's contribution to PF and lumpsum payments received on retirement/termination.

Accommodation provided to an employee working on a mining site, onshore exploration site, project site, dam site power generation site or any other offshore site with prescribed specifications in a remote area is not taxable.

If at the time of transfer from one place to another, an employee is provided accommodation at the new place while he retains accommodation at the other place, the accommodation with a lower perquisite valuation will be taxed for 90 days and thereafter the value of both accommodations will be taxable as perquisite.

2. MOTOR CAR

A car provided by the employer to an employee is a popular tax efficient component of compensation especially among the senior employees of an organisation. The taxable value of a car provided by the employer is determined as per the valuation rules provided in the Income Tax Rules. The table below summarises the taxable value of a motor car provided by the employer:

Purpose	*CC* of engine =< 1.6 litres*	*CC* of engine > 1.6 litres*

Income from House Property

INCOME CHARGEABLE REAL & NOTIONAL

This is the only head of income, where the charging provision provides for taxing notional income i.e. Income under this head may be charged irrespective of income actually received or not (In exceptional circumstances notional income is computed under the head capital gains and income from other sources). Therefore, taxability under this head of income may not necessarily be of actual rent or income received but the fair amount of rent which the property could reasonably fetch when let out. Accordingly, if a person owns a property which even if it is lying vacant, notional income with respect to such property may be liable to tax even though the owner may not have received any income from such property. Further, if the property is let out and the rent received is less than the fair rent which the property could fetch when let-out would also be liable to tax. Thus tax would be payable on the rent which the owner should have received and not on the actual rent so received (Refer heading – "Determination of annual value"). Though the head of chargeability of the income is Income from house property what is charged under this head is not only the income from house (dwelling) but all income arising out of letting of building (whether used for dwelling or commercial purpose). In other words Sections 22 to 27 are silent as to the purpose for which a building or a house property is to be used. This head of income can be aptly described as income from properties.

CHARGEABILITY U/S. 22

(a) What is chargeable under this head?

Annual value of property consisting of any buildings or lands appurtenant thereto except such property which is used by assessee for the purpose of business and profession. If the building is used by the assessee for the purposes of his business or profession, no notional income from such building can be assessed to tax under the head "Income from house property" and no deduction on account of notional repairs is available to the assessee while computing the income under the head "Income from business or profession

(b) In whose hand such income is taxable?

(b) In whose hand such income is taxable?

Income from house property is taxable in the hands of owner/deemed owner of the property. Owner is a person who is entitled to receive income from property in his own right. Income is chargeable in the hands of person even if he is not a registered owner. Rental income from sub-letting of property acquired on monthly tenancy basis or on lease for a period of less than twelve years may be taxable either as "Income from business or profession", where such letting is the business of the assessee or taxable as "Income from other sources". This would depend upon facts of each case.

Property owned by co-owners (Section 26)

Where property consisting of buildings and lands appurtenant thereto is owned by two or more persons and their respective shares are definite and ascertainable, such persons shall not be assessed as an A.O.P. (Association of Persons) but the share of each person in the income from the property as computed under sections 22 to 25 (i.e., income from house property) shall be included in their individual total income respectively.

Owner includes deemed owner u/s. 27 as under:

- A person, who transfers to his/her spouse otherwise than under the agreement to live apart, without adequate consideration or to a minor child not being a married daughter
- Holder of impartible estate shall be deemed to be owner of all the properties comprised in the estate
- A member of a co-operative society, company or other association to whom a building is allotted or leased under a house building scheme of such society, company or other association as a case may be
- A person who is allowed to take or retain possession of any building or part thereof in part performance of a contract of the nature referred to in section 53A of the Transfer of Property Act,1882 (4 of 1882)
- A person who acquires any lease rights of not less than twelve years (excluding any rights by way of a lease from month to month or for a period not exceeding one year)

Official assignee can be treated as owner for the purpose of section 22 except when the receiver is appointed by court.

INCOME FROM PROPERTIES UNDER THE PURVIEW OF THE HEAD "INCOME FROM HOUSE PROPERTY"

(a) Predominantly, only income from letting out of building or land appurtenant thereto is taxable under the head "Income from house property". Accordingly, if letting out is of a bungalow along with the garden surrounding it, the income of the entire bungalow along with land appurtenant thereto; i.e., the garden would be taxed under this head. If the letting out is only of the vacant land, the rent received from such letting out of land is not taxable under the head "Income from house property". It may be taxable under the head "Income from business or profession" if the business of the assessee is to let out land or may be taxable as "Income from other sources" if letting out of land is not the business of the assessee. Further if composite rent is received for property as well as services and amenities (if such services/ amenities are not incidental / subservient to letting of property) , the annual value of such property is assessable under section 22 and profits arising from services and amenities is chargeable to tax under section 28; i.e., business income or under section 56; i.e., income from other sources.

(b) Rental income from letting out of residential and, or commercial buildings is covered under this head of income, However, where business of assessee is to let out property, income is covered under the head Profits and Gains of Business & Profession. Further if letting out is subservient to the main business, the annual value will not be chargeable u/s. 22 rather it will be chargeable under Profits and Gains of Business & Profession.

(c) Where an assessee let machinery, plant or furniture and also buildings, and the letting out of buildings is inseparable from the letting of the machinery, plant

or furniture, the income from such letting, if it is not chargeable to tax under the head "Income from business or profession" would be taxable under the head "Income from other sources". However, provision of services are incidental to the predominant object of letting out of the property and the income arising there from is inseparable the income shall be charged under this head.

(d) Where, even if, the property is held as stock-in Trade and is not let outlet out during the whole or part of the year , the notional rent is taxable under this head if such property in stock is held for more than one year from the date of receipt of completion certificate of construction from the competent authority. However in case where the property held as stock in trade is held for less than one year from the date of completion certificate so received the annual value shall be treated as Nil.

— Refer section 56(2)(iii) and decision of the Hon'ble Supreme Court in the case of *Shambhu Investments (P.) Ltd. vs. CIT (2003) 263 ITR 143 (SC)* as also decision in case of Chennai Properties (Supreme Court in CIVIL APPEAL NO. 4494 of 2004 April 9, 2015)

DETERMINATION OF ANNUAL VALUE

For determining the annual value, one has to first determine the Gross Annual Value (GAV) which is the higher of:

(a) The sum for which the property might reasonably be expected to let from year to year. In cases of properties where Standard rent has been fixed, such sum cannot exceed the standard rent fixed (Refer *Sheila Kaushish vs. CIT [1981] 7 Taxman 1 (SC)* & *Amolak Ram Khosla vs. CIT [1981] 7 Taxman 51 (SC))*. However where property let and was vacant during the whole or part of the previous year and rent actually received or receivable owing to such vacancy is less than expected rent, then rent actually received or receivable is taken as GAV.

(b) Where property is actually let out and the rent received or receivable is more than the amount determined in (a) above, the annual value would be the actual rent received.

ANNUAL VALUE TO BE TAKEN AS 'NIL' IN CERTAIN CASES

(a) The annual value of a property which is in occupation of the owner for the purposes of his residence would be considered to be nil if he does not derive any other benefit from the said residential house. If the owner has more than two houses for the purpose of his residence, the annual value of any two of such houses, at his option, would be considered to be nil. Notional income of other residential houses would be liable to tax. In such case owner may choose to consider the annual value nil (for computation purposes) in respect of the two properties at his option.

(b) Similarly, if the assessee is owner of only two residential houses which he is unable to occupy on account of his employment, business or profession carried on at any other place and on account of which he has to reside at that other place in a building not owned by him, the annual value of such houses shall be nil.

(c) The annual value of the property held as stock in trade and not let out for whole or part of the year, shall be taken as Nil for the period up to one year from the date of completion certificate of construction is obtained from the competent authority.

DETERMINATION OF NET ANNUAL VALUE (NAV)

The following amounts are required to be reduced while determining the net annual value:

(a) Any taxes levied by any local authority, which are liable to be paid by the owner, only on actual payment thereof during the previous year in which such payment is made irrespective of method of accounting followed; and

(b) The unrealisable rent subject to satisfaction of following conditions where the amount of unrealised rent shall be equal to the amount of rent payable but not paid by a tenant of the assessee and is proved to be lost and irrecoverable where,—

- the tenancy is bona fide
- the defaulting tenant has vacated, or steps have been taken to compel him to vacate the property
- the defaulting tenant is not in occupation of any other property of the assessee
- the assessee has taken all reasonable steps to institute legal proceedings for the recovery of the unpaid rent or satisfies the Assessing Officer that legal proceedings would be useless.

UNREALISED RENT REALISED SUBSEQUENTLY — SECTIONS 25A/25AA (UP TO A.Y. 2016-17)

- The entire amount of unrealised rent received in any of the PY, which is not subjected to tax in earlier year as per section 24(1)(x), (effective up to A.Y. 2002-03) shall be chargeable to tax in the year in which such amount is actually received. (The deduction u/s. 23/24 shall not be allowed if the unrealised rent pertains to period up to A.Y. 2001-02 & deduction u/s. 24(1)(x) in respect thereof was allowed in earlier years.)
- Unrealised rent received subsequently is chargeable to tax even if the house property is not owned by the assessee in the year of such recovery.

ARREARS OF RENT RECEIVED — SECTION 25B (UP TO A.Y. 2016-17)

Where any arrears of rent is received which was not taxed earlier, such rent shall be assessed under the head "Income from house property" in the year in which such arrears are received. The arrears would be taxable under this head irrespective of the fact whether the assessee is the owner of the buildings in the year in which such arrears are received. However, a deduction of 30% on account of repairs on the arrears of rent received would be allowed in the year in which such arrears are taxable.

SPECIAL PROVISION FOR ARREARS OF RENT AND UNREALISED RENT RECEIVED SUBSEQUENTLY

Section 25A : (substituted for sections 25A, 25AA and 25B w.e.f. A.Y. 2017-18)

- The arrears of rent or unrealised rent received from a tenant subsequently shall be deemed to be the income from House property in respect of the financial year in which such rent is received or realised and shall be chargeable to tax under the head Income From House Property, irrespective of the fact that the assessee is the owner of such property in that financial year or not.
- From the above income sum equal to 30% of such rent shall be allowed as deduction while computing such

income from arrears of rent or unrealised rent so received and included in total income.

DEDUCTIONS ALLOWED WHILE COMPUTING INCOME UNDER THIS HEAD

The following deductions shall be allowed from the annual value u/s. 24:

a. 30% of the annual value as computed.

b. Interest payable on borrowed capital for the purpose of acquisition, construction, repairs, renewals or reconstruction of house property (subject however in case of self occupied property it is subject to conditions and limits as mentioned hereinafter).

- Interest to the extent it is not claimed/allowed under any of the provisions of the Act, for the period prior to acquisition or construction of the premises would be deductible in five equal installments starting from the year in which property is acquired or constructed.
- However In case of self occupied House Property or the property not occupied due to employment etc. interest allowable is subject to following conditions:

Sr. No.	*Particulars*	*Limit of Deduction (in ₹)*
1.	Property acquired/constructed after 1st April, 1999 with borrowed capital (deduction is allowed only where such acquisition or construction is completed within 3 years (5 years w.e.f. F.Y. 2016-17) from the end of the financial year in which capital was borrowed)	2,00,000/- w.e.f. 2015-16
2.	In case of property acquired/ constructed before 1st April, 1999	30,000/-

Notes:

a. Interest on new loan taken to repay original loan is considered as loan taken for such acquisition, construction, etc. (Refer CBDT Circular No. 28 dated 20-8-1969).

b. Where interest is claimed as a deduction, a certificate from the lender certifying the amount of interest payable should be furnished by the assessee.

c. The list of deduction specified u/s. 24 are exhaustive, no other deduction can be claimed other than specified therein.

d. Interest on borrowed money which is payable outside India shall not be allowed as deduction u/s. 24(b) unless the tax on the same has been paid or deducted at source and in respect of which, there is a person in India, who may be treated as agent of the recipient for such purpose.

e. Brokerage or commission paid to arrange a loan for house construction will not be allowed.

f. A new section 80EE was introduced by Finance Act, 2013 to allow additional interest of ₹ 1,00,000 w.e.f. 1st April, 2014 (i.e. A.Y. 2014-15) against loan obtained for acquiring a residential house by an individual where such loan is sanctioned after 1-4-2013 but before 31-3-2014.

The said section 80EE has been amended by Finance Act, 2016, w.e.f. 1st April, 2017 (i.e. A.Y. 2017-18) to provide for a deduction of interest up to ₹ 50,000/- for loans sanctioned on after 1-4-2016 but before 31-3-2017) subject to such conditions as mentioned therein.

Taxation of Charitable Organisations

Charitable organisations are non-profit organisations; however, not all non-profit organisations are charitable organisations. All Charitable organisations may exist as non-profit companies, societies or trusts. However, structure or management is not the essence of the charitable organisation. It is the objectives, which distinguish a charitable organisation from a business organisation. Its functions can range from helping others in times of disaster, giving financial aid, medical services, public works and conducting human right activities. It also encompasses a wide-range of activities, including designing and implementing innovative programmes in various sectors of development, research, documentation, and training and advocacy. They range from very small people's organisations to highly sophisticated and technologically advanced research and health care or educational institutions. They generally function as a welfare organisation and work for the improvement of the society through their charitable function.

A charitable organisation is usually managed by 'Board of Trustees' or 'Governing Council' and not controlled from the outside. Key participants in the management of a charitable organisation are supposed to act in fiduciary capacity. A charitable organisation cannot distribute profits. It can earn and retain a profit, which is referred to as surplus. A charitable organisation should not serve private cause and public element for its activities is very important.

'Charitable Purpose' includes relief of the poor, education, medical relief, preservation of environment (including watersheds, forest and wildlife), preservation of monuments or places or objects of artistic or historic interest and the advancement of any object of general public utility - [Section 2(15)]. The Finance Act, 2015 has added one more limb to the definition with effect from Assessment Year 2016-17 i.e. "Yoga", thus taking such activities outside the term "advancement of any other object of general public utility". Where predominant object of the activity is to carry out charitable purpose, it would not lose its character of charitable purpose, merely because some profit arises from such activity. The Finance Act, 2009, has amended the definition of 'charitable purpose' to provide that 'advancement of any other object of general public utility' will not be considered as 'charitable purpose' if it involves carrying on of any activity in the nature of trade, commerce, or business or any activity of rendering any service in relation to any trade, commerce or business for any fee, cess or other consideration irrespective of nature of use or application or retention of the income from such activity.

A retrospective amendment is made in the Finance Act, 2010 with effect from A.Y. 2009-10, to the effect that if the aggregate value of the receipts from such activities is not more than ₹ 10,00,000 during the year, such purpose would still be charitable. The monetary limit of ₹ 10,00,000 has been enhanced to ₹ 25,00,000 (A.Y. 2012-13 i.e., w.e.f. 1st April, 2011). *From the assessment year 2016-17 onwards monetary limit has been changed to 20% of total receipts of the relevant previous year of the trust undertaking such activities (provided the benefit of monetary limit has been changed to 20% of total receipts of the relevant previous year is available only if such activity is undertaken in the course of actual carrying out of such advancement or any other object of general public utility, regardless of nature of use or application, or retention, of the income from such activity).* The effect of this amendment would therefore be that in a particular year, an object of the trust may be regarded as a charitable purpose, but in a subsequent year or an earlier year, it may not be so regarded depending upon the amount of receipts from such activity. Promotion of sports and games is considered to be a charitable purpose within the meaning of section 2(15). Circular No. 395, dated September 24, 1984.

The Bombay High Court in case of *DIT (E) vs. Shree Nashik Panchvati Panjrapole (2017) 81 taxmann.com 375 (Bom.)* has held that incidental activity which may result in receipt of money, by itself would not make it trade, commerce or business nor an activity in the nature of trade, commerce or business to be hit by the proviso to section 2(15). There is no bar in law to a trust selling its produce at market price – this factor alone will not make it an activity of trade, commerce or business or even in its nature.

Similarly, Hyderabad High Court in case of *CIT (E) vs. Water & Land Management Training & Research Institute* has held that activity carried on by trust had direct connection with preservation of environment, it was not a fit case for invoking first proviso to section 2(15). Though the assessee was providing guidance to farmers and rendering consultancy services to various other organizations as well by charging certain fee the said activity had a direct casual connection to the activity of preservation of environment.

Further Delhi High Court in case of *Delhi Bureau of Text Books vs. DIT (E) [2017] 81 taxmann.com 412 (Del.)* has held that "Preparation & distribution of text books certainly contributes to the process of training & development of the mind and the character of students. There does not have to be a physical school/institution to be eligible for exemption. What is important is the activity. It has to be intrinsically connected to 'education'. Merely because the assessee had generated profits out of the activity of publishing and selling of school text books it did not cease to carry on the activity of 'education'. The question to be asked was whether the activity of the assessee contributed to the training and development of the knowledge, skill, mind and character of students?"

Also in case of *CIT (E) vs. Patanjali Yogapeeth (NYAS) [2017] 87 taxmann.com 54 (Delhi),* Delhi High Court has held that "The mere inclusion of yoga specifically w.e.f. 1-4-2016 did not per se imply that it came to be included as a specific charitable category on the same lines as education, medical relief, relief to the poor, etc., but that dissemination of yoga or Vedic philosophy or the practice of yoga or education with respect to yoga was well within the larger term "medical relief".

1. Franchise fees collected for setting up schools at different locations and used for maintenance of own school. Exemption cannot be denied – *DIT (E) & Others vs. Delhi Public School Society & Others (2018) 403 ITR 49 (Del).*
2. Institution for training Government officials in water and land management has a direct connection with the preservation of environment, which is covered under Charitable purpose, and hence it is entitled to registration as a trust – *CIT vs. Water and Land Management Training and Research Institute (2017) 398 ITR 283 (T&AP).*

3. Society created by RBI to assist banks and financial institutions was carrying out objective of general public utility and was not engaged in trade, thus exemption can be availed – *Pr. CIT (E) vs. Institute of Development and Research in Banking Technology (2018) 400 ITR 66 (T & AP).*

INCOME OF THE TRUST

Subject to sections 60 to 63, Income derived from property under trust wholly for charitable or religious purposes is exempt to the extent such income is applied on the objects of the trust in India, during the previous year. The trust must apply at least 85% of such income on the objects. In such cases balance 15% will deemed to be accumulated for the purpose of charity and exempt.

Section 11 provides exclusion of income of a trust subject to the provision of sections 60 to 63. Therefore before excluding any portion of income, first of all it is necessary, to find that income in question is includible in the total income of trust or not. For, if any income received by trust, is includible in the total income of another person by virtue of Section 60 to 63, then the question of exemption doesn't arise.

An explanation has been inserted to sub-section (1) of section 11 by the Finance Act, 2017, w.e.f. 1-4-2018. According to said explanation any amount credited or paid, out of income from property held under the trust to any other trust or institution registered under section 12AA, being contribution with a specific direction that they shall form part of the corpus of the trust or institution, shall not be treated as application of income for charitable or religious purposes. Similar provision is added as twelfth proviso to section 10(23C).

Clause (ba) has been inserted to sub-section (1) of section 12A by the Finance Act, 2017, w.e.f. 1-4-2018 which mandates furnishing of return of income within due date specified under section 139(4A) for claiming exemption under section 11 and 12. The issue that arises is whether the corpus donations received by trust will be liable to tax as return of income is not filed in time? The view that corpus donations received by the trust is not taxable as it assumes the nature of "capital receipt" the moment the donation is given to the "Corpus of the Trust" despite of the fact whether such trust is registered under section 12A/12AA is recently confirmed by Pune Tribunal in case o*f ITO vs. Serum Institute of India Research Foundation [2018] 90 taxmann.com 229 (Pune).*

In the case of *CIT vs. Institute of Banking Personnel Selection 264 ITR 110 (Bom.),* the Bombay High Court held that income derived from the trust property is to be computed on commercial principles. Accordingly, adjustment of expenses incurred by the trust for charitable purpose in the earlier years against the income earned by the trust in the subsequent year will have to be regarded application of income of the trust in the subsequent year. The High Court has also held that the depreciation debited in the books should be treated as expenditure for this purpose. The concept of commercial income necessarily envisages deduction of depreciation on assets of the trust. Section 11 provides that the income of the trust is to be computed on commercial basis i.e., as per normal accounting principles. Normal accounting principles clearly provide for deducting depreciation to arrive at income. Also Hon'ble P & H Court in case of *CIT vs. Market Committee, Pipli (2011)* held that deduction of depreciation in the case of a charitable/religious trust does not amount to double deduction. Further the Hon'ble P & H Court in case of *CIT vs. Tiny Tots Education Society (2011) 330 ITR 21* has distinguished the decision in *Escorts v. Union of India (1993) 199 ITR 43 (SC)* that in present case the income of the assessee being exempt, the assessee is only claiming that the depreciation should be reduced from the income for determining the percentage of funds which have to be applied for the purposes of trust and hence it cannot be held that double deduction is given in allowing the claim for depreciation for computing income for the purposes of section 11. In order to avoid this double benefit, The Finance (No. 2) Act, 2014, now provides that from A.Y. 2015-16 depreciation will not be allowed in computing the income of the trust in respect of an asset where its cost of acquisition has already been claimed as application of income in the current or any of earlier years.

However, recently the Hon'ble Supreme Court in case of "Rajasthan & Gujarati Charitable Foundation Poona" has upheld the validity of depreciation claim while computing income for charitable purpose as per section 11. It has also concurred with the view of Delhi High Court regarding prospective nature of amendment brought in by Finance Act No. 2/2014. The Court further held that once the assessee is allowed depreciation, he shall be entitled to carry forward the depreciation as well.

In the case of *CIT vs. Maharana of Mewar Charitable Foundation (1987) 164 ITR 439,* the Rajasthan High Court has considered the Circular dated 24th Jan, 1973 of CBDT where CBDT has considered the question as to whether "where a trust incurs a debt for the purpose of the trust, the repayment of the debt would amount to an application of income for the purpose of trust." According to said circular, if the trust wants to spend more money on charitable and religious purpose, then, in a particular year, it can take a loan and the said loan can be repaid out of the income of the subsequent year & the repayment of the said loan amount out of the income of the subsequent year would amount to application of income for charitable & religious purpose under section 11(1)(a) of the Act. Also in decision of 2009 in the case of *DDIT (E) vs. Govindu Naicker Estate (Mad.) 227 CTR 283* it was held that repayment of loan is to be treated as application under Section 11.

The word 'applied' not necessarily to be understood to mean 'spent'. It has a wider connotation so that even a provision may require to be understood as applied – *CIT (E) vs. Ohio University Christ College (2018) 408 ITR 352 (Kar.).*

Income can be applied by a trust outside of India with a specific permission from CBDT as follows:

a. Charities established on or before 1-4-1952 for charitable purpose outside India.

b. Charities established after 1-4-1952 for international welfare in which India is interested.

If a trust or institution expends or applies more than its income, it can only mean that such excess amount is from corpus or future income. If such deficit is debited to corpus in accounts, it means that the corpus is used to apply for the trust. However, if the deficit is merely carried forward, such deficit is to be absorbed against future income. Hence the excess application in an earlier year may be set off against next year's income.

Under the existing provisions of section 11, the corpus donations given by one trust to another trust were considered as application of income in the hands of donor trust. Further, the recipient trust was able to claim the exemption in respect of such corpus donations without applying them for charitable or religious purposes. In order to curb such a practice, amendment of the section provides

that any corpus donation out of the income to any other trust or institution registered u/s. 12AA shall not be treated as application of income of donor trust for charitable or religious purposes.

Similar amendment has been made in section 10(23C) in respect of corpus donations given by any fund, trust, institution, any university, educational institution, any hospital or other medical institution referred to in Section 10(23C)(iv) to (via) or to any other trust or institution registered u/s. 12AA.

1. Where due to reason that whole or any part of the income has not been received during the year, the amount can be applied in the year of receipt or in the following year. However, intimation in writing must be sent to AO in Form 9A before the expiry of time allowed u/s. 139(1) for furnishing the return. In case the amount is not applied, it will be deemed to be the income of previous year immediately following year of receipt [Clause (1) of Explanation 1 to Section 11(1) & section 11(1B)].
2. If due to any other reason, income is not applied during the previous year; such income can be applied in the following previous year. However intimation in writing must be sent to AO in Form 9A before the expiry of time allowed u/s. 139(1) for furnishing the return. If such income is not applied, it shall be deemed to be the income of previous year immediately following the year in which such income was derived [Clause (2) of Explanation 1 to Section 11(1)]. This option can be exercised by uploading Form No. 9A (either under digital signature or electronic verification code) before the expiry of time allowed for submission of return of income under section 139(1).

If the amount applied by the trust is less than 85%, the shortfall in application is not taxable in the following cases [Section 11(2)] —

1. Income is accumulated up to 5 years and the purpose of accumulation is specified to the AO in Form No. 10 along with copy of resolution passed. If accumulated amount could not be applied due to order/ injunction of the court, such period will be excluded. The time limit for filing Form No. 10 is the same as time limit for filing return u/s. 139(1) (Rule 17). The benefit of accumulation is not available (with effect from the assessment year 2016-17) if the return of income and Form No. 10 is not furnished before the due date of filing of return under section 139(1). With effect from April 1, 2014, notice in Form No. 10 should be submitted electronically. From the assessment year 2016-17, the benefit of accumulation is not available if Form No. 10 is not uploaded before the due date of filing return of income specified under section 139(1) for the fund or institution.
2. The income accumulated must be applied for the specified purpose within the period of accumulation as per application in Form 10. Till the accumulated amount is applied, it must be invested in the forms and modes as specified in Section 11(5). This requirement of Section 11(5) is applicable also to those trusts who are claiming exemption under clauses (iv), (v), (vi) and (via) of Section 10(23C). If the accumulated income is credited/ paid to any trust registered u/s. 12AA or referred to in sub-clauses (iv), (v), (vi) or (via) of section 10(23C), it shall not be treated as application of income.

   Thus effectively corpus donations to be made would now need to be funded either out of corpus donations received or out of 15% accumulation.
3. In the case of dissolution of the trust, the AO may, on application made to him in this behalf, allow the application of such income accumulated u/s 11(2) in the year in which it is dissolved by way of transfer of the accumulated funds to other trust registered u/s. 12AA or institution referred to in Section 10(23C) [2nd proviso to Section 11(3A)].
4. If there is violation of any of the conditions relating to accumulation of income, such income will be deemed to be income of the previous year in which the conditions are violated or the previous year immediately following the expiry of the period of accumulation. [section 11(3)] However, if due to circumstances beyond the control of the trust, the said amount invested as per section-11(5), can not be applied for the purpose for which it was accumulated during the specified period, the AO, on an application made to him in this behalf,, allow to apply such accumulated income for such other charitable / religious purpose as specified in he application which shall be in conformity with the objects of the trust. [Section-3A]
5. A charitable trust is entitled to accumulate its unspent balance for multiple purposes. In *Director of Income-tax (Exemption) vs. Daulat Ram Education Society(2005) 278 ITR 260 (Del.)* it was held that merely because more than one purpose has been specified and the details about plans which the assessee has for spending on such purposes are not given, the Assessing Officer cannot deny the claim of exemption u/s. 11(2).

Section 11, 12, 12A, 12AA & 13 are the complete code dealing with the Charitable Trusts/Institutions and they are required to function under these sections in order to claim exemption. However certain Trusts/Institutions claim exemption under general provisions of Section 10 of the IT Act on their income. Vide The Finance (No. 2) Act, 2014 a trust will now not be entitled to claim exemption under any of the general provisions of section 10. Agricultural income of such a trust however will continue to enjoy exemption as provided under section 10(1). Similarly, a trust eligible for exemption under section 11 will not be barred from claiming exemption under section 10(23C).

Further, the entities registered u/s. 12AA are required to file return of income, if the total income without giving effect to the provisions of sections 11 and 12 exceeds the maximum amount which is not chargeable to income-tax. A new clause (ba) has been inserted in section 12A(1) so as to provide for a further condition that the trust shall furnish the return of income within the time allowed u/s. 139 of the Act. In case the return of income is not filed by a trust in accordance with the provisions of section 139(4A), within the time allowed, the trust or institution will lose exemption u/ss. 11 and 12.

REGISTRATION

The trust shall make an application to the Commissioner for registration u/s. 12A in Form 10A within one year of creation of trust. In such cases registration can be granted from the date of creation of trust. In case of delay, the registration could be granted from inception if Commissioner was satisfied with the reasons of delay. W.e.f. 1-6-2007 Commissioner's power of condonation of delay was withdrawn. So, the registration would be granted from 1st day of financial year in which application is made. Charitable organisations eligible for exemption & fulfilling other substantive condition were facing genuine hardship due to non application of retrospective registration. In order

to provide relief to such charitable organisations, amended section 12A vide the Finance (No. 2) Act, 2014, provides that exemption benefit shall be allowed also in respect of the trust for any preceding assessment year the assessment proceedings for which are pending as on the date of grant of registration provided the objects & activities of the trust remain the same for such preceding assessment year. Further if such organisation has not obtained registration u/s. 12AA for earlier years, no reopening on grounds of non registration would be permitted. The benefits of the amendments would not be available for organisations, which have applied for registration in earlier years and were either refused or cancelled. The Commissioner on receipt of application can call for such documents/information as he thinks fit to satisfy himself about genuineness of activities of trust. On being satisfied, an order shall be passed in writing registering the trust or institution. If not satisfied, an order shall be passed in writing, refusing to register. Every order granting or rejecting registration has to be passed within 6 months from the end of the month in which application is made. The Commissioner can revoke the registration granted to the trust after giving an opportunity of being heard. The appeal against the order u/s. 12AA can be made to Appellate Tribunal.

At present, there is no explicit provision in the Act which mandates the trust or institution to approach for fresh registration in the event of adoption of new object or modifications of the objects after the registration has been granted. Section 12A has now been amended by the Finance Act, 2017, w.e.f. 1-4-2018 which mandates furnishing of fresh registration application, within a period of thirty days from the date of said adoption or modification, in case trust has adopted or undertaken modifications of the objects which do not conform to the conditions of existing registration. Upon failure to comply with these conditions, the trust will lose the exemption.

Rule 17A of The Income Tax Rules has been substituted by the Income-tax (First Amendment) Rules, 2018, w.e.f. 19-2-2018 and accordingly now the application for registration of charitable or religious trust needs to be furnished electronically through DSC or EVC, as applicable along with requisite documents listed as per amended rule.

Income of the charitable and religious trust or institution is exempt subject to fulfilment of specified conditions. One of the condition is to obtain registration from the Principal Commissioner or Commissioner. Section 12AA of the Act provides for the procedure to be followed by the Principal Commissioner or Commissioner in order to grant registration under the Act.

Under the existing provisions, in order to grant registration, Principal Commissioner or Commissioner is required to satisfy himself about the genuineness of the activities of the trust or institution. Now it is also proposed to provide that Principal. Commissioner or Commissioner satisfy himself with respect to the compliance of such requirement or any other law for the time being in force by the trust or institution as are material for the purpose of achieving its objects. Various judicial precedents have held that registration of trust or institution cannot be rejected on the ground that the trust is not registered with the Registrar of Societies or with applicable States trust laws or with the Registrar of Documents. Hence, now trust or institution is required to get itself registered, if State laws so provide since such registration is material to achieve its object.

The incomes of the following Institutions are exempt u/s 10.

Sub-section	*Trust or Institution*
10(23C)(i)	The Prime Minister's National Relief Fund
10(23C)(ii)	The Prime Minister's Fund (Promotion of Folk Art)
10(23C)(iii)	The Prime Minister's Aid to Students Fund
10(23C)(iiia)	The National Foundation for Communal Harmony
10(23C)(iiiaa)	The Swachh Bharat Kosh, set up by the Central Government
10(23C) (iiiaaa)	The Clean Ganga Fund, set up by the Central Government
10(23C) (iiiaaaa)	The CM's Relief Fund or the Lieutenant Governor's Relief Fund in respect of any State or Union Territory
10(23C)(iiiab)	Educational Institution wholly or substantially financed by the Government
10(23C)(iiiac)	Medical Institution wholly or substantially financed by the Government
10(23C)(iiiad)	Educational Institution — Annual receipts do not exceed 1 crore rupees
10(23C)(iiiae)	Medical Institution — Annual receipts do not exceed 1 crore rupees
10(23C)(iv)**	Institution of National importance notified by the Govt.
10(23C)(v)**	Trust or Institution notified by the Central Government as for charitable purposes
10(23C)(vi)**	Educational Institution other than those mentioned in sub-clauses (iiiab) & (iiiad) and approved by prescribed Authority
10(23C)(via)**	Medical Institution other than those mentioned in sub-clauses (iiiac) & (iiiae) and approved by prescribed Authority

** Subject to the condition of application of income to the extent of 85% of the income. Further, Investment of the accumulation has also to be in accordance with provisions of Section 11(5) of the Act. In respect of other institutions listed above, these conditions do not apply.

As per Explanation to clause (iiiac) of section 10(23C), any university or other educational institution, hospital or other institution referred to in sub-sections (iiiab) and (iiiac) of section 10(23C) shall be considered as substantially financed by the Government for any previous year, if the Government grant to such institution exceeds prescribed percentage for total receipts (including voluntary contributions) of such institution during the relevant previous year. From A.Y. 2016-17 onwards such institutions are mandatorily required to file their return of income.

The Finance Act, 2012 has amended sections 10(23C) and 13 of the Act retrospectively from 1st April, 2009 to ensure that if the purpose of a trust or institution does not remain charitable due to the application of the amended definition of the term "charitable purpose" on account of commercial receipt in a

previous year, then such organisation should not get benefit of tax exemption u/s. 10(23) irrespective of whether or not the registration or approval granted or notification issued is cancelled withdrawn or rescinded. Further the memorandum also explains that, this temporary excess in one year may not be treated as altering the very nature of the trust or institution so as to lead to cancellation of registration or withdrawal of approval or rescinding of notification issued in respect of trust or institution.

Charities registered for Charitable purpose u/s 12A or u/s. 10(23C) may apply for recognition u/s. 80G (5). Charities shall be existing for charitable purpose and not for religious purpose. The charity shall be registered under general law governing charities such as Maharashtra Public Trust Act, 1950 or Society Registration Act, 1860 or Company's Act, 1956 under section 25/under section 8 of Companies Act, 2013. Upon getting this recognition any donation paid to such charities will be eligible for deduction in the hands of the donor.

Recognition u/s. 80G(5) is governed by rule 11AA and such recognition could be granted up to a period of five years. This position of law has undergone change w.e.f. 1-10-2009. The registration valid and subsisting as on 1-10-2009 will continue to be so recognized in perpetuity. Commissioner of Income Tax has power to recall this recognition after giving opportunity of being heard to charity whose recognition is proposed to be withdrawn.

Orders passed under section 12AA or under Section 80G, rejecting the registration of trust/rejecting approval granted under section 80G, are appealable. The appeal lies to the Income Tax Appellate Tribunal.

CANCELLATION OF REGISTRATION

Section 12AA (3) provides for cancellation of registration of a charitable trust, where the Commissioner is satisfied that the activities of the trust are not genuine or are not being carried out in accordance with the objects of the trust. With effect from 1st October, 2014 the power of Commissioner to cancel registration has been widened to also cover the issues wherein the trust or institution are noticed carrying on activities in contravention of Section 13(i), namely: (1) Income does not ensure for the benefit of the public; (2) Income is applied for the benefit of any religious community or caste; (3) Income is applied for the benefit of specified persons; (4) Funds are invested in prohibited modes. The Tribunal, in the case of *Bharati Vidyapeeth vs. ITO 119 TTJ (Pune) 261,* had held that this provision does not empower a Commissioner to cancel registration granted under Section 12A before the insertion of Section 12AA. The ratio of this decision is being reversed, by extending the right to cancel registration even to trusts registered under Section 12A. No order under this sub-section shall be passed unless such trust or institution has been given a reasonable opportunity of being heard.

In a case where the trust deed has been amended for appointment of successor trustee, the same shall not be considered as change in objects warranting cancellation of registration. Appointing a successor trustee is merely a matter of powers of management and shall not be a case of dealing with objects of the trust – *CIT vs. Sadguru Narendra Maharaj Sansthan (2018) 407 ITR 12 (Bom).*

At present, the Principal Commissioner or Commissioner has no explicit power to cancel registration of the trust or institution in case such trust or institution has not complied with the applicable laws while carrying out its objects. However, the Madras High Court in case of *R.K. Deivendra Nadar Trust [2014]52 taxmann.com 168 (Madras)* has held that, the appropriate authority has power to verify the charitable trust and take action whenever there is a breach of the objects of the trust and the authority empowered shall take action against such charitable trusts if there is any violation of the objects of the Trust.

It is now proposed to specifically empower the Pr. Commissioner or Commissioner to cancel the registration if, he notices that the trust or institution has materially not complied with the provisions of the other applicable laws for achieving its object and the order, direction or decree, by whatever name called has been passed for such violation and trust or institution has not disputed such order or such order has attained finality.

AUDIT

Where total income before the exemptions u/ss. 11 and 12 of the trust exceeds the maximum amount not chargeable to tax; i.e., ₹ 2,50,000 in order to get exemption u/ss. 11 and 12, the accounts have to be audited by an accountant as defined in explanation below sub-section 2 of Section 288, who will give his report in Form 10B.

If the income of the trust/institution referred to in clause (iv), (v), (vi) or (via) of Section 10(23C) without giving effect to the provisions of these clauses exceeds the maximum amount not chargeable to tax, such trusts will have to get their accounts audited by the accountant as defined in Explanation below sub-section (2) of Section 288 (As provided in the Taxation (Amendment) Act, 2006) in Form 10BB.

From April 1, 2014, audit report should be submitted electronically. Provisions pertaining to electronic submission of audit report were not applicable prior to April 1, 2014 (for the period prior to April 1, 2014, audit report may be retained by the assessee and it may be furnished in original whenever the Assessing Officer wants to examine it in assessment proceedings or otherwise).

INVESTMENTS

All investments of the trust must be in forms and modes provided in Section 11(5), which are as under —

1. Investment in Government savings certificates/other securities/certificates issued by the Central Government under Small Savings Scheme;
2. Deposit in any account with the Post Office Saving Bank;
3. Deposit in any account with a scheduled/co-operative society engaged in carrying on the business of banking (including co-operative land mortgage bank or a co-operative land development bank);
4. Investment in units of the Unit Trust of India;
5. Investment in any security of the Central/State Government;
6. Investment in debentures whose principal and interest are fully and unconditionally guaranteed by Central/State Government;
7. Investment or deposit in any public sector company (PSC); Shares of PSC may be retained for three years and other investments or deposits till its maturity once PSC ceases to be a PSC;

8. Deposits with or investment in any bonds issued by
   a. an approved financial corporation which is engaged in providing, long-term finance for industrial development in India;
   b. a public company formed and registered in India with the main object of carrying on the business of providing long-term finance for construction or purchase of houses in India for residential purposes,
   c. public company formed and registered in India with the main object of carrying on the business of providing long-term finance for urban infrastructure in India;
9. Investment in immovable property;
10. Deposit with the Industrial Development Bank of India;
11. Any other prescribed form or mode of investment or deposit (Please refer Rule 17C).
   a. investment in the mutual fund units referred to in Section 10(23D) of the Income-tax Act, 1961;
   b. any transfer of deposits to the Public Account of India;
   c. deposits made with an authority constituted in India by or under any law enacted either for the purpose of dealing with and satisfying the need for housing accommodation or for the purpose of planning, development or improvement of cities, towns and villages, or for both;
   d. investment by way of acquiring equity shares of a depository as defined in section 230(1)(e) of the Depositories Act, 1996.
   e. investment made by a recognised stock exchange referred to in section 2(f) of the Securities Contracts (Regulation) Act, 1956 (hereafter referred to as investor) in the equity share capital of a company (hereafter referred to as investee)
   f. investment by way of equity share capital of a specified company
   g. investment by way of acquiring equity shares of an incubate by an incubator.
   h. investment by way of acquiring equity shares of National Skill Development Corporation.
   i. Investment in debt instruments issued by any infrastructure finance company registered with RBI
12. Investment in "Indira Vikas Patra" and "Kisan Vikas Patra" are in accordance with the norms and modes specified in section 11(5) – Circular No. 566, dated 17-7-1990.

   However, this provision will not apply to:
   1. Any asset held as part of the corpus as on 1-6-1973 and any accretion thereto by way of bonus shares.
   2. Any debentures acquired before 1-3-1983. If debentures acquired between 28-2-1983 and 25-7-1991, exemption is denied only in respect of income from such debentures, provided debentures are disinvested by 31-3-1992.

All investments of the trust must be in modes provided in Section 11(5). If not, they must be brought in conformity within 1 year from the end of the previous year in which such investments are acquired, or 31st March, 1993, whichever is later. Contravention results in income and wealth of the trust being taxed at maximum marginal rate.

CORPUS DONATION

Where a trust receives voluntary contributions (Income-tax Act 2(24(iia)) made with a specific direction that they will form part of the corpus, such donation will not be included in the total income of the trust [Section 11(1)(d) r.w.s. 12]. Although corpus donation is fully exempt but these are to be considered for the limit of maximum amount, which is not chargeable to income tax i.e., ₹ 250,000/- prescribed for audit of accounts. However, u/s. 12 other voluntary contributions would be deemed to be income of the trust.

Subsidy or grant by the Central Government for the purpose of the corpus of a trust or institution established by the Central Government or a State Government as the case may be shall not form part of income of such trust or institution.

BUSINESS INCOME

Section 11(4A) provides that tax exemption will not apply in relation to any income of a trust being profits and gains of the business unless the business is incidental to the attainment of the objectives of the trust and separate books of account are maintained by such trust in respect of such business.

The benefit of exemption to a trust, having the object of advancement of general public utility, would be lost if any business is carried on with gross receipt in excess of ₹ 25 lakh by virtue of proviso to section 2(15). This restriction of ₹ 25 lakh does not apply to a trust having object other than the object of advancement of general public utility. From the assessment year 2016-17 onwards monetary limit has been changed to 20% of total receipts of the relevant previous year of the trust undertaking such activities (the benefit of monetary limit changed to 20% of total receipts of the relevant previous year is available only if such activity is undertaken in the course of actual carrying out of such advancement or any other object of general public utility, regardless of nature of use or application, or retention, of the income from such activity).

CAPITAL GAINS

Where a capital asset is transferred and entire net consideration is utilised to acquire a new capital asset, the whole of capital gains is deemed to have been applied for charitable/religious purposes. If part of the net consideration is used to acquire a new capital asset, then the capital gains equal to the amount, if any, by which the amount so utilised exceeds the cost of the transferred asset, will be deemed to have been applied for charitable/religious purposes [Section 11(1A)]. There is no period of holding of the asset for availing such exemption by re-investment. Also refer Instruction 883 dated 24-9-1975.

TDS

The trust is required to deduct tax at source under Chapter XVIIB as per the provisions of the Act. The trust may obtain certificate from the AO u/s. 197 so that it can receive income without deduction of tax at source.

The Finance Act, 2018 had extended the application of provisions of section 40(a)(ia) with effect from A.Y. 2019-20 to section 11 for the purposes of determining the amount of application under clause (a) or clause (b) of sub-section (1) thereof. Therefore from A.Y. 2019-20, if a trust fails to comply with the provisions Chapter XVIIB then claim of expenses as application of income will not be allowed. Accordingly so much of expenses not regarded as application will become

subject to tax. Also the benefit of exemptions applicable under section 11(1)/(2) cannot be extended to said income.

EXEMPTION U/S. 11 NOT TO APPLY IN CERTAIN CASES (SECTION 13)

Section 13(1)(a)	–	Trust for private religious purposes
Section 13(1)(b)	–	Trust established for the benefit of any particular religious community or caste
Section 13(1)(c)	–	Income of the trust is applied directly or indirectly for the benefit of persons referred to in sub-section (3)
Section 13(1)(d)	–	Funds are invested otherwise than in any form or modes specified in 11(5)

MISCELLANEOUS POINTS

1. If whole or part of the relevant income is not exempt u/ss. 11 or 12 by virtue of provisions contained in clauses 13(1)(c) and (d), the tax will be charged at maximum marginal rate. [Proviso to Section 164].
2. Section 115BBC — Anonymous donation means any voluntary contribution where a person receiving such donation does not maintain record of identity indicating the name and address of person making such contribution. The anonymous donations will be taxed @ 30% (plus Surcharge and Education Cess), except in the following two situations:
   a. The trust or institution is established wholly for religious purposes; and
   b. If it is for both religious and charitable purposes, unless the donation is specifically for the educational or medical institution run by such trust.

   In case of partly religious and partly charitable institutions where the anonymous donations are directed towards medical or educational institutions run by such entities or anonymous donations are received by wholly charitable institutions, it will be taxable to the extent such donations exceeds 5% of total donations received or ₹ 1,00,000 whichever is more. Such anonymous donations in excess of 5% of the total donations received or ₹ 1 lakh (whichever is higher) are taxed at the rate of 30% and the residual income of such trust is computed after deducting the anonymous donations, would be chargeable to tax as per Regular Slab applicable to the assessee. Such residual income will be eligible for exemption under sections 11/10(23C) subject to satisfaction of conditions of that section. Finance (No. 2) Act, 2014 has provided that the residual income of the trust will be computed by reducing from the total income of the trust, the anonymous donations that have been taxed at the rate of 30% and not the total anonymous donations received by the trust.
3. Filing of return [Secion 139(4A)] on or before 30th September.
4. Filing of return by the institutions referred to in clauses 21, 22B, 23A, 23B, sub-clauses (a) and (b) of clause 24 of Section 10 and sub-clauses (iv), (v), (vi), (via) of clause 23C [Section 139(4C)] on or before 30th September.
5. Application for grant of approval or continuance thereof, wherever required in Section 10(23C), shall be filed by 30th September of the relevant assessment year for the assessment year for which exemption is sought (e.g., for A.Y. 2010-11, it should be filed on or before 30-9-2010, Finance Act (No. 2) of 2009, with effect from 1-4-2009). The Taxation (Amendment) Act, 2006, has replaced the present system of obtaining approval periodically in case the annual receipts are more than ₹ 1 crore by a one-time approval u/s. 10(23C). This approval shall be granted or rejected within a period of 12 months from the end of the month in which such application is received.
6. Late fee of ₹ 5,000 or ₹ 10,000 as the case may be for failure to furnish return of income within time prescribed under 139(1).
7. Penalty of ₹ 100 per day for failure to furnish return under sub-sections 4A and 4C of Section 139 [Section 272A(2)(e)].
8. 13B [Electoral Trust]: The Finance Act (No. 2) of 2009 has recognized the concept of electoral trust for tax purposes. The salient features are
   a. approved by CBDT as per scheme notified by Central Government
   b. Donations received are exempt from tax if:—
      a. 95% of donations received plus surplus brought forward from earlier years is distributed to registered political parties.
      b. trust functions as per rules framed by Central Government.

   Contribution to Electoral Trust eligible for deduction while computing taxable income u/s. 80GGB for Indian Companies or u/s. 80GGC for any assessee except local authority and every artificial juridical person wholly or partly funded by the Government.
9. Any charitable trust, desirous of receiving any foreign contribution from a foreign source, is required to obtain registration u/s. 6(1) of Foreign Contribution (Regulation) Act, 1976 (FCRA). Any such association which is not registered or which has been denied registration, can receive foreign contribution only after obtaining prior permission from Home Ministry of the Central Government under Section 6(1A) of (FCRA) Act.
10. Section 80G provides for deduction of amounts contributed by way of donations to various institutions set up for charitable purposes. This section has been amended as under:—
    i. Two funds, namely, “Swachh Bharat Kosh” and “Clean Ganga Fund” have been established by the Central Government. With a view to encourage people to participate in this national effort, section 80G is amended from A.Y. 2015-16 to provide that deduction of 100% of the donation to any of these funds will be allowed. Since this amendment has been made effective from A.Y. 2015-16, such donation made up to 31-3-2015 will be eligible for deduction under the amended section. It may be noted that such donation made by a company in pursuance of Corporate Social Responsibility (CSR) expenditure u/s. 135(5) of the Companies Act, 2013, will not qualify for this deduction. It may be noted that section 10(23C) has been amended from A.Y. 2015-16 to provide that income of “Swachh Bharat Kosh” and “Clean Ganga Fund” will be exempt from Income Tax.

ii. By another amendment to section 80G from A.Y. 2016-17 donation made to "The National Fund for Control of Drug Abuse" will now be eligible to 100% deduction.

11. A University or Educational Institution, Hospital or other Institution which is wholly or substantially financed by the Government and which is exempt u/s. 10(23C)(iiiab) or (iiiac) is not required to mandatorily file its return of income. By amendment of section 139(4C), it is now provided that these entities will have to mandatorily file Return of Income from A.Y. 2016-17. Sections 10(23C)(vi) and (via) provides that educational Institution or hospital specified in section 10(23C)(iiiab) or (iiiac) have to obtain approval from the prescribed authority. If this approval is denied there is at present no specific remedy.

    Section 253(1) is now amended from 1-6-2015 to provide that appeal to ITA Tribunal can be filed against any order for denying such approval.

12. W.e.f. 1st April, 2018 no deduction under Section 80G shall be available to a payer if the donation is in cash and exceeds ₹ 2,000 (₹ 10,000 up to A.Y. 2017-18.)

13. The Finance Act, 2018 has extended the application of provisions of sections 40A(3)/(3A) with effect from A.Y. 2019-20 to section 11 for the purposes of determining the amount of application under clause (a) or clause (b) of sub-section (1) thereof. Therefore from A.Y. 2019-20, if a trust makes payment of expenses in excess of ₹ 10,000 in cash then claim of expenses as application of income will not be allowed. Accordingly so much of expenses not regarded as application will become subject to tax.

    Also the benefit of exemptions applicable under sections 11(1)/(2) cannot be extended to said income.

14. Section 115TD is inserted with effect from June 1, 2016. This section provides for levy of additional income-tax in case of conversion into, or merger with, any non-charitable form or on transfer of assets of a charitable organisation on its dissolution to a non-charitable institution.

15. The accretion in income of the trust or institution shall be taxable on conversion of trust or institution into a form not eligible for registration under section 12AA or on merger into an entity not having similar objects and registered under section 12AA or non-distribution of assets on dissolution to any charitable institution registered under section 12AA or approved under section 10(23C) within a period of 12 months from dissolution.

    A trust or institution shall be deemed to have been converted into any form (not eligible for registration under section 12AA) in a previous year, if—

    a. The registration granted to it under section 12AA has been cancelled; or

    b. It has modified its objects and not applied for fresh registration (or fresh registration application has been rejected).

16. Accreted income shall be amount of aggregate of total assets as reduced by the liability as on the specified date. The asset and the liability of the charitable organisation which have been transferred to another charitable organisation within specified time will be excluded while calculating accreted income.

17. So much of the accreted income as is attributable to the following asset and liability, if any, related to such asset shall be ignored for the purposes of computation of accreted income-

    - Any asset which is established to have been directly acquired by the trust or institution out of agricultural income as is referred to in section 10(1).
    - Any asset acquired by the trust/institution during the period beginning from the date of its creation and ending on the date from which the registration under section 12AA became effective or deemed effective (however, this rule is valid only if the trust/institution has not been allowed any benefit of sections 11 and 12 during the said period). "Deemed" effective covers a case where due to first proviso to section 12A(2) the benefit of sections 11 and 12 have been allowed to the trust/institution in respect of any previous year prior to the year of registration.

18. The taxation of accreted income shall be at the maximum marginal rate (i.e., 35.535 per cent for the assessment year 2017-18).

19. This levy shall be in addition to any income chargeable to tax in the hands of the entity. There is no express provision for refund of accreted tax paid, even if it is held to be invalid. Thus, the institution will have to take recourse to constitutional remedies.

20. This tax shall be final tax for which no credit can be taken by the trust or institution or any other person, and like any other additional tax, it shall be leviable even if the trust or institution does not have any other income chargeable to tax in the relevant previous year.

21. In case of failure of payment of tax within the prescribed time a simple interest @ 1 per cent per month (or part of it) shall be applicable for the period of non-payment.

22. For the purpose of recovery of tax and interest, the principal officer or the trustee and the trust or the institution shall be deemed to be assessee in default and all provisions related to the recovery of taxes shall apply. The AO can consider almost any person connected with the management as the principal officer of the institution. Again, there is no provision that the liability is restricted to the assets of the institution. Hence, on a plain language, the tax could be recovered from the personal assets of the principal officer also. He would also be liable to pay interest on the default. He will also be deemed to the assessee in default in respect of the amount to be payable by him!! Further the recipient of assets of the trust, which is not a charitable organisation, shall also be liable to be held as assessee in default in case of non-payment of tax and interest. However, the recipient's liability shall be limited to the extent of the assets received.

23. The capital gain on transfer of asset held by a trust or an institution in respect of which accreted income has been computed and tax paid (under Chapter XII-EB), the cost of acquisition of such asset is deemed to be the FMV of the asset considered for computation of accreted income as on the specified date referred in section 115TD(2).

IMPORTANT CIRCULARS OF CBDT

a. Instruction 883 dated 24-9-1975 – Fixed Deposit exceeding 6 months is also a capital asset.

b. No. 5-P (LXX, 6) dated 19-6-1968 — The income of the trust is to be computed in the commercial sense; i.e., "book income". Even when the trust derives income from

property, or dividends, such income will be computed on actual commercial basis and not under provisions relating to income from house property or income from other sources.

c. No. 100 dated 24-1-1973 — The repayment of loans originally taken to fulfil any of the objects of the trust is also considered as an application. The loan given by an educational trust is also an application for charitable purpose.

d. No. 566 dated 17-7-1990 — Indira Vikas Patras and Kisan Vikas Patras are permitted investments u/s. 11(5)(i).

THERE ARE ALTERNATIVE NAMES USED FOR REFERRING TO CHARITIES IN INDIA

- NPO — Not for Profit Organisation
- NGO — Non-Governmental Organisation
- VO — Voluntary Organisation
- CSO — Civil Society Organisation
- CBO — Community Based Organisation
- Charitable Organisation
- TSO — Third Sector Organisation

However, whatever the term used to describe a charitable organisation, a few important points must be remembered with regard to the charity sector:

- There is no single piece of legislation, which comprehensively governs the sector and similarly no single regulator exists in India, in contrast to other countries where a Charity Commissioner regulates the individual organisation on nationwide basis.
- Charities can be formed in multiple ways and may be subject to various acts of legislation. It is the choice of the persons forming the charity to decide which form to take.
- Different legal provisions exist at the national and state level. Some states in India have enacted their own law to govern certain forms of charities.
- Non-profit organisations are not permitted to be involved in any 'political activity'. Bombay Public Trusts Act even puts 'political education' outside the scope of 'charitable purpose'. However Section 20 of the Societies Registration Act, 1860 allows registration of a society whose object may be 'diffusion of political education'.
- India, being a secular State, does not allow distinction of caste, colour and creed in formation of a charity. However, it is possible to create a valid trust for the benefit of a particular section of the community. Although, this kind of trust would not enjoy income tax exemption.
- Religious trusts established for the benefit of a particular religious community are also not exempt from income tax.

In the case of *CIT vs. Indian Society of the Church of Jesus Christ of Latter day Saints (2017) 397 ITR 762* the Delhi High Court held that, though assessee incurred expenditure for upkeep of priests who belonged to particular community, the programmes conducted by assessee are open to public at large, the activities of assessee are not considered to be exclusively meant for one particular religious community and hence assessee is entitled to exemption u/s. 11.

Depreciation under Income-tax Act

WHAT IS DEPRECIATION?

Depreciation as per law of lexicon is defined as positive decline in the real value of a tangible asset because of consumption, wear and tear or obsolescence. In accountancy, depreciation refers to two aspects of the same concepts:

1. The decrease in value of assets;
2. The allocation of cost of assets over a period in which the assets are used.

In Income Tax , depreciation is a charge against the income. It is an allowance on capital assets acquired and put to use. There are different methods of calculating the depreciation like straight-line method or written down value (WDV) method. The Income-tax Act, 1961 ('the Act') recognises WDV method, save and except for undertaking engaged in generation or generation and distribution of power.

BLOCK OF ASSETS [SECTION 2(11)]

Prior to the 1986, the Income-tax Act allowed the calculation of depreciation in respect of each capital asset separately. The computation of depreciation allowance was a detailed and time-consuming exercise on part of taxpayer and the tax department due to difference in rate of depreciation depending on the date of purchase, the type of asset, the intensity of use etc.. Moreover, the system of granting the terminal allowance or taxing the balancing charge at the time an asset was sold, demolished, discarded, etc., necessitated the maintenance of records of depreciation already allowed in respect of each asset.

To simplify the cumbersome process of calculating depreciation and maintenance of records, the Finance Minister in his budget speech for the year 1986-87 announced new provisions for allowing depreciation in respect of blocks of asset. The concept of 'block of assets' was introduced by the Taxation Laws (Amendment and Miscellaneous Provisions) Act, 1986 with effect from 1-4-1988.

Section 2(11) of the Act defines the term block of assets as —

"block of assets means a group of assets falling within a class of assets comprising –

a) tangible assets, being building, machinery, plant or furniture;

b) intangible assets, being knowhow, patents, copyrights, trade-marks, licenses, franchises or any other business or commercial rights of similar nature,

in respect of which the same percentage of depreciation is prescribed."

CONDITIONS FOR CLAIMING DEPRECIATION [SECTION 32(1) OF THE ACT]

The following are four basic conditions for claiming the depreciation:

1. The asset must be **owned, wholly or partly**, by the assessee. (**not** necessary to be a registered owner)
2. The asset should be actually **used for the purpose of business or profession of the assessee**.
3. The asset should have been **used during the relevant year** in which depreciation allowance is claimed
4. The **assets must fall under eligible block** of assets

Further, the following points can be noted in respect of depreciation:

- Co-owners are entitled to claim depreciation to the extent of the value of the asset owned by each co-owner.
- Depreciation is not allowable on the cost of land.
- Depreciation is mandatory from A.Y. 2002-03 and shall be allowed or deemed to have been allowed irrespective of claim made in the profit & loss account or not [Explanation 5 to section 32(1)(ii)].
- Where the asset is not exclusively used for the purpose of business or profession, the depreciation shall be allowed proportionately with regards to such usage of assets [section 38(2)].

WRITTEN DOWN VALUE [SECTION 43(6) OF THE ACT]

Section 32(1) of the Act provides that depreciation is to be computed at the prescribed percentage on the written down value of the asset which in turn is calculated with reference to actual cost of the assets. In the context of computing depreciation, it is important to understand the meaning of the term 'WDV' & 'Actual Cost'.

WDV under the Act, means

a. Where the asset is acquired in the previous year the actual cost of asset shall be treated as WDV.

b. Where the asset is acquired in earlier year WDV shall be equal to the actual cost incurred less depreciation actually allowed under the Act or under the Indian Income-tax Act, 1922 or any Act repealed by that Act, or under any executive orders issued when the Indian Income-tax Act, 1886 (2 of 1886) was in force.

Sr. No.	*Particulars*	*Amount*	*Amount*
1	In case of any P.Y. relating to A.Y. 1988-89		
	a. The aggregate WDV of all assets falling within the same block in the beginning of P.Y. relating to A.Y. commencing from 1-4-1988	XXX	
	b. *Add* : Actual cost of assets acquired during the previous year falling in the same block	XXX	

Sr. No.	Particulars	Amount	Amount
	c. *Less*: Moneys payable (including the scrap value) on assets sold, discarded or demolished or destroyed during the previous year to the extent it does not exceed (a+b)	(XXX)	XXX
2	In case of slump sale in relation to any P.Y. relating to A.Y. 1988-89		
	a. Actual cost of assets falling in the same block	XXX	
	b. *Less* : Depreciation actually allowed in A.Ys. prior to 1988-89	(XXX)	
	c. *Less* : Depreciation allowable in respect of A.Y. beginning on or after 1-4-1988 as if the asset was the only asset in the relevant block. (However deduction under b & c shall not exceed a.)	(XXX)	XXX
3.	In case of P.Y. relevant to A.Y. commencing on 1-4-1989 the WDV would be the amount of WDV of block of assets in immediately preceding P.Y. as reduced by depreciation actually allowed in respect of said preceding P.Y. and as adjusted by clauses b & c of 1 above.		
• The WDV in the case of the assessee whose income includes agricultural income shall be computed as the assets were used for the purpose of business and the whole depreciation is allowed under this Act.			

ACTUAL COST [SECTION 43(1)]

Actual Cost as per the Act, means:

Sr. No.	Particulars	Actual Cost would mean
1.	Asset is acquired by the assessee in previous year	Actual cost of asset to the assessee as reduced by cost met by any other person or authority directly or indirectly (in the form of subsidy or grant or reimbursement). However, if any such amount of subsidy or grant or reimbursement is of such nature that it cannot be directly related to asset acquired, then the cost of the asset would be reduced on proportionate basis. In case of motor car acquired before 1-3-1975 but after 31-3-1967 and not used for run it on hire the actual cost shall be restricted to ₹ 25,000/-. Further, expenditure incurred for acquisition of any assets or part thereof shall be ignored while determining actual cost, if the payment for that expenditure is made otherwise than: • by an account payee cheque drawn on a bank; or • an account payee bank draft; or • use of electronic clearing system through a bank account; or • through such other electronic mode as may be prescribed and the amount of payment to a person exceeds INR 10,000 in a day
2.	Asset acquired and used for scientific research when ceases to be so used on which depreciation has to be allowed	The amount of actual cost of asset to the assessee as reduced by any deduction allowed u/s. 35(1)(iv) of the Act or similar deductions allowed under the Income-tax Act, 1922.
3.	Conversion of inventory into capital asset	Fair market value of inventory as on the date of conversion will be considered as actual cost for the purpose of claiming depreciation.
4.	An asset is acquired by way of gift or inheritance	Actual cost to the previous owner as reduced by a. The depreciation actually allowed under the Income-tax Act, 1922 or this Act in respect of previous years prior to 1-4-1988; and

Sr. No.	Particulars	Actual Cost would mean
		b. The amount that would have been allowed to the assessee for assessment year starting from 1-4-1988 (taking the asset as the only asset in the block).
5.	The assets which were previously used by any other person	If the assessing officer is satisfied that the main purpose of transfer of assets is to reduce the tax liability the actual cost shall be an amount as determined by the Assessing Officer with prior approval of Joint Commissioner of Income Tax.
6.	An asset once belonging to the assessee and was used by him for the purpose of his business or profession and thereafter it ceased to be his property which is reacquired by him	Actual cost when he first acquired it, as reduced by the depreciation actually allowed in respect of previous year related to Assessment Year commencing from 1-4-1988 and the amount that would have been allowed to the assessee for assessment year starting from 1-4-1988 (taking the asset as the only asset in the block) Or The actual price for which the asset is reacquired WHICHEVER IS LESS.
7.	Where the assessee acquires the assets which were previously used at any time by any other person for the purpose of his business or profession & depreciation was allowed to such other person and such other person acquires the same assets on lease, hire or otherwise from the assessee	The written down value of such assets at the time of transfer by the other
8.	A building previously the property of the assessee is brought into use for the purpose of the business or profession after 28-2-1946	Actual cost of building to the assessee as reduced by an amount equal to the depreciation calculated at the rate in force on that date that would have been allowable had the building been used for the business or profession since the date of its acquisition by the assessee.
9.	Any asset is transferred by a holding company to its subsidiary company or vice versa, and if conditions of clauses (iv) or (v) of section 47 of the Act are satisfied	The actual cost shall be the same as if the transferor company continued to hold the asset.
10.	In a scheme of amalgamation, asset transferred by amalgamating company to amalgamated Indian company	The actual cost shall be the same as if the amalgamating company had continued to hold the asset for the purpose of its own business.
11.	In a scheme of demerger, asset transferred by demerged company to resulting Indian company	The actual cost shall be the same as if the demerged company had continued to hold the asset for the purpose of its own business. Provided the actual cost shall not exceed the WDV of such asset in the hands of demerged company.
12.	Asset is acquired outside India by a non-resident assessee and is brought into India for the use in business or profession	Actual cost to the assessee as reduced by an amount equal to the depreciation calculated at the rate in force that would have been allowable as if the asset had been used in India for the business or profession since the date of its acquisition by the assessee.
13.	Any asset is acquired under a scheme of Corporatisation of a recognised stock exchange in India, approved by SEBI	The amount which would have been regarded as actual cost had there been no such Corporatization
14.	Any asset on which deduction has been allowed or allowable u/s. 35AD of the Act	NIL In either case of assessee or the other assessee acquiring the asset by way of gift, will, trust or distribution of liquidation of a company or any such mode referred to in Clauses (i), (iv), (v), (vi), (vib), (xiii), (xiiib) and (xiv) of section 47 of the Act.

Sr. No.	Particulars	Actual Cost would mean
		However, if the deduction under section 35AD of the Act is withdrawn, the actual cost of assets shall be the actual cost of the assets to the assessee, as reduced by an amount equal to the amount of depreciation calculated at the rate in force that would have been allowable had the asset been used for the purpose of business since the date of acquisition
15.	Any block of assets is transferred by a private company or unlisted public company to an LLP where conditions u/s. 47(xiiib) of the Act are satisfied	The actual cost shall be WDV of the block of assets as in the case of the said company on the date of conversion of the company into an LLP.

Notes:

— Any amount paid or payable as interest in connection with the acquisition of an asset and the same is related to the period after the asset is first put to use shall not be included in actual cost of the asset.

— The actual cost for the assets acquired on or after 1-3-1994 shall be reduced by the amount of duty of excise or additional duty leviable under section 3 of The Customs and Tariff Act, 1975 in respect of which a claim of credit has been made and allowed under the Central Excise Rules,1944.

The term actual cost has not been defined under the Act and hence this expression has to be construed in accordance with the generally accepted principles of accounting. Accordingly, the actual cost of a depreciable asset comprises its purchase price (including import duties and other non-refundable taxes or levies) and any directly attributable cost of bringing the asset to its working condition for its intended use. Actual cost to the assessee would be what the assessee has in fact expended or laid out for the purpose of acquiring the asset.

DEPRECIATION ALLOWED [SECTION 32(1)]

- ***For all assessees other than Power Sector*** — Depreciation is calculated on written down value of "Block of Assets", except for Power Sector, at rates provided in Appendix I read with Rule 5(1).
- ***For Power Sector assessees*** — Under Section 32(1)(i) in case of undertaking engaged in generation or generation and distribution of power, the depreciation will be allowed on actual cost (i.e. on straight-line method) at the rates provided in Appendix IA read with Rule 5(1A). Such undertaking however has an option to claim depreciation on Written Down Value method at the rates provided in New Appendix I if the assessee exercises such option before the due date of filing the return as per provisions of section 139(1). In case of —
  a) Undertaking which began to generate power prior to 1-4-1997, for the A.Y. 1998-99 onwards.
  b) In other case, for the A.Y. relevant to the P.Y. in which it begins to generate power.
- Once the option is exercised to claim depreciation on WDV method, it will apply for all subsequent assessment years.
- The rate of depreciation should be restricted to fifty per cent of rates prescribed if the assets acquired by the assessee during the previous year and put to use for the period less than one hundred and eighty days in that previous year.
- Depreciation allowable to predecessor and successor company in case of succession of business due to amalgamation or demerger shall not exceed in any previous year the amount of depreciation that would have been allowed as if there was no such succession and the depreciation so computed shall be divided between the amalgamating and amalgamated company or demerged and resulting company as the case may be on the basis of number of days the assets were used by such companies.
- Accounting standard on lease issued by ICAI requires capitalisation of the assets by the lessees in financial lease transaction. In such leases, the lessee can exercise the rights of the owner in his own right and hence depreciation is available to the lessee.

TERMINAL DEPRECIATION [Asset Sold or Discarded]

When such asset on which depreciation is allowed is sold, discarded or demolished in a previous year, and if the insurance, salvage, compensation or sale value, as the case may be, receivable in respect of such asset falls short of the written down value, such difference would be allowed as deduction [Terminal Depreciation] u/s. 32(1)(iii) of the Act. The condition for allowing such deduction is that such deficiency is actually written off in the books of account. Similarly, excess of insurance, salvage, compensation or sale value, as the case may be, receivable in respect of such asset over the written down value is chargeable to tax [Balancing Charge] u/s. 41(2) of the Act up to the amount of actual cost of the asset. Since Section 50 of the Act does not apply to such assets, the provisions of capital gains in respect of these assets shall apply as if it is a transfer of asset not forming part of the block of assets.

ADDITIONAL DEPRECIATION

In case of any new machinery or plant (other than ships and aircraft) acquired and installed after March 31, 2005 by an assessee engaged in the business of manufacture or production of any article or thing additional depreciation of 20% of actual cost shall be allowed. From A.Y. 2013-14 the same is also allowed to assessee engaged in the business of generation or generation and distribution of power, where the depreciation is provided on WDV method as per Appendix I.

From assessment year 2017-18 the same is also allowed to the assessee engaged in the business of transmission of power.

However no such additional depreciation will be allowed in respect of machinery or plant—

— Used by any other person in India or outside India before its installation.

— Installed in any office premises or any residential accommodation, including a guest house.

— Any office appliances or road transport vehicles.

— The whole of actual cost of which is allowed as deduction in computing income chargeable under the head Profit and Gain of Business or Profession of any one previous year.

From assessment year 2016-17 where an assessee set up an undertaking for manufacture or production of articles on or after 1st April, 2015 in any notified backward area in the State of Andhra Pradesh, Bihar, Telangana or in West Bengal and acquires or install any new machinery or plant (other than ships or aircraft) after 1st April, 2015 but before 1st April, 2020 then the additional depreciation shall be allowed at 35% of cost of acquisition as against 20%.

- Where an asset acquired during the previous year and is put to use for the purpose of business or profession for a period of less than 180 days in that previous year, depreciation allowance shall be restricted to 50% of the amount calculated at prescribed rates, w.e.f. 1st April, 2016 the balance amount of 50% of such depreciation shall be allowed in the immediate subsequent year.
- In case of an asset acquired under hire purchase agreement, where the terms of the agreement provide that the equipment shall eventually become the property of the hirer or confer on the hirer an option to purchase the equipment, the hirer is entitled to claim depreciation allowance.

  For computing the depreciation allowance, the difference between the aggregate amount of the periodical payments under the agreement and the initial value (i.e., the amount for which the hired subject would have been sold for cash at the date of agreement) would be spread evenly over the term of the agreement. (Circular No. 9, dated 23-3-1943).
- Fans, air-conditioners, refrigerators, etc., provided by the employer at the residence of the employees, is considered to have been used wholly for the purpose of the employer's business and full depreciation in accordance with the rules, is allowed in the assessment of the employer. (F. No. 10/14/66-IT (A-I), dated 12-12-1966).
- Where the business or profession is carried on in a building not owned by assessee and any capital expenditure is incurred for construction of any structure or for renovation, improvement or extension of the building, then depreciation will be allowed in respect of such capital expenditure at the rates prescribed for "building".
- No depreciation is allowable in respect of motor car manufactured outside India acquired after 25th February, 1975 but before 1st April, 2001 unless it is used by the assessee:
  — In the business of running it on hire for tourists.
  — In his business or profession outside India.
- In case of inadequate profit or loss any depreciation which could not be fully allowed for want of profit, the amount which could not be given full effect of shall be carried forward in the subsequent year and shall form part of the depreciation of such subsequent previous year. [This condition is subject to Section 72(2) of the Act & Section 73(3) of the Act].

Taxation of HUF

Under the Income-tax Act, 1961 ("the Act") & Wealth Tax Act, 1957, a Hindu Undivided Family ("HUF") is treated as a separate person for the purpose of taxation.

The term HUF is not defined under the Act. Hindu law defined it as consisting of all members lineally descending from a common ancestor, including their wives and daughters. Daughter even after her marriage continues to remain

co-parcener of HUF of her father. Thus female on her marriage, is at the same time member of two HUFs i.e. HUF of her father and HUF of her husband. Even family with husband & wife without child constitute HUF (*Gowli Buddanna vs. CIT [1966] 60 ITR 293*). The income of a HUF would be assessed as such if there were a coparcenership. The relation amongst the members of HUF arises out of legal status and not from a contract. The HUF is a creation of Hindu Law, it exists even without any nucleus or ancestral joint family property. The common hotchpotch can be filled by partition of a larger HUF, devolution of interest in coparcenary property of a coparcener who dies intestate, inheritance through a specific bequest under a will, reunion of separated coparceners, receipt of gift, blending of individual property with the family hotchpotch, doing joint labour for benefit of HUF, etc. Gifts and Wills are the most common way for activating dormant HUF. However special care needs to be taken in drafting of the gift deed or the document evidencing the gift by the parent for the benefit of the said HUF. As per section 56(2)(vii), where any sum of money, the aggregate value of which exceeds rupees fifty thousand is received without consideration by an Individual /HUF in any previous year, the whole of such sum shall be included in the total income of recipient. The aforesaid limit of ₹ 50,000/- will not apply to any sum received from relative. Explanation to section 56(2)(vii) defines the meaning of relative. In case of HUF relative means any member thereof. Gift received by the assessees from the HUF falls under section 10(2). For getting exemption under section 10(2), two conditions are to be satisfied. Firstly, he is a member of HUF and secondly he receives the sum out of the income of such HUF, may be of earlier year.

The HUFs are not recognised in the State of Kerala after the enactment of Kerala Joint Family System (Abolition) Act, 1975 with effect from 1-12-1976.

There are two schools of Hindu Law viz. Dayabhaga prevailing in West Bengal & Assam and Mitakshara applicable to all other places. Under Dayabhaga School of law, a son does not acquire any interest by birth in the ancestral property. He acquires interest only upon death of father. Father is the absolute owner of property during his lifetime. Accordingly, father is assessed as individual and not as a HUF. Further, on death of father, by operation of law son does not spontaneously, become the member of the joint family. He along with others remains co-owner with definite shares in the property left by the father unless they voluntarily decide to live as joint family. However, under the Mitakshara School of law each child acquires equal interest in the ancestral property. Hindu Law does not govern Jain & Sikh family, but for the purpose of Act such families are treated as HUF.

Residential status of the HUF would depend upon where the control and management of the affairs of HUF is situated. HUF would be non-resident where whole of the control and management of its affairs is situated outside India. As such, the income earned by HUF will enjoy all exemptions and deductions; including the basic exemption under the Income-tax & Wealth-tax Acts, so far as applicable. The total income of a HUF is determined on the similar lines as that of Individual; various deductions available to the individual are also available to the HUF. Similarly, the various provisions under the Act such as advance tax, TDS, penalty, interest, fine, etc. are also applicable to HUF.

Adjustments should be made for clubbing & losses i.e. under sections 60 to 63 of the Act, income belonging to some other person, may be taxable as income of a HUF & losses of the current year as well as preceding years will be set off u/ss. 70 to 80 of the Act. After such adjustments, the total of the five heads of income is gross total income. Further, after computing gross total income, the deductions u/ss. 80C to 80U (whichever is applicable) are to be made in order to arrive at net total income. The provision of furnishing a return of Income of HUF is governed by section 139 of the Act i.e. similar to provisions as applicable to individuals.

The total income will be subject to applicable tax rates. HUF's income may include agricultural income for rate purpose.

Subject to the provisions of section 64(2) of the Act, any sum received by an individual as a member of HUF, where such sum has been paid out of the income of the family, or, in the case of any impartible estate, where such sum has been paid out of the income of the estate belonging to the family, is exempt from tax. Any of the coparcener can claim for the partition of the HUF. On partition, there is severance of status of HUF. In order to be acceptable partition u/s. 171 of the Act, a partition should be complete with respect to all members of HUF and in respect of all properties of HUF and there should be actual division of property by metes & bounds. However, as per Hindu law partition need not be by metes and bounds. It can be total or partial. Income-tax Act does not recognise partial partition. Setting apart certain assets of HUF in favour of certain coparceners on condition that no further claim in properties will be made by them is nothing but partial partition and not a family arrangement and that is not recognised u/s. 171(9) of the Act. Unequal divisions of properties knowingly made may not spell invalidity and mathematical equality may not be maintained always in a partition while, ordinarily, substantial fairness in division is required to be shown.

A member of the HUF throwing his money into the common pool or the family hotchpotch is out of the question, thanks to section 64(2) which would tax the income earned by the HUF on that money in the individual member's hands only. But the clubbing provisions can be bypassed if the HUF invests the money in the instruments yielding tax-free income. The tax-free income can then be reinvested to earn even taxable income – Income on Income is out of the clubbing provisions.

Presumptive Taxation

Businesses have grown over the period of time due to growth of economy. However at the same time various numbers of business and service providers, irrespective of their area of operations, earning substantial income are outside the tax net. Presumptive income scheme has been introduced to bring such business & service providers within tax net with lesser compliance cost for such taxpayers and lesser corresponding administrative burden on revenue. Scheme of presumptive taxation (other than presumptive taxation scheme applicable to non-residents) for small businesses is operated by sections 44AD, 44ADA and 44AE.

SECTION 44AD

- **Applicability**

  Any business except the business of plying, hiring or leasing goods carriages referred in section 44AE and whose turnoveris less than ₹ 200 lakh (₹ 100 lakh till Previous Year 2015-16) during the previous year.

- **Class of eligible assessees**

  Applies to any resident individual, HUF, partnership firm excluding LLPs, provided that no deduction u/s. 10A, 10AA, 10B, 10BA, 80HH to 80RRB is claimed in the relevant assessment year. Provisions are also not applicable in case of person carrying profession as specified u/s. 44AA(1) or earning income in the nature of commission or brokerage or carrying on any agency business. (Introduced by Finance Act, 2012 w.r.e.f. A.Y. 2011-12).

- **Presumptive or estimated income**

  Sum equal to 8% of the total turnover or gross receipt of the assessee shall be deemed to be the profits chargeable to tax. However, in respect of that turnover which is received by account payee cheque or such bank draft or through electronic clearing system, a sum equal to 6% of such total turnover shall be deemed to be the profits and gains chargeable to tax.

  Higher or lower income

  Assessee at his option can claim such higher or lower amount earned by him. If assessee claims to have earned an income lower than specified amount, he has to fulfil the conditions of maintenance of books of account and getting the same audited.

- **Restriction on availing the presumptive taxation scheme (Sub-clause 4)**

  Where an assessee declares presumptive income u/s. 44AD but within any of the next five succeeding Assessment years declares profit under normal scheme by maintaining books u/s. 44AA, then he shall not be eligible to claim benefit of 44AD for next five Assessment years starting from the year in which he claimed income under normal scheme.

  E.g. If in A.Y. 2017-18 and 2018-19, the assessee declared income u/s. 44AD. If in A.Y. 2019-20 he opts out of this presumptive taxation scheme (due to either NP ratio being lower than 8% or turnover higher than 2 crore) and files return by maintaining books of account u/s. 44AA, then he shall not be eligible to avail benefit for 44AD till A.Y. 2024-25, i.e. for 5 A.Y.s subsequent to A.Y. 2019-20 and shall be liable to audit u/s. 44AB of the Act. Thus an assessee has to spend atleast six Assessment years by maintaining books of account before he gets back an option to avail Section 44AD benefit.

- **Maintenance of books of account and getting them audited**

  Where an assessee is the person who falls under sub clause (4) and whose income is more than maximum amount not chargeable to taxthen it is mandatory for him to maintain books of account and other documents as specified u/s. 44AA and also get them audited from the accountant and furnish report as required u/s. 44AB. Thusif an assessee is restricted from availing benefit of Section 44AD due to above provisions, he shall be liable to get the books audited even if he has a turnover of less than 2 crore and a profit ratio of more than 8% or 6% as the case may be.

  E.g: If an assessee declares income u/s. 44AD for A.Y. 2017-18 and 2018-19 but not u/s. 44AD for AY 2019-20, then he shall be liable to get the books of accounts audited for the assessment years 2019-20 to 2024-25 subject to his income been more than maximum amount not chargeable to tax

- **Deduction from presumptive income**

  No deduction is allowable under provisions of sections 30 to 38. Further written down value of any depreciable asset of such business shall be calculated as if depreciation has been actually allowed.

- **No deduction for salary and interest to be paid to partners**

  Up to A.Y. 2016-17, salary and interest paid to the partners, where eligible assessee is a firm, was allowable as a further deduction after computing profits and gains chargeable to tax at the rate of 8%. However from A.Y. 2017-18, no such deduction shall be further allowed once profits are computed as per section 44AD at the rate of 8% or 6% as the case may be. Thus, for eligilble assessees being firms who wish to avail benefit of presumptive taxation under this section, the profits chargeable to tax after paying salary and interest to partners, shall not be less than the prescribed percentage.

- **Advance tax**

  No specific provision exempting assessees from payment of advance tax. [Unlike specific provision exempting such assessees from advance tax payment till A.Y. 2016-17]. However only the last installment date of 15th March is applicable for such assessees.

SECTION 44ADA

- **Applicable**

  An Assessee being resident, engaged in profession mentioned in Section 44AA(1) and whose gross receipts does not exceed ₹ 50 lakh during the previous year.

- **Presumptive or estimated income**

  Sum equal to minimum 50% of the gross receipts of the assessee.

  Higher or lower income

  Assessee at his option can claim such higher/lower amount earned by him. Assessee can claim to have earned income lower than specified amount, subject to

fulfilment of conditions as to maintenance of books of account and getting the same audited.

- **Maintenance of books of account**

  Where an assessee claims that he has earned income lower than specified percentage and such income is more than maximum amount not chargeable to tax, or the turnover of such assessee is more than ` 50 lakh, then it is mandatory for him to maintain books of account and other documents as specified u/s. 44AA and also get them audited from the accountant and furnish report as required u/s. 44AB.

- ***Advance tax***

  Advance tax payment is applicable for such assessees, however only the last installment date of 15th March is applicable for such assessees, where they are required to pay the whole amount of advance tax by that date.

- No restriction on availing the presumptive taxation scheme

  Like section 44AD, there is no restriction on availing the presumptive taxation scheme if an assessee opts out of the 44ADA scheme in one year. Thus, such assessee can still avail the benefit of the scheme u/s. 44ADA in succeeding year if he wishes to, subject to turnover limits available for 44ADA.

- **Deduction from presumptive income**

  No deduction is allowable under provisions of sections 30 to 38. Further written down value of any depreciable asset of such business shall be calculated as if depreciation has been actually allowed.

- **No deduction for salary and interest to be paid to partners**

SECTION 44AE

- **Applicable**

  Assessee engaged in business of plying, hiring or leasing goods carriages and who owns not more than 10 goods carriages anytime during the previous year. However unlike section 44AD, there is no condition of maximum turnover of the assessee. Assessee shall be deemed to be owner of goods vehicles taken on hire purchase or on installment basis, whether whole or part of the amount is payable, when such vehicles are in the possession of such assessee.

- **Applicable to class of taxpayer**

  All assessees including LLP and company.

- **Presumptive or estimated income for AY 2019-20**

Type of Vehicle	*Deemed Income*
For each of heavy goods vehicle	₹ 1,000 for every ton of gross vehicle weight or unladen weight (₹ 7,500 up to A.Y. 2018-19) per month or part of month
For Each of Vehicle Other than Heavy Vehicle	₹ 7,500 (₹ 7,500 up to A.Y. 2018-19) per month or part of month
OR	
Profit higher than aggregate of above as may be declared by the assessee	

Terms 'goods carriage', 'gross vehicle weight' and 'unladen weight 'shall have meaning as per Motor Vehicles Act, 1988. The term 'heavy goods vehicle' means goods carriage whose gross vehicle weight exceeds 12,000 kgs.

Higher or lower income

Assessee at his option can claim such higher/lower amount earned by him. Assessee can claim to have earned income lower than specified amount, subject to fulfilment of conditions as to maintenance of books of account, and getting them audited u/s. 44AB of the Act.

- **Maintenance of books of account**

  Assessee offering income on presumptive basis is not required to maintain books of account & other documents as prescribed u/s. 44AA and audit u/s. 44AB. However in case assessee claims that he has earned income lower than specified amount, sections 44AE(7) and 44AA(2)(iii), mandates him to maintain books of account and other documents as specified u/s. 44AA, get them audited from the accountant and furnish report as required u/s. 44AB.

- **Deduction from presumptive income**

  No deduction is allowable under provisions of sections 30 to 38. However in case of partnership firm remuneration to partner and interest on partner's capital is allowable. For the computation of allowable partner's remuneration, book profits would be deemed to be income less interest to partners subject to limits specified in Section 40(b). Further written down value of any depreciable asset of such business shall be calculated as if depreciation has been actually allowed.

- **Advance tax**

  No specific provision exempting assessees from payment of advance tax.

- **No restriction on availing the presumptive taxation scheme**

  Like stated section 44AD, there is no restriction on availing the presumptive taxation scheme if an assessee opts out of the 44AE scheme in one year. Thus, such assessee can still avail the benefit of the scheme u/s. 44AE in succeeding year if he wishes to, subject to no. of goods carriages being within the limits available for 44AE.

SECTION 211

- **Applicability and payment of Advance Tax**

  Up to A.Y. 2016-17, all assessees (except companies) were required to pay advance in three installments viz. 15th September (30% of tax), 15th December (60% of tax) and 15th March (100% of tax).

  Now as per amended s. 211, from A.Y. 2017-18 all the assessees except assessees filing return u/s. 44AD and u/s. 44ADA, are required to pay advance tax in four installments viz. 15th June (15% of total tax), 15th September (cumulative 45% of tax), 15th December (cumulative 75% of tax) and 15th March (aggregate 100% of tax). For assessees availing benefit of section 44AD and 44ADA, only the due date of last installment of 15th March is mandatory.

Income from Capital Gains

1. CHARGEABILITY U/S. 45

Profits or gains arising from the transfer of a capital asset is chargeable to tax in the year in which transfer takes place under the head "Capital Gains".

Definitions

Transfer: Section 2(47)

Transfer in relation to a capital asset includes sale, exchange, or relinquishment of the asset or extinguishment of any rights therein or the compulsory acquisition thereof under any law or conversion of the asset by the owner in stock-in-trade of a business carried on by him or the maturity or redemption of a zero coupon bond, any transaction involving the allowing of the possession of any immovable property to be taken or retained in part performance of a contract of the nature referred to in Section 53A of the Transfer of Property Act, 1882 (4 of 1882) or any transaction which has the effect of transferring, or enabling the enjoyment of, any immovable property.

Explanation 2 to the section clarifies the following:—

"transfer" includes disposing of or parting with the asset or creating any interest in any asset directly or indirectly (whether entered into in India or outside India) or otherwise, notwithstanding that such transfer of rights is being effected or dependent upon or flowing from the transfer of a share or shares of a company registered or incorporated outside India.

Capital Asset: Section 2(14)

As per Clause 14 of Section 2 —

"capital asset" means—

(a) property of any kind held by an assessee, whether or not connected with his business or profession;

(b) any securities held by a Foreign Institutional Investor which has invested in such securities in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992,

but does not include—

(i) any stock-in-trade [other than the securities referred to in sub-clause (b)

(ii) Personal effects of the assessee;

(iii) Agricultural land in a rural area (Definition of agricultural land has been amended by Finance Act, 2013, w.e.f. 1st April, 2014);

(iv) 6½% Gold Bonds, 1977 or 7% Gold Bonds, 1980 or National Defence Bonds, 1980 issued by the Central Government;

(v) Special Bearer Bonds, 1991 issued by the Central Government;

(vi) Gold Deposit Bonds issued under Gold Deposit Scheme 1999 and deposit certificates issued under the Gold Monetisation Scheme, 2015.

Explanation 1 — "property" includes any rights in or in relation to an Indian company, including rights of management or control or any other rights whatsoever.

Explanation 2 —

(a) the expression "Foreign Institutional Investor" shall have the meaning assigned to it in clause (a) of the Explanation to Section 115AD.

(b) the expression "securities" shall have the meaning assigned to it in clause (h) of Section 2 of the Securities Contracts (Regulation) Act, 1956.

Short-term capital asset: Section 2(42A): means a capital asset held by an assessee for not more than thirty six months immediately preceding the date of its transfer. However, with effect from the 1st day of April, 2015, in the following cases, an asset, held for not more than twelve months, is treated as short-term capital asset—

(a) A security (other than a unit) listed in a recognised stock exchange in India.

(b) Units of Unit Trust of India.

(c) Units of an equity oriented fund.

(d) Quoted or unquoted zero coupon bonds.

Additionally, the following assets would be treated as short term capital assets if they were held for a period of 24 months or less immediately preceding the date of its transfer:

(a) Share of company (not being a share listed in a recognized stock exchange in India) [Finance Act, 2016 w.e.f AY 2017-18].

(b) Immovable property being land or building or both [Finance Act, 2017, w.e.f. AY 2018-19].

Finance Act, 2017, w.e.f. AY 2018-19, has inserted a new sub-clause in Explanation 1 to Section 2(42A) stating that the period for which the preference shares were held shall be included for computing period of holding of resulting equity share, on conversion of said preference shares, for the purpose of determining whether equity shares are short term capital asset or long term capital asset.

Finance Act, 2018, w.e.f. AY 2019-20, has inserted a new sub-clause (ba) in Explanation 1(i) to Section 2(42A) stating that in case, inventory is converted into capital asset, the period of holding shall be computed from the date of conversion of such inventory.

Following is the list indicating period of holding in situations covered under Explanation 1(i) to Section 2(42A):

Sr. No.	*Explanation*	*Particulars*	*Period of holding*
1	2(42A)(i)(a)	Shares held in a company in liquidation	Excludes period subsequent to the date on which company goes into liquidation

Long-term capital asset : Section 2(29A): Means a capital asset which is not a short-term capital asset.

2. YEAR OF CHARGEABILITY TO TAX

Capital gains are generally charged to tax in the year in which 'transfer' takes place. Exceptions —

(a) Section 45(1A) — Insurance Claim — In the year of receipt.

(b) Section 45(2) — Conversion of capital asset into stock-in-trade — In the year of actual sale of the stock in trade.

(c) Section 45(5) — Compulsory acquisition — When consideration or part thereof is first received. Compensation received in pursuance of an interim order of a court is chargeable to tax in the previous year in which the final order of such court is made.

(d) Section 45(5A) — Special provisions for computation of capital gains in case of joint development agreement (Inserted by Finance Act 2017, w.e.f. AY 2018-19).

In case of an assessee being individual or HUF who transfers a capital asset under a specified agreement[1], the capital gains shall be chargeable to income-tax as income of the previous year in which the certificate of

completion for the whole or part of the project is issued by the competent authority.

For the purposes of section 48, full value of consideration shall be stamp duty value, on the date of issue of the said certificate, of the individual's/ HUF'S share in the project, as increased by the consideration received in cash, if any, as result of transfer of said capital asset.

1. Specified Agreement means registered agreement in which a person owning land or building or both, agrees to allow another person to develop a real estate project on such land or building or both, in consideration of a share, being land or building or both in such project, whether with or without payment of part of the consideration in cash.

The above section 45(5A) shall not apply where the assessee transfers his share in the project on or before the date of issue of said certificate of completion, and the capital gains shall be deemed to be the income of the previous year in which such transfer takes place and full value of consideration shall be determined as per the general provision of the Act.

Exempt Capital Gains under section 10

10(33) : Transfer of Unit Scheme 1964 on or after April 1, 2002.

10(36) : Long-term capital gain arising from transfer of long-term capital asset being eligible equity share purchased after 1st March, 2003 but before 1st March 2004.

10(37) : Compulsory acquisition of Urban Agriculture Land where consideration is received after March 31, 2004.

10(37A) : Exemption to Capital Gains from transfer of land under land pooling scheme [Inserted by Finance Act, 2017 w.r.e.f. 1-4-2015]

Any income chargeable under the head "Capital gains" in respect of transfer of a specified capital asset[2] arising to an assessee, being an individual or a H.U.F., who was the owner of such specified capital asset as on the 2nd day of June, 2014 and transfers that specified capital asset under the Land Pooling Scheme (herein referred to as "the scheme") covered under the Andhra Pradesh Capital City Land Pooling Scheme (Formulation and Implementation) Rules, 2015 made under the provisions of the Andhra Pradesh Capital Region Development Authority Act, 2014 (Andhra Pradesh Act 11 of 2014) and the rules, regulations and Schemes made under the said Act.

2. For the purposes of this clause, "specified capital asset" means,—

(a) the land or building or both owned by the assessee as on the 2nd day of June, 2014 and which has been transferred under the scheme; or

(b) the land pooling ownership certificate issued under the scheme to the assessee in respect of land or building or both referred to in clause (a); or

(c) the reconstituted plot or land, as the case may be, received by the assessee in lieu of land or building or both referred to in clause (a) in accordance with the scheme, if such plot or land, as the case may be, so received is transferred within two years from the end of the financial year in which the possession of such plot or land was handed over to him.]

10(38) : Due to insertion of new Section 112A as per Finance Act, 2018 w.e.f. 1-4-2018, exemption on long term Capital Gains arising on transfer of equity share and unit of an equity oriented fund or a unit of a business trust not allowed

3. COMPUTATION OF CAPITAL GAINS (SECTION 48)

The method of computation depends on the nature of capital asset transferred. It is as follows:—

Short-term Capital Gains	*Long-term Capital Gains*
A. Find out Full Value of Consideration	A. Find out Full Value of Consideration

Higher of the following:—

(a) Full value of the consideration received or accruing

(b) Value adopted or assessed or assessable by any authority of a State Government for the purpose of payment of stamp duty in respect of such transfer.

However, if value adopted or assessed or assessable by the stamp valuation authority does not exceed 105% of the consideration received or accruing as a result of the transfer, the consideration so received or accruing as a result of the transfer shall be deemed to be the full value of the consideration as per Section 48 as inserted by Finance Act, 2018 w.e.f. A.Y. 2019-20.

(ii) For transfer of share other than quoted share : Section 50CA (Inserted by Finance Act, 2017, w.e.f. AY 2018-19)

Higher of the following:—

(a) Full value of the consideration received or accruing

(b) Fair Market Value in such manner as may be prescribed

(iii) Fair market value shall be deemed to be full value of consideration : Section 50D

Where the consideration received or accruing as a result of transfer of capital asset is not ascertainable or cannot be determined, then, the fair market value of the said asset on the date of transfer shall be deemed to be the full value of the consideration.

Finance Act, 2019 has inserted a proviso to state that provisions of this section shall not apply to certain prescribed class of persons.

5. INDEXED COST OF ACQUISITION =

Cost of acquisition X Cost inflation index for the financial year in which the asset is transferred

---

Cost inflation index for the first financial year in which the asset was held by the assessee or the year beginning on 1-4-2001, whichever is later or the year of improvement of the asset

Earlier base year was 1981 which has now been shifted to 2001. i.e. As per Finance Act, 2017 (w.e.f. AY 18-19) Section 55 has been amended so as to provide that the cost of acquisition of an asset acquired before 1-4.2001 (earlier 1-4-1981) shall be allowed to be taken as fair market value as on 1st April, 2001 (earlier 1-4-1981) and the cost of improvement shall include only those capital expenses which are incurred after 1-4-2001 (earlier 1-4-1981).

6. SECTION 111A: TAX ON SHORT TERM CAPITAL GAIN IN CERTAIN CASES

Short term capital gains arising on transfer of equity share in a company where on sale of such shares STT is payable or a unit of an equity oriented fund or (w.e.f. 1st day of April, 2015) unit of a business trust shall be eligible for tax at the rate of 15% provided it satisfies the other conditions specified under the said section.

The above provision shall not apply if the units of the business trust were acquired by an assessee in consideration of transfer of a share of a special purpose vehicle to a business trust in exchange of units allotted by that trust to the transferor as referred to in clause (xvii) of section 47.

7. SECTION 112A: TAX ON LONG TERM CAPITAL GAIN IN CERTAIN CASES

1. Long term capital gains arising on—

(i) transfer of equity shares or a unit of an equity oriented fund or unit of a business trust (w.e.f. 1st day of April, 2018) and

(ii) STT is paid —

a) on acquisition and transfer of equity share (however the Central Government may by notification specify nature of acquisitions where STT is not paid); or

b) on transfer of unit of an equity oriented fund or unit of a business trust is chargeable to tax at the rate of 10% on long term capital gain exceeding ₹ 1,00,000/-.

2. The cost of acquisition [see Section 55A(2)(ac)] for the purposes of computing capital gains acquired by the assessee before the 1st day of February, 2018, shall be deemed to be the higher of—
   (i) the actual cost of acquisition of such asset; and
   (ii) the lower of —
      (a) the fair market value of such asset #; and
      (b) the full value of consideration received or accruing as a result of the transfer of the capital asset.

   #Fair Market Value means
      (a) Highest Price of Equity Shares on 31-1-2018 or

11. SECTION 50: SPECIAL PROVISION FOR COMPUTATION OF CAPITAL GAINS IN CASE OF DEPRECIABLE ASSETS

Opening W.D.V. of the Block of Assets

Less: Full value of consideration received or accruing as a result of transfer or transfers of asset falling within the concerned block of assets during the relevant previous year

Less: Expenditure incurred wholly and exclusively in connection with such transfer or transfers. This deduction would not be available in a case where the entire block ceases to exist as such, for the reason that all the assets in that block are transferred during the year.

Add: Actual cost of any asset falling within the concerned block of assets acquired during the relevant previous year.

Closing WDV/short-term capital gains/short-term capital loss

Where the resultant figure is negative, the same is chargeable as deemed short-term capital gains u/s. 50.

In case it is positive and the entire block ceases to exist as such, the resultant figure indicates deemed short-term capital loss (refer CBDT Circular No. 469 dated 23-9-1986 — reported in 162 ITR (Stat) 21, 30).

If the resultant figure is positive and the block continues to exist, the assessee will be entitled to claim depreciation on the resultant figure.

12. SECTION 50B: SPECIAL PROVISION FOR COMPUTATION OF CAPITAL GAINS IN CASE OF SLUMP SALE

1. As per Section 2(42), slump sale means transfer of one or more undertakings as a result of the sale of lump sum consideration without values being assigned to the individual assets and liabilities.
2. Where the undertaking is held for more than thirty six months, the gains would be deemed as long term capital gains.
3. Where the undertaking is held for not more thirty six months, the gains would be deemed as short-term capital gains.
4. Cost of acquisition in this case would be the "net worth" of the undertaking or division.
5. "Net worth" means aggregate value of total assets as reduced by the value of liabilities.

13. SECTION 51: ADVANCE MONEY RECEIVED

W.e.f. 1st day of April, 2015, any sum received as advance or otherwise in course of negotiations for transfer of capital asset and which has been taxed under clause (ix) of Section 56(2), then such sum shall not be deducted in computing the cost of acquisition.

14. SECTION 55A: AS PER SECTION 55A THE AO MAY REFER TO THE VALUATION OFFICER FOR ASCERTAINING THE FAIR MARKET VALUE OF THE ASSET UNDER FOLLOWING CIRCUMSTANCES

1. Where in view of the AO the value of the asset claimed by the assessee in accordance with the estimate made by a registered valuer, is less than is FMV or w.e.f. 1-7-2012, Section 55A, clause (a) is amended as follows:
2. Where in view of the AO, the value of the asset claimed by the assessee in accordance with the estimate made by a registered valuer is at variance with its fair market value, or
3. Where in view of the AO the value of the asset claimed by the assessee is less than the FMV by so much percentage or by so much amount as may be prescribed, or
4. Having regard to the nature of the asset and other relevant circumstances, it is necessary to do so.

17. NOTES

1 In case New Asset is transferred before 3 years from date of purchase/construction, the Capital Gains exempted earlier will be chargeable to tax in year of transfer of new asset.

2 In order to avail the exemption, gains are to be reinvested, before the due date of return u/s. 139(1). If the amount is not so reinvested, it is to be deposited on or before that date in account of specified bank/institution and it should be utilised within specified time limit for purchase/ construction of new asset.

3 U/s. 54F Capital Gains exempted earlier shall be chargeable to tax — if (a) If the assessee purchases within 2 years or constructs within 3 years any residential house other than the one in which reinvestment is made & (b) If the new asset is transferred within a period of 3 years from the date of its purchase/construction.

4 As per Section 54H, where the transfer is by way of compulsory acquisition, the period available for acquiring the new asset u/ss. 54, 54B, 54D, 54EC and 54F shall be computed from the date of receipt of compensation and not the date of transfer.

5 If cost of new asset is more than the net consideration of original asset, the whole of the gains is exempt. If cost of specified asset is less than net consideration, proportionate amount of the gains will be exempt i.e. Capital Gains X Cost of New Asset/Net Consideration on sale of asset.

6 Under Section 54GB—

"Eligible company" means a company which fulfils the following conditions, namely:—

i. it is a company incorporated in India during the period from the 1st day of April of the previous year relevant to the assessment year in which the capital gain arises to the due date of furnishing of return of income under sub-section (1) of Section 139 by the assessee;

ii. it is engaged in the business of manufacture of an article or a thing;

iii. it is a company in which the assessee has more than 50% share capital or more than 50% voting rights after the subscription in shares by the assessee; and

iv. it is a company which qualifies to be a small or medium enterprise under the Micro, Small and Medium Enterprises Act, 2006;

"New asset" means new plant and machinery but does not include—

i. any machinery or plant which, before its installation by the assessee, was used either within or outside India by any other person;

ii. Any machinery or plant installed in any office premises or any residential accommodation, including accommodation in the nature of a guest house;

iii. Any office appliances including computers or computer software;

iv. Any vehicle; or

v. any machinery or plant, the whole of the actual cost of which is allowed as a deduction (whether by way of depreciation or otherwise) in computing the income chargeable under the head "Profits and Gains of Business or Profession" of any previous year.

7 U/s. 54GB, if the equity shares of the company or the new asset acquired by the company are sold or otherwise transferred within a period of five years from the date of their acquisition, the amount of capital gains arising from the transfer of the residential property which was not charged to tax, shall be deemed to be the income of the assessee chargeable under the head "Capital gains" of the previous year in which such equity shares or such new asset are sold or otherwise transferred, in addition to taxability of gains, arising on account of transfer of shares or of the new asset, in the hands of the assessee or the company, as the case may be.

8 The exemption u/s. 54GB is available in case of any transfer of residential property made on or before 31st March, 2019. However, the time period has been extended from 31st March, 2019 to 31st March, 2021 in case the investment is made in an 'eligible start-up'. (Inserted by

Finance Act, 2016 w.e.f. 1-4-2017 [term 'eligible start-up – as defined in explanation below section 80-IAC(4)].

9 Exemption u/s. 54EC

Lower of the Capital Gain or the actual amount invested in specified assets.

However the aggregate investment made by assessee in the specified asset, during the financial year in which the original asset/assets are transferred and in the subsequent financial year should not exceed fifty lakh rupees.

In accordance with Finance Act, 2017 (w.e.f. A.Y.18-19) investment in any bond redeemable after three years which has been notified by Central government in this behalf shall be eligible for exemption. Earlier investment only in bonds of NHAI and Rural Electrification Corporation were eligible for exemption

Income from Other Sources

Synopsis

Section 2(24) defines the term "income" under the Act, and the same is charged to tax by section 4 of the Act. Section 14 enumerates the different heads under which the income of an assessee is classified, viz.

A. Salaries,

B. Income from house property,

C. Profit and gains of business or profession,

D. Capital gains, and

E. Income from other sources.

Income of every kind which is not to be excluded from the total income under the Act, and if it is not charged to tax under the heads A to D specified in section 14, shall be charged under the head Income from other sources. Thus section 56 deals with this residuary head of income and covers all such taxable income.

Nature of income and the basis of charge

Sub-section 2 to section 56 enumerates various types of income which would be chargeable to tax under the residuary head, viz.

(a) Income by way of dividends [which includes deemed dividend as has been referred to in section 2(22)(e) of the Act].

Exemptions are:

(i) Dividend income referred to in section 115-O (on which dividend distribution tax has been paid),

(ii) Any income by way of income received in respect of units of a Mutual Fund, Administrator of a specified undertaking or from a specified company; (income arising from transfer of units is not exempt).

(b) Income by way of winning from lotteries, crossword puzzles, races, card games and other games, gambling or betting, etc. [Section 2(24)(ix)].

(c) Any sum received from employees by way of contribution to any P.F., ESIC or superannuation fund if such income is not chargeable under the head Profit and Gains of Business or Profession [Section 2(24)(x)].

(d) Any sum received under a keyman insurance policy including amount allocated by way of bonus on such policy, if not chargeable under the head Salaries or Profit and gains of business or profession [Section 2(24)(xi)].

(e) Income by way of interest on securities if not chargeable under the head Profit and Gains of Business or Profession [Section 2(24)(id)].

(f) Income from letting of machineries, plant or furniture belonging to assessee, if not chargeable to tax under the head Profit and Gains of Business or Profession [Section 2(24)(ii)].

(g) Income from letting of machineries, plant or furniture belonging to assessee and also building, where letting of building is not separable from letting of such machineries, etc., then entire income therefrom, if not chargeable to tax under the head Profit and Gains of Business or Profession. [Section 2(24)(iii)].

THE PROVISIONS OF SUB-SECTION (v) TO (viib) WHICH APPLIED TO GIFTS RECEIVED BY INDIVIDUALS, HUFS, FIRMS, CLOSELY HELD COMPANIES WHICH WERE APPLICABLE DURING DIFFERENT PERIODS FROM 1-4-2006 TO 31-3-2017 AND WERE COVERED IN EARLIER REFERENCERS ARE NOT BEING REPEATED, AS DELETED.

THE NEW SUB SECTION (x) WHICH IS APPLICABLE FROM 1-4-2017 TO ALL ASSESSEES ARE ENUMERATED FOR REFERENCE:

(h) With effect from 1st April 2017:

Where any person (which includes individual, HUF, AOP, BOI, artificial juridical person, firm, cooperative society, company) receives, in any previous year, from any person or persons:

any sum of money, without consideration, the aggregate value of which exceeds fifty thousand rupees, the whole of the aggregate value of such sum;

any immovable property,—

without consideration, the stamp duty value of which exceeds fifty thousand rupees, the stamp duty value of such property;

for a consideration which is less than the stamp duty value of the property by an amount exceeding fifty thousand rupees, the stamp duty value of such property as exceeds such consideration; and the amount equal to 5 per cent of the consideration. (AY 2019-20 onwards)

Provided that where the date of agreement fixing the amount of consideration for the transfer of immovable property and the date of registration are not the same, the stamp duty value on the date of agreement may be taken for the purposes of this sub-clause:

Provided further that the provisions of the first proviso shall apply only in a case where the amount of consideration referred to therein, or a part thereof, has been paid by way of an account payee cheque or an account payee bank draft or by use of electronic clearing system through a bank account, on or before the date of agreement for transfer of such immovable property:

Brother or sister of the individual;

Brother or sister of the spouse of the individual;

Brother or sister of either of the parents of the individual;

Any lineal ascendant or descendant of the individual;

Any lineal ascendant or descendant of the spouse of the individual;

Spouse of any of the above

In the case of HUF any member thereof.

(i) With effect from 1-4-2019 (AY 2019-20) compensation or other payment due to or received by any person, by whatever name called, in connection with the termination of his employment or the modification of the terms and conditions relating thereto.

Applicability of [Section 145(1)] in case of income chargeable under this head

Section 145(1) provides that income chargeable under the head Income from other sources shall be computed either on cash or mercantile system of accounting, depending on the method of accounting regularly employed by the assessee. The assessee is also required to follow the Accounting Standards notified by The Central Government (for Accounting Standard refer Notification No. 9949 [F. No. 132/7-95-TPL] dated 25-1-1996).

DEDUCTION ALLOWED FROM INCOME CHARGEABLE UNDER THIS HEAD [SECTION 57]

In case of income from dividend (other than Dividend referred in section 115-O) or interest on securities

Any reasonable sum, paid by way of commission or remuneration to a banker or any other person for the purpose for realising dividend (other than dividend referred to in Section 115-O), or interest as the case may be on behalf of the assessee.

In case of sum received by assessee from his employees as contribution to any funds, etc. as referred to in Section 2(24)(x)

Any amount paid or credited by the assessee to the employee's account of the relevant fund/s as referred to in section 2(24)(x) of the Act, provided such sum is paid or credited by the assessee to the employee's account of the relevant fund on or before due date specified under those Acts.

In case of letting of machinery, plant, furniture, and building

In respect of building:

(1) amount paid by the assessee on the account of current repairs to the premises if the premises are occupied by the assessee otherwise than as the tenant.

(2) any premium paid for the risk of damage or destruction to the premises, and

(3) depreciation and unabsorbed depreciation as per section 32(i), subject however, to the provisions of section 38 which restrict such allowance based on usages.

In respect of plant and machinery and furniture

(1) amount paid by the assessee on the account of current repairs to the plant and machineries

(2) any premium paid for the risk of damage or destruction to such plant and machineries and

(3) depreciation and unabsorbed depreciation as per section 32, subject however, to the provisions of section 38 which restrict such allowance based on usages.

In case of income in the nature of family pension received by family of the employee in whose hand such amount is chargeable

Deduction is allowed to the extent of lower of (a) one-third of such income or (b) ₹ 15,000 (₹ 12,000 up to the assessment year 1997-98).

For this purpose family pension means a regular monthly amount payable by the employer to a person belonging to the family of the employee in the event of his death.

In case of income of the nature Interest on compensation or on enhanced compensation received in any year

Deduction is allowed of a sum equal to 50% of such Interest on compensation or on enhanced compensation received in any year. Other than this no other deduction will be allowed under any other clause of this section.

Any other expenditure [General deductions Section 57(iii)]

Any other expenditure (not being in nature of capital expenditure) laid out or expended wholly and exclusively for the purpose of making or earning income chargeable under the head 'Income from other sources', is deductible.

For the purpose of claiming deduction under this clause it is not necessary that expenditure incurred should result in earning of income [CIT vs. Rajendra Prasad Moody 115 ITR 519 (SC)].

AMOUNTS NOT DEDUCTIBLE

Following sum irrespective of whatever or not allowed as deduction under Section 57, shall not be deductible in computing the income under the head "Income from Other Sources".

(1) Personal expenses of the assessee.

(2) Any interest which is payable outside India on which tax has not been paid or deducted.

(3) Any payment chargeable under the head Salaries, payable outside India, if tax has not been paid or deducted therefrom.

(4) Any amount disallowable u/s 40(a)(i) or (ia) – i.e. for failure to deduct tax at source, if applicable (AY 2019-20).

(5) Any amount disallowed as per section 40A in so far as they are applicable to the income chargeable under this head as they may apply to income chargeable under profits and gains of business and profession.

(6) In case of foreign company, expenditure in respect of royalty or fees for technical services as deductible under the provision of section 44D in so far as they are applicable to income chargeable under the head profits and gains.

(7) In case of income in the nature of winning from lotteries, crossword puzzles, races including horse race and games of any sorts, etc., no deduction for expenses or allowances shall be allowed which are incurred in connection with such income. However, this provision of disallowance does not apply in computing income from the activity of owning and maintaining race horses of an assessee being the owner of the horses maintained by him for running in horse races.

APPLICABILITY OF SECTION 14A

Further by virtue of section 14A, no deduction is allowed in respect of expenditure incurred by the assessee in relation to the income which does not form part of the total income under the Act.

PROFITS CHARGEABLE TO TAX [SECTION 59]

Section 59 provides for applicability of section 41(1) of the Act as it would be applicable to income chargeable under the head Profits and Gains of Business and Profession. Thus if any expenditure, loss or trading liabilities incurred by the assessee in any previous year and is allowed as deduction while computing the Income under this head and if later any amount of recovery is made against any such expenses, for which deduction was previously allowed under this head, shall be included in the income of the assessee in the year in which such recovery is made as "Income from Other Sources".

Notes

1. Where in respect of any assessment year, the net result of the computation under the head "Income from House Property" is a loss and the assessee has income assessable under any other head of income, the assessee shall not be entitled to set off such loss, to the extent the amount of the loss exceeds two lakh rupees, against income under the other head.
2. From A.Y. 2000-01, conditions as to continuation of the same business in which the loss was incurred, has been dispensed with.
3. Losses from under mentioned transactions would not be considered as speculation transactions and such losses can be set-off against any other income.
   - Transactions entered into by the assessee to guard against the future price fluctuations of the raw material or merchandise in course of his manufacturing or merchandising [u/s. 43(5) proviso (a)].
   - Transactions of trading in derivatives (referred in section 2(ac) of Securities Contracts (Regulation) Act, 1956) entered into on recognised stock exchange through a broker or SEBI recognised intermediary and supported by a time stamped contract note [u/s. 43(5) proviso (d)].
   - Transaction in respect of trading in commodity derivatives carried out in a recognised association which is chargeable to commodities transaction tax shall not be considered to be a speculative transaction [u/s. 43(5) proviso (e)]

4. As per the Explanation to Section 73 Losses from purchase and sale of shares would be treated as speculation losses except in case of following companies
   - company whose gross total income consists mainly of income which is chargeable under the heads "Interest on securities", "Income from House Property", "Capital gains" and "Income from Other Sources"
   - a company whose principal business is the business of banking or the granting of loans and advances (A.Y. 2014-15 & onwards)
   - a company whose principal business is the business of trading in share or banking or the granting of loans and advances (A.Y. 2015-16 & onwards)
5. Priority for set off of depreciation, business loss may be in the following order:
   - Current Year's Depreciation
   - Unabsorbed Carried Forward Business Loss
   - Unabsorbed Carried Forward Depreciation
6. In case of firm, where a change has occurred in the constitution of a firm, the firm shall not be entitled to carry forward and set off so much of the loss in proportion to the share of a retired or deceased partner as exceeds his share of profits, if any, in the firm in respect of the previous year [Section 78(1)]. However, such restriction shall not be applicable where any person is succeeded by way of inheritance [Section 78(2)].
7. In the case of a company, not being a company in which the public are substantially interested, carry forward of the loss is not allowed where a on the last day of the previous year, the shares of the such company carrying not less than fifty-one per cent of the voting power were beneficially held by persons who beneficially held shares of the company carrying not less than fifty-one per cent of the voting power on the last day of the year or years in which the loss was incurred. However this shall not apply:
   - to a case where a change in the said voting power and shareholding takes place in a previous year consequent upon the death of a shareholder or on account of transfer of shares by way of gift to any relative of the shareholder making such gift;
   - to any change in the shareholding of an Indian company which is a subsidiary of a foreign company as a result of amalgamation or demerger of a foreign company subject to the condition that fifty-one per cent. shareholders of amalgamating or demerged foreign company continue to be the shareholders of the amalgamated or the resulting foreign company;
   - to a company where a change in the shareholding takes place in a previous year pursuant to a resolution plan approved under the Insolvency and Bankruptcy Code, 2016, after affording a reasonable opportunity of being heard to the jurisdictional Principal Commissioner or Commissioner;
   - to a company, and its subsidiary and the subsidiary of such subsidiary, the Tribunal, on an application moved by the Central Government under section 241 of the Companies Act, 2013, has suspended the Board of Directors of such company and has appointed new directors nominated by the Central Government, under section 242 of the said Act; and a change in shareholding of such company, and its subsidiary and the subsidiary of such subsidiary, has taken place in a previous year pursuant to a resolution plan approved by the Tribunal under section 242 of the Companies Act, 2013 after affording a reasonable opportunity of being heard to the jurisdictional Principal Commissioner or Commissioner
   - to an eligible start up as referred to in section 80-IAC, provided if all the shareholders of such company who held shares carrying voting power on the last day of the year or years in which the loss was incurred, continue to hold those shares on the last day of such previous year and such loss has been incurred during the period of seven years beginning from the year in which such company is incorporated.
8. In terms of section 80, the losses other than depreciation & house property loss can be carried forward only if determined in pursuance of the return filed within the time prescribed u/s. 139(1). However in case return is filed late, Income Tax Authorities have the power to condone delay on the basis of limit of losses – Circular No. 8/2001 dated 16-5-2001.
9. As per section 94(7) if any person
   - buys units of mutual funds/securities within the period of 3 months prior to record date for dividend, and
   - transfers/sells such securities within 3 months of such record date or transfers/sells units within the period of 9 months of such record date
   - dividend or income received or receivable on such securities/units is exempt

   Then, the loss arising to the extent of the amount of dividend received or receivable shall be ignored while computing his total income chargeable to tax.
10. As per section 94(8) if any person
    - buys units of mutual funds or UTI within the period of 3 months prior to record date for issue of bonus units and receives bonus units on such date
    - transfers/sells all or any of the original units within period of 9 months of such record date
    - he continues to hold all or any of the bonus units

    Then the loss arising in respect of such purchase & sale transaction shall be ignored while computing his total income. However loss so ignored shall be deemed to be the cost of purchase or acquisition of such additional units as are held on the date of sale or transfer.
11. Capital gain resulted from the transfer of a depreciable asset held for a period of more than three years, may be set off against the brought forward loss from the long-term capital assets.
12. In case of buy-back of shares which is subject to tax u/s. 115QA, arisen losses may not be allowed to be set off or carried forward.
13. Long-term capital losses except in case of sale/transfer of shares/units of equity oriented mutual funds/units of a business trust subjected to STT to be set off only against taxable long-term capital gains and not against exempt long-term capital gains. However, set off of indexed long-term capital loss can be set off against long-term capital gain without indexation.

14. Provisions of sections 70, 71 and 72 are applicable even in respect of loss incurred in business which are eligible for deduction under section 80-IA, 80-IB, etc. Where section 71 grants an option to an assessee for set off of any head of loss against any head of income, then at the option of assessee such loss could be set off against respective income. E.g. where assessee has suffered loss under head 'Business' at his option such loss could be set off against 'Income from other sources', in first instance, and only surviving loss could be set off against 'income from capital gains'.

15. For the purpose of section 72A, Accumulated loss, Unabsorbed Depreciation and Industrial undertaking has been defined as :

"Accumulated loss" means so much of the loss of the predecessor firm or the proprietary concern or the private company or unlisted public company before conversion into limited liability partnership or the amalgamating company or the demerged company, as the case may be, under the head "Profits and Gains of Business or Profession" (not being a loss sustained in a speculation business) which such predecessor firm or the proprietary concern or the company or amalgamating company or demerged company, would have been entitled to carry forward and set off under the provisions of section 72 if the reorganization of business or conversion or amalgamation or demerger had not taken place.

'Industrial undertaking" means any undertaking engaged in the manufacture or processing of goods, or the manufacture of computer software or in the business of generation or distribution of electricity or any other form of power or mining or the construction of ships, aircraft or rail systems or the business of providing telecommunication services whether basic or cellular including radio paging, domestic satellite service, network of trunking, broadband network and internet services.

"Specified bank" means the State Bank of India constituted under the State Bank of India Act, 1955 (23 of 1955) or a subsidiary bank as defined in the State Bank of India (Subsidiary Banks) Act, 1959 (38 of 1959) or a corresponding new bank constituted under section 3 of the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970 (5 of 1970) or under section 3 of the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1980 (40 of 1980).

16. In case of Amalgamation of a company owning an industrial undertaking or a ship or a hotel with another company or of a banking company as referred to in section 5(c) of the Banking Regulations Act, 1949 with a specified bank or of a public sector company engaged in the business of operation of aircraft with one or more public sector companies engaged in the similar business, the accumulated loss and unabsorbed depreciation of Amalgamating (transferor) company can be transferred to Amalgamated (transferee) company, if

    (a) Amalgamated company holds continuously 3/4th book value of fixed assets acquired from Amalgamating Company for at least 5 years from date of Amalgamation.

    (b) Amalgamated company continues to carry on the business of the amalgamating company for at least 5 years.

    (c) The Amalgamated company shall achieve the level of production of at least 50% of the installed capacity of the said undertaking before the end of the four years from the date of amalgamation and continue to maintain the said minimum level of production till the end of 5 years from the date of amalgamation. The amalgamated company shall also furnish to Assessing Officer a certificate in Form No. 62 providing prescribed production particulars, duly verified by chartered accountant. (Rule 9C). However, on application to Central Government, this condition may be relaxed

    (d) Amalgamating company has been engaged in the business, in which the accumulated loss occurred or depreciation remains unabsorbed, for 3 or more years.

    (e) Amalgamating company has held continuously as on the date of amalgamation at least 3/4th of the book value of fixed assets held by it 2 years prior to the date of amalgamation.

17. In case of Demerger, accumulated loss and unabsorbed depreciation of Demerged Company can be transferred to Resulting Company:

    (a) where such losses and unabsorbed depreciation is directly relatable to undertaking transferred, the whole of such losses or unabsorbed depreciation to be allowed to be carried forward and set off in the hands of the resulting company.

    (b) where such losses and unabsorbed depreciation is not directly relatable to undertaking transferred, then such losses and unabsorbed depreciation would be apportioned in ratio of assets retained by the Demerged Company and transferred to the Resulting Company.

    (c) The Central Government may by a notification in *Official Gazette,* specify such conditions as it considers necessary to ensure that the demerger is for genuine business purposes.

18. Carry forward and set off of loss incurred by the erstwhile Partnership firm and proprietary concern is allowed only if conditions prescribed u/s. 47(xiii)/47(xiv) is complied. In case prescribed conditions are not complied, aggregate set off of such losses or allowance of depreciation in any previous year shall be income of the successor company of the previous year in which such conditions are violated.

19. Carry forward and set off of loss incurred by the erstwhile Private company or Unlisted public company is allowed only if conditions prescribed u/s. 47(xiiib) are complied. In case prescribed conditions are not complied, aggregate set off of such losses or allowance of depreciation in any previous year shall be income of the successor LLP of the previous year in which such conditions are violated.

20. For the purpose of section 72AA Accumulated loss and Unabsorbed Depreciation has been defined as:

"Accumulated Loss" means so much of the loss of the amalgamating banking company under the head "Profits and gains of business or profession" (not being a loss sustained in a speculation business) which such amalgamating banking company, would have been entitled to carry forward and set-off under the provisions of section 72 if the amalgamation had not taken place.

"Unabsorbed Depreciation" means so much of the allowance for depreciation of the amalgamating banking company which, would have been allowed to such banking company as if the amalgamation had not taken place.

21. (a) There is amalgamation of a banking company with any other banking institution.

    (b) Amalgamation is sanctioned u/s. 45(7) of Banking Regulation Act, 1949.

    (c) Condition of sections 72A and 2(1B)(i)/(ii)/(iii) need not be satisfied.

22. For the purpose of section 72AB Accumulated loss and Unabsorbed Depreciation has been defined as:

    "Accumulated Loss" means so much of the loss of the amalgamating co-operative bank or the demerged co-operative bank, under the head Profits and gains of business or profession (other than speculation loss), which such amalgamating co-operative bank or the demerged bank would have been entitled to carry forward or set off as if the business reorganization had not taken place.

    "Unabsorbed Depreciation" means so much of the allowance for depreciation of the amalgamating co-operative bank or the demerged co-operative bank, which would have been allowed to such amalgamating co-operative bank or the demerged co-operative bank as if the business reorganization had not taken place.

23. (a) The predecessor bank is engaged in banking business for 3 or more years.

    (b) The predecessor bank has held at least 3/4th of the book value of fixed assets as on the date of business reorganization, continuously for 2 years prior to the date of business reorganisation.

    (c) The successor bank holds at least 3/4th of book value of fixed assets of the predecessor bank, continuously for minimum 5 years from the date of business reorganisation.

    (d) The successor continues the business of the predecessor bank, continuously for minimum 5 years from the date of business reorganisation.

    (e) The successor fulfils such other conditions as may be prescribed.

24. In case of amalgamation/demerger, unabsorbed capital expenditure e.g., scientific research, family planning may also be allowed to be carried forward and set off in the hands of resulting company.

25. Any loss under any head of income cannot be set off against the income from winnings from lotteries, crossword puzzles, race horses etc.

26. It is proposed to provide that no expenditure or allowance or set off of any loss shall be allowed in respect of undisclosed income determined by the Assessing Officer under section 115BBE of the Act.

27. It is proposed that the provision of section 79 of the Income-tax Act (the Act) regarding restriction on shareholding for the purpose of carry forward loss shall not apply in case of change of shareholding pursuant to an approved resolution plan under IBC, 2016 where an opportunity of being heard has been given to the Principal Commissioner or Commissioner.

Reliefs under Income-tax Act, 1961

INCOME TAX	RELIEFS
SECTION 87A	**REBATE FROM INCOME TAX PAYABLE WHEN THE NET TOTAL INCOME OF THE RESIDENT INDIVIDUAL IS NOT EXCEEDING ₹ 5,00,000/-**
Persons Covered	The rebate under this section is allowed only to the resident individual whose net total income is not exceeding ₹ 5,00,000/-
Rebate	Rebate under this section is available for amount which is lower of: (i) 100% of tax payable on total income, or (ii) ₹ 12,500/-
SECTION 89	**RELIEF FROM INCOME TAX PAYABLE WHEN SALARY/FAMILY PENSION/GRATUITY PAID IN ARREARS/ADVANCE**
Persons Covered	Any assessee in receipt of any kind of salary or profits in lieu of salary or family pension or gratuity, which is received in arrears or in advance
Relevant Conditions	1. The assessee's total income due to receipt of such arrears or advance gets assessed at a rate higher than that at which it would otherwise have been assessed. 2. The assessee being a government servant or an employee in a company, co-operative society, local authority, university, institution, association who is entitled to claim relief u/s. 89, may furnish to his employer, the particulars specified in Form 10E. The employer in such case shall compute the relief u/s. 89 on the basis of such particulars and take it into account while deducting TDS [vide section 192(2A)]. 3. As per Circular No. 431 dated 12-9-1985, the relief u/s. 89 shall be admissible in respect of encashment of leave salary by an employee when in service. 4. The relief is to be given in the assessment in which the extra payment by way of arrears, advance, etc., is taxed. 5. In order to claim relief, the assessee should send an application to concerned assessing officer on plain paper.
Relevant Percentage/Amount	Method of computation of relief u/s. 89 [Rule 21A] Find out two rates of tax. First is the rate of tax applicable to the extra amount (arrears or advance) in the year of receipt/ getting taxed. Second is finding out the rate of tax on extra amount for the years to which they relate. Difference between the two is extent of relief. The mode of computation of relief for different types of receipts is given below: **A. In respect of salary/family pension paid in arrears/advance {Additional Salary}** 1. Calculate tax on total income, including the additional salary of the previous year in which the same is received; 2. Calculate the tax on total income as reduced by the additional salary of the previous year in which the same is received; 3. Calculate the difference between tax at (1) and (2). The resultant figure is tax on additional salary in the year of receipt; 4. Ascertain the previous years to which the additional salary relates; 5. Calculate the tax on the total income as increased by the relevant additional salary in respect of each such previous years and total up such taxes for all such previous years; 6. Calculate the tax on total income without including such additional salary in respect of each such previous years and total up the taxes for all such previous years; 7. Calculate the difference between tax at (5) and (6). The resultant figure is tax on additional salary for the year to which it pertains; 8. The excess of tax computed at (3) over the tax computed at (7) is the amount of relief admissible.

INCOME TAX	RELIEFS
	B. In respect of Gratuity *a. Where payment of gratuity is for past service of 15 years or more:—* 1. Calculate the tax on total income including the amount of gratuity [in excess of exempt u/s. 10(10)] of the previous year in which gratuity is received; 2. Find out the average rate of tax on total income by dividing the tax arrived at in (1) by the total income (including the amount of gratuity) of the previous year in which the gratuity is received; 3. Find out tax payable on gratuity in year of receipt by multiplying the average rate of tax arrived at in (2) with the amount of gratuity; 4. Add one-third of the amount of gratuity to the total income of each of the three years immediately preceding the previous year in which such gratuity is received; 5. Find out tax on total income (after including one-third gratuity), for each of the three preceding previous years arrived at in (4); 6. Find out the average rate of tax on total income of each of three preceding previous years by dividing the tax arrived at in (5) of the relevant previous year by the total income (including the amount of one-third gratuity) of that year; 7. Total the average rates of these three years and divide the result by three in order to work out the average of these three average rates; 8. Multiply the average of these three average rates arrived at as per (7) with the amount of gratuity received [in excess of exempt u/s. 10(10)]; 9. The excess of tax computed at (3) over the tax computed at (8) is the amount of relief admissible. *b. Where payment of gratuity is for past service >5 and <15 years:* The method of calculating the relief will be the same as in (a) above except that the total income of each of the two (instead of three) immediately preceding previous years is to be increased by one-half (instead of one-third) of the amount of gratuity and accordingly average of average rates of preceding two years (instead of three) is to be computed. *c. Where payment of gratuity is for past service of less than 5 years:* No relief is admissible in such cases. **C. In respect of compensation on termination of employment** Where compensation is received by assessee from his employer or former employer at or in connection with the termination of his employment after continuous service of not less than three years and the unexpired portion of his service is also not less than three years then, the relief is calculated in the same manner as if gratuity was paid to employee in respect of service rendered for a period of 15 years or more [same as (B)(a) above]. Relief u/s. 89(1) is admissible even/also in respect of compensation received under Voluntary Retirement Scheme/Voluntary Separation Scheme, to the extent the same is taxable. An employee of public sector company receiving any amount on his voluntary retirement or termination of service or voluntary separation in accordance with the specified scheme, will either be entitled to exemption up to ₹ 5,00,000 under Section 10(10C) or relief under Section 89 of spreading the taxability of such income over several years, but not both. These two sections being distinct in their scope, the assessee can claim the benefit u/s. 89 in respect of the amount in excess of the amount exempt under Section 10(10C). **D. In respect of Commutation of Pension** In case of commutation of pension [in excess of exempt u/s. 10(10A)], the relief is calculated in the same manner as if gratuity was paid to employee in respect of service rendered for a period of 15 years or more [same as (B)(a) above].

Transfer Pricing – International Transactions

INDIAN TRANSFER PRICING PROVISIONS

The Finance Act, 2001 introduced detailed provisions relating to transfer pricing, requiring all 'international transactions' between 'associated enterprises' to be at arm's length. These provisions are applicable to the transactions with effect from 1st April, 2001. The Finance Act, 2012 had extended the provisions of transfer pricing regulations to certain specified domestic transactions ('SDTs') which fulfil the prescribed conditions which was then modified vide Finance Act, 2017 limiting the covered SDTs to certain specified entities. The Finance Act, 2017 had also introduced the concept of secondary adjustments and provisions pertaining to limitation of interest deduction within the Indian Transfer pricing regulations. The Finance Act, 2018 did not bring major changes to this chapter. The Finance (No.2) Bill, 2019[1] has provided clarification to the concept of secondary adjustments and it has also provided that every constituent entity of an international group shall be required to file master file even when there is no international transaction undertaken by such constituent entity. Further, It is also provided that the assessing officer or Commissioner of Income Tax (Appeals) cannot obtain master file from the taxpayer.

SCOPE OF APPLICATION OF THE PROVISIONS

Any income/expense arising from an international transaction with an associated enterprise must be computed having regard to the arm's length price. Also, costs or expenses allocated or apportioned between two or more associated enterprises based on mutual agreement or arrangement, should be determined having regard to arm's length price. The transfer pricing provisions are wide enough to cover transactions between a foreign entity and its permanent establishment in India. The transfer pricing provisions would however not apply in cases wherein the application of the arm's length price results in a downward revision in the income chargeable to tax in India or results in an increase in the loss.

INTERNATIONAL TRANSACTIONS

- The term 'international transactions' covers a wide range of revenue and capital transactions between two or more associated enterprises where either or both are non-residents;
- The term also includes arrangements between associated enterprises for cost sharing in connection with benefits, services or facilities provided to any of such enterprises.

Additionally, under certain circumstances transactions between two unrelated entities can be deemed to be an international transaction. This is when an enterprise, say X Ltd., has entered into a transaction with an unrelated person, say A Inc. and there exists a prior agreement in relation to this transaction between A Inc. and Y Inc. (an associated enterprise of X Ltd.); or the terms of this transaction (i.e., the transaction between X Ltd. and A Inc.) are determined in substance between A Inc. and Y Inc. The Finance Act 2014 has provided that the deeming provision should also apply to cases where the third party is an Indian resident.

The Finance Act, 2012 has added an explanation to clarify the expression "international transaction". It includes:

- business restructuring or re-organisation irrespective of bearing on profit, income, losses – current or future;
- capital financing, lending or guarantee, any type of advance, receivables, etc.;
- provision of services including marketing research, technical service, repairs, legal or accounting, etc.;
- tangible property – which is defined to include building, transportation vehicle, machinery, furniture, equipment, etc. or commodity or any other article, product or thing; and
- intangible property – which is defined to include customer list, franchise, marketing channel, brand, etc., or any other business or commercial rights of similar nature or any other similar items that derive value from its intellectual content rather than physical attributes.

ASSOCIATED ENTERPRISE

The term 'Associated Enterprise' is defined based on the criteria of direct or indirect participation in the management, control or capital of the other enterprise or by the same persons in such enterprise. The regulation gives inter alia, an illustrative list of relationships to which transfer pricing rules apply:

- equity holding of 26%;
- control of board of directors;
- loans/guarantees;
- dependence on the use of specified intangibles of the other enterprise;
- influence over supply of raw material/finished products, etc.

Transfer pricing provisions have also been made applicable to transactions with parties located in Notified Jurisdictional Areas. The benefit of variation between actual and arm's length price is not applicable to such transactions.

COMPUTATION OF ARM'S LENGTH PRICE

The arm's length price in relation to an international transaction is to be determined using the most appropriate method out of the specified methods as prescribed by the Central Board of Direct Taxes ('CBDT'/'Board') in Rule 10B, having regard to the nature or class of transaction or class of associated persons or functions performed by such persons or such other relevant factors as may be prescribed. The six specified methods are:

- Comparable Uncontrolled Price Method ('CUP');
- Resale Price Method ('RPM');
- Cost Plus Method ('CPM');
- Profit Split Method ('PSM');
- Transactional Net Margin Method ('TNMM'); and
- Other Method

1. The Finance (No.2) Bill, 2019 was proposed in the Union Budget of India 2019 on 05 July 2019. The said bill has been presented before Loka Sabha, later it will be presented before Rajya Sabha and post receiving the consent of The President of India; the same shall be converted to The Finance Act, 2019.

CBDT has introduced the sixth method by way of Notification No. 18/2012, dated May 23, 2012. The new method inserted by way of Rule 10AB states that "any method which takes into account the price which has been charged or paid, or would have been charged or paid, for the same or similar uncontrolled transaction, with or between non-associated enterprises, under similar circumstances, considering all relevant facts", shall be considered as one of the methods for determination of arm's length price. This Rule is applicable from FY 2011-12 onwards. The Indian regulations refers to the 'most appropriate method' and has no preference of one method over the other.

USE OF MULTIPLE YEAR DATA AND INTER QUARTILE RANGE

The Finance Act, 2014 has introduced the concept of range and the use of multiple year data. The new rules shall apply to international transactions entered on or after 1st April, 2014.

Data to be used for application of TNMM, RPM or CPM

- The current year data shall continue to be used for comparability analysis;
- Where current year data is not available at the time of filing return of income, data pertaining to preceding financial year can be used;
- However, at the time of transfer pricing assessment, if the relevant data for current year is available, then such data will be used for determination of arm's length price irrespective of the fact that the same was not available at time of filing return of income.

Range concept

- The range concept can be applied for determining arm's length price under each of the transfer pricing methods namely, CUP, TNMM, RPM or CPM.
- Selection of a minimum of six comparable entities is required. However, the earlier concept of arithmetic mean and benefit of +/- 1% or 3% will continue in cases where the number of comparable are inadequate.
- Three-year data of comparables would be considered and the weighted average of the three-year data of each comparable would be used to construct the data set. In certain circumstances, data of two out of three years could also be used. Additionally, single year data can be used, provided that the data is for the current year in which the tested transaction is undertaken or a year prior to the current year in the case of non-availability of data for the current year.
- An arm's length range is between the 35th and 65th percentile of the data set, pursuant to the definition provided in the amended rules.
- If the taxpayer's transaction price of the international transaction falls within the range, then the transaction price will be considered as arm's length and no adjustments will be required.
- If the taxpayer's transaction price of the international transaction falls outside the arm's length range then the median (50th percentile) of the dataset will be considered as arm's length price. Accordingly the difference between transaction price and median will be the adjustment.

REFERENCE TO TRANSFER PRICING OFFICER

The CBDT has issued new guidelines[2], providing detailed procedures to be followed by the Assessing Officers and the Transfer Pricing Officers for scrutiny of transfer pricing cases. The new guidelines state categorically that the selected cases for scrutiny involving transfer pricing transactions would need to be referred to the Transfer Pricing Officer, and would not be done by the Assessing Officer under Section 92C(3) of the Act. This reference to the Transfer Pricing Officer would be after recording the basis of selection through transfer pricing risk assessment to satisfy the requirement of "necessary and expedient" under Section 92CA(1) of the Act, and after obtaining the due approval of the jurisdictional Principal Commissioner of income tax or the Commissioner of income tax. For the cases selected for scrutiny on non– transfer pricing parameters, the case could be referred to the Transfer Pricing Officer only if the Assessing Officer finds any transfer pricing transaction during the course of assessment. Such cases would be referred by the Assessing Officer to the Transfer Pricing Officer only after giving an opportunity of being heard to the taxpayer. The Assessing Officer would also be required to record his reasons and would seek necessary approval of the Commissioner or Principal Commissioner in each of such cases before referring to the Transfer Pricing Officer.

Transfer Pricing Officer can determine arm's length price of any international transaction that comes to his notice in the course of proceedings even if the transaction is not referred to him by the Assessing Officer. Further the Transfer Pricing Officer is also granted additional powers of survey, so as to conduct on-the-spot enquiry and verification. The Finance Act, 2012 has empowered the Transfer Pricing Officer to determine arm's length price of any transaction entered into by the assessee, as if they are international transactions, even when such transactions are not reported by the taxpayer.

The Transfer Pricing Officer shall determine the arm's length price and send a copy of his written order to the Assessing Officer and to the taxpayer. Wherever the Assessing Officer proposes to make any variation in the income or loss returned of the assessee as a consequence of the above order of the Transfer Pricing Officer, the Assessing Officer shall forward the draft order to assessee for its objections (if any).

On receipt of draft order the assessee shall communicate either its acceptance or file objections against such order with Dispute Resolution Panel ('DRP') within 30 days. The DRP which is a collegium of three Commissioners of Income Tax shall issue binding directions to Assessing Officer after due consideration of objections and evidences filed by assessee. The DRP is empowered to include any matter arising out of the assessment proceedings, irrespective whether such matter was raised by the taxpayer or not.

The Assessing Officer shall pass appropriate order in conformity with the directions of DRP within 30 days from the end of the month, in which the directions are forwarded to the Assessing Officer. By virtue of the Finance Act, 2016, the Income Tax Department will have no right to appeal against the order issued in conformity with the directions of the DRP, however the assessee has the option to appeal against the final assessment order before the Income Tax Appellate Tribunal.

2. Instruction No. 3/2016 dated 10th March, 2016.

COMPUTATION OF TOTAL INCOME

Where the Assessing Officer computes the total income of the taxpayer having regard to the arm's length price so determined by the Transfer Pricing Officer, no tax benefits under sections 10A, 10AA or 10B or under Chapter VI-A of the Act will be allowed in respect of the amount of income by which the total income of the tax-payer is enhanced after such computation by the Assessing Officer.

NO ADJUSTMENT TO ASSOCIATED ENTERPRISE'S INCOME

In cases where the total income of a taxpayer is re-computed after determination of the arm's length price paid to another associated enterprise from which tax has been deducted or was deductible at source, the income of the other associated enterprise shall not be recomputed by reason of such re-determination of arm's length price in the case of the tax-payer.

STATUTE OF LIMITATIONS ON ASSESSMENT

The time limit for concluding tax assessments involving transfer pricing is reduced from thirty six months to thirty three months with the Transfer Pricing Officer to pass order sixty days prior to the said time limit. For instance, the transfer pricing assessment for AY 2015-16 shall be required to be concluded by the Transfer Pricing Officer by 31st October, 2018. The amendment is effective from 1st June, 2016.

By virtue of amendment to section 92CA (3), the time limit for transfer pricing assessment is extended beyond the limitation period so as to allow the Transfer Pricing Officer at least sixty days for passing the transfer pricing order after excluding the period for which the assessment proceedings before the Transfer Pricing Officer are stayed by any court; or the information is sought from any other country under the exchange of information process. The amendment is effective from 1st June, 2016.

The Finance Act, 2017 has reduced the time limit for concluding the tax assessments involving transfer pricing for AY 2018-19 and for AY 2019-20 onwards to thirty months and twenty-four months respectively from the time limit of thirty-three months.

ALTERNATE DISPUTE RESOLUTION MECHANISM

The Finance (No. 2) Act, 2009 had introduced section 144C in respect of the provisions relating to Alternate Dispute Resolution Mechanism ('ADRM'). The dispute resolution mechanism is applicable for taxpayers subject to transfer pricing adjustment and to foreign companies. The entire process of ADRM would be handled by a dispute resolution panel ('DRP') comprising of three Commissioners of Income Tax constituted by the Board and having powers as vested in a Civil Court. The DRP may confirm, reduce or enhance the adjustment as proposed by the Assessing Officer. The Finance Act, 2012 has empowered the DRP to include any matter arising out of the assessment proceedings, irrespective whether such matter was raised by the taxpayer or not.

SECONDARY ADJUSTMENTS

The Finance (No. 2) Act, 2017 had introduced section 92CE in respect of the Secondary adjustment in certain cases. "Secondary adjustment" means an adjustment in the books of account of the assessee and its associated enterprise to reflect that the actual allocation of profits between the assessee and its associated enterprise are consistent with the transfer price determined as a result of primary adjustment, thereby removing the imbalance between cash account and actual profit of the assessee.

In order to align the transfer pricing provisions in line with OECD transfer pricing guidelines and international best practices , it is proposed to insert a new section 92CE to provide that the assessee shall be required to carry out secondary adjustment where the primary adjustment to transfer price, has been made suo motu by the assessee in his return of income; or made by the Assessing Officer has been accepted by the assessee; or is determined by an advance pricing agreement entered into by the assessee under section 92CC; or is made as per the safe harbour rules framed under section 92CB; or is arising as a result of resolution of an assessment by way of the mutual agreement procedure under an agreement entered into under section 90 or 90A.

It is provided that where as a result of primary adjustment to the transfer price, there is an increase in the total income or reduction in the loss, as the case may be, of the assessee, the excess money which is available with its associated enterprise, if not repatriated to India within the time as may be prescribed, shall be deemed to be an advance made by the assessee to such associated enterprise and the interest on such advance, shall be computed as the income of the assessee, in the manner prescribed under Rule 10CB.

It is also provided that such secondary adjustment shall not be carried out if, the amount of primary adjustment made in the case of an assessee in any previous year does not exceed one crore rupees and the primary adjustment is made in respect of an assessment year commencing on or before 1st April, 2016.

A new Rule 10CB has been notified by the Central Board of Direct Taxes[3] notifying the time period of 90 days (after certain events as specified in the said rule) for repatriation of excess money and interest rates to be considered in the case of failure to repatriate the excess money within the prescribed time limit. Separate interest rates for international transactions denominated in Indian rupee and foreign currency have been prescribed as under:

- For Indian rupee denominated transaction – one year marginal cost of fund lending rate of State Bank of India as on 1st April of the relevant previous year plus 325 basis points; or
- For foreign currency denominated transaction – six month London Interbank Offered Rate as on 30th September of the relevant previous year plus 300 basis points.

In order to address concerns and to make the secondary adjustment regime more effective and easy to comply with, The Finance Bill (No. 2), 2019 has proposed to amend section 92CE so as to provide that:-

(i) the condition of threshold of one crore rupees and of the primary adjustment made up to assessment year 2016-17 are alternate conditions;

(ii) the assessee shall be required to calculate interest on the excess money or part thereof;

3. Notification no. 52/2017 dated 15 June 2017.

(iii) the provision of this section shall apply to the advance pricing agreements which have been signed on or after 1st April, 2017; however,no refund of the taxes already paid till date under the pre amended section would be allowed;

(iv) the excess money may be repatriated from any of the associated enterprises of the assessee which is not resident in India;

(v) in a case where the excess money or part thereof has not been repatriated in time, the assessee will have the option to pay additional income-tax at the rate of eighteen per cent on such excess money or part thereof in addition to the existing requirement of calculation of interest till the date of payment of this additional tax. The additional tax is proposed to be increased by a surcharge of 12 %;

(vi) the tax so paid shall be the final payment of tax and no credit shall be allowed in respect of the amount of tax so paid;

(vii) the deduction in respect of the amount on which such tax has been paid , shall not be allowed under any other provision of this Act; and

(viii) if the assessee pays the additional income-tax, he will not be required to make secondary adjustment or compute interest from the date of payment of such tax.

The amendments proposed in (i) to (iv) above will take effect retrospectively from the 1st April, 2018 and will, accordingly, apply in relation to the assessment year 2018-19 and subsequent assessment years.

Further, the amendments proposed in (v) to (viii) will be effective from 1st September, 2019.

LIMITATION OF INTEREST DEDUCTION IN CERTAIN CASES

The Finance (No. 2) Act, 2017 had introduced section 94B in respect of the limitation of interest deduction in certain cases in line with the recommendations of OECD BEPS Action Plan 4, to provide that interest expenses claimed by an entity to its associated enterprises shall be restricted to 30% of its earnings before interest, taxes, depreciation and amortization (EBITDA) or interest paid or payable to associated enterprise, whichever is less.

The provision shall be applicable to an Indian company, or a permanent establishment of a foreign company being the borrower who pays interest in respect of any form of debt issued to a non-resident or to a permanent establishment of a non-resident and who is an 'associated enterprise' of the borrower. Further, the debt shall be deemed to be treated as issued by an associated enterprise where it provides an implicit or explicit guarantee to the lender or deposits a corresponding and matching amount of funds with the lender.

The provisions shall allow for carry forward of disallowed interest expense to eight assessment years immediately succeeding the assessment year for which the disallowance was first made and deduction against the income computed under the head "Profits and Gains of business or Profession to the extent of maximum allowable interest expenditure.

In order to target only large interest payments, it is provided that a threshold of interest expenditure of one crore rupees exceeding which the provision would be applicable. Further, Banks and Insurance business are excluded from the ambit of the said provisions keeping in view of special nature of these businesses.

DOCUMENTATION

Every person who has entered into an international transaction with an associated enterprise would be required to keep and maintain the prescribed information and documentation. Such information and documentation need not be maintained in cases where the aggregate book value of international transactions entered into by the taxpayer does not exceed INR one crore. However, in such cases, the taxpayer would need to substantiate, on the basis of material available with him, that income arising from international transactions entered into by him has been computed in accordance with the arm's length principle.

The Finance Act, 2016 has provided that w.e.f. 1st April, 2017, every person, being a constituent entity of an international group, shall also keep and maintain such information and document in respect of an international group as prescribed in rule 10DA and rule 10DB. The details regarding the same are provided separately in the chapter on country-by-country reporting.

The Finance Bill (No.2), 2019 has proposed to substitute the sub-section (1) to section 92D to provide that the information and document to be kept and maintained by a constituent entity of an international group, and filing of required form, shall be applicable even when there is no international transaction undertaken by such constituent entity. It is also proposed to provide that information shall be furnished by the constituent entity of an international group to the prescribed authority. The said amendment will take effect from 1st April, 2020.

Further, it is proposed to amend the sub-section (3) to section 92D, to provide that the assessing officer or Commissioner of Income Tax (Appeals) cannot obtain master file from the taxpayer

RELAXATION OF REQUIREMENT TO MAINTAIN FRESH DOCUMENTATION

It is prescribed that in cases wherein an international transaction continues to have effect over more than one financial year, fresh documentation need not be maintained separately in respect of each financial year, unless there is any significant change in the nature or terms of the international transaction, in the assumptions made, or in any other factor which could influence the transfer price. In case there is a significant change, fresh documentation shall be maintained bringing out the impact of the change on the pricing of the international transaction.

PERIOD OF MAINTENANCE OF DOCUMENTATION

The information and documents should, as far as possible, be contemporaneous and should exist latest by the date of filing the accountant's report which is 30th November.

Further, the specified information and documents are required to be maintained for a period of eight years from the end of the relevant assessment year.

ACCOUNTANT'S REPORT

It is prescribed that every person who has entered into an international transaction shall obtain a report from an independent practising Chartered Accountant. This Report (Form No. 3CEB) should be furnished to the Income Tax department before the due date of filing the return as per Explanation 2 to Section 139(1) which is 30th November. The

Accountant's Report gives particulars of associate enterprises, international transactions, arm's length price and the method used for determining arm's length price.

SAFE HARBOUR

The CBDT has notified the Safe Harbour Rules (10TA to 10TG) for international transactions. The rules contains the procedure for adopting Safe Harbour, the transfer price to be fixed and the compliance procedures to be undertaken. In order to avail the benefit of Safe Harbour provisions, a taxpayer is required to file Form No. 3CEFA with the revenue authorities. A validly exercised Safe Harbour option can continue to remain in force for a period of 5 years or period opted by the taxpayer in Form 3CEFA, whichever is less, provided certain conditions are met.

The rules cover international transactions[4] in following categories/sectors:

Sr. No.	*Nature of Transaction*	*Safe Harbour*
1.	Information Technology (IT)	Operating Profit margin on operating expenses is 17% - 18% or more
2.	IT Enabled Services	Operating Profit margin on operating expenses is 17% - 18% or more
3.	Knowledge Process Outsourcing services	Operating Profit margin on operating expenses is 18% - 24% or more depending on the employee cost to operating expense ratio
4.	Contract Research & Development in the IT sector	Operating Profit margin on operating expenses is 24% or more
5.	Contract Research & Development in the Pharmaceutical Sector	Operating Profit margin on operating expenses is 24% or more
6.	Financial transactions	***For Outbound loans:*** Interest rate = In Indian Currency – one year marginal cost of funds lending rate of State Bank of India as on 1st April of the previous year plus 175 bps - 625 bps (based on credit rating) In Foreign Currency – six month LIBOR as on 30th September of the previous year plus 150 bps – 600 bps (based on credit rating) ***For Corporate Guarantees:*** Commission/Fee = 1% of the amount guaranteed where the borrower is certified by a SEBI registered credit rating agency to be adequate
7.	Auto Ancillary Manufacturing	Operating Profit margin on operating expenses is 8.5% - 12% or more
8.	Receipt of low value-adding intra-group services	Operating Profit mark-up not exceeding 5% and the aggregate value of the transaction including mark-up is less than INR 10 crore

The key directives/clarifications are as follows:

- If the taxpayer has opted for Safe Harbour but has reported rates or margins less than the Safe Harbour rates or margins, then income has to be computed by the tax authorities on the basis of the Safe Harbour rates or margins.
- The Safe Harbour rates or margins are not a benchmark for the cases not covered by the Safe Harbour Rules. Thus, regular transfer pricing audits should be carried out without having regard to the Safe Harbour rates or margins.

The Safe Harbour rules shall not apply in respect of eligible international transactions entered into with an associated enterprise located in any country or territory notified under section 94A or in a no tax or low tax country or territory.

PENALTIES

The provisions have prescribed levy of penalties for non-compliance with the statutory requirements, as follows:

4. Notification no. 46/2017 dated 07th June 2017.

Sr. No.	Default	Penalty

Domestic Transfer Pricing

INTRODUCTION

Finance Act, 2001 introduced detailed provisions relating to Transfer Pricing, requiring all 'international transactions' between 'associated enterprises' to be at arm's length. Hitherto, the provisions of transfer pricing were applicable in relation to an international transaction only. However, after the grand success of International Transfer Pricing Hon'ble Finance Minister has cast his net wider and deeper for the next one by including "Specified Domestic Transactions (SDT)" in the purview of Transfer Pricing (TP).

OBJECTIVE

Section 40A of the Act empowers the AO to disallow unreasonable expenditure incurred between related parties. Further under Chapter VI-A and Section 10AA, the AO is empowered to recompute the income of the undertaking for the purposes of the deduction based on fair market value (FMV). However, no specific method is provided to determine the reasonableness of expenditure or FMV to re-compute the income in such related party transactions.

Thus while dealing with the issue that, whether the assessee company and its service provider are related companies in terms of section 40A(2), Hon'ble Supreme Court in *CIT vs. GlaxoSmithKline Asia (P) Ltd. [(2010) 195 Taxmann 35]* had observed "The larger issue is whether Transfer Pricing Regulations should be limited to cross-border transactions or whether the Transfer Pricing Regulations to be extended to domestic transactions?" The application and extension of the scope of TP regulations to domestic transactions would provide objectivity in determination of income from domestic related party transactions and determination of reasonable expenditure between related domestic parties. Also it will create a legal obligation on assessees to maintain proper documentation.

Keeping in view the observations of the Apex Court, the Finance Act, 2012 made amendments to Chapter X to extend the applicability of transfer pricing provisions to SDTs with effect from Assessment Year 2013-14.

SCOPE OF APPLICATION OF THE PROVISIONS

Specified Domestic Transaction (SDT) means any of the Specified Domestic Transaction (SDT) means any of the following transaction namely:

(1) any transaction referred to in Section 80A;

(2) any transfer of goods or services referred to in Section 80-IA(8);

(3) any business transacted between the assessee and other person as referred to in Section 80-IA(10);

(4) any transaction, referred to in any other section under Chapter VI-A or Section 10AA, to which Section 80-IA(8) or Section 80-IA(10) are applicable; or

(5) any other transaction as may be prescribed,

and where the aggregate of such transactions exceeds a sum of INR 20 crore (Up to assessment year 2015-16, this threshold limit was INR 5 crore).

The provisions of Domestic Transfer Pricing will apply only when the transaction qualifies as a SDT.

Generally, if a transaction is an international transaction, then the same will not be a SDT.

(1) Any transaction referred to in Section 80A

Section 80A(6) refers to transactions in respect of goods or services. Hence it would not cover a transaction which does not involve goods or services. This clause applies to both income as well as expenditure.

(2) Any transfer of goods or services referred to in Section 80-IA(8)

Section 80-IA covers infrastructure developers, telecommunication service providers, developers of industrial parks and producers or distributors of power. Where any goods or services held for the purpose of eligible business are transferred to any other business carried on by the assessee or vice versa, the consideration has to be determined at ALP.

(3) Any business transacted between the assessee and other person as referred to in Section 80-IA(10)

Due to close connection between the assessee carrying on the eligible business and any other person, if the business is arranged in such a manner that produces more than ordinary profits to the assessee, then the transaction has to be determined having regard to ALP. The term "close connection" has not been defined in the Act. The same has to be understood keeping in mind the relationship between the assessee and any other person may be by having reference to Section 40A(2)(b), related party as per AS 18/Ind AS 24 and so on. Substance over form should be considered.

(4) Any transaction, referred to in any other section under Chapter VI-A or Section 10AA, to which Section 80-IA(8) or Section 80-IA(10) are applicable

The provisions of Section 80-IA(8) or Section 80-IA(10) apply to an undertaking referred in the below-mentioned sections:

Sr. No.	*Section*	*Description*
1	10AA	Persons with income from SEZ units
2	80-IAB	Developers of SEZ
3	80-IC/IE	Persons with units in specified states/ north eastern States claiming deduction
4	80-ID	Hotels located in districts with World Heritage sites

COMPUTATION OF ALP

In relation to a SDT, the following shall be computed having regard to the ALP:

- Allowance for an expenditure
- Allowance for interest
- An allocation of any cost or expense
- Any income

However, the above shall not be computed having regard to the ALP if it has the effect of reducing the taxable income or increasing the loss of the assessee.

The arm's length price is to be determined using the most appropriate method out of the specified methods as prescribed, having regard to the nature or class of transaction or functions performed or such other relevant factors as may be prescribed. The six specified methods are as mentioned below:

- Comparable Uncontrolled Price Method ('CUP');
- Resale Price Method ('RPM');
- Cost Plus Method ('CPM');
- Profit Split Method ('PSM'); and
- Transactional Net Margin Method ('TNMM')
- Any other method

With effect from Financial Year 2014-15, the concept of multiple year data has been introduced. Further, the 'range concept' has also been made applicable when: (a) the most appropriate method is either CUP Method, RPM, CPM, or TNMM; and (b) there are at least 6 comparables. Where these conditions are not fulfilled, 'arithmetic mean' shall continue to apply, as before, along with the tolerance range benefit.

ACCOUNTANT'S REPORT

Every person who has entered into specified domestic transaction has to obtain a report i.e., Form 3CEB from an independent practicing Chartered Accountant. This report should be furnished to the Income Tax Department before the due date of filing the return as mentioned under section 139(1) (Presently, 30th November of the relevant assessment year). The Report gives particulars of entities with whom SDT has been entered, SDT, arm's length price and the method used for determining arm's length price.

IMPLICATIONS DUE TO APPLICABILITY OF DOMESTIC TRANSFER PRICING PROVISIONS

- The due date for filing the return of income is extended to 30th November of the relevant assessment year for the assessees who are covered by the provisions of SDT.
- Where the assessee has entered into a SDT the Assessing Officer may refer the computation of ALP to the Transfer Pricing Officer (TPO). In such a case if any reference is made to the TPO then the time limit for completion of assessment is extended to 33 months from the end of the assessment year in which the income was first assessable. The Finance Act, 2017 has made an amendment to reduce this time limit for F.Y. 2017-18 and F.Y. 2018-19 onwards to 30 months and 24 months respectively from the end of the assessment year in which the income was first assessable.
- Increased administrative and compliance burden for the assessee.
- Non-conforming with ALP leads to economic double taxation and also penalty for non-compliance.

OTHER PROVISIONS

All other provisions applicable to international transfer pricing transactions like documentation, reference to Transfer Pricing Officer, penalties, etc. are also applicable to specified domestic transactions.

However, the benefit of entering into Advance Pricing Agreement to determine ALP or the manner in which ALP is to be determined and safe harbour rules are not applicable to SDT. Further, the secondary adjustment provision, which is introduced from Assessment Year 2018-19, is also not application to SDT.

Cash Credit and unexplained Investments Sections 68 & 69

Section 68 on Cash Credits specifies that any sum found credited in the books of the assessee (any assessee) maintained for any previous year and if the assessee offers no explanation about the nature and source thereof or the explanation offered by him is not in the opinion of the Assessing Officer satisfactory, then the sum shall be taxed as the income of the assessee for that particular year.

Following two provisos were inserted by Finance Act, 2012 w.e.f. 1-4-2013:

First Proviso–

- Where the assessee is a company in which public are not substantially interested,
- and the sums so credited are in the nature of share application money, share premium, share capital or any such amount by whatever name called,
- then explanation offered by such company shall be deemed to be not satisfactory, unless
  - (a) any resident person in whose name such credit is recorded in the books of the company offers an explanation about the nature and source of such sum and
  - (b) such explanation as given by any resident person is satisfactory in the opinion of Assessing Officer.

Second Proviso –

- Second proviso states that the first proviso shall not be applicable if the person in whose name credit appears in the books of the company is a venture capital fund or a venture capital company as referred to in section 10(23FB).

Section 69 – Unexplained Investments

Where the assessee makes any investments which are not recorded in the books of account and the assessee offers no explanation about the nature and source of such investment or the explanation offered by the assessee is not satisfactory in the opinion of assessing officer, then the value of investment shall be deemed to be his income and chargeable to tax in that financial year.

Section 115BBE

The income tax payable on income referred to in Section 68 and Section 69, Section 69A, Section 69B, Section 69C or Section 69D should be calculated at the rate of 60% of such income as is reflected in return filed by the assessee or as determined by the Assessing Officer.

While computing income under 'Section 68 to Section 69D', deduction in respect of any expenditure or allowance or set off of any loss will not be allowed if such income is:

a) included by the Assessee himself or

b) determined by Assessing Officer (with retrospective effect from 1-4-2017 as inserted by Finance Act, 2018).

4. SPECIAL PROVISION FOR NRI — CHAPTER XIIA (SECTIONS 115C TO 115-I)

Chapter XII-A covers the taxability of any income earned by a Non-resident Indian (NRI) from a foreign exchange asset. However, a NRI may elect not to be governed by the provision of this Chapter and to be assessed under the normal provisions of the Act by giving a declaration to that effect along with his return of income. Accordingly, the chapter shall not apply to him for the said assessment year (Section 115-I).

1. Definitions (Section 115C)

NRI — An individual being a citizen of India or a PIO, who is not a 'resident'.

PIO — A person is deemed to be a Person of Indian Origin if he or either of his parents or any of the grandparents was born in undivided India.

Investment income — Income earned from 'foreign exchange asset' other than dividend referred to in section 115-O.

Foreign Exchange Asset — "Specified asset' acquired by NRI out of convertible foreign exchange.

Specified asset means any of the following assets, namely:

(i) Shares in an Indian company (whether a public or private company);

(ii) Debentures issued by an Indian company, which is not a private company;

(iii) Deposits with an Indian company, which is not a private company;

(iv) Any security of the Central Government (NSC VI/VIII issue);

(v) Any other assets as may be specified by the Central Government (no asset notified till date).

2. The taxability of investment income is as follows (Sections 115D and 115E)

(a) Any income from investment or income from long-term capital gains from assets other than specified assets — 20%

(b) Income by way of long-term capital gains i.e. relating to capital asset being a foreign exchange asset — 10%

(c) No deduction permissible under Chapter VIA

(d) No deduction for any expenditure in computing investment income

(e) No indexation benefit

It is not necessary for a Non-resident Indian to furnish a Return of Income (Section 115G) where the total income includes only the above two types of income whereon tax has been duly deducted. However where a NRI has other income i.e., income other than income from a foreign exchange asset, he is required to furnish his Return of Income and it shall be assessed under the normal provision of the Act.

3. Exemption from Long-term Capital Gains Tax u/s 115F

Capital gains arising on transfer of foreign exchange asset shall be exempt in case the

- net consideration is reinvested
- within a period of six months
- in any other specified asset (as mentioned above) or in specified saving certificates

However, where the new asset is transferred or converted to money within a period of three years from the date of its acquisition, the capital gains claimed exempt u/s 115F shall be taxable under the head "Capital Gains" along with the Gains arising on transfer of the new asset purchased.

4. Applicability of Chapter XIIA after becoming resident — (Section 115H)

NRI can continue to be assessed under Chapter XIIA in respect of income from specified assets. He may furnish a declaration along with his return of income filed u/s 139 to the Assessing Officer that the provision of this Chapter may continue to apply to him with respect to the said investment income. Accordingly, he shall be assessed under the said provision for specified income till the conversion of such asset into money or other asset.

5. SPECIAL PROVISION FOR CALCULATION OF CAPITAL GAINS OF SHARES & DEBENTURES

Proviso 1 to Section 48 explains the method of calculation of capital gains on transfer of shares/debentures of Indian company (private or public) in case of non-residents. The same shall be computed by conversion of sales consideration, cost of acquisition and transfer expenses into the same foreign currency which was utilised for purchase of such shares/ debentures. The capital gains so arrived are reconverted into Indian rupees as per the rates specified below:

Particulars	*Exchange rate to be applied*
Sales consideration	Average exchange rate on date of transfer
Cost of acquisition	Average exchange rate on date of purchase
Expenditure on sale	Average exchange rate on date of transfer
Capital Gains	Buying rate on date of transfer

The exchange rates to be considered above shall be the telegraphic transfer buying/selling rates as adopted by State Bank of India for purchasing or selling such currency.

Since the non-residents can avail of the benefit of exchange rate fluctuation, no indexation benefit is available in this case.

6. TAXABILITY OF VARIOUS INVESTMENT OPTIONS IN INDIA

* Interest received by an Individual on his Non-resident (External) Bank Account is exempt from tax u/s 10(4)(ii).

** The Finance (No. 2) Act, 2014 has increased the holding period of Debt Oriented Mutual Funds (i.e. units other than units of equity oriented mutual funds) to 36 months instead of previous holding period of 12 months.

7. APPLICABILITY OF DTAA

Where the non-resident is covered under any DTAA, the rates of tax applicable for specified income shall be lower of the rates prescribed under the Act or the DTAA provided that the Non-Resident furnishes PAN Number (refer Section 206AA), the Tax Residency Certificate u/s 90(4) and Form 10F u/s 90(5), provisions of DTAA with the country where such non-resident is a tax resident, will be applicable.

8. PLACE OF EFFECTIVE MANAGEMENT

Section 6 has been amended to provide that a company is said to be a resident in India in any previous year, if it is an Indian company, or its place of effective management, in that year, is in India.

Place of effective management means a place where key management and commercial decisions that are necessary for the conduct of business of an entity as a whole are, in substance made.

Based on such amended definitions, it is possible even for foreign companies to become residents in India.

TDS on Payments to Non-Residents u/s. 195

Under the provisions of section 195 of the Income-tax Act, every person responsible for making a payment to a non-resident, in respect of any income chargeable to tax in India, is required to withhold tax at an appropriate rate at the time of payment or credit, whichever is earlier. In this connection, if the person making payment to non-resident believes that the whole of such payment is not chargeable to tax, he is required to obtain a no objection certificate from the Income Tax authorities to determine whether the tax has been correctly determined on the remittance to a non-resident.

The objective of Section 195 is to ensure, as far as possible, that the tax liability on the income element of the amount paid is deducted at source itself, so that the Department is not put through the hassles of recovering it from a non-resident whose connection with India may be transient or whose assets in India may not be sufficient to meet the tax liability.

In terms of Circular No. 759 dated 18th November, 1997 the remitter has an option to remit the sum to a non-resident either by obtaining a no objection certificate from the Income Tax authorities or by furnishing an undertaking in duplicate accompanied by a certificate from a Chartered Accountant (CA), certifying that in respect of the income sought to be remitted to the non-resident the appropriate amount of tax has been deducted and paid to the Government. That, the procedure of obtaining CA certificate is alternative, is also made clear in the circular. There was a substantial increase in foreign remittance making the manual handling and specially tracking of such payments difficult. To monitor and track transactions in an efficient manner, it was proposed to introduce e-filing of information in the certificates and undertaking. The Finance Act, 2008 introduced the process of e-filing of information relating to payment of any sum to a non-resident [Section 195(6)-Rule 37BB]. The Finance Act, 2015 amended sub-section (6) to Section 195, which provides that the person responsible for paying to the non-resident, any sum, whether or not chargeable to tax in India, should furnish the information as prescribed by the CBDT relating to payment of such sum. As per the Rule 37BB, the information under Section 195(6) of the Act shall be furnished by a person responsible for making payment to a non-resident in Forms 15CA and 15CB. The CBDT has amended Rule 37BB with effect from 1st April, 2016 vide Notification [No. 93/2015, F. No. 133/41/2015-TPL] dated 16th December, 2015 whereby major changes have been made in the requirements of Forms 15CA and 15CB. According to the Notification —

- No Forms 15CA and 15CB will be required to be furnished for remittances which are not chargeable to tax under the provisions of the Income-tax Act, 1961, if these are made by an individual and do not require an approval from the Reserve Bank of India (RBI) as per the provisions of Section 5 of the Foreign Exchange Management Act, 1999 (42 of 1999) read with Schedule III to the Foreign Exchange (Current Account Transaction) Rules, 2000; or which are of the nature specified below:
  - ✓ Indian investment abroad-in equity capital (shares)

- Form 15CA has now been divided into Four parts as under:

"Part" of Form 15CA Required	*Applicable to*
Part A	If the remittance amount, which is chargeable to tax during the Financial year to a particular party, does not exceed INR 5 lakh.

"Part" of Form 15CA Required	*Applicable to*
Part B	If the remittance amount, which is chargeable to tax during the Financial year to a particular party, is more than INR 5 lakh and a certificate under Sections 197, 195(2) or 195(3) of the Act has been obtained from tax department.
Part C	If the transaction requires obtaining a certificate in Form 15CB from an accountant as defined in the Explanation below sub-section (2) of Section 288.
Part D	If the remittance is not chargeable to tax as per the provisions of the Act [other than the remittances where no RBI approval is required as per Schedule III of the Foreign Exchange (Current Account Transaction) Rules, 2000; and of the nature specified in column (3) of the specified list appended to notification].

- The 'Verification' portion of Form No. 15CA is now required to be digitally signed by the "Person responsible for paying to non-resident". The earlier mandatory requirement of form to be signed by Director/Managing Director has been changed. Therefore, the person responsible for signing TDS Return/Form 16A can now digitally sign Form 15CA.
- Form No. 15CB is also required to be digitally signed by the Chartered Accountant.
- There is also requirement of providing relevant '"Purpose Code" as per RBI in Form 15CA.
- The authorised dealers shall furnish a quarterly statement of each quarter of the financial year in Form 15CC to the prescribed tax authority electronically within 15 days from the end of the quarter of the financial year.

For ensuring submission of accurate information in respect of remittance to a non-resident, the Finance Act, 2015 has incorporated a penal provision in Section 271-I whereby a penalty of INR 1,00,000 would be levied for non-furnishing of information or furnishing of incorrect information under Section 195(6) except in the case where it is proved that there was reasonable cause for non-furnishing or incorrect furnishing of such information. It is not clear whether this penalty is for each instance of non-compliance.

Under sub-section (2) of section 195, if a person who is responsible for paying any sum to a non-resident which is chargeable to tax under the Act (other than salary) considers that the whole of such sum would not be income chargeable in the case of the recipient, he can make an application to the Assessing Officer to determine the appropriate proportion of such sum chargeable. This provision is used by a person making payment to a non-resident to obtain certificate/order from the Assessing Officer for lower or nil withholding-tax. However, the process is currently manual. In order to use technology to streamline the process, which will not only reduce the time for processing of such applications, but shall also help tax administration in monitoring such payments, it is proposed in the Finance Bill (No. 2), 2019 to amend the provisions of this section to allow for prescribing the form and manner of application to the Assessing Officer and also for the manner of determination of appropriate portion of sum chargable to tax by the Assessing Officer.

The tax is required to be withheld at the rates in force. Section 2(37A) defines 'rates in force' as rates as per Finance Act or Treaty whichever is applicable. Reference to rates as per Double Tax Avoidance Agreement (DTAA) was included from 1-6-1992. As per the CBDT Circular No. 728 dated 30-10-1995, rates as per DTAA are to be applied where they are more favourable to the assessee. In order to apply the benefit of DTAA, a non-resident is required to submit a tax residency certificate (TRC) as per Section 90(4) of the Income tax Act. In case the TRC does not provide the information about the non-resident, viz, status, nationality, tax identification or unique number, validity of the TRC and address of the assessee, in that case the same are required to be furnished by the non-resident in Form 10F.

The Finance Act, 2017 has clarified that where any term used in a DTAA is not defined in the DTAA then the term shall be assigned the meaning as defined in the Income Tax Act or in any other explanation issued by the Central Government.

In order to ensure effective compliance of permanent account number (PAN) mechanism, the Finance (No. 2) Act, 2009 has introduced Section 206AA in the Income-tax Act with effect from 1st April, 2010. This section mandatorily requires the deductee to provide his PAN to the deductor at the time of payment, otherwise the said payment will be subject to tax deduction at a higher rate. Section 206AA starts with non-obstante clause i.e. "Notwithstanding anything contained in any other provisions of this Act" which gives this section overriding effect over the entire provisions of the Act. Any person who is entitled to receive any amount, on which tax is to be deducted, should furnish his PAN to the deductor. As per Section 206AA, a deductee is liable to furnish the PAN if he is entitled to receive any sum or income or amount, on which tax is deductible under Chapter XVIIB. Therefore, this section will apply only if the tax is liable to be deducted from income under consideration. Any default in furnishing of PAN will attract the withholding tax rate which is higher of following rates:

i. Rate specified in the relevant provision of the Act
ii. Rate in force i.e., rate as per the Act or as per DTAA
iii. 20%

In order to reduce the compliance burden of furnishing the PAN in the case of a non-resident, the Finance Act, 2016 had made an amendment in Section 206AA whereby it is provided that the provisions of Section 206AA would not apply to a non-resident in respect of any other payment subject to such conditions as may be prescribed. As per Rule 37BC which is notified with effect from 24 June 2016, the higher rate prescribed under Section 206AA would not apply if the non-resident furnishes the alternative documents, such as, name, address, e-mail-ID, contact number, TRC and tax identification or unique number of such non-resident assessee.

Section 195A provides that in a case other than that referred to Section 192(1A), where under an agreement or other arrangement, the tax chargeable on any income referred to in the foregoing provisions of Chapter XVII is to be borne by the person by whom the income is payable, then, for the purposes of deduction of tax under those provisions such income shall be increased to such amount as would, after deduction of tax thereon at the rates in force for the financial year in which such income is payable, be equal to the net amount payable under such agreement or arrangement.

Important Notes

1. No penalty can be levied u/s. 221(1), if the assessee proves that the default in making payment of tax was for good and sufficient reasons.
2. No order levying penalty can be passed for failure u/ss. 271(1)(b), 271A, 271AA, 271B, 271BA, 271BB, 271C, 271CA, 271D, 271E, 271F, 271FA, 271FAB, 271FB, 271FAB, 271G, 271GA, 271H, 271-I, 272A(1)(c)/(d), 272A(2), 272AA(1), 272B, 272BB(1)/(1A), 272BBB(1)(b), 273(1)(b), 273(2)(b)/(c). if the person or the assessee proves that there was a reasonable cause by virtue of Section 273B.
3. No penalty shall be imposed on any person unless he is properly heard or has been provided with reasonable opportunity of being heard by virtue of Section 274(1).
4. No order imposing penalty exceeding ₹ 10,000/- can be passed by the Income Tax Officer without previous approval of Joint Commissioner. Further, no order imposing penalty exceeding ₹ 20,000/- can be passed by the ACIT or DCIT without the previous approval of Joint Commissioner by virtue of Section 274(2).
5. Penalty proceedings have to be completed before the end of financial year in which the proceedings, in the course of which action for imposition of penalty is initiated, are complete, or within 6 months from the end of the month in which action for imposition of penalty is initiated, whichever period expires later by virtue of Section 275.

6. While determining the amount of penalty, the law to be applied would be the law operative on the date when default was committed. In case of late filing of return, the default is said to be committed on the date when the return is to be filed and in case of non-compliance of notice, default is taken to be committed on the day when the date given in the notice expires.
7. An application can be made to Commissioner for reducing or waiving any penalty levied under the Income-tax Act, 1961 or for staying or compounding any proceeding for the recovery of any such penalty by virtue of Section 273A(4). In such situations, where the aggregate of such penalties exceed ₹ 1,00,000/-, then the Commissioner can exercise these powers with the previous approval of Chief Commissioner or Director-General as the case may be.
8. Explanation 1 to Section 271(1)(c) specifies that assessee shall offer an explanation, and only on failure to offer any explanation or such explanation is found to be false, or assessee is not in a position to substantiate then it will be deemed that such person has concealed the income.
9. Explanation 4 to Section 271(1)(c) specifies that the amount of tax sought to be evaded also shall include reduction in the loss figure.
10. With effect from A.Y. 2017-18 complete new scheme of Penalty, Section 270A, has been introduced in place of earlier section 271(1)(c).

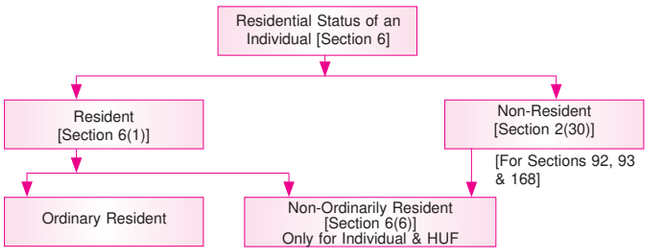
Residential Status under Income-Tax Act, 1961

RESIDENTIAL STATUS

Tax implication for an assessee depends on his residential status as per Indian Income-tax Act, 1961. In the case of Indian citizen, whether an income accrued to such a person outside India, is taxable in India depends upon the residential status of the person in India. Similarly, whether an income earned by a foreign national in India (or outside India) is taxable in India depends on the residential status of the individual, rather than on his citizenship. Therefore, determining correctly the residential status of a person is very significant in order to find out a person's tax liability.

Tests of Residence under the Act



NON-RESIDENT STATUS UNDER THE INCOME TAX ACT

The term non-resident is negatively defined under section 2(30) of the Income-tax Act. An individual who is not a resident under the Income-tax Act is a non-resident (generally, termed NRI).

Test of Residency for Individual

The status of a person as a resident or non-resident depends on his period of stay in India. The period of stay is counted in number of days for each financial year beginning from 1st April to 31st March (known as previous year under the Income-tax Act). The definition is explained in simple terms as under:

If an individual who satisfies any one of the understated conditions of section 6 of the Income-tax Act, then he becomes a Resident.

	Condition	*Status*
1.	He is in India for 182 days or more during the relevant previous year	➢ If yes, then he is resident (If not, check the next condition)
2.	He is in India for 60 days or more during the previous year and he is in India for 365 days or more during the 4 years prior to the previous year	➢ If yes, then he is resident

The above provisions are applicable to all individuals irrespective of their nationality.

However, as a special concession for Indian citizens and Person of Indian Origin, the period of 60 days referred to in condition 2 above, is extended to 182 days in two cases:

(i) where an Indian citizen leaves India in any year as a member of crew of an Indian ship or for the purpose of employment outside India; and

(ii) where an Indian citizen or a Person of Indian Origin, who is outside India, comes on a visit to India.

Further for an Indian citizen, being a member of a crew of a foreign bound ship leaving India, the period beginning from the date of joining the ship till the date of sign off from the ship, as entered into the continuous discharge certificate, shall not be included while calculating period of stay in India.

If an Individual is not satisfying any of the above conditions to become resident, then he will be non-resident.

RESIDENT BUT NOT ORDINARILY RESIDENT (RNOR)

An Individual, who is resident in a given year and who satisfies one of the following conditions, is given a special status of RESIDENT BUT NOT ORDINARILY RESIDENT (RNOR) else he will be Resident and Ordinarily Resident in India.

	Condition	*Status*
1.	He is non-resident, as per the above provisions, for at least 9 out of 10 previous years prior to previous year under consideration	➢ If yes, he is RNOR
2.	His stay in India during the 7 previous years prior to the previous year under consideration is less than or equal to 729 days	➢ If yes, he is RNOR

Test of Residency for Others

HUF, Firm and AOP is always considered as resident, except where during the year the control and management of its affairs is situated wholly outside India.

Company is resident if (i) it is an Indian Company or (ii) its place of effective management in that year is in India.

Place of Effective Management (POEM) is the country where key management and commercial decisions that are necessary for the conduct of the business of an entity as a whole are in substance made.

Guiding Principles for POEM

- In case of a company engaged in active business outside India, POEM presumed to be outside India if majority of the meetings of the Board of Directors are held outside India. However, if the powers of management are effectively exercised by any person resident in India then POEM shall be considered to be in India.
- The determination of POEM in the case of other company (i.e., the company other than those engaged in active business outside India) is two stage process. First, identify/ ascertain the person(s) who actually makes the key management and commercial decisions for conduct of the company's business as a whole and second determine the place where these decisions are in fact being made.

  CBDT through press release dated 24th January 2017 has clarified that the intention is to target shell companies and companies which are created for retaining income outside India although real control and management of affairs is located in India. Intention is not to cover foreign companies or to tax their global income merely on the ground of presence of PE or business connection in India.

Some of the other relevant points

- Residential status is always determined for the previous year (period of 12 months from 1st April to 31st March)
- If a person is resident in India in a previous year in respect of any source of income, he shall be deemed to be resident in India in the previous year relevant to the Assessment Year in respect of each of his other sources of Income [Section 6(5)].
- To calculate the number of days stay in India, both the day of Arrival into India and the day of departure from India are counted as the days of stay in India.
- Dates stamped on Passport are normally considered as proof of dates of departure from and arrival in India.
- Presence in territorial waters in India would also be regarded as stay in India.
- It is not necessary that the stay should be for a continuous period or at one place.
- A person shall be deemed to be of Indian Origin if he or either of his parents or any of his grandparents was born in undivided India [Section 115C].
- Official tours abroad in connection with employment in India shall not be regarded as employment outside India.
- A person may be resident of more than one country for any previous year. In such a case residential status of the individual shall be decided as per tie breaker rule of article 4 of the relevant double taxation avoidance agreement, entered between the countries which consider such an individual as deemed resident.
- Citizenship of a country and residential status of that country are two separate concepts. A person may be an Indian national/Citizen but may not be a resident in India and vice versa.
- A Company can have more than one place of management, but it can have only one place of effective management. POEM is required to be determined on year to year basis.
- If the key decisions by the Directors are in fact being made at a place other than place where a formal board meetings are held, then such other place would be relevant for POEM.
- The place where the management decisions are taken is more important than the place where such decisions are implemented.
- The day-to-day routine operational decisions undertaken by junior or middle management shall not be relevant for determining POEM.
- For the purpose of determining POEM, a company is considered to be engaged in "active business outside India" if the passive income is not more than 50% of total income and

1. less than 50% of its total assets are situated in India; and
2. less than 50% of total number of employees are situated in India or are resident in India; and
3. the payroll expenses incurred on such employees are less than 50% of the total payroll expenditure.

IMPLICATIONS OF RESIDENTIAL STATUS

The incidence of tax depends upon a person's Residential Status and also upon the place and time of accrual and receipt of income.

The charge of income tax with regard to the three categories of taxpayers can be summarised as follows:

Sources of Income	*R & OR*	*R & NOR*	*NR*
Indian Income			
Income received or deemed to be received in India during the current financial year	Taxable in India	Taxable in India	Taxable in India
Income accruing or arising or deemed to accrue or arise in India during the current financial year	Taxable in India	Taxable in India	Taxable in India
Income accruing or arising or deemed to accrue or arise outside India, but first receipt is in India during the current financial year	Taxable in India	Taxable in India	Taxable in India
Foreign Income			
Income accruing or arising or deemed to accrue or arise outside India and received outside India, during the current financial year	Taxable in India	Not Taxable in India	Not Taxable in India
Income accruing or arising outside India from a Business/ profession controlled in/from India during the current financial year	Taxable in India	Taxable in India	Not Taxable in India

In the above context, it may be noted that the 'receipt' of income refers to the first occasion when the recipient gets the money under his own control and it is the first receipt that determines the year and place of receipt for the purposes of taxation. If the income is already received outside India, no tax liability will arise when the whole or any part of such income is remitted to India.

1. Taxpayers in all categories are chargeable on income, from whatever source derived, which is received or is deemed to be received in India by or on behalf of them or which accrues or arises or is deemed to accrue or arise to them in India other than income specified as exempt income.
2. A "resident and ordinarily resident" pays tax in India on his entire world income, wherever accrued or received.
3. A "non-resident" pays tax only on his taxable Indian income and his foreign income (earned and received outside India) is totally exempt from Indian taxes.
4. A "not-ordinarily resident" pays tax on taxable Indian income and on foreign income derived from a business controlled in or a profession set up in India.

TEST OF RESIDENCY UNDER THE TAX TREATY

To avail the benefit of the provisions of tax treaty, a person should be resident of one or both the contracting States. To prove that a non-resident or a foreign company is tax resident of a country with whom India has signed a tax treaty, they need to obtain a tax residency certificate (TRC) from their tax authorities. Finance Act, 2013 specifies that submission of a tax residency certificate is a necessary but not a sufficient condition for claiming benefits under the tax treaty and along with TRC, other documents and information under self-declaration in the prescribed form, i.e. Form No. 10F is also required to be furnished.

Base Erosion and Profit Shifting and Multilateral Instrument

The International tax issues were never as high on the political agenda as they are today. All countries in the world are seriously concerned about their residents shifting their income to low/no tax jurisdictions and situations of double non taxation arising out of digital economy. This has placed a stress on the international tax framework, which was designed more than a century ago. To address this issue, in September 2013, G20 leaders endorsed the ambitious and wide-ranging action plan on Base Erosion and Profit Shifting (BEPS).

The BEPS package is developed and agreed because there is a vital need to restore the trust of ordinary people in the fairness of their tax systems, to level the playing fields among businesses and to provide government with more effective tools to ensure the effectiveness of their sovereign tax policies.

The goal of BEPS is to address the root cause of concerns rather than merely the symptoms. To address the concerns, where no action by some countries would have created negative spill overs on other countries, minimum standards have been agreed in particular. Identifying the need to level the playing field, the Organisation for Economic Co-operation and Development (OECD) and G20 countries have committed for consistent implementation in the areas of preventing treaty shopping, country-by-country reporting and improving dispute resolution. The OECD's BEPS initiative seeks to close gaps in international taxation for companies that allegedly avoid taxation or reduce tax burden in their home country by moving operations or by migrating intangibles to lower tax jurisdictions

Implementation of BEPS will lay groundwork of a modern international tax framework under which profits will be taxed where economic activity and value creation follows.

The BEPS plan is structured around the following three pillars:

i) Introducing coherence in the domestic rules that affects cross border activities;

ii) Reinforcing substance requirements in the existing international standards to ensure alignment of taxation with the location of economic activity and value creation; and

iii) Improving transparency as well as certainty for businesses and government.

The Organisation for Economic Co-operation and Development (OECD) released final reports on all 15 focus areas in its Action Plan on BEPS which are as follows:

* Action 1 - Address the Tax Challenges of the Digital Economy.
* Action 2 - Neutralise the Effects of Hybrid Mismatch Agreements.
* Action 3 - Strengthen Controlled Foreign Company (CFC) Rules.
* Action 4 - Limit Base Erosion via Interest Deductions and other Financial Payments.
* Action 5 - Counter Harmful Tax Practices more Effectively, Taking into Account Transparency and Substance.
* Action 6 - Prevent Treaty Abuse.
* Action 7 - Prevent the Artificial Avoidance of PE Status.
* Action 8-10 - Assure that Transfer Pricing Outcomes are in Line with Value Creation.
* Action 11 - Measuring and Monitoring BEPS.
* Action 12 - Require Taxpayers to Disclose their Aggressive Tax Planning Arrangements.
* Action 13 - Re-examine Transfer Pricing Documentation.
* Action 14 - Make Dispute Resolution Mechanisms More Effective.
* Action 15 – Develop a Multilateral Instrument.

MULTILATERAL INSTRUMENT

The Multilateral Instrument (MLI) is designed to swiftly implement the tax treaty related measures arising from the OECD BEPS project. It includes a number of minimum standards that jurisdictions signing up to the MLI are required to implement. The MLI supports all previously agreed BEPS approaches by allowing jurisdictions to select from alternative options by filing reservations. Broadly, the MLI is structured under four categories: hybrid mismatches, treaty abuse, dispute resolution and avoidance of PE status.

Presently 89 countries have signed MLI including Singapore, Netherlands, United Kingdom, UAE, Germany, Japan and France. USA has not signed the MLI. India had signed the MLI in Paris on 7 June 2017, wherein it had published a provisional list of notifications and reservations, and listed 93 tax treaties, which it intended to be covered by the MLI.

On 25 June 2019, India deposited its instrument of ratification with the nominated authority under the MLI, with its final MLI position to implement tax treaty related measures to prevent BEPS. Further, Ministry of Finance vide notification No. 57/2019 dated 9 August 2019 notified the MLI, by exercising the powers conferred by sub-section (1) of section 90 of the Income-tax Act, 1961. Pursuant to the above, the MLI for India shall enter into force on 1 October 2019, and shall be applicable on various Double Taxation Avoidance Agreements (tax treaties) of India from 1 April 2020 i.e. AY 2021-22.

Generally speaking, a provision of the MLI would get adopted in the Indian tax treaty only when matching action happens i.e. acceptance by both the parties to a MLI provision results in adoption of the same provision in the tax treaty. In absence of such matching, other than in the case of a minimum standard, the existing provisions of the tax treaties may generally continue.

With MLI deposited by India with the nominated authority, a new chapter in the area of International tax has been added. Tax professionals will have to learn BEPS and MLI to advise tax payers.

Survey, Search and Seizure and their Assessments – A Practical Approach

Search operations are exploratory exercises on the basis of information with the income tax department to find hidden/ Undisclosed income and wealth in cases of tax payers and to take possession of assets accounts/documents, papers which contain details of unaccounted wealth/income not disclosed to the income tax authorities. Thus, search and seizure is a very powerful weapon in the armoury of income tax department to unearth any concealed income or valuables and to check the tendencies of tax evasion thereby mitigating the generation of black money.

Who can authorize and conduct (i.e., issue and execute search warrants) proceedings u/s. 132 of the Income Tax Act, 1961

Sec. 132 empowers as under :

Authorized Officer who can conduct search	*Authorized from*
Additional Director or Additional Commissioner or Joint Director, Joint Commissioner, Assistant Director, Deputy Director, Assistant Commissioner, Deputy Commissioner or Income tax officer	Principal Director General or Director General or Principal Director or Director or Principal Chief Commissioner or Chief Commissioner or Principal Commissioner or Commissioner
Assistant Director, Deputy Director, Assistant Commissioner, Deputy Commissioner or Income tax officer	Additional Director or Additional Commissioner or Joint Director or Joint Commissioner (on the basis of authorization from above authority and being empowered by the Board)

Powers of authorized officers

While conducting search, authorized officer has following powers –

1. Enter and search any building, place, vessel, vehicle or aircraft where he has reason to suspect that such books of account, other documents, money, bullion, jewellery or other valuable article or thing are kept.
2. Break open the lock of any door, box, locker, safe, almirah or other receptacle, where the keys thereof are not available.
3. Search any person who has got out of, or is about to get into, or is in, the building, place, vessel, vehicle or aircraft if the authorised officer has reason to suspect that such person has secreted about his person any books of account, other documents, money, bullion, jewellery or other valuable article or thing.
4. Require any person who is found to be in possession or control of any books of account or other documents maintained in the form of electronic record, to afford the authorised officer the necessary facility to inspect such books of account or other documents.
5. Seize any such books of account, other documents, money, bullion, jewellery or other valuable article or thing found as a result of such search excluding stock-in-trade of the business.
6. Place marks of identification on any books of account or other documents or make extracts or copies therefrom.
7. Make a note or an inventory of any such money, bullion, jewellery or other valuable article or thing.
8. Examine on oath any person who is found to be in possession or control of any books of account, documents, money, bullion, jewellery or other valuable article or thing and in respect of all matters relevant for the purposes of any investigation. Any statement made by such person during such examination may thereafter be used as evidence in any proceedings.

Handing over of seized assets etc. to the Assessing Officer having jurisdiction

Any asset or document so seized shall be handed over to the Assessing Officer having jurisdiction over such person within a period of 60 days from the date on which the last of the authorizations for search was executed. Thereafter, such Assessing Officer exercises all other powers.

The reason to suspect, as recorded by the income-tax authority, shall not be disclosed to any person or any authority or the Appellate Tribunal.

Deemed or constructive Seizure [Second Proviso to Section 132(1)]

Where it is not possible or practicable to take physical possession of any valuable article or thing and remove it to a safe place due to reason of its being of a dangerous nature.

The authorised officer may serve an order (i.e. prohibitory Order) on the owner; or the person who is in immediate possession or control of any valuable article or things, that he shall not remove, part with or otherwise deal with such article or thing without the prior permission of such authorised officer. Effect such action of the authorised officer shall be deemed to be seizure of such article or thing.

Provisional Attachment

Where during the course of the search or seizure, or within a period of 60 days from the date on which the last of the authorisations for search was executed, the authorised officer may attach provisionally any property belonging to the assessee and for the said purpose, the provisions of the Second Schedule shall, mutatis mutandis, apply.

Such attachment shall be subject to following conditions:

b) The authorised officer is satisfied that for the purpose of protecting the interest of revenue, it is necessary to do so.

c) The reasons for such provisional attachment should be recorded in writing.

d) Previous approval (in writing) of the Principal Director General or Director General or the Principal Director or Director has taken.

Every provisional attachment shall cease to have effect after the expiry of 6 months from the date of such order. The authorised officer may make a reference to a Valuation Officer referred to in sec. 142A, who shall estimate the fair market value of the

property in the manner provided under that section and submit a report of the estimate to the said officer within a period of 60 days from the date of receipt of such reference.

Authorisation and assessment in case of search or requisition [Section 292CC]

It shall not be necessary to issue an authorisation u/s 132 or make a requisition u/s 132A separately in the name of each person. Where an authorisation u/s 132 has been issued or requisition u/s 132A has been made mentioning therein the name of more than one person, the mention of such names of more than one person on such authorisation or requisition shall not be deemed to construe that it was issued in the name of an association of persons or body of individuals consisting of such persons. The assessment or reassessment shall be made separately in the name of each of the persons mentioned in such authorisation or requisition.

Time limit for retention [Section132(8)]

The books of account or other documents seized or deemed seized shall not be retained by the authorised officer for a period exceeding 30 days from the date of the order of assessment u/s 153A. But the same can be retained for more than 30 days on fulfilment of certain condition like reasons for retention in writing duly approved.

Presumption in case of search [Section 132(4A)]

Where any books of account, other documents, money, bullion, jewellery or other valuable article or thing are, or is found in the possession or control of any person in the course of search, it may be presumed that such books of account, other documents, money, bullion, jewellery or other valuable article or thing belongs to such person, the contents of such books of account and other documents are true, signature and every other part of such books of account and other documents which purport to be in the handwriting of any particular person, are in that person's handwriting, and in the case of a document stamped, executed or attested, it was duly stamped and executed or attested by the person by whom it purports to have been so executed or attested.

Right to make copies or take extract [Section 132(9)]

The person from whose custody books of account or other documents are seized may make copies thereof or take extracts therefrom. Such right can be exercised in the presence of the authorized officer or any other person empowered by him in this behalf, at such place and time as the authorized officer may appoint in this behalf.

Application of Seized or Requisitioned Assets

The seized assets may be adjusted with existing liability (excluding advance tax payable) under The Income-tax Act, 1961 as under:-

1. The amount of liability determined on completion of the assessment u/s 153A,
2. The amount of liability determined on completion of the assessment of the year relevant to the previous year in which search is initiated or requisition is made; (including any penalty levied or interest payable in connection with such assessment), and the amount in respect of which such person is in default or is deemed to be in default or the amount of liability arising on an application made before the Settlement Commission.

Release of seized Asset [Section 132B]

Where the following conditions are satisfied, the amount of any existing liability may be recovered out of such asset and the remaining portion of the asset may be released to the person from whose custody the assets were seized –

1. The person concerned makes an application to the Assessing Officer within 30 days from the end of the month in which the asset was seized for release of asset.
2. The nature and source of acquisition of such asset is explained to the satisfaction of the Assessing Officer, and the Assessing Officer obtains the prior approval of the Principal Chief Commissioner or Chief Commissioner or Principal Commissioner or Commissioner.

No seized asset shall be retained by the Department during pendency of appeal filed by Revenue [*Naresh Kumar Kohali vs. CIT (P&H)*]

Interest payable to the assessee

Where the aggregate amount of money (either seized or realized through sale of assets) seized exceeds the aggregate of the amount required to meet the liabilities, Government shall pay simple interest at the rate of ½% p.m. The interest shall be payable from the date immediately following the expiry of the period of 120 days (from the date on which the last of the authorisations for search u/s 132 or requisition u/s 132A was executed) to the date of completion of the assessment u/s 153A.

Assessment in case of Search or Requisition [Section 153A]

Where a search is initiated u/s 132 or books of account, other documents or any assets are requisitioned u/s 132A, the following provision shall be followed for the purpose of assessment proceedings. As otherwise provided in sec. 153A, 153B, 153C and 153D all other provisions shall apply to the assessment made under this section also.

The Assessing Officer shall issue notice u/s 153A to such person requiring him to furnish the return of income:

In respect of each assessment year falling within 6 assessment years immediately preceding the assessment year relevant to the previous year in which such search is conducted or requisition is made.

For the relevant assessment year or year relevant assessment year shall mean an assessment year preceding the assessment year relevant to the previous year in which search is conducted or requisition is made which falls beyond 6 assessment years but not later than 10 assessment years from the end of the assessment year relevant to the previous year in which search is conducted or requisition is made. No notice for assessment or reassessment shall be issued by the Assessing Officer for the relevant assessment year or years unless:

a) The Assessing Officer has in his possession books of account or other documents or evidence which reveal that the income, represented in the form of asset, which has escaped assessment amounts to or is likely to amount to ₹ 50 lakh or more in the relevant assessment year or in aggregate in the relevant assessment years, Asset shall include immovable property being land or building or both, shares and securities, loans and advances, deposits in bank account.

b) The income referred above or part thereof has escaped assessment for such year or years; and the search

u/s 132 is initiated or requisition u/s 132A is made on or after 01-04-2017.

Time limit for furnishing such return

Such return should be furnished in prescribed Form within such time, as may be specified in the notice or within 30 days of receipt of notice if nothing is mentioned in notice.

Treatment of pending assessment

1. Where any assessment or reassessment relating to any assessment year(s) falling in the said period is pending on the date of initiation of the search u/s 132 or requisition u/s 132A, the same shall abate.
2. If any proceeding initiated or any order of assessment or reassessment made has been annulled in appeal or any other legal proceeding, then, the assessment or reassessment relating to any assessment year which has abated, shall stand revived with effect from the date of receipt of the order of such annulment by the Principal Commissioner or Commissioner. Such revival shall cease to have effect, if such order of annulment is set aside.

Assessment of Income of any other Person [Section 153C]

Where the Assessing Officer is satisfied that any money, bullion, jewellery or other valuable article or thing seized or requisitioned, belongs to, or any books of account or documents, seized or requisitioned, pertains or pertain to, or any information contained therein, relates to, a person other than the person against whom such search or requisition is made then. The books of account or documents or assets seized or requisitioned shall be handed over to the Assessing Officer having jurisdiction over such other person; and such Assessing Officer shall proceed against each such other person and issue notice u/s 153C and assess or reassess income of such other person in accordance with the provisions of sec. 153A.

Time line for Complete the Assessment u/s. 153B

Prior approval necessary for assessment in cases of search or requisition [Section 153D]

No order of assessment or reassessment (in case of search or requisition) shall be passed by an Assessing Officer below the rank of Joint Commissioner except with the prior approval of the Joint Commissioner. However, assessment or reassessment order may be passed by the Assessing Officer with the prior approval of the Principal Commissioner or Commissioner u/s 144BA.

SURVEY PROCEEDINGS

Who can conduct survey

The income-tax authority being Principal Commissioner or Commissioner, a Joint Commissioner, a Principal Director or Director, a Joint Director, an Assistant Director or a Deputy Director or an Assessing Officer or a Tax Recovery Officer or Inspector (in some circumstances) has right to survey.

However, no action shall be taken by an Assistant Director or a Deputy Director or an Assessing Officer or a Tax Recovery Officer or an Inspector of Income-tax without obtaining the approval of the Joint Director or the Joint Commissioner

Jurisdiction of Income-Tax Authority for conducting survey

An income-tax authority may conduct survey at –

1. Any place within the limits of the area assigned to him; or
2. Any place occupied by any person in respect of whom he exercises jurisdiction; or
3. Any place in respect of which he is authorised for the purposes of this section by such income-tax authority, who is assigned the area within which such place is situated or who exercises jurisdiction in respect of any person occupying such place, – where a business or profession or an activity for charitable purpose is carried on.

Power of Income Tax Authority

While conducting survey, income tax authority may exercise following power –

1. Enter in such place of business.

2. Require any proprietor, trustee, employee or any other person who may at that time and place be attending or helping in, the carrying on of such business or profession or such activity for charitable purpose –
   a) To afford him the necessary facility to inspect such books of account or other documents as he may require and which may be available at such place; Inspector is also considered as income-tax authority for this purpose.
   b) To afford him the necessary facility to check or verify the cash, stock or other valuable article or thing which may be found therein; and
   c) To furnish such information as he may require as to any matter this may be useful for, or relevant to, any proceeding under this Act.
3. Place marks of identification on the books of account or other documents inspected by him and make extracts or copies therefrom; Inspector is also considered as income-tax authority for this purpose.
4. Impound and retain in his custody any books of account or other documents inspected by him;
5. Make an inventory of any cash, stock or other valuable article or thing checked or verified by him, record the statement of any person, which may be useful for, or relevant to, any proceeding under this Act.

Note : Where the person carrying on the business or profession or activity for charitable purpose states that any of his books of account or other documents or any part of his cash or stock or other valuable article or thing relating to his business or profession or activity for charitable purpose are kept, then survey shall also be conducted at that place.

In case where survey is for the purpose of verifying that tax has been deducted or collected at source as per relevant provisions of the Act, in that case the income-tax authority cannot take exercise power mentioned in point 4 and 5 (above).

Restriction on Income-tax Authority

An income-tax authority shall not –

1. Impound any books of account or other documents without recording his reasons for doing so or
2. Retain in his custody any books of account or other documents for a period exceeding 15 days (exclusive of holidays) without obtaining the approval of the Principal Chief Commissioner or the Chief Commissioner or the Principal Director General or the Director General or the Principal Commissioner or the Commissioner or the Principal Director or the Director thereof, as the case may be;
3. Remove or cause to be removed any cash, stock or other valuable article or thing.
4. The place of business or profession cannot be sealed under survey – [*Shyam Jewellers vs. CIT (All)*]

Time for survey

An income-tax authority may enter into –

Place where business or profession is carried on	During the business hours
In case of deemed place of business or profession	Only after sunrise and before sunset

Survey of certain expenditure [Section 133A(5)]

The income tax authority (including Inspector), having regard to the nature and scale of expenditure incurred by an assessee, in connection with any function, ceremony or event, is of the opinion that it is necessary or expedient to do so, he may, at any time after such function, ceremony or event, require –

1. Assessee, who incurred such expenditure; or
2. Any person, who is likely to possess information in respect of such expenditure, to furnish such information as he may require as to any matter which may be useful for, or relevant to, any proceeding under this Act.

He may record the statements of the assessee or any other person in this regard and such recorded statement may thereafter be used as evidence in any proceeding under this Act.

Taxability of Start-Ups

The Income-tax Act provides certain tax incentives for start-ups. In addition, it is important for the start-ups to be aware of certain income-tax provisions which are mainly relevant in the initial years of incorporation or setting up. The important tax provisions as may be relevant to start-ups are discussed below:

Definition of previous year

1. In the case of business or a profession which is either newly set up or a source of income newly coming into existence in any financial year, the previous year commences from the date on which business or profession is set up or from the date on which source of income newly comes into existence in the said financial year and ends on the last date of the said financial year [Section 3].

Provisions relating to computation of taxable income

2. Any assistance in cash or in kind in the form of subsidy or grant or cash incentive or duty drawback or waiver or concession or reimbursement by the Central Government or a State Government or any authority or body or agency is considered as income. Any assistance granted for meeting the cost of asset is reduced from the cost of asset [Section 2(24)(xviii)].
3. The assessee setting up an undertaking or enterprise on or after 1st April, 2015 for manufacture or production of any article or thing in the notified backward areas in the states of Andhra Pradesh, Bihar, Telangana and West Bengal is eligible for additional depreciation at the rate of 35% of the actual cost if it acquires new asset between 1st April, 2015 and 31st March, 2020. The assets qualifying for additional depreciation are new machinery or plant (other than ships and aircraft). The deduction will not be allowed in respect of the following:
   (i) Machinery and plant which was used within or outside India by any other person before installation by the assessee.
   (ii) Machinery or plant is installed in the office premises or residential accommodation or in the guest house.
   (iii) Office appliances or road transport vehicles.
   (iv) Machinery or plant where whole cost of such machinery or plant was allowed as deduction while computing income chargeable under the head "Profits or gains of business or profession" of any previous year [Section 32(1)(iia)].
4. In addition, the assessees referred to in Sr. No. 3 are also eligible for investment allowance of 15% of the actual cost of new asset in the year in which such new asset is installed subject to a condition that asset so acquired is not sold or otherwise transferred within a period of five years from the date of its installation. Upon sale or transfer, the allowance granted at the time of installation is taxed in the year in which sale or transfer has taken place. Where new asset is transferred or sold in connection with the amalgamation or demerger or reorganisation of business referred to in clause (xiii) or clause (xiiib) or clause (xiv) of section 47 of Income-tax Act within a period of five years form the date of installation, the period of holding and consequence of sale or transfer as discussed above will apply to the amalgamated, resulting or successor company as they would have applied to amalgamating, demerged or the predecessor company [Section 32AD].
5. In respect of assessees engaged in the manufacture or production of any article or thing set up in locations other than those covered in Sr. No. 3 above are eligible for additional depreciation of 20% of the actual cost. The conditions mentioned at Sr. Nos. (3)(i) to (iv) will also apply here [Section 32(1)(iia)].
6. In addition, the assessees referred to in Sr. No. 5 are also eligible for investment allowance of 15% of the actual cost of new assets if actual cost of such new assets acquired in any previous year exceeds ₹ 25 crores and such assets are installed on or before 31st March, 2017. The investment allowance is allowable in the year in which new asset is installed. The condition that new asset is not sold within five years and the consequences if such condition is not met are same as discussed at Sr. No. 4 above. The provisions in relation to transfer in connection with the amalgamation or demerger or reorganisation as discussed at Sr. No. 4 above will also apply here [Section 32AC(1A)].
7. Assessees engaged in business of generation, transmission or distribution of power are also eligible for additional depreciation of 20% of the actual cost. The conditions mentioned at Sr. No. (3)(i) to (iv) will also apply here [Section 32(1)(iia)].
8. The following expenses incurred before the date of set up are considered as preliminary expenses and are amortised over a period of five years. 1/5th of such expenses are allowed each year starting from the year when business is set up.
   (i) Preparation of feasibility or project report;
   (ii) Conduct of market survey or any other survey necessary for the business;
   (iii) Engineering services;
   (iv) Legal charges for drafting any agreement between the assessee and any other person for any purpose relating to setting up or conduct of the business;
   (v) Legal charges for drafting and printing of the Memorandum and Articles of Association of the company;
   (vi) Fees for registration of the company under the Companies Act;
   (vii) Underwriting commission, brokerage and charges for drafting, typing, printing and advertisement of the prospectus in connection with the issue, for public subscriptions of shares or debentures of the company.

The aggregate amount of preliminary expenses in excess of 5% of the cost of the project or capital employed is ignored [Section 35D].

Tax Holidays

9. A company or a Limited Liability Partnership incorporated between 1st April, 2016 and 31st March, 2021 and holding a certificate of eligible business from the notified Inter-Ministerial Board of Certification will be allowed 100% deduction of profits and gains derived from such business for three consecutive assessment years. The deduction at the option of the assessee can be claimed for any three consecutive assessment years out of seven years beginning from the year in which such company or a limited liability partnership is incorporated. Eligible business means a business carried out by an eligible start-up engaged in innovation, development or improvement of products or processes or services or a scalable business model with a high potential of employment generation or wealth creation. The conditions to be fulfilled for claiming deduction are as under:
   (i) Total turnover does not exceed ` 25 crores in the year in which deduction is claimed.
   (ii) Business is not formed by splitting up, or the reconstruction of a business already in existence. Revival of business discontinued on account of flood, typhoon, hurricane, cyclone, earthquake or otherwise convulsion of nature, riot or civil disturbance, accidental fire or explosion, action by an enemy or action taken in combating an enemy is permissible subject to fulfilment of certain conditions.
   (iii) Business is not formed by the transfer of previously used machinery or plant for any purpose [Section 80-IAC].
10. The loss incurred during the period of seven years beginning from the year in which an eligible start-up (not being a company in which the public are substantially interested) referred to in Sr. No. 9 is incorporated, shall be carried forward and set off against the income of the previous year on fulfilment of either of the following conditions:
   (i) If all the shareholders of such company which held shares carrying voting power on the last day of the year or years in which the loss was incurred continue to hold those shares on the last day of such previous year; or
   (ii) The shares of the company carrying not less than 51% of the voting power were beneficially held by persons who beneficially held shares of the company carrying not less than 51% of the voting power on the last day of the year or years in which the loss was incurred. [Section 79(b)]
11. In case of an individual or HUF having income from transfer of a long-term capital asset, being a residential property, and is utilizing such sum for acquisition of equity shares in an eligible start-up shall be chargeable as income of the previous year in the following manner:
   (ii) if the amount of the net consideration is greater than the cost of the new asset, then, so much of the capital gain as it bears to the whole of the capital gain in the same proportion as the cost of the new asset bears to the net consideration, shall not be charged under section 45 as the income of the previous year; or.
   (iii) if the amount of the net consideration is equal to or less than the cost of the new asset, the capital gain shall not be charged under section 45 as the income of the previous year.

   However, the section contains a few restrictions such as (i) the assets purchased from subscription amount could not be sold for five years (except in case of computer or computer software which may be sold after three years) (ii) eligible assessee should have more than 25% share capital or more than 25% voting rights. The benefit of the section is available if the residential property is transferred before 1 April 2021. [Section 54GB]
12. In case of a company which is not a company in which the public are substantially interested, issuing shares at a consideration that exceeds the face value, the aggregate consideration received for such shares as exceeds the fair market value of the shares shall be chargeable to income-tax under the head "Income from other sources". However, exemption is available to venture capital undertakings receiving funds from a Category I and Category II AIF. Further, certain notifications have been issued by the Central Government providing exemptions to certain companies on fulfilment of certain conditions. In case of failure to comply with the conditions specified in the notification, the consideration received for issue of shares which exceeds the fair market of such shares shall be deemed to be the income of the company chargeable to income-tax for the previous year in which such failure has taken place. [Section 56(2)(viib)]
13. Assessee who is subject to tax audit under section 44AB of the Income-tax Act is eligible for deduction at the rate of 30% of additional employee cost incurred in the previous year for three years starting from the year in which employment is provided. The deduction will not be allowed, if:
   (i) Business is formed by splitting up, or the reconstruction of a business already in existence. Revival of business discontinued on account of flood, typhoon, hurricane, cyclone, earthquake or otherwise convulsion of nature, riot or civil disturbance, accidental fire or explosion, action by an enemy or action taken in combating an enemy is permissible subject to fulfilment of certain conditions.
   (ii) Business is acquired by the assessee by way of transfer from any other person or a result of business reorganisation.
   (iii) Failure to submit Accountant's report as may be prescribed.

   The emoluments paid or payable in the first year of a new business is regarded as additional employee cost. The additional employee cost shall not include amount paid otherwise than by an account payee cheque or account payee bank draft or by use of electronic clearing system through a bank account or through such other electronic mode as may be

prescribed. Emoluments means any sum paid or payable to employee in lieu of his employment but excludes employer's contribution to provident or pension fund and lump sum payable at the time of termination of service or superannuation or voluntary retirement such as gratuity, severance pay, leave encashment, voluntary retirement benefits, commutation of pension and like. [Section 80JJAA].

Interest under section 234C

12. The shortfall for the purpose of computing interest under section 234C is ignored to the extent such shortfall is on account of under-estimate or failure to estimate income under the head "Profits or Gains of Business or Profession" in cases where the income accrues or arises under the said head of income for the first time. [Section 234C]

Measures to discourage cash transactions/ promote digital payments

13. The threshold of cash payment to a person has been reduced to ₹ 10,000 in a single day. The cash payment in excess of ₹ 10,000 to a person in a single day will not be allowed as deduction in computing income under the head "Profits and Gains of Business or Profession" [Section 40A(3)].

14. The expenditure incurred in a particular year and paid in any subsequent year in cash in excess of ₹ 10,000 to a person in a single day shall be deemed as profits and gains of business or profession in the year of payment [Section 40A(3A)].

15. The expenditure incurred for acquisition of any asset or part thereof in respect of which a payment or aggregate payments made to a person in a single day in cash in excess of ₹ 10,000 shall be ignored for the purpose of determining actual cost of asset [Section 43(1)].

16. The presumptive tax rate as applicable to individual, Hindu undivided family or partnership engaged in a business other than plying, hiring or leasing goods carriages and having total turnover or gross receipts not exceeding ₹ 2 crore is subject to tax at the rate of 8% of the total turnover or gross receipts. The tax rate is reduced to 6% in respect of the amount of total turnover or gross receipts received by an account payee cheque or an account payee draft or use of electronic clearing system through a bank account or through such other electronic mode as may be prescribed during the previous year or before the due date of filing of return of income [Section 44AD].

Taxability of Income from Patents

Section 115BBF in the Income-tax Act, 1961 to provide a concessional tax regime for patent income, in order to encourage indigenous R&D and to make India a global R&D hub.

Certain key features are as follows:

- Royalty income of a patentee who is resident in India is to be taxed at a reduced corporate tax rate of 10% (plus applicable surcharge and cess) on gross basis
- The patentee means the person who is the true and first inventor, whose name is entered in the patent register as the patentee
- No deduction for any expenditure or allowance in respect of such royalty income is to be allowed
- The patent to be developed and registered in India
- At least 75% of the expenditure should be incurred in India by patentee resident of India.
- The regime is optional for eligible taxpayer who has to opt for the regime by furnishing a declaration in Form No. 3CFA on or before the due date of furnishing return of income under section 139(1) of the relevant previous year. If an eligible taxpayer opts for concessional tax regime in any tax year but opts out of the regime in any of five tax years succeeding such year, it shall not be eligible to claim benefit of the concessional regime for a period of five consecutive tax years succeeding the year of opting out
- The term 'royalty' has been defined to mean consideration (including lump sum consideration) for any of the following:
  - transfer of rights (including granting of license) in respect of the patent
  - imparting any information concerning the working of, or use of the patent
  - use of the patent
  - rendering of any services in connection with the above activities

  Following are excluded from the definition of royalty:
  - any income that would be chargeable under the head capital gains
  - Sale of product manufactured using a patented process or patented article for commercial use
- Definitions of terms like 'developed', 'invention', 'patent', 'patented article', 'patented process', 'true and first inventor' have been drawn from the Patents Act, 1970
- For computation of MAT, the royalty income and corresponding expenditure incurred by the taxpayer are to be ignored.

Advanced Pricing Agreement (APA) & Mutual Agreement Procedures (MAP)

I. APA

INTRODUCTION

An Advance Pricing Agreement ('APA') is an agreement between a taxpayer and tax authority, determining the transfer pricing methodology for pricing the taxpayer's international transactions for future years. The methodology is to be applied for a certain period of time based on the fulfilment of certain terms and conditions (called critical assumptions). It is a voluntary process initiated by the taxpayer.

APA provisions were introduced in the Income-tax Act, 1961 ('Act') w.e.f. 1st July, 2012. The rules in respect of the APA scheme have been notified by the Central Board of Direct Taxes ('CBDT') by way of insertion of Rule 10F to Rule 10T and

Rule 44GA in the Income-tax Rules, 1962 ('Rules').

Since its introduction, the APA scheme has been progressing steadily showcasing the Government's intention of fostering a non-adversarial tax regime. The Indian APA programme has been appreciated nationally and internationally for being able to address complex transfer pricing issues in a fair and transparent manner.

PROVISIONS – SECTIONS 92CC & 92CD

Section 92CC of the Act provides for Advance Pricing Agreement. It empowers the CBDT, with the approval of the Central Government, to enter into an APA with any person for determining the Arm's Length Price ('ALP') or specifying the manner in which ALP is to be determined in relation to an international transaction(s) which is to be entered into by the person.

The agreement entered into is valid for a period, not exceeding 5 consecutive future years, as may be specified in the agreement. With amendment to the provisions of the Act w.e.f. 1st October, 2014, the agreement entered into shall also be valid for a period, not exceeding 4 rollback years.

Once the agreement is entered into, the ALP of the international transaction(s), which is subject matter of the APA, would be determined in accordance with such an APA. The agreement entered into shall be binding on taxpayer and income-tax authorities, unless there is change in law or facts having bearing on the agreement so entered.

CBDT with the prior approval of the Central Government can declare an agreement to be void ab initio if it finds that the agreement has been obtained by the taxpayer by fraud or misrepresentation of facts. Once the agreement has been declared as void ab initio, all the provisions of the Act shall apply to the taxpayer as if the agreement has never been entered into.

Section 92CD of the Act provides for Effect to Advance Pricing Agreement. It states that where taxpayer has entered into an agreement and prior to the date of entering into the agreement, any return of income has been furnished under the provisions of section 139 of Income Tax Act, 1961 ('the Act'), such person shall furnish within a period of 3 months from the end of the month in which the said agreement was entered into, a modified return in accordance with the agreement. In case of assessment proceedings for an assessment year relevant to a previous year to which the agreement applies have been completed before the expiry of period allowed for furnishing of modified return, Assessing Officer shall proceed to assess the total income of the relevant assessment year in accordance with the agreement.

TYPES OF APA ('RULE 10F')

An APA can be unilateral, bilateral, or multilateral.

- **Unilateral APA:** an APA that involves only the taxpayer and the tax authority of the country where the taxpayer is located.
- **Bilateral APA (BAPA)**: an APA that involves the taxpayer, associated enterprise (AE) of the taxpayer in the foreign country, tax authority of the country where the taxpayer is located, and the foreign tax authority.
- **Multilateral APA (MAPA)**: an APA that involves the taxpayer, two or more AEs of the taxpayer in different foreign countries, tax authority of the country where the taxpayer is located, and the tax authorities of AEs.

ELIGIBLE TAXPAYER & PERMISSIBLE TRANSACTIONS ('RULE 10G')

Any taxpayer who has undertaken international transaction(s) or is contemplating to undertake international transaction(s) is eligible to file for an APA.

Eligible taxpayer can file an APA for any type of international transaction(s). The taxpayer have the option covering all or some of the international transaction(s) in an APA.

PROCESS IN APA

The APA process can be broken down in following 5 steps:

1. PRE-FILING CONSULTATION ('RULE 10H')

The APA Rules provide for a preliminary consultation before formally lodging an APA application. In such consultation, the taxpayer and the APA team will discuss and clarify the scope of the APA, the transfer pricing issues involved, suitability of international transactions for the agreement and broad terms of the agreement. There is an option of pre-consulting on a no name basis. However, the discussion during the pre-filing meeting is not binding on either the taxpayer or the tax authorities. The pre-filing consultation was mandatory initially wherein specified information had to be filed as part of the pre-filing application (Form No. 3CEC). This process has been made optional now.

2. FORMAL FILING OF APPLICATION ('RULE 10-I' & 'RULE 10MA')

The APA application is to be filed in Form No. 3CED. The application is to be filed with the Director General of Income-tax - International Taxation ('DGIT') in case of unilateral agreement and with the competent authority of India in case of bilateral or multilateral agreement. Every application shall be accompanied by the proof of payment of fees, which is based on amount of international transaction(s) entered into or proposed to be undertaken as per table below;

Amount of international transaction(s) entered/ proposed during the period of agreement.	Fees
Amount not exceeding INR 100 crore	10 lakhs
Amount not exceeding INR 200 crore	15 lakhs
Amount exceeding INR 200 crore	20 lakhs

The Rollback application can be filed in Form No. 3CEDA. The agreement shall contain rollback provisions subject to following;

- the transaction(s) covered under rollback are same as per the main application (i.e. in Form No. 3CED filed);
- the applicant should have furnished its return of income and Form 3CEB for the relevant years of rollback before the due date; and
- the applicant has requested for applying rollback provisions in all the years having the said international transaction(s).

The Rollback provisions shall not be applicable for a rollback year where;

- the determination of arm's length price of the said international transaction has been subject matter of dispute before the ITAT, and ITAT has passed an order disposing such appeal before signing of agreement; and
- the application of provisions has the effect of reducing the total income or increasing the loss declared by applicant in its return of income.

The fees for filing Rollback application is INR 5 lakhs.

3. PRELIMINARY PROCESSING OF APPLICATION & POST-FILING MEETINGS/ NEGOTIATIONS ('RULE 10K' & 'RULE 10L')

Every application filed shall be complete in all aspects and accompanied by requisite documents. In case any defect is noticed or relevant document is not attached, the DGIT or Competent authority shall serve a deficiency letter before the expiry of one month from the date of receipt of application. The applicant shall remove the deficiency or modify the application within fifteen days from the date of service of deficiency notice or within such further period for which an application is made in this behalf where the total period does not exceed thirty days. Upon non-removal of defect within the prescribed timeline and after providing an opportunity of being heard, DGIT or Competent authority may pass an order for non-processing the application and fees shall be refunded.

The APA team or the Competent Authority in India/his representative shall process the application in consultation and discussion with the applicant. It shall hold meetings, call for additional document or information, visit the applicant's business premises and make such inquiries as it deems fit in the circumstances of the case. The APA team shall have a detailed understanding of entities involved, transaction(s) covered, the most appropriate method and on mark-up percentage.

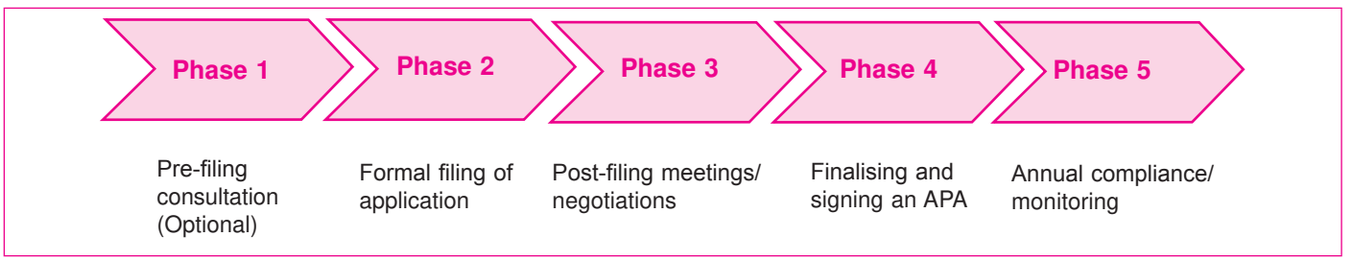
4. FINALISING AND SIGNING AN APA ('RULE 10L')

The APA team, based on the discussions with the taxpayer, finalises the pricing approach including mark-up percentage on the transaction(s). The team shall prepare a draft report which shall be forwarded to the DGIT (for unilateral) or to the competent authority in India (for bilateral & multilateral). The agreement shall be entered into by CBDT with applicant after its approval by Central Government. Once an agreement has been entered into, the DGIT or the competent authority in India, as the case may be, shall send a copy to the Commissioner of Income-tax having jurisdiction over the taxpayer.

5. ANNUAL COMPLIANCE/ MONITORING ('RULE 10O' & 'RULE 10P')

The taxpayer is required to comply with the annual compliances (filing of Form No. 3CEB) during the interim period, until the APA is concluded.

Post signing of agreement, the taxpayer will be required to prepare an annual compliance report ('ACR') in Form No. 3CEF, for each year covered under the APA, containing sufficient information to detail the actual results for the year, and to demonstrate compliance with the terms of the APA. The ACR shall be furnished in quadruplicate within thirty days of the due date of filing the income tax return for that year, or within ninety days of entering into an agreement, whichever is later. Further, the taxpayer is required to declare whether there are any changes in the business model, functional and risk profile, critical assumptions and organisational structure. Following the filing of the ACR, the jurisdictional TPO would carry out a compliance audit for each of the years under the APA term. The TPO would provide a report to the DGIT or the Competent Authority in India.



WITHDRAWAL OF APA ('RULE 10J')

An applicant may withdraw the APA application at any time before the finalisation of the terms of the agreement. The application needs to be filed in Form No. 3CEE. The application fees paid at the time of filing of APA shall not be refunded on withdrawal of the application.

TERMS OF THE AGREEMENT ('RULE 10M')

An APA agreement, among other things, would include:

- International transaction(s) covered;
- Agreed transfer pricing policy;
- Determination of ALP including the transfer pricing methodology to be applied;
- Definition of any relevant term; and
- Critical assumptions and the conditions (assumptions about the nature and functions and risks of the enterprises involved in the transaction(s), about economic conditions, assumptions about the enterprises that operate in each jurisdiction and the form in which they will do so etc.).

The agreement shall not be binding on CBDT or taxpayer if there is a change in any critical assumption or failure to meet conditions subject to which agreement has been entered into.

AMENDMENTS TO APPLICATION ('RULE 10N')

An applicant may request for an amendment to an application at any stage before the finalization of terms of the agreement.

The DGIT or competent authority may allow the amendment if such an amendment does not have any effect of altering the nature of the application originally filed. The amendment shall be given effect only if it is accompanied by additional fees, if any as provided in Rule 10I.

REVISION OF AN AGREEMENT ('RULE 10Q')

An agreement subsequent to it having been entered into, may be revised by the CBDT where;

- there is a change in critical assumptions or failure to meet a condition subject to which the agreement has been entered into;
- there is a change in law that modifies any matter covered by the agreement but is not of the nature which renders the agreement to be non-binding; or
- there is a request from competent authority in the other country requesting revision of agreement, in case of bilateral or multilateral agreement.

The agreement may be revised suo motu by the CBDT or on request of the taxpayer or DGIT/competent authority. The agreement shall not be revised unless an opportunity of being heard has been provided to the taxpayer and the taxpayer is in agreement with the proposed revision.

CANCELLATION OF AN AGREEMENT ('RULE 10R')

An agreement shall be cancelled by the Board for any of the following reasons:

- the compliance audit referred to in rule 10P has resulted in the finding of failure on the part of the taxpayer to comply with the terms of the agreement;
- the taxpayer has failed to file the annual compliance report in time;
- the annual compliance report furnished by the taxpayer contains material errors; or
- the taxpayer is not in agreement with the proposed revision of agreement.

The CBDT shall give an opportunity of being heard to the taxpayer, before proceeding to cancel an application. The order of cancellation of the agreement shall be in writing and shall provide reasons for cancellation along with the effective date of cancellation. The order of cancellation shall be intimated to the Assessing Officer and the Transfer Pricing Officer, having jurisdiction over the taxpayer.

PROCEDURE FOR GIVING EFFECT TO ROLLBACK PROVISION OF AN AGREEMENT ('RULE 10RA')

The applicant shall furnish modified return of income referred to in section 92CD in respect of a rollback year to which the agreement applies along with the proof of payment of any additional tax arising as a consequence of and computed in accordance with the rollback provision.

If any appeal filed by the applicant is pending before the Commissioner (Appeals), Appellate Tribunal or the High Court for a rollback year, on the issue which is the subject matter of the rollback provision for that year, the said appeal to the extent of the subject covered under the agreement shall be withdrawn by the applicant before furnishing the modified return for the said year.

Similarly, if any appeal filed by the Assessing Officer or the Principal Commissioner or Commissioner is pending before the Appellate Tribunal or the High Court on the issue which is subject matter of the rollback provision for that year, the said appeal to the extent of the subject covered under the agreement shall be withdrawn by the Assessing Officer or the Principal Commissioner or the Commissioner, as the case may be, within three months of filing of modified return by the applicant.

RENEWING AN AGREEMENT ('RULE 10S')

The applicant can make a request for renewal of an agreement as a new application for agreement, using the same procedure as outlined in these rules except pre-filing consultation as referred to in Rule 10H.

BENEFITS OF APA

An APA provides the following benefits;

- Certainty with respect to tax outcome of the taxpayer's international transaction(s), by agreeing in advance the arm's length pricing or pricing methodologies to be applied to the taxpayer's international transaction(s) covered by the APA;
- Removal of an audit threat (minimize rigours of audit), and deliverance of a particular tax outcome based on the terms of the agreement;
- Substantial reduction of compliance costs over the term of the APA;
- For tax authorities, an APA reduces cost of administration and also frees scarce resources; and
- Provides flexibility in developing practical approaches for complex transfer pricing issues.

Consequently, APAs provide a win-win situation for all the stakeholders involved.

RECENT UPDATES IN INDIA'S APA PROGRAMME

- India completed its 7th year of the APA program on March 31, 2019;
- A total of 271 APAs – 240 unilateral and 31 bilateral, have been concluded. 52 APAs – 41 unilateral and 11 bilateral were concluded during FY 2018-19;
- Budget 2019 has proposed to rationalization of Secondary adjustment provisions clarifying that the provisions apply to those APA that are signed on or after 1 April 2017. However, if any tax refund arises on giving effect to the proposed retrospective amendment, such refund will not be granted. Also it is proposed from 1 September 2019 the taxpayers have been given an option to pay a one-time additional tax of 18 percent on the excess money or part thereof, in case cash is not repatriated in India within the prescribed time limit for primary adjustment arising out of outcome of APA.
- Budget 2019 has also proposed from 1 September 2019 that in case of years covered under the APA, for which the assessment or reassessment has been completed by the due date of modified return, the powers of the assessing officer shall be restricted to modify the assessment order only to give effect to the terms of the APA.

II. MAP

INTRODUCTION

Mutual Agreement Procedures ('MAP') is an alternative mechanism available to taxpayers for resolving disputes giving rise to double taxation whether juridical or economic in nature. The agreement for avoidance of double taxation between the countries would give authorisation for assistance of Competent Authorities ('CA') in the respective jurisdiction under MAP. In the context of OECD Model Convention for the Avoidance of Double Taxation, Article 25 provides for assistance of Competent Authorities under MAP.

PROVISIONS – RULES 44G & 44H

Rules 44G and 44H of the Rules provide procedural guidance in respect of initiation of MAP.

Rule 44G

The taxpayer resident in India can make an application to the CA in India in Form No. 34F wherein the taxpayer is required to give relevant details in relation to the case along with documentary support.

Rule 44H

The Assessing Officer shall, within 90 days of receipt of the resolution by the Chief Commissioner or DGIT, give effect to the resolution provided:

- The taxpayer gives his acceptance to the resolution arrived at under MAP; and
- Withdraws the appeal, if any pending on the issue which was the subject matter for adjudication under mutual agreement procedure.

ELIGIBLE TAXPAYER & PERMISSIBLE TRANSACTION(S)

The taxpayer of the country having to bear the incidence of double taxation can apply for assistance of Competent Authorities under MAP to resolve the issue of such double taxation.

Generally, the issues giving rise to double taxation are submitted by the taxpayers for resolution under MAP. Some of the instances giving rise to double taxation are:

- Adjustment arising from Transfer Pricing assessment;
- Issues relating to existence of Permanent Establishment;
- Characterisation of income;
- Attribution of profits to Permanent Establishment.

TIME LIMIT FOR FILING MAP APPLICATION AND DISPOSAL

The time limitation for filing an application for MAP is governed by the respective treaty for avoidance of double taxation entered into between the countries. Generally, the time limit ranges between 2-3 years from the date of the notice giving rise to double taxation. The date of order of the original Assessment would be reckoned for computation of time limitation for filing an application for assistance of Competent Authorities under MAP.

Certain Conventions for Avoidance of Double Taxation between the countries provide for three years from the date of receipt of first notice giving rise to double taxation. (E.g., Convention between India-Australia, India-China, India-Germany etc.) In cases where the Convention for Avoidance of Double Taxation does not provide for time limit the domestic tax provision on time limit has to be looked into for filing an application for assistance of Competent Authorities under MAP. E.g., the Convention for Avoidance of Double Taxation between India and UK does not provide time limit for filing for assistance under MAP. However, the UK domestic regulation provides a time limit of six years from the end of the relevant financial year to which adjustment relates.

Under the Indian Tax Conventions (entered into with other countries) there is no timeline for disposal of application for assistance of Competent Authorities under MAP. Generally, the resolution under MAP can be expected within a period of two years from the filing of an application.

STEPS INVOLVED IN MAP

The MAP process involves the following steps;

1. **PREPARATION AND FILING OF MAP : APPLICATION** – Taxpayer makes a request to the home country's CA and filing of bank guarantees with the tax authorities, if any.
2. **POST FILING MEETING & DISCUSSIONS WITH CA** –Taxpayer may be asked to provide further data in case of inadequate information available on record to reach a conclusion. In certain cases, where found necessary, the taxpayer may also be called upon to represent the matter before the Competent Authorities.
3. **NEGOTIATIONS AND RESOLUTION** – Competent Authorities initiate negotiation and attempt to reach an amicable solution. The proposed agreement will be communicated to the taxpayer.

BENEFITS OF MAP

A MAP provides the following benefits;

- The main benefit of pursuing MAP is elimination of double taxation.
- In cases involving certain jurisdictions (US, UK and Denmark), the Indian authorities have entered into an agreement under which the taxpayer can choose to provide a bank guarantee for the outstanding tax demand. In such cases, the tax demand would not be pursued by the tax authorities until disposal of the MAP application
- The MAP resolution, once accepted, eliminates the need for protracted litigation.
- Taxpayers have the option of either accepting or rejecting the resolution arrived at under MAP. However, it will be binding on the Revenue for that international transaction(s) for the particular Assessment Year.
- Domestic appeal option is still open in case of no acceptable MAP resolution.

RECENT UPDATES IN INDIA'S MAP PROGRAMME

- CBDT in the last two years has invigorated the MAP proceedings with different countries, such as with the US, the UK, Japan and Canada.
- India and the US resolved not only cases of framework, but also non-framework TP cases and treaty interpretation cases.

Equalisation Levy

A new Chapter titled "Equalisation Levy" was inserted in the Finance Act, 2016, which came into effect from 1st June, 2016. Key points are as follows:

- Levy of 6% of the amount of consideration for specified services received or receivable by a non-resident not having permanent establishment in India from:
  - (a) a resident in India who carries out business or profession or
  - (b) a non-resident have permanent establishment in India
- Key definitions
  - o The term 'specified service' is defined to mean online advertisement, any provision for digital advertising space or any other facility or service for the purpose of online advertisement and includes any other service as may be notified by the Central Government in this behalf
  - o The term 'online' means a facility or service or right or benefit or access that is obtained through the internet or any other form of digital or telecommunication network
  - o The term 'permanent establishment' includes a fixed place of business through which the business of the enterprise is wholly or partly carried on
- Exclusions
  - o If the non-resident service provider has a permanent establishment in India and income from such specified services are effectively connected to this permanent establishment
  - o If such consideration is not for the purpose of carrying out business or profession
  - o Aggregate amount of consideration does not exceed one lakh rupees in any previous year
- In order to avoid double taxation, there is exemption under section 10 of Income-tax Act, 1961 for any income arising from providing specified services on which equalisation levy is chargeable
- Compliance
  - o In order to ensure compliance, the expenses incurred by the assessee towards specified services chargeable to such levy shall not be allowed as deduction in case of failure of the asseseee to deduct and deposit the equalisation levy to the credit of Central Government
  - o Such levy to be deducted from the payments to non-resident and to be deposited to the credit of the Central Government by 7th day of the month following the month in which the equalisation levy is collected
  - o Payment of simple interest @ 1% for every month or part of a month where the equalisation levy collected is not credited to the account of the Central Government within the prescribed period
  - o The Central Board of Direct Taxes has notified the Equalisation Levy Rules, 2016, which lay down the procedural framework for implementation, including prescribing forms for filing of annual return and appeals.

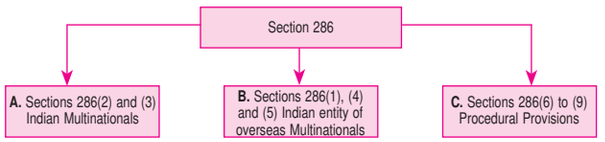
Country-by-Country Reporting

INTRODUCTION

Finance Bill, 2016 introduced additional compliance requirement for Indian Multinationals with the insertion of Section 286. These compliance requirements are introduced based on the three-tiered documentation i.e., Country-by-Country Report (CbCR), Master File and Local File, as introduced in Action Plan 13 of BEPS (Base Erosion and Profit Shifting) initiative of OECD (Organisation for Economic Co-operation and Development). This new documentation regime has been applied for the first time for FY 2016-17.

These amendments require Indian Multinationals crossing a consolidated turnover based threshold of INR 5,500 crore as per the consolidated financial statement for accounting year preceding the previous financial year to file CbCR. The CbCR filed by the companies around the world will be automatically exchanged with the Government for the purpose of tax risk assessment.

Reporting requirement as introduced under Section 286



A. Indian Multinationals

These requirements apply to Indian Multinationals operating as an international group and crossing the threshold limit. International group means any group that includes (i) two or more enterprises which are resident of different countries; or (ii) an enterprise, being a resident of one country, which carries on any business through a permanent establishment in other countries.

Requires the parent company (the entity which prepares consolidated financial statement for all the group entities) of an Indian Multinational to furnish the following details on a Country-by-Country basis for all the entities considered in the consolidated financial statements:

Financial and Employee details

- Revenue and Profit / Loss Before Tax
- Tax (paid and accrued)
- Stated Capital and Accumulated earnings
- Number of employees and Tangible assets (not being cash or cash equivalents)

The above details are to be reported in aggregation for the presence in each country in which the group operates. E.g. there are 3 entities in Netherlands, the abovementioned details for all the three entities are to be clubbed and reported for Netherlands country.

Further following additional information also needs to be provided for each of the entities:

- The country in which such entity operates
- The country of which such entity is tax resident
- The nature and details of the main business activity (such as Manufacturing, Distribution, Providing services etc.)

The above details are to be furnished for every accounting year to the Director General of Income Tax (Risk Assessment) within period of 12 months from end of the said accounting year (which would be 31st March[1] following the relevant fiscal year).

Section 286 of the Act provides that when the parent entity or alternate reporting entity are resident in India, they are required to file the CbCR in India for the accounting year, which was defined to mean the previous year. The CbCR, which is also part of the BEPS Action Plan 13 requirement, includes country-wide details of revenue, profit, employees, etc., for an International Group.

In respect of alternate reporting entity resident in India, a concern was that since the parent entity is not resident in India, the CbCR should not be required to be filed for the previous year. Instead, it should be filed for the accounting year of the parent. Thus, amendment has been made by clarifying that for alternate reporting entity, the CbCR shall be required to be filed for the accounting year of the parent entity. The above amendment takes effect retrospectively from AY 2017-18 and onwards.

Further to the above, with amendment in Section 92D, now the taxpayers are also required to maintain and furnish details of the international group in Masterfile. Additionally, the Tax Officer and Commissioner (Appeals) shall not have the power to request for the Master File, which would only have to be filed with the prescribed authority. The above amendment is effective from AY 2020-21 and onwards.

B. Indian entity of overseas Multinationals

Notify the Indian Government:

The Indian entity of overseas Multinationals also referred to as constituent entity (CE) will have to notify following:

i) whether it is the entity which is appointed to file CbCR of the international group on behalf of the parent entity; or

ii) the details of country of the parent entity/alternate reporting entity

The CbCR notification is to be filed at least two months prior to the due date for furnishing of report as specified above in case of Indian Multinationals (i.e., 10 months from the end of the accounting year - January 31 of each year following the accounting year).

1. Assuming that the Indian Multinational will be following financial year ending 31st March.

Exceptional circumstances to the above:

In the following circumstances, even the Indian entities of overseas Multinationals will have to furnish the CbCR to the Director General of Income-tax (Risk Assessment):

- where the parent is not obliged to file the CbCR in its jurisdiction
- the parent entity of the International Group is resident of a country
  - with which the mechanism of exchange of information fails; or
  - India does not have agreement providing for exchange of the report
- if there is more than one Indian entity, only one entity will have to furnish the CbCR on behalf of all the Indian entities, if the overseas Multinational has identified such entity to do so and has informed the Director General of Income-tax (Risk Assessment) in writing.

C. Other Procedural provisions

Forms to be furnished:

Sr. No.	*Filing entity*	*Forms*
1	CE resident in India, of an international group, whose parent is a non-resident	Form No. 3CEAC
2	Parent entity, or alternate reporting entity, which is: – resident in India; and – part of an international group, the consolidated group revenue of which exceeds INR 5,500 crore	Form No. 3CEAD
3	CE resident in India, of an international group, whose parent is non-resident [and if conditions as explained in 'Exceptional circumstances to the above' in point B above are satisfied]	Form No 3CEAD
4	The designated entity, where there are multiple CEs resident in India of an international group, whose parent is non-resident [and if conditions as explained in 'Exceptional circumstances to the above' in point B above are satisfied]	Form No 3CEAE

Inquiry by Director General of Income-tax (Risk Assessment)

The Director General of Income-tax (Risk Assessment) may require the entity to produce information/ documentation, by issue of notice in writing, as may be required to determine the accuracy of the details furnished by any reporting entity.

The time provided to produce such details would be 30 days of the date of receipt of such notice. This period of 30 days can also be extended by the Director General of Income-tax (Risk Assessment) by period not more than 30 days based on application made by such entity.

Penalty provisions – Section 271AA and Section 271GB

These penalty provisions are inserted for failure of filing CbCR [as referred to in Section 286(2)] and details regarding international group [as referred to in Section 92D(4)]

The Director General of Income-tax (Risk Assessment) (under this section) may direct the entity to pay penalty as follows:

Sr. No.	*Particulars*	*Penalty Amount (₹)*
1	Failure to furnish details regarding international group [as referred to in Section 92D]	5,00,000
2	Failure to furnish CbCR within due date prescribed u/s 286(2)	5,000 per day if the period of failure does not exceed 1 monh, or 15,000 per day if the failure continues beyond 1 month
3	Failure to furnish information and documents within the period allowed u/s 286(6) (i.e. 10 days)	5,000 per day
4	If the failure continues after an order has been served on the entity	50,000 per day
3	Providing inaccurate information in CbCR	5,00,000

Commodities Transaction Tax

- **COMMODITIES TRANSACTION TAX**

  Commodities Transaction Tax (CTT) is a tax levied in India, on transactions done on the domestic commodity derivatives exchanges. Globally, commodity derivatives are considered as financial contracts. Hence CTT can also be considered as a type of financial transaction tax.

  In the Union Budget 2013-14 CTT was reintroduced, however, only for non-agricultural commodity futures at the rate equivalent to the rate of equity futures. The then Finance Minister, in his budget speech said,

  "There is no distinction between derivative trading in the securities market and derivative trading in the commodities market, only the underlying asset is different. It is time to introduce Commodities Transaction Tax (CTT) in a limited way. Hence, I propose to levy CTT on non-agricultural commodities futures contracts at the same rate as on equity futures that is ***at 0.01% of the price of the trade".***

  Vide Finance Act, 2016 it was stipulated that transactions carried out in a recognized commodity exchange located in an International Financial Center, where the payments are carried out in terms of foreign currency, would be exempt from the payment of CTT.

- **IS THIS LEVIED ON ALL COMMODITIES?**

  As per Notification No. 13/2015, F. No. 142/09/2013-TPL dated February 10, 2015 a revised list of 61 agricultural commodities (exempt under clause (7) of section 116) was notified including certain commodities where trading is currently not taking place.

- **WHAT WILL BE THE TAX TREATMENT OF CTT PAID?**

  The Government has allowed deduction of Commodity Transaction Tax (CTT) paid as it forms part of the business income. Transactions in commodity derivatives have been declared to be made non-speculative; and hence for traders in the commodity derivatives segment, any losses arising from such transactions can be set off against income from any other source under Section 71 of the Income-tax Act.

Section 14A – Expenditure incurred in relation to income not includible in Total Income

Section 14 of the Act provides that the total income (under Chapter IV) is to be computed under the following five heads:

- Salaries
- Income from house property
- Profits and gains of business or profession
- Capital gains
- Income from other sources

Chapter III of the Act contains provisions for incomes which do not form part of total income.

Section 14A of the Act provides that while computing such total income under Chapter IV, no deduction shall be allowed in relation to income which does not form part of total income. The basic principle of taxation is to tax the net income, i.e., gross income minus the expenditure. On the same analogy the exemption is also in respect of net income. Expenses allowed can only be in respect of earning of taxable income. In many cases, the expenses incurred by the assessee may be relatable partly to the exempt income and partly to the taxable income. The expenditure/deduction though of the nature specified in sections 15 to 59 but related to the income not forming part of total income could not be allowed against other income includible in the total income for the purpose of chargeability to tax. Section 14A of the Act widens the theory of apportionment of expenses between exempt income and taxable income.

The assessee is required to compute and add back expenses incurred in relation to income which does not form part of total income. The section empowers the Assessing Officer to compute disallowance in respect of expenses incurred in relation to income which does not form part of total income in accordance with method prescribed under rule 8D. However, the application of rule 8D is not automatic. Rule 8D may be invoked by the Assessing Officer, having regard to the accounts of the assessee:

- is not satisfied with the correctness of the claim of the assessee in respect of expenditure incurred in relation to such exempt income;
- is not satisfied with the claim of the assessee that no expenditure was incurred in relation to such exempt income

The method prescribed as per rule 8D for disallowance of expenditure incurred in relation to exempt income is applicable only from assessment year 2008-09 onwards. For any prior assessment years, the disallowance has to be computed on a reasonable basis. The disallowance as per method prescribed under rule 8D is to be worked out as under:

	Particulars	*Amount*
(1)	Expenditure directly incurred for earning exempt income (e.g. demat charges, bank charges, etc.)	XXX
(2)	Interest expenditure not directly incurred for earning any particular income or receipt in accordance with the following formula (i.e. A * B / C)	XXX
	Interest expenditure (other than the direct interest attributed under 1) above [A]	
	The average of value of investment, income from which does not or shall not form part of the total income, as appearing in the balance sheet of the assessee, on the first day and the last day of the previous year [B]	
	the average of total assets as appearing in the balance sheet of the assessee, on the first day and the last day of the previous year [C]	
(3)	0.5% of the average value of investments computed in accordance with (2)[B] above	XXX
Total expenditure incurred for earning exempt income [1 + 2 + 3]		**XXX**

Vide Notification No. 43 dated 2nd June 2016, rule 8D has been amended. The disallowance per revised rule is to be worked out as under

	Particulars	*Amount*
1)	Expenditure directly incurred for earning exempt income (e.g. demat charges, bank charges, etc.)	XXX
2)	1% of the annual average of the monthly averages of the opening and closing balances of the value of investments, income from which does not or shall not form part of the total income	XXX
Total expenditure incurred for earning exempt income [1 + 2]		**XXX**

As per the revised rule:

i) disallowance of interest expenditure incurred for general purpose borrowings under old rule 8D(2)(ii) has been done away with

ii) disallowance under new rule would have to be made by a person at the rate of 1% as against 0.5% required to be made as per old rule, whether he has incurred interest expenditure or not

iii) instead of average of opening and closing balance of investments for the entire year, annual average of monthly averages of the opening and closing balance of investments has to be considered.

Section 9 of the Income-tax Act, 1961 ("the Act") provides for certain categories of income which are deemed to accrue or arise in India, which inter alia includes royalties and fees for technical services ("FTS").

Definition

Section 9(i)(vi) of the Act provides for the definition of royalty. Royalty is considered as deemed to accrue or arise in India if the said income is payable:

(a) by the Government; or

(b) by a person who is a resident, except for the purposes of a business or profession or source of income of the resident outside India; or

(c) by a person who is a non-resident, for the purposes of a business or profession or source of income of the non-resident in India.

As per Explanation 2 to section 9(1)(vi), "royalty" means consideration (including any lump sum consideration but excluding any consideration chargeable under the head "Capital gains") for—

- Transfer of all or any rights (including granting of a licence) in respect of:
  - Patent, invention, model, design, secret formula or process or trade mark or similar property
  - Copyright, literary, artistic or scientific work, etc.
- Use of:
  - Patent, invention, model, design, secret formula or process or trade mark or similar property
  - industrial, commercial or scientific equipment excluding amounts referred in section 44BB of the Act
- Imparting of any information concerning:
  - working of or use of patent, invention, model, design, secret formula or process or trade mark or similar property
  - technical, industrial, commercial or scientific knowledge, experience or skill
- Rendering of services in respect of the above
- Excludes consideration for sale, distribution or exhibition of cinematograph films.

The *Explanations* to section 9(i)(vi) further provides for the following:

- *Explanation 4* – Transfer of all or any rights includes right for or to use a computer software (including granting of a licence) irrespective of the medium
- *Explanation 5* – Includes consideration in respect of any right, property or information, whether or not—
  - the possession or control is with the payer;
  - it is used directly by the payer;
  - the location is in India
- *Explanation 6* – "process" includes transmission by satellite, cable, optic fibre or by any other similar technology, whether or not secret

Taxability and tax rate

Residents are taxable on their worldwide income. Royalty income earned by residents are taxable in India. The tax rate for royalty income applicable to residents depend upon the status. The maximum effective tax rate is 25% or 30% plus applicable surcharge and education cess.

Section 115BBF of the Act provides that royalty income earned by a resident in India who is a patentee in respect of a patent developed and registered in India will be taxable at the rate of 10% plus applicable surcharge and cess on gross basis. No deduction for any expenditure or allowance in respect of such royalty income will be allowed. The resident assessee may exercise the option for taxation of income from patents in accordance with the said provisions on or before the due date of furnishing of return. If the resident assessee opts for taxation of income from patents in any previous year and fails to offer tax as per section 115BBF in any of the five (5) succeeding assessment years, then he shall not be eligible to claim benefit of said section for five (5) assessment years subsequent to the assessment year in which such income has not been offered to tax as per section 115BBF. As per section 115JB of the Act, royalty income on patents and corresponding expenses shall be excluded for computing Minimum Alternate Tax ("MAT").

In case of non-residents, the taxability and the tax rate for royalty would depend upon whether the non-resident has a permanent establishment ("PE") in India under the Act or not.

Section 115A of the Act deals with taxability of royalty in case of non-resident including foreign companies other than income referred to in section 44DA of the Act. Section 115A provides for the tax rate in respect of royalty received by a non-resident under an agreement with an Indian concern. In case where the agreement is approved by the Central Government or where it relates to a matter included in the Industrial Policy of the Government of India, the agreement is in accordance with that policy, then the applicable tax rate is 10% plus applicable surcharge and education cess of the gross amount of royalty if the agreement is made after 31st March, 1976.

Section 44DA deals with taxability of royalty in case of non-resident including foreign companies where the agreement is entered with the Government or an Indian concern after 31st March, 2003 and who carries on business in India through a PE. PE as defined under section 92F of the Act includes a fixed place of business through which the business of the enterprise is wholly or partly carried on. In case the provisions of section 44DA are applicable, the tax rate shall be 30% or 40%, as the case may be, depending upon the status of the recipient on net basis i.e., after allowing deduction for expenses. The tax rates needs to be increased by applicable surcharge and education cess.

Income arising to a non-resident from National Technical Research Organisation by way of royalty or FTS for services rendered in or outside India is tax exempt.

Withholding tax rate

Section 194J of the Act provides for deduction of tax at source on payment, to a resident, of any sum which is inter alia in the nature of royalty. The withholding tax rate is 10%. The

withholding tax needs to be deducted if the payment exceeds INR 30,000 during a financial year. No surcharge or education cess needs to be deducted.

The provisions relating to withholding tax on the payments to non-residents is covered by section 195 of the Act. The withholding tax rate for royalty payments is provided in Part II of the First Schedule. The withholding tax rate for royalty payments is 10%. The tax rate needs to be increased by applicable surcharge and education cess. In the absence of a Permanent Account Number ("PAN"), the withholding tax rate will be 20% as per section 206AA of the Act. From 1st June, 2016 onwards the requirement of higher rate of withholding tax in the absence of PAN is not applicable in case of non-residents if the payments are in the nature of royalty or FTS and the non-resident payers furnishes the prescribed documents to the payer.

As per section 195A of the Act, if tax is to be borne by the payee, tax will need to be grossed up. For example, if the royalty payment is INR 100 and the tax rate is 10%, the grossed up tax rate will be 11.1111% (10*10/90).

Minimum Alternate Tax

Section 115JB of the Act deals with MAT. As per section 115JB(1), every company is required to pay a MAT at the rate of 18.5% (plus applicable surcharge and education cess) on the book profit (profit as reported in the financial statement after prescribed adjustments) earned by such company, if the tax payable under the normal provisions is less than 18.5% (plus applicable surcharge and education cess) of the book profits.

MAT provisions shall not be applicable to a foreign company, if the foreign company is a resident of a country with which India has entered into a Tax Treaty and the foreign company does not have a PE in India. Further, MAT exemption has been granted to all foreign companies in respect of income by way of royalty and FTS which are subjected to special tax rate lower than the MAT rate.

Denial of deduction

Royalty can be claimed as deduction by the payer provided the taxes have been withheld. As per section 40(a) of the Act, royalty cannot be claimed as deduction if tax on such income is deductible and such tax has not been deducted or, after deduction, has not been paid on or before the due date of furnishing the return. It also provides that if tax has been deducted in any subsequent year, or has been deducted during the previous year but paid after the due date of furnishing the return, such sum shall be allowed as a deduction in the year in which such tax has been paid.

Treaty benefits

As per section 90(2) of the Act, a taxpayer has an option to be governed by the provisions of the Tax Treaty, if these provisions are beneficial as compared to the provisions contained in the Act.

The tax rates or the withholding tax rates on payments to non-residents may be reduced to lower rate or nil as prescribed under the Tax Treaty.

TAXATION OF FEES FOR TECHNICAL SERVICES

Definition

Section 9(i)(vii) of the Act provides for the definition of FTS. FTS is considered as deemed to accrue or arise in India if the said income is payable:

(a) by the Government; or

(b) by a person who is a resident, except for the purposes of a business or profession or source of income of the resident outside India; or

(c) by a person who is a non-resident, for the purposes of a business or profession or source of income of the non-resident in India.

Explanation 2 to section 9(1)(vii) defines FTS to mean any consideration (including any lump sum consideration) for the rendering of any managerial, technical or consultancy services (including the provision of services of technical or other personnel) but does not include consideration for any construction, assembly, mining or like project or consideration chargeable under the head "Salaries".

Others

The provisions relating to taxability, tax rate, withholding tax rate, MAT, denial of deduction and treaty benefits as discussed under 'Taxation of Royalties' shall apply in case of FTS. Further, the withholding tax rate shall be 2% under section 194J of the Act for the recipients engaged only in the business of operation of call centre.

Equalisation levy of six (6) per cent is applicable on the amount of consideration for specified services received or receivable by a non-resident not having PE in India, from a resident in India who carries out business or profession, or from a non-resident having PE in India. The specified services are defined to mean online advertisement, any provision for digital advertising space or any other facility or service for the purpose of online advertisement and includes any other service as may be notified. As per section 10(50) of the Act, the income arising from the specified services on which equalisation levy is chargeable will be exempt from income-tax. Further, provisions of section 40(a) of the Act for denial of deduction in computing the taxable income of the payer shall apply in case of failure to deduct and deposit the equalisation levy.

❑❑

Taxation of Association of Persons (AOP)/Body of Individuals (BOI)

Any person can be a member in an association of persons whereas only individuals can be members in a body of individuals;

There is common will and desire among the members of an association of persons and they voluntarily join together to carry on the activities. In the case of a body of individuals such common will and desire is lacking and it is formed by operation of law.

The Supreme Court in *CIT vs. Indira Balkrishna (1960) 39 ITR 546*, defines an association of persons to mean two or more persons joining for a common purpose or common action with an object to produce income, profits or gains and not merely to receive income jointly.

It is only when they associate themselves with a common objective of carrying on an income producing activity that they become an AOP. There must be a common design, combined will and meeting of minds on common objective to constitute an association of persons.

Where land belonging to 5 persons was acquired, compensation paid to them is not assessable in their hands as AOP but it is assessable individually – *Sudhir Nagpal vs. Income-tax Officer (2012) 349 ITR 636 (P&H); CIT vs. Memo Devi (1971) 113 ITR 335 (Del.).*

If Mr. A, a Firm and a company join together to carry on any business activity otherwise than as a partnership firm, such an entity will be recognised as an association of persons.

A profit –yielding joint venture has to be taxed as a single unit – *Meera and company vs. CIT (1997) 224 ITR 635 (SC).*

Merely because individual members have been wrongly assessed to tax in respect of profit derived from the joint activity, the AOP does not get absolved from assessment of such income – *CIT vs. Ch. Atchaiah (1995) 218 ITR 239 (SC).*

In the case of an AOP as well as a BOI the provisions relating to computation and taxability of income are the same.

1. In the case of an AOP/BOI any payment of interest, salary, bonus, commission or remuneration paid or payable by such AOP/BOI to any of its member shall be disallowed in the hands of AOP/BOI while computing income under the head P/G/B/P. However, the following points must be noted:
   - Rent paid by AOP/BOI to its members, for use of member's premises for its business, is allowed subject to section 40A(2).
   - If any interest is received from the member to whom any interest is also paid then only the net interest will be disallowed under this section.
   - If the individual is the member in representative capacity and the interest is paid to him in his individual capacity then no disallowance will be made under this section.
   - If the individual is a member in his individual capacity and interest is paid to him in his representative capacity then no disallowance will be made under this section.
   - If an individual is a member in a representative capacity in an AOP/BOI and he receives remuneration from the AOP/BOI in his individual capacity, then the same will be disallowed under section 40(ba).
2. Section 67A deals with method as to how the share is computed in the Income of AOP/BOI
   - Compute taxable income of AOP/BOI, say A
   - salaries and interest u/s. 40[ba] as above said is say B
   - Allocate A-B to the members in their profit sharing ratio
   - Add salary and interest paid to the respective members to the amount
   - The sum total shall be the share of each member in AOP/BOI
   - N.B : Head wise share of income of AOP/BOI shall remain same in the hands of member.
   - Any interest paid by the member on the capital borrowed for the purpose of investment in the AOP/BOI from respective share of income assessable under the head income from P/G/B/P
3. **Every AOP or BOI is chargeable to tax in accordance with Section 167B. According to Section 66 in computing the total income of an assessee, there shall be included share of income of a member of an AOP or BOI subject to Sections 86 and 110.**

   The head of income under which the share of income of the members shall be taxable is the same head of income as taxable in the hands of AOP/BOI.

   Inclusion of share of income and rebate depends upon tax rates applicable to AOP/BOI u/s. 86.

Applicable Rates	***Share of Income to be Included in Total Income of Member***	***Available Rebate***
Normal	Yes	Average rate of tax
Normal but AOP LIABLE TO NIL TAX	Yes	No
Maximum marginal rate	No	Does not arise

4. Tax rates on AOP/BOI are as follows u/s 167B when the shares of members are unknown/indeterminate if such shares unknown at the time of formation or at any time thereafter in respect of full/part of income.

Where none of the members is liable at a rate higher than MMR →	Entire income of AOP/BOI is liable to MMR
Where one OR more members is liable at a rate higher than MMR →	Entire income of AOP/BOI is liable to such higher rate

5. Tax rates on AOP/BOI are as follows u/s. 167B when the shares of members are known and determinate

Where one of the members have total income[**] exceeding maximum amount not chargeable to tax à	Entire income of AOP/BOI is liable to normal rates applicable to an individual.
Where one or more of the members have total income[**] exceeding maximum amount not chargeable to tax à	Entire income of AOP/BOI is liable MMR
Where one OR more members is liable at a rate higher than MMR à	Tax on income of AOP/BOI is total of • Tax at such higher rates on such member's share in total income • Tax at MMR ON BALANCE INCOME
** MEANS in computing total income of member his share of income from AOP/BOI SHALL BE EXCLUDED	

The effect of the provisions of Section 167B, is that only those AOP and BOI where the shares of the members are determinate and where none of the members have taxable income, the income of the AOP will be taxed at normal rates applicable to individuals.

6. Loss of AOP/BOI shall be carried forward by them only and can't be allocated to members.
7. If the adjusted total income exceeds ₹ 20,00,000/- then provisions of Section 115JEE of Alternate Minimum Tax (AMT) shall be applicable to AOP/BOI.
8. If shares of members of AOP are indeterminate only for a part of the income, the whole income of AOP shall be taxed at maximum marginal rate – *Laxmi Fruit Company vs. CIT [2018] 99 taxmann.com 429 (Bom.).*

Goods and Services Tax (GST)

CHAPTER 1.1 — INTRODUCTION AND APPLICABILITY

Introduction

Goods and Services Tax (GST) has been identified as one of most important tax reforms post-independence. It is a tax trigger, which will lead to business transformation for all major industries.

Major step was to have the constitution amended which was done in the form of 101st Constitution Amendment Act, 2016 for GST in the Parliament on 8th August, 2016 and thereafter recently four GST Bills also got clearance from the Lok Sabha on 29th March, 2017 and also from Rajya Sabha on 6th April, 2017. On 12th April, 2017 fours Acts are assented and notified. These are following:

- Central Goods and Services Tax Act, 2017
- Integrated Goods and Services Tax Act, 2017
- Union Territory Goods and Services Tax Act, 2017, and
- Goods and Services Tax (Compensation to States) Act, 2017.

Government as per its schedule and plan implemented the Goods and Services Tax with effect from 1-7-2017.

Later on the above Acts got amended *vide* Central Goods and Services Tax (Amendment) Act and Integrated Goods and Services (Amendment) Act notified on 30th August, 2018 and amendments made effective from 01st February, 2019.

GST in India and its coverage

GST is a destination-based tax that will replace the current Central taxes and duties such as Excise Duty, Service Tax, Countervailing Duty (CVD), Special Additional Duty of Customs (SAD), Central charges and cesses and local State taxes, i.e., Value Added Tax (VAT), Central Sales Tax (CST), Octroi, Entry Tax, Purchase Tax, Luxury Tax, Taxes on lottery, betting and gambling, State cesses and surcharges and Entertainment tax (other than the tax levied by the local bodies).

It will be a dual levy with State/Union Territory GST and Central GST. Moreover, inter-State supplies would attract an Integrated GST, which would be the sum total of CGST and SGST/UTGST.

Petroleum products, i.e., petroleum crude, high speed diesel, motor spirit, aviation turbine fuel, natural gas will be brought under the ambit of GST from such date as may be notified by the Government on recommendation of the Council. Alcohol for human consumption has been kept outside the purview of GST.

Consensus between Central and State Governments has been reached on four-tier rate structure viz., 5%; 12%; 18% and 28%.

A well-designed GST in India is expected to simplify and rationalise the current indirect tax regime, eliminate tax cascading and put the Indian economy on high-growth. The GST levy has impacted both manufacturing and services sector for the entire value chain of operations, namely procurement, manufacturing, distribution, warehousing, sales, and pricing. It will also stimulate the need to relook at internal organisation and IT systems.

With its implementation from 1st July, 2017, it is critical for companies, which have business operations in India to understand the broad contours and framework of the GST law, impact of the new levy on their business.

Benefits of GST

GST has been envisaged as a more efficient tax system, neutral in its application and attractive in distribution. The advantages of GST are:

- Wider tax base, necessary for lowering the tax rates and eliminating classification disputes
- Elimination of multiplicity of taxes and their cascading effects
- Rationalization of tax structure and simplification of compliance procedures
- Harmonization of Centre and State tax administrations, which would reduce duplication and compliance costs
- Automation of compliance procedures to reduce errors and increase efficiency

Destination principle

The GST structure would follow the destination principle. Accordingly, imports would be subject to GST, while exports would be zero-rated. In the case of inter-State transactions within India, the State tax would apply in the State of destination as opposed to that of origin.

Taxes to be subsumed

GST would replace most indirect taxes currently in place such as:

Central Taxes	*State Taxes*
• Central Excise Duty [including additional excise duties, excise duty under the Medicinal and Toilet Preparations (Excise Duties) Act, 1955] • Service tax • Additional Customs Duty (CVD) • Special Additional Duty of Customs (SAD)	• Value Added Tax • Octroi and Entry Tax • Purchase Tax • Luxury Tax • Taxes on lottery, betting & gambling • State cesses and surcharges • Entertainment tax (other than the tax levied by the local bodies)
• Central Sales Tax (levied by the Centre and collected by the States) • Central surcharges and cesses (relating to supply of goods and services)	• Central Sales Tax (levied by the Centre and collected by the States)

Roadmap Ahead

- Lot of glitches are still there in GSTN even after almost 24 months, from the implementation of GST and those needs to be resolved as soon as possible.
- Many clarifications are needed from the Government so as to remove the ambiguities in the law.
- Number of returns from three to be reduced to one consolidated return. We may hope that the new proposed returns forms which are proposed to be implemented w.e.f. October 2019 will resolve the pending issues till now and would be user friendly so as to enable easy compliance on part of all stakeholders.

Applicability

Section 1	
Short title, extent and commencement	
Sub-Section (1)	This Act may be called the Central Goods and Services Tax Act, 2017.
Sub-Section (2)	It extends to the whole of India.
Sub-Section (3)	It shall come into force on such date as the Central or a State Government may, by notification in the *Official Gazette*, appoint in this behalf: Provided that different dates may be appointed for different provisions of this Act and any reference in any such provision to the commencement of this Act shall be construed as a reference to the coming into force of that provision.

CHAPTER 1.3 — THE TERM "SUPPLY", "COMPOSITE SUPPLY", "MIXED SUPPLY"

Supply – Section 7

Under the GST regime, old terms such as manufacture, sale, and provision of services have no value and such terms are of no use. Under GST it's only one term and that is supply. Supply is the taxable event and not the manufacture or sale.

Hence as soon as event/transaction/activity is covered under the definition of supply the taxable event triggers. Only issue in the Goods and Services Tax regime is that, the term supply is defined in an inclusive manner and it is really difficult to digest the definition of the same. Let us see the way it is defined and provided for in Section 7 of the Central Goods and Services Tax Act 2017:

Sub-Section (1) and (1A)

- SUPPLY Includes
  - (a) all form of supply for a consideration by a person in the course or furtherance of business.
  - (b) importation of service, for a consideration and whether or not in the course or furtherance of business
  - (c) activities specified in Schedule I *(reproduced below)*, made or agreed to be made without a consideration
  - (1A) Where certain activities or transactions constitute of supply in accordance with the provisions of sub-section (1), they shall be treated either as supply of goods or supply of services as referred to in Schedule II.

Sub-Section (2)

- notwithstanding anything contained in sub-section (1),
  - (a) activities or transactions specified in Schedule III *(reproduced below)* ; or
  - (b) such activities or transactions undertaken by the Central Government, a State Government or any local authority in which they are engaged as public authorities, as may be notified by the Government on the recommendations of the Council,

shall be treated neither as a supply of goods nor a supply of services

Sub-Section (3)

- subject to the provisions of sub-sections (1), (1A) and (2), the Government may, on the recommendations of the Council, specify, by notification, the transactions that are to be treated as a supply of goods and not as a supply of services;
- a supply of services and not as a supply of goods

(a) works contract as defined in clause (119) of section 2; and

(b) supply, by way of or as part of any service or in any other manner whatsoever, of goods, being food or any other article for human consumption or any drink (other than alcoholic liquor for human consumption), where such supply or service is for cash, deferred payment or other valuable consideration.

7. Supply of Goods

The following shall be treated as supply of goods, namely:—

Supply of goods by any unincorporated association or body of persons to a member thereof for cash, deferred payment or other valuable consideration.

Schedule III — Activities of Transactions which shall be treated neither a supply of goods nor supply services

1. • Services by an employee to the employer in the course of or in relation to his employment
2. • Services by any Court or Tribunal established under any law for the time being in force.
3. • (a) The functions performed by the Members of Parliament, State Legislature, Panchayats, Municipalities and other local authorities;
   (b) The duties performed by any person who holds any post in pursuance of the provisions of the Constitution in that capacity; or
   (c) The duties performed by any person as a Chairperson/Member/Director in a body established by the Central/State Government or local authority and who is not deemed as an employee before the commencement of this clause.
4. • Services of funeral, burial, crematorium or mortuary including transportation of the deceased.
5. • Sale of land and, subject to clause (b) of paragraph 5 of Schedule II, sale of building.
6. • Actionable claims, other than lottery, betting and gambling.
7. • Supply of goods from a place in the non-taxable territory to another place in the non-taxable territory without such goods entering into India.
8. • (a) Supply of warehouse goods to any person before clearance for home consumption;
   (b) Supply of goods by the consignee to any other person, by endorsement of documents of title to the goods, after the goods have been dispatched from the port of origin located outside India but before clearance for home consumption.

Composite and Mixed Supply – Section 8

Composite Supply 2(30) – a supply made by a taxable person to a recipient consisting of two or more taxable supplies of goods or services or both, or any combination thereof, which are naturally bundled and supplied in conjunction with each other in the ordinary course of business, one of which is a principal supply.

Mixed Supply 2(74) – two or more individual supplies of goods or services, or any combination thereof, made in conjunction with each other by a taxable person for a single price where such supply does not constitute a composite supply.

Tax liability on composite and mixed supplies shall be determined in the following manner

- In case of Composite Supply – One of which is Principal supply shall be treated as Supply of such principal supply
- In case of Mixed Supply – shall be treated as Supply of that supply which attracts highest rate of tax

Hence if we need to understand with the help of an example let's do that:

Example of Composite Supply

Supply of Televisions with free installation service OR Sale of Vehicle with free service of the same – these are examples of composite contract because here there are more than one supply of goods or services or both. There is a principal supply and the multiple supplies are naturally bundled.

The tax liability in case of <u>composite supply</u> shall be at the rate that is applicable to the principal supply.

Example of Mixed Supply

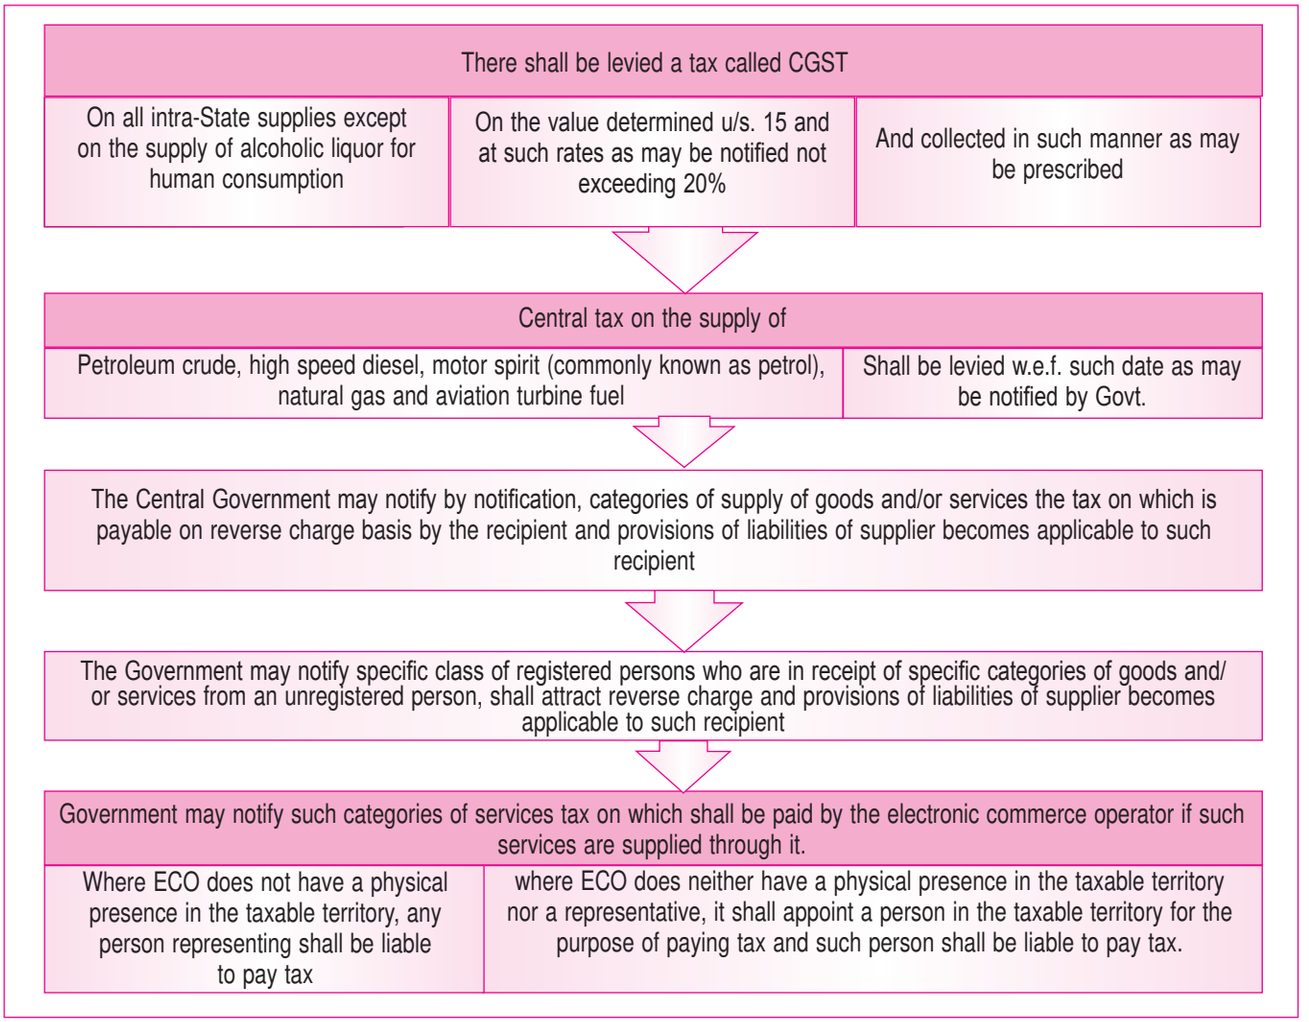
The best example can be where fruits are supplied with dry fruits. Another example can be tooth brush and tooth paste. Both are independent items and nothing can be said to be a principal supply and hence is a mixed supply.

The tax liability in case of <u>mixed supply</u> shall be at the highest rate applicable to any of the items forming part of the mixed supply.

CHAPTER 1.4 — LEVY, COLLECTION AND EXEMPTION

Levy and Collection – Section 9 of the Central Goods and Services Tax Act, 2017

This is one of the most important sections of the GST law because this gives us the basis on which the tax shall be levied under Goods and Services Tax. It provides for the transactions on which the tax shall be levied under the CGST Act, 2017. As per provisions of Section 9, tax shall be levied in case of intra State supplies. The provision is exactly mentioned hereinbelow. Just read line by line and step by step.



Power to Grant exemption from tax — Section 11 of the CGST Act, 2017

As we are aware that under GST anything that is to be done can be done only when the same is recommended by the GST Council and therefore it could be said that by virtue of newly inserted Article 279A of the Constitution of India by virtue of 101st Constitution Amendment Act, 2016, the most powerful body under GST is the council since nothing can happen or move without its recommendation.

Therefore on this basis it could be said that if some exemptions are to be given it has to be discussed in the Council and in case, the Council approves and recommends, the exemption is possible. The provision is discussed as under only thing that needs to be kept in mind here is, exemption can be general or by way of special order and in case if after the said exemption is notified any explanation is required the same can be done but within one year from the date of issue of notification and such explanation shall be presumed to have been part of such provision/notification from the first day.

Where the Government is satisfied that it is necessary in the public interest so to do, it may, exempt generally, either absolutely or subject to such conditions as may be specified therein

on the recommendations of the Council, by notification	goods or services or both of any specified description from the whole or any part of the tax leviable thereon	with effect from such date as may be specified in such notification

Where the Government is satisfied that it is necessary in the public interest so to do, it may, exempt from payment of tax any goods or services or both on which tax is leviable.

on the recommendations of the Council, by special order in each case, under circumstances of an exceptional nature to be stated in such order

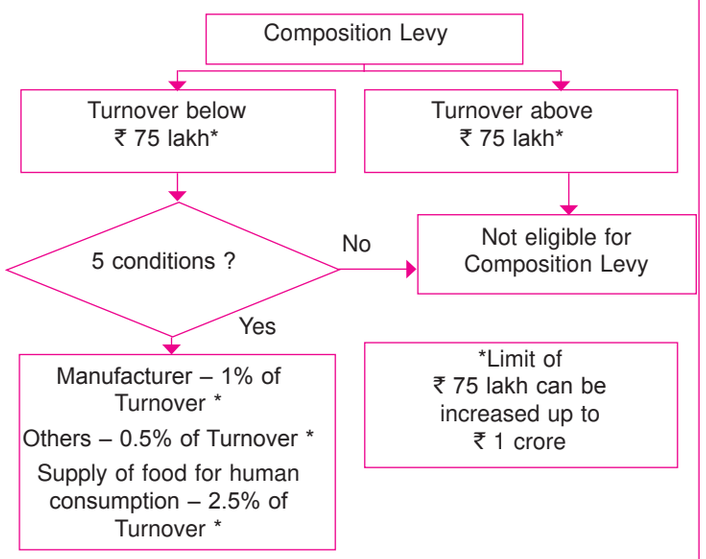
The Government may, if it considers necessary or expedient so to do for the purpose of clarifying the scope or applicability of any notification issued under sub-section (1) or order issued under sub-section (2),

insert an explanation in such notification or order, as the case may be, by notification at any time within one year of issue of the notification	and every such explanation shall have effect as if it had always been the part of the first such notification or order, as the case may be.

CHAPTER 1.5 — COMPOSITION LEVY

Section 10 - Composition Levy

A registered person, not having aggregate turnover exceeding ₹ 50 lakh in the preceding financial year may opt to pay, in lieu of the tax payable by him, an amount calculated at such rate as may be prescribed and shown hereinbelow in flow chart.



* Government may, by notification, increase the said limit of fifty lakh rupees to such higher amount, not exceeding one crore rupees, as may be recommended by the Council.

a person who opts to pay tax under clause (a) or clause (b) or clause (c) may supply services (other than those referred to in clause (b) of paragraph 6 of Schedule II), of value not exceeding ten per cent of turnover in a State or Union territory in the preceding financial year or five lakh rupees, whichever is higher.

5 Conditions, if any one satisfied, could not opt for composition levy

Registered person shall not be allowed to opt for composition levy until, it satisfies the following conditions:

(a) he is not engaged in the supply of services other than supplies referred to in clause (b) of paragraph 6 of Schedule II;

(b) he is not engaged in making any supply of goods which are not leviable to tax under this Act;

(c) he is not engaged in making any inter-State outward supplies of goods;

(d) he is not engaged in making any supply of goods through an electronic commerce operator who is required to collect tax at source under section 52; and

(e) he is not a manufacturer of such goods as may be notified by the Government on the recommendations of the Council:

Where a person with a PAN has more than one registration, it shall be mandatory for all such persons with same PAN to opt for composition levy else the registered person shall become ineligible for opting for composition levy.

Restrictions:

1. No Tax to be collected from recipient
2. No entitlement of credit on Inputs
3. If PO has reason to believe that person not eligible u/s. 10, In addition to any tax, also penalty and provisions of section 73 or 74 shall apply
4. The day aggregate turnover exceeds the limit specified, the option of composition shall lapse.

Other Relevant Points to be noted

1. A person covered under Composition Levy may become liable under reverse charge on inward supplies as per Section 9(3).
2. Even from 1st April, 2019, the service providers whose turnover is below fifty lakh rupees are allowed to pay tax at the rate of 3% and all provision of section 10 relating to composition levy are made applicable to them.
3. *The rate of composition mentioned above is under CGST Act, same rate will be under SGST Act also. Therefore the rates will be double i.e., 0.5% will be 1%, 1% will be 2%, 2.5% will be 5% and 3% will be 6%.

CHAPTER 1.6 — TIME OF SUPPLY

Section 12 — Time of Supply of Goods

There is always a difference between a taxable event and the point of taxation. In the current tax regime, in case of service tax – the taxable event is provision of service or agreeing to provide a service whereas the point of taxation is determined as per Point of Taxation Rules, 2011 similarly under GST also the taxable event is supply of good or services or both but the point of taxation is known as time of supply of goods and services i.e., the date/time on which, the liability to pay tax arises

Sub-Section (1)

- The liability to pay tax on goods shall arise at the time of supply, as determined in accordance with the provisions of this section

Sub-Section (2) – in case or normal supply of goods

- Earliest of the Following :
  - Date of issue of Invoice by the *supplier*, or
  - Last date on which he is required to issue the invoice with respect to supply; or
  - Date of receipt of the payment with respect to supply *where the supplier of taxable goods receives an amount up to one thousand rupees in excess of the amount indicated in the tax invoice, the time of supply to the extent of such excess amount shall, at the option of the said supplier, be the date of issue of invoice in respect of such excess amount.*

Sub-Section (3) – in case of supply of goods under reverse charge

- Earliest of the following :
- Date of Receipt of Goods
- Date of payment as entered in books or Date of debit in bank account, whichever is earlier
- Date immediately following 30 days from the date of issuance of invoice provided if *not determinable as per above, TOS shall be date of entry in books of account of recipient*

Sub-Section (4) – in case of supply of vouchers

- If Supply identifiable at that point – Date of Issue
- In other cases – Date of redemption

Sub-Section (5) – Residuary provision

- *In case time of supply cannot be determined under the provisions of sub-section (2) or sub-section (3) or sub-section (4), it shall be determined as under*
- Where periodical return has to be filed – Date when such return is to be filed
- In any other case – Date on which CGST/SGST paid

Sub-Section (6)

- The time of supply to the extent it relates to
- An addition in the value of supply
- By way of interest, late fee or penalty for delayed payment of any consideration
- Shall be the date on which the supplier receives such addition in value

Section 13 — Time of Supply of Services

Sub-Section (1)

The liability to pay tax on services shall arise at the time of supply, as determined in accordance with the provisions of this section.

Sub-Section (2) – *in case of supply of service*

- Invoice issued within time limit – Date of issue of Invoice by the supplier; or date of receipt of the payment; whichever is earlier
- Invoice issued after time limit – Date of Provision of service or Date of receipt of the payment; whichever is earlier
- Date on which recipient shows the receipt of service in his books of account
- *If excess received up to ₹ 1,000, Time of supply at the option of supplier shall be the date of issuance of invoice.*

Sub-Section (3) – *in case if covered under reverse charge*

- Date of payment as entered in books or Date of payment in bank account, whichever is earlier
- Date immediately following 60 days from the date of issuance of invoice by the supplier
- If not covered in above 2 conditions then time of supply shall be the date of entry in the books of recipient.

Sub-Section (4) - *in case of supply of vouchers*

- If Supply identifiable at that point – Date of Issue
- In other cases – Date of redemption

Sub-Section (5) - *Residuary Section*

- Where periodical return has to be filed – Date when such return is to be filed
- In any other case – Date on which CGST/SGST paid

Sub-Section (6)

- The time of supply to the extent it relates to
- An addition in the value of supply
- By way of interest, late fee or penalty for delayed payment of any consideration
- Shall be the date on which the supplier receives such addition in value

Section 14 — Time of Supply – Change in rate of tax in respect of supply of goods or services

Supplied	*Issue of Invoice*	*Receipt of Payment*	*Time of Supply*
Before the change in rate	After	After	Date of Invoice or Receipt of Payment, which ever is earlier
Before the change in rate	Before	After	Date of Issue of Invoices
Before the change in rate	After	Before	Date of Receipt of Payment
After the change in rate	Before	Before	Date of Invoice or Receipt of Payment, which ever is earlier
After the change in rate	Before	After	Date of Receipt of Payment
After the change in rate	After	Before	Date of Issue of Invoices

CHAPTER 1.7 — VALUE OF SUPPLY

Section 15 — Value of Supply

Tax has to be paid on the basis of value of supply and therefore the valuation becomes very important. Under GST the taxable event is supply of goods or services or both and even if there is no consideration, it becomes supply in certain situations as mentioned in Schedule I of the CGST Act, 2017. Now since it is widely discussed and accepted that in GST even the branch transfers are going to be taxable therefore it becomes important for us to determine the value on which tax has to be paid correctly and reasonably.

Value of Supply of Goods or Service or Both			
The Transaction Value	which is the price actually paid or payable for the said supply of goods or services or both	where the supplier and recipient of the supply are not related and	the price is the sole consideration for the supply

Which includes

(a) Any taxes, duties, cesses, fees and charges levied under any law for the time being in force other than this Act, the State Goods and Services Tax Act, the Union Territory Goods and Services Tax act and the Goods and Services Tax (Compensation to States) Act, if charged separately by the supplier;

(b) Any amount that the supplier is liable to pay in relation to such supply but which has been incurred by the recipient of the supply and not included in the price actually paid or payable for the goods or services or both;

(c) Incidental expenses, including commission and packing, charged by the supplier to the recipient of a supply and any amount charged for anything done by the supplier in respect of the supply of goods or services or both at the time of, or before delivery of goods or supply of services;

(d) Interest or late fee or penalty for delayed payment of any consideration for any supply; and

(e) Subsidies [including the value of supply of the supplier who receives the subsidy] directly linked to the price excluding subsidies provided by the Central Government and State Governments.

Not include any discount which is given

(a) before or at the time of the supply if such discount has been duly recorded in the invoice issued in respect of such supply; and

(b) after the supply has been effected, if—

(i) such discount is established in terms of an agreement entered into at or before the time of such supply and specifically linked to relevant invoices; and

(ii) ITC as is attributable to the discount on the basis of document issued by the supplier has been reversed by the recipient of the supply.

Where the value of the supply of goods or services or both cannot be determined under sub-section (1), the same shall be determined in such manner as may be prescribed.

The value of such supplies as may be notified by the Government on the recommendations of the Council shall be determined in such manner as may be prescribed.

(a) persons shall be deemed to be "related persons" if—
  (a) such persons are officers or directors of one another's businesses;
  (b) such persons are legally recognised partners in business;
  (c) such persons are employer and employee;
  (d) any person directly or indirectly owns, controls or holds twenty-five per cent or more of the outstanding voting stock or shares of both of them;
  (e) one of them directly or indirectly controls the other;
  (f) both of them are directly or indirectly controlled by a third person;
  (g) together they directly or indirectly control a third person; or
  (h) they are members of the same family;

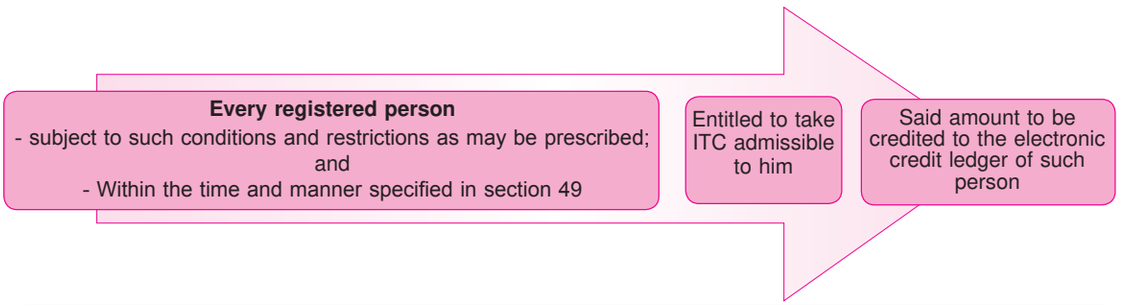
(b) the term "person" also includes legal persons;

(c) persons who are associated in the business of one another in that one is the sole agent or sole distributor or sole concessionaire, howsoever described, of the other, shall be deemed to be related.

CHAPTER 1.8 — INPUT TAX CREDIT AND INPUT TAX CREDIT TRANSFER

Section 16(1) – Manner of availing ITC

Input Tax Credit (ITC) is one of the base on which the building of GST is placed. The reason for saying so is out of many issues in the current Indirect Tax Regime, one of the major issues is cascading effect i.e. Tax on Tax and therefore GST was proposed with the intention of having seamless flow of credit. So it could be said that provisions pertaining to ITC have to be understood and digested completely so as to determine whether the current issues are properly addressed or not in GST.



Credit of input tax charged on any supply of goods or services or both is only allowed for inputs which are used or intended to be used in the course or furtherance of his business

Section 16(2) – Conditions for availing ITC

Registered person shall not be entitled to take credit of any input tax in respect of any supply of goods and/or services to him unless:

He is in possession of:	• Tax invoice, or • Debit note, or • Such other tax paying document as may be prescribed Issued by supplier registered under the Act
Receipt of goods and/or services	• On receipt of goods and/or services • Deemed receipt of goods when supplied to any other person on direction of registered person as agent or by way of transfer of document of title to goods. • Services to any other person on the direction of such registered person
Payment of tax charged in respect of such supply to credit of government in:	• Cash; or • Utilization of ITC admissible in respect of said supply
Furnished return u/s. 39	• Whether this refers to return filed by : • Vendor; or • Assessee

Where goods against an invoice are received in instalments/lots – ITC will be available only after receipt of last lot/ instalment

Where a recipient fails to pay to the supplier of goods or services or both, other than the supplies on which tax is payable on reverse charge basis:

- the amount towards the value of supply along with tax payable thereon within a period of one hundred and eighty days from the date of issue of invoice by the supplier; and
- an amount equal to the input tax credit availed by the recipient shall be added to his output tax liability
- along with interest thereon, in such manner as may be prescribed
- the recipient shall be entitled to avail of the credit of input tax on payment made by him of the amount towards the value of supply of goods or services or both along with tax payable thereon.

Section 16(3) — Conditions for availing ITC

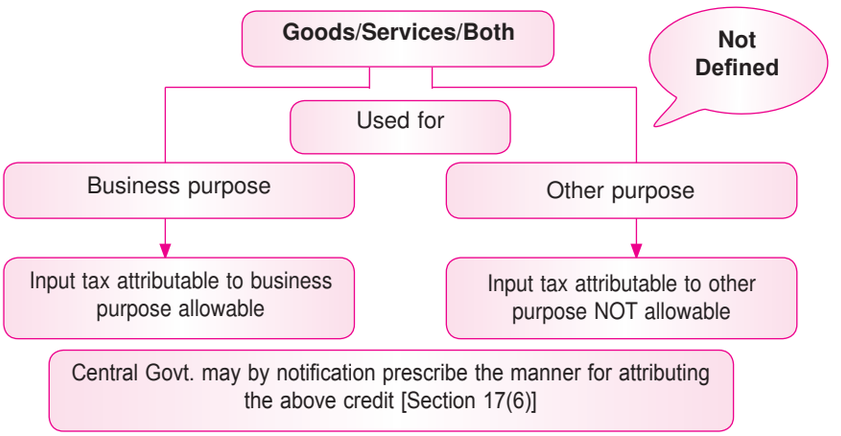
Input tax credit will not be allowed to the registered taxable person on the tax component who has already claimed depreciation on the tax component of the cost of capital goods under the provisions of Income-tax Act, 1961 (43 of 1961).

Section 16(4) – Conditions for availing ITC

A taxable person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods and/or services after:

- Filing of the return u/s. 39 for the month of September following the end of financial year to which such invoice or invoice relating to such debit note pertains; or
- Furnishing of the relevant annual return
- Whichever is earlier
- For F. Y. 2017-18 due date for furnishing return u/s 39 have been extended till the date for furnishing return u/s (1) of 37 for the month of March 2019

Section 17(1) – ITC in case goods/services partly used for business and partly for other purposes

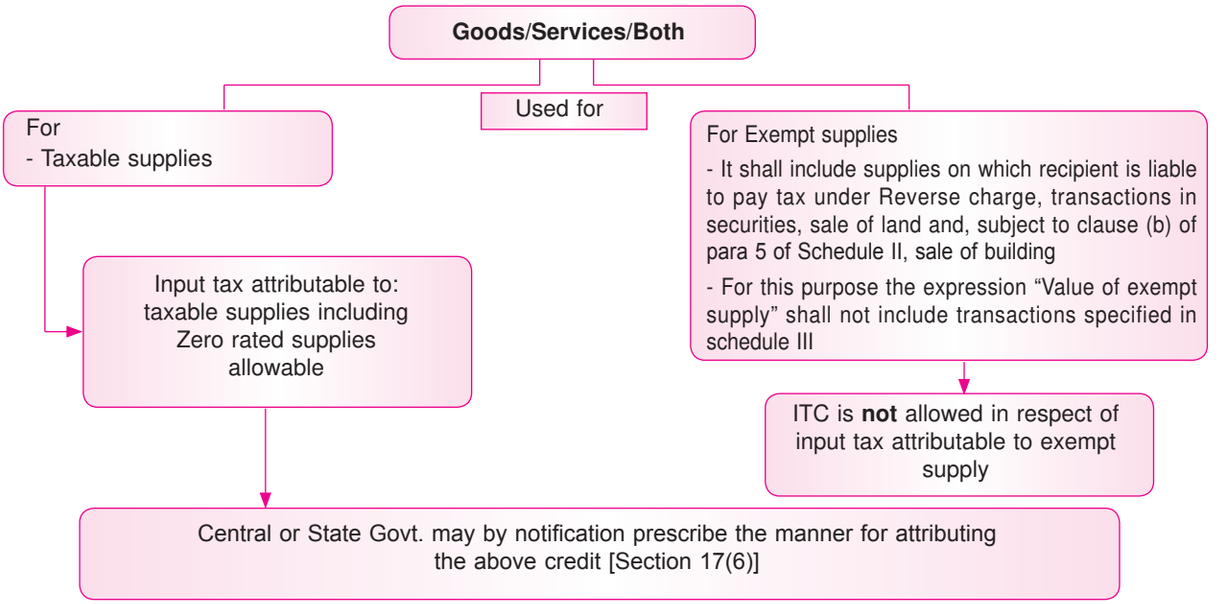


Where the goods or services or both are used by the registered person

✓ partly for the purpose of any business and partly for other purposes,

the amount of credit shall be restricted to so much of the input tax as is attributable to the purposes of his business including zero rated supplies.

Sections 17(2) & (3) – ITC in case of Goods/Services used partly for Taxable and Zero rated supply and partly for exempted supply including RCM



Section 17(4) – ITC in case of Banking company or Financial Institution including NBFC

A banking company or a financial institution including a non-banking financial company,

engaged in supplying services by way of accepting deposits, extending loans or advances

shall have the option to

- either comply with the provisions of sub-section (2), or
- avail of, every month, an amount equal to fifty per cent of the eligible input tax credit on inputs, capital goods and input services in that month.

Option once exercised shall not be withdrawn during the remaining part of the financial year.

the restriction of fifty per cent shall not apply to the tax paid on supplies made by one registered person to another registered person having the same Permanent Account Number

Section 17(5) – Where ITC not admissible

(5) Entitled to take credit of input tax on Capital Goods even if the capital goods are directly sent to a job worker for job-work without their being first brought to his place of business

(6) Where Capital Goods sent for job work not received within 3 years, it shall be deemed that such Capital Goods has been supplied by the principal on the day when those were sent

In case where sent directly to job worker, period of 3 year to be counted from the date of receipt by job worker

(7) Period mentioned above points 3 and 6 shall not apply to moulds and dies, jigs and fixtures, or tools sent out to a job worker for job work

Section 20 – Manner of distribution of credit by ISD

Sub-Section (1)

- ISD shall distribute-

CGST as CGST/IGST
IGST as IGST/CGST

by issuing a document containing the amount of ITC being distributed in such manner as may be prescribed.

Sub-Section (2) ISD may distribute the credit subject to following conditions

(a) • the credit can be distributed against a prescribed document issued to each of the recipients of the credit so distributed, and such document shall contain details as may be prescribed

(b) • the amount of the credit distributed shall not exceed the amount of credit available for distribution

(c) • the credit of tax paid on input services attributable to a recipient of credit shall be distributed only to that recipient

(d) • the credit of tax paid on input services attributable to more than one recipient of credit shall be distributed only amongst such recipient(s) to whom the input service is attributable and such distribution shall be pro rata on the basis of the turnover in a State or turnover in a Union territory of such recipient, during the relevant period, to the aggregate of the turnover of all such recipients to whom such input service is attributable and which are operational in the current year, during the said relevant period;

(e) • the credit of tax paid on input services attributable to all recipients of credit shall be distributed amongst such recipients and such distribution shall be pro rata

***Explanation A* – For the purposes of this section, the "relevant period" shall be—**

(i) if the recipients of the credit have turnover in their States in the financial year preceding the year during which credit is to be distributed, the said financial year; or

(ii) if some or all recipients of the credit do not have any turnover in their States in the financial year preceding the year during which the credit is to be distributed, the last quarter for which details of such turnover of all the recipients are available, previous to the month during which credit is to be distributed.

***Explanation B* – For the purposes of this section, 'recipient of credit' means the supplier of goods and/or services having the same PAN as that of ISD.**

***Explanation C* – The term 'turnover', in relation to any registered person engaged in the supply of taxable goods as well as goods not taxable under this Act, means the value of turnover, reduced by the amount of any duty or tax levied under entry 84 and 92A of List I of the Seventh Schedule to the Constitution and entries 51 and 54 of List II of the said Schedule.**

Section 21 – Manner of recovery of credit distributed in excess –

Where the ISD distributes the credit in contravention of the provisions contained in section 20

resulting in excess distribution of credit to one or more recipients of credit,

the excess credit so distributed shall be

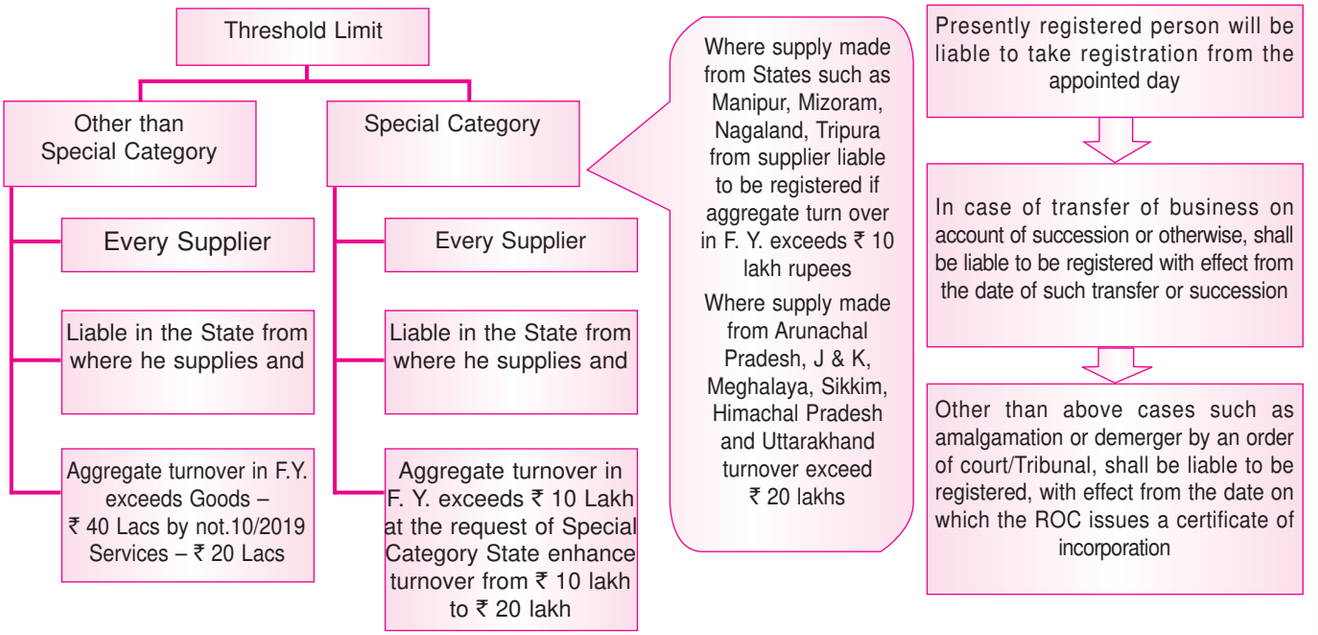
recovered from such recipient(s) along with interest,

and the provisions of section 73 or 74, as the case may be, shall apply *mutatis mutandis* for effecting such recovery.

CHAPTER 1.9 — REGISTRATION UNDER GST

Section 22 — Person liable for Registration

Registration is the first step towards the compliance of any tax law. Under GST, also registration of new person and migration of existing person is going to be very relevant and crucial. In this chapter we will be discussing the provisions pertaining Registration. Amendment therein, Cancellation and revocation of cancellation. Another reason why registration under GST is crucial is that there is no concept of Centralised Registration and hence a person has to take registration in each state from where he makes any supplies



Explanation :—

(i) "aggregate turnover" shall include all supplies made by the taxable person, whether on his own account or made on behalf of all his principals;

CHAPTER 1.13 — TAX DEDUCTION AT SOURCE

Section 51 — Tax Deduction at Source (TDS)

Notwithstanding anything contained to the contrary in this Act, the Government may

(a) a department or establishment of the CG/SG, or	(b) Local authority, or	(c) Governmental agencies, or	(d) such persons or category of persons as may be notified, by Government on the recommendations of the Council,

deduct tax at the rate of 1% from the payment made or credited to the supplier of taxable goods or services or both, where total value of such supply, under a contract, exceeds ₹ 2,50,000

Amount deducted as TDS shall be paid to appropriate Government within 10 days from the end of the month in which deduction is made.

⇩

Deductor shall issue a Certificate to the deductee with appropriate details as may be prescribed

⇩

In case of failure to furnish the certificate within 5 days of crediting TDS to Govt, deductor shall be liable to pay late fee of ₹ 100/day up to the extent of ₹ 5,000 from the date of expiry of 5 days till failure is rectified

⇩

Deductee shall claim credit, in Electronic Cash Ledger, of Tax deducted and shown in return filed under Section 39(3) by the deductor.

⇩

In case deductor fails to deposit TDS, he shall be liable to pay interest as per Section 50(1) in addition to amount of Tax deducted.

⇩

Any amount of Default under this section to be determined as per Section 73 or 74 as the case may be.

⇩

Refund to deductor or deductee because of excess or erroneous deduction shall be as per provisions of Section 54 but NO REFUND in case amount deducted has been credited to Electronic Cash Ledger of the deductee.

Important point

No deduction shall be made if the location of the supplier and the place of supply is in a State or Union Territory which is different from the State or as the case may be, Union Territory of registration of the recipient.

CHAPTER 1.14 — REVERSE CHARGE MECHANISM & COMPENSATION CESS

SECTION 9(3) AND SECTION 9(4) – LEVY UNDER REVERSE CHARGE

INTRODUCTION

Reverse charge, where the recipient is liable to pay tax, is common to many countries like Canada where it is applicable on imports of services and intangible properties. Normally, the supplier pays the tax on supply. In certain cases, the receiver becomes liable to pay the tax, i.e., the chargeability gets reversed which is why it is called reverse charge.

In India, this is a partly new concept introduced under GST. The purpose of this charge is to increase tax compliance and tax revenues. Earlier, the Government was unable to collect service tax from various unorganized sectors like goods transport. Compliances and tax collections will therefore be increased through reverse charge mechanism.

The concept of reverse charge mechanism was - already present in service tax. In GST regime, reverse charge is - applicable for both services as well as goods.

CURRENT SCENARIO

At present, similar provisions of Reverse Charge are available in GST for the services like—

- Insurance agent
- Services of a director to a company
- Manpower supply
- Goods Transport Agencies
- Non-resident service providers
- Any service involving aggregators

Currently there is no reverse charge in supply of goods.

REVERSE CHARGE UNDER GST

Reverse charge means the liability to pay tax is by the recipient of goods/services instead of the supplier. Reverse charge is applicable for both services as well as goods.

Situations where reverse charge will apply

1. The recipient of specified category of goods or services or both, as notified by the Government ,shall be liable to pay tax on reverse charge basis. The recipient may or may not be a registered person. (Section 9(3) of CGST Act)
2. Specified class of registered persons, as notified by Government, shall be liable to pay tax on reverse charge basis in respect of supply of specified categories of goods or services or both, received from an unregistered supplier. Section 9(4) of CGST Act.
3. **Services through an e-commerce operator**

   If an e-commerce operator supplies services then reverse charge will apply on the e-commerce operator. He will be liable to pay GST.

   For example, Urban Clap provides services of plumbers, electricians, teachers, beauticians etc. Urban Clap is liable to pay GST and collect it from the customers instead of the registered service providers.

   If the e-commerce operator does not have a physical presence in the taxable territory, then a person representing such electronic commerce operator for any purpose will be liable to pay tax. If there is no representative, the operator will appoint a representative who will be held liable to pay GST.

4. **Other categories of supplies applicable for reverse charge will be notified by the Centre or State Government**

   In case a person being a recipient is made liable to pay tax under reverse charge, he shall step into the shoes of a supplier and all the provisions of this Act that applies to a supplier shall be applicable to him also.

VARIOUS OTHER GST RELATED ASPECTS TO BE KEPT IN MIND

A. Registration

All persons who are required to pay tax under reverse charge have to register for GST irrespective of the threshold.

B. Time of Supply of Goods under Reverse Charge

In case of reverse charge, the time of supply shall be the earliest of the following dates—

(a) the date of receipt of goods OR

(b) the date of payment OR

(c) the date immediately after THIRTY days from the date of issue of invoice by the supplier

If it is not possible to determine the time of supply under (a), (b) or (c), the time of supply shall be the date of entry in the books of account of the recipient.

For clause (b) — *the date of payment shall be earlier of* —

1. The date on which the recipient entered the payment in his books

   OR

2. The date on which the payment is debited from his bank account

C. Time of Supply of Services under Reverse Charge

In case of reverse charge, the time of supply shall be the earliest of the following dates—

(a) The date of payment

OR

(b) The date immediately after SIXTY days from the date of issue of invoice by the supplier (30 days for goods)

If it is not possible to determine the time of supply under (a) or (b), the time of supply shall be the date of entry in the books of account of the receiver of service.

For clause (a)— the date of payment shall be earlier of—

1. The date on which the recipient entered the payment in his books

   OR

2. The date on which the payment is debited from his bank account

When supplier is located outside India

In case of 'associated enterprises', where the supplier of service is located outside India, the time of supply shall be—

the date of entry in the books of account of the receiver OR the date of payment

— *whichever is earlier*

D. Input tax credit on reverse charge

Tax paid on reverse charge basis will be available for input tax credit if such goods and/or services are used, or will be used, for business.

The recipient (i.e., who pays reverse tax) can avail input tax credit.

E. Tax Invoice

The supplier must mention in his tax invoice whether the tax is payable on reverse charge.

Where the reverse charge is on the recipient by virtue of Section 9(4), the invoice pertaining to those suppliers needs to be generated and issued by the recipient only.

F. GST Compensation Cess

GST Compensation Cess will also be applicable on reverse charge.

GST Compensation Cess will be levied and collected at the rate as notified. This will apply on all supplies of goods and services, including imports and reverse charge supplies. The purpose is to compensate States for loss of

revenue on implementation of GST. This will be applicable for 5 years from the date GST gets implemented or for such period as prescribed.

GST Compensation Cess shall not be leviable on supplies made by a taxable person who opt for composition scheme.

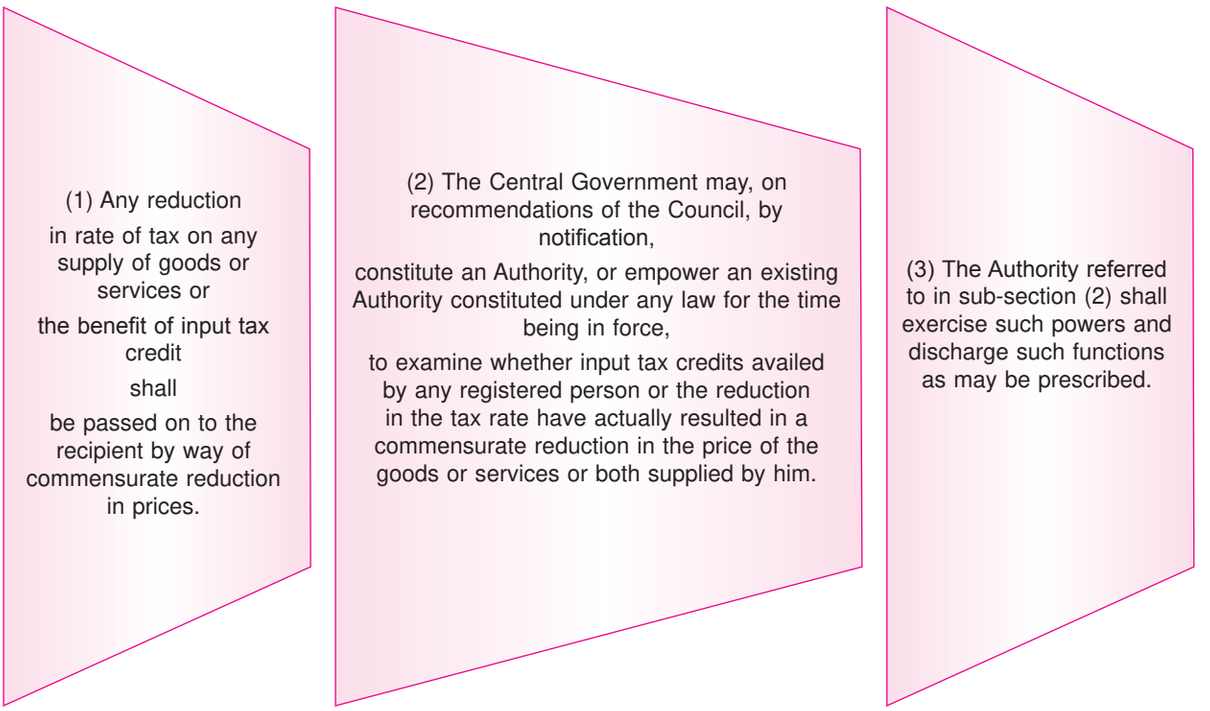
CHAPTER 1.15 — ANTI-PROFITEERING CLAUSE

Section 171 — Anti-Profiteering Measure

This is one of the most dangerous provisions. This provision was brought in for the first time through revised model GST law that was released on 26th November, 2016. Reason of adding such clause to provide a security and assurance to the consumer that whatever benefit a businessman would get after the implementation of GST, that is not available to him in the present Indirect Tax regime, need not be retained by him over and above his normal margin because this benefit whether because of reduction of tax rates or availability of input tax credit does not belong to him and if he is allowed to retain the same this will be wrong.

He is not entitled to such benefit as this will be an extra benefit or profit for him whereas it will be a loss for the consumer. Therefore it could be said that anti-profiteering measure gives a reason to smile to all the consumers under GST because those benefits will have to be passed to them.

Section 171 — Anti-Profiteering Measure



Conclusion

Everything has a brighter side as well as a dark side. Anti-profiteering clause is certainly going to be boon for the consumers but at the same time there is lot of subjectivity involved in the same which may give rise to dandaraj and corruption and hence it may prove to be a curse to lot of businessman. At times it may become difficult to justify and prove to the departmental officer whether the benefit have been really passed on to the consumer or not.

CHAPTER 1.16 — TRANSITIONAL PROVISION

Introduction

Since we have already entered into a new Indirect Tax Regime known as GST, Transitional Provisions are very crucial and important to understand and implement. Various initial questions such as — What will happen to our stock lying on the appointed day or What will be the treatment of pending adjudication, appeals, refunds, goods sent on job work, etc. once GST gets implemented whether it will be as per new law i.e. GST or the existing law.

Another relevant question was what will happen to my balances in CENVAT or VAT credit account. Whether it will be available in new regime or not. All these questions are addressed properly under the transitional provisions and for smooth implementation of GST, we need to understand the transitional provisions minutely and follow the provisions and procedures specified.

CHAPTER 1.19 — JOB WORK UNDER GST

Section 143 – Job Work Procedure

Nowadays most of the corporates are outsourcing certain processes so as to reduce the cost of manufacturing or output. The person who outsources to another person is known as principal and the person to whom the work or process is outsourced is known as job worker. These two terms are defined under the model GST law as under:

"Job work" means undertaking any treatment or process by a person on goods belonging to another registered taxable person and the expression "job worker" shall be construed accordingly — clause 2(68) of CGST Act, 2017.

"Principal" means a person on whose behalf an agent carries on the business of supply or receipt of goods or services or both. – clause 2(88) of CGST Act, 2017.

Sub-Section (1)	A registered person (*principal*) may under intimation and subject to such conditions as may be prescribed, ✓ send inputs or capital goods for job work, ✓ without payment of tax, ✓ to a job worker This permission will be for transfer of goods from *principal* to the job worker and then from there to another job worker again without payment of tax. Further to this after the completion of job work the goods shall be: • brought back inputs or capital goods, other than moulds and dies, jigs and fixtures, or tools, within one year and three years, respectively, of their being sent out, to any of his place of business, without payment of tax; OR
	• supply such inputs or capital goods, other than moulds and dies, jigs and fixtures, or tools, within one year and three years, respectively, of their being sent out from the place of business of a job worker on payment of tax within India, or with or without payment of tax for export, as the case may be: Direct supply from the premises of job worker shall be allowed only after fulfilling the following conditions: • *Principal* declares the place of business of the job worker as his additional place of business except in a case where: (i) the job worker is registered under section 25; or (ii) the "principal" is engaged in the supply of such goods as may be notified by the Commissioner. • *Provided further* that the period of one year and three years may, on sufficient cause being shown, be extended by the Commissioner for a further period not exceeding one year and two years respectively.
Sub-Section (2)	The responsibility for accountability of the goods including payment of tax thereon shall lie with the "principal".
Sub-Section (3)	*Where the inputs sent for job work are not received back* within the time limit mentioned in sub-section (1) above or are not supplied from the place of the job worker within the time limit of one year, *it shall be deemed that such inputs had been supplied by the principal to the job worker on the day when the said inputs were sent out.*
Sub-Section (4)	*Where the capital goods,* other than moulds and dies, jigs and fixtures, or tools, *sent for job work are not received back* within the time limit mentioned in sub-section (1) above or are not supplied from the place of the job worker within the time limit of *three years, it shall be deemed that such capital goods had been supplied by the principal to the job worker on the day when the said capital goods were sent out.*
Sub-Section (5)	Notwithstanding anything contained in sub-sections (1) and (2), *any waste and scrap generated during the job work may be supplied by the job worker directly from his place of business on payment of tax,* ✓ if such job worker is registered, or ✓ by the principal, if the job worker is not registered. *Explanation.*—For the purposes of job work, input includes intermediate goods arising from any treatment or process carried out on the inputs by the principal or the job worker.
	• See Circular No. 38/12/2018, dated 26-3-2018 for clarification on issues related to Job Work. • See rule 45 of the CGST Rules, 2017.
In the below mentioned the entire procedure of job work has been depicted.

CHAPTER 1.22 — AUDIT

INTRODUCTION

Audit by Tax Authorities had been a point of litigation under service tax but now with the introduction of GST Law and the introduction of Audit by Tax Authorities provision settles all such disputes and therefore in GST regime, Tax Authorities will be empowered to conduct the Audit of any registered person.

Further the provision of Special Audit is also incorporated in the GST Law which authorises a Commissioner to appoint a chartered accountant or cost accountant for such purpose of special audit. In this chapter, discussions pertaining to Audit by tax authorities and Special Audit has been discussed.

Section 65 — Audit by Tax Authorities

Commissioner or any officer authorised by him,		
by way of a general or a specific order,	may undertake audit of any registered person	for such period, at such frequency and in prescribed manner

⇩

Such audit may be conducted at	
the place of business of registered person or	officer's office

⇩

Registered person shall be informed	
by way of a notice	not less than 15 working days prior to the conduct of audit in prescribed manner

Audit shall be completed within a period of 3 months from the date of commencement of the audit

Where commissioner is satisfied that audit cannot be completed in 3 months, he may extend the period further but not beyond 6 months on the basis of recorded and written reasons

During the course of audit, the authorised officer may require the registered person, -

to afford him the necessary facility to verify the books of account or other documents as he may require;	to furnish such information as he may require and render assistance for timely completion of the audit.

On conclusion of audit, the Proper Officer shall, within 30 days, inform the auditee,

about the findings and the reasons thereof and	his rights and obligations

Where the audit results in detection of tax not paid or short paid or erroneously refunded, or input tax credit wrongly availed or utilised

the proper officer may initiate action u/s. 73 or 74

Section 66 — Special Audit

If at any stage of scrutiny, inquiry, investigation or any other proceedings before him, any officer not below the rank of Assistant Commissioner,

having regard to the nature and complexity of the case and the interest of revenue,

is of the opinion that

the value has not been correctly declared or	the credit availed is not within the normal limits,

he may, with the prior approval of the Commissioner, direct such registered person

by a communication in writing to get his records including books of account

examined and audited by a chartered accountant or a cost accountant as may be nominated by the Commissioner

Chartered accountant or cost accountant so nominated shall, within the period of 90 days,

submit a report of such audit duly signed and certified by him to the said Assistant Commissioner mentioning therein such other particulars as may be specified

Assistant Commissioner may, on an application made to him in this behalf by the registered person or the chartered accountant or cost accountant or for any material and sufficient reason, extend the said period by a further period of 90 days

↓

Even if the accounts of the registered person have been audited under any other provisions of this Act or any other law for the time being in force, the audit conducted under this section shall have the effect

↓

Opportunity of being heard to registered person should be given in respect of any material gathered which is proposed to be used in any proceedings against him under this Act or the rules made thereunder

↓

The expenses of the examination and audit of records, including the remuneration of such chartered accountant or cost accountant,		
shall be determined and paid	by the Commissioner and	such determination shall be final

↓

Where the special audit conducted results in detection of tax not paid or short paid or erroneously refunded, or ITC wrongly availed or utilised,

Proper Officer may initiate action u/s. 73 or 74

CHAPTER 2.4 — PLACE OF SUPPLY GOODS AND SERVICES

INTRODUCTION

Under the GST regime, determination of place of supply is most crucial factor because the chargeability whether of intra-State or inter-State depends on the place of supply. It shall be noted here that in GST there are 3 important concepts that is to be kept in mind –

(i) Taxable event i.e. supply,

(ii) Time of Supply of Goods/Services,

(iii) Place of Supply of Goods/Services

Therefore, place of supply is very important for proper compliance under GST law. In case the place of supply is wrongly determined, it may have vast implication as per the provisions of Section 77 discussed in the Chapter 1.23 — Demand and Recovery.

Section 10 — Place of Supply of Goods other than Export/Import

Section 10(1)(a)
- Supply involves movement of Goods
- ***Place of supply shall be***
- Location of goods at the time at which movement terminates for delivery to recipient

Procedure relating to e-Way Bill – Complete View

WHEN TO ISSUE E-WAY BILL

Requirement of generation of e-Way Bill by registered person

e-Way bill will be generated when there is a movement of goods in a vehicle/conveyance of value more than Rs. 50,000 (in case of movement of goods within Maharashtra state than e-way bill will be generated if value is more than Rs. 100000) –

- In relation to a 'supply:

  This includes simple transactions like sale of goods, branch transfers, any supply to related party, transfer of goods to job worker etc.
- For reasons other than a supply:

  The category includes all such movement of goods which does not constitute supply per se like taking goods for undertaking services (in case of all contractors, caterers etc.), sending of goods on rent, sending goods for repair etc.
- Due to inward 'supply' from an unregistered person:

  Generation of e-Way Bill in all purchases from unregistered person shall be responsibility of registered person.

Thus E-way bill is required to be generated on the basis of movement of goods which should not be linked with term supply only.

There can be movement of goods even without supply.

Consignment Value – Meaning

The consignment value of goods shall be the value, determined in accordance with the provisions of section 15, declared in an invoice, a bill of supply or a delivery challan, as the case may be, issued in respect of the said consignment and also includes the central tax, State or Union territory tax, integrated tax and cess charged, if any, in the document and shall exclude the value of exempt supply of goods where the invoice is issued in respect of both exempt and taxable supply of goods.

Movement of goods by registered Service Providers

As already discussed, any movement of goods other than for supply shall require e-Way Bill. As per clause (c) of sub-rule (1) of rule 55 of the CGST Rules, 2017, the supplier is required issue a delivery challan for the initial transportation of goods where such transportation is for reasons other than by way of supply. Thus, in such cases, the e-Way Bill shall be based on such delivery challans.

Movement of goods in case of Line Sales/on approval sales

Such transactions have been clarified vide Circular No. 10-10-2017-GST, whereby, it has been clarified that the supplier shall issue a delivery challan for the initial transportation of goods where such transportation is for reasons other than by way of supply.

It has been further clarified vide the same Circular that where the supplier carries goods from one State to another and supplies them in a different State, will be inter-state supplies and attract integrated tax in terms of Section 5 of the Integrated Goods and Services Tax Act, 2017.

Multiple invoices in same shipment

If multiple invoices are issued by the supplier to recipient, multiple e-Way Bills have to be generated. Hence it could be said that for each invoice, one separate e-Way Bill has to be generated, irrespective of the fact whether same or different consignors or consignees are involved. But after generating separate e-Way bills, one Consolidated e-Way Bill can be generated for transportation purpose, if goods are going in one vehicle.

In case of Rejection by recipient

In such cases, the Supplier/Buyer can again issue e-Way Bill by indicating supply as 'Sales Return' with relevant documents. Therefore, e-Way Bills must be generated on the common portal for all these types of movements:

- ✓ Sale of goods
- ✓ Goods sent for repair
- ✓ Carrying goods for undertaking any services like catering etc
- ✓ Stock transfer of goods
- ✓ Sales return of goods
- ✓ Goods sent for dry cleaning or any other process
- ✓ Return of goods
- ✓ Goods sent for Job Work
- ✓ Barter etc.

Mandatory e-Way Bill generation

E-way bill needs to be generated mandatorily even if the value of the consignment of goods is less than ₹ 50,000 in the following cases:

- ✓ Inter-State movement of Goods by the Principal to the Job-worker by Principal/registered Job-worker,
- ✓ Inter-State Transport of Handicraft goods by a dealer exempted from GST registration n

A.5	Document Number	
A.6	Document Date	
A.7	Value of Goods	
A.8	HSN Code	
A.9	Reason for Transportation	
PART-B		
B.1	Vehicle Number for Road	
B.2	Transport Document Number/ Defence Vehicle No./Temporary Vehicle Registration No./Nepal or Bhutan Vehicle Registration No.	

From the above structure of form of e-way bill it could be made out that the information for the purpose of generation of e-way bill is to be provided in two parts. Part A and Part B.

Part A requires the information, like GSTIN of Supplier, Place of Dispatch, GSTIN of Recipient, Place of Delivery, Document Number, Document Date, Value of Goods, HSN Code, Reason for Transportation, to be provided on the common portal electronically. These details can be uploaded by any of the following persons as already discussed above:

- ✓ Registered person who is Supplier – person causing movement of goods, or
- ✓ Recipient – in case the supplier is not registered and therefore the recipient would be deemed to be the person causing the movement of goods, or
- ✓ Transporter in case he is authorised by the registered person to furnish the information required.

Once the data is provided in Part A, a unique number will be generated on the common portal. After this the data required for Part B needs to be entered into and the e-Way Bill is generated. Now the question arises who can furnish information in Part B of Form GST EWB-01 and what information is required to be furnished.

As discussed above Part B information can be furnished and e-way Bill can be generated by supplier i.e. consignor or the recipient i.e. consignee, electronically on the common portal.

Part B comprising of transporter details (Vehicle number). Vehicle number has to be filled in any format, as provided below

Format	*RC Numbers*	*Example Entry*
ABC1234	DEF 234	DEF0234
AB123456	UP 1 345	UP010345
AB12A1234	AP 5 P 23	AP05P0023

AB12ABC1234	KE 3 PEW 1265	KE03PEW1265
DFXXXXXXXXXXXXX	For Defence Vehicle, start with DF	DF02K123
TRXXXXXXXXXXXXX	For Temp RC Vehicle, start with TR	TRKA01000002
BPXXXXXXXXXXXXX	For Bhutan Vehicle, start with BP	
NPXXXXXXXXXXXXX	For Nepal Vehicle, start with BP	

If the RC book has vehicle number like DL1A123, then you enter as DL01A0123. The vehicle entered in the e-Way Bill system is only for information and GST officer will accept this variation.

No e-Way Bill is valid till Part B is filled and submitted. Please also note that when a valid E-way bill is generated a unique e-Way Bill Number (EBN) is allocated and is available to the supplier, recipient, and the transporter.

Who will generate e-Way Bill

Person causing movement of goods needs to generate e way bill. The following person can generate the e-way bill

Supplier

Recipient, and

Transporter.

Cases where e-Way Bill is not required to be generated

Kindly refer sub-rule (14) of Rule 138 of the CGST Rules, 2017 in Chapter Relevant Statutory Provisions.

Separate Registration on e-Way Bill Portal – Procedure

First step to take registration for generation of e-Way bill:

- Visit the e-Way Bill portal www.ewaygst.gov.in.
- Click on "'e-Way Bill Registration" available on the right-hand side of the webpage.
- Enter the GSTIN of the Registered Taxpayer as the Consignor or the Consignee and then enter the Captcha Code, then Click on "Go" tab, then, Click on Send OTP and verify the same, after checking the auto-filled details.
- Enter the OTP received on the registered mobile number and verify the same by clicking on the "verify OTP' button".
- Create a "New User ID and password" by your own choice. The system validates and pops up a message if there is an error in the details entered by you. Once all the details are correctly filled, User ID and password will be created.

Tips for creating Username & Password

The username should be of at least 8 characters with a combination of alphabets (A-Z/a-z), numerals (0-9) and special characters (@, #, $, %, &, *, ^) and can't exceed more than 15 characters. The password should be of at least 8 characters.

How to generate E-way Bill

The e-way bill can be generated by the registered person in any of the following methods

- ✓ Using Web based system
- ✓ Using SMS based facility
- ✓ Using Android App
- ✓ Bulk generation facility
- ✓ Using Site-to-Site integration
- ✓ Using GSP (Goods and Services Tax Suvidha Provider)

Consolidated e-Way Bill

Consolidated e-Way Bill is a document containing the multiple e-Way Bills for multiple consignments being carried in one conveyance (goods vehicle).

So, the transporter, carrying multiple consignments of various consignors and consignees in one vehicle can generate and carry one consolidated e-Way Bill instead of carrying multiple e-Way Bills for those consignments.

Transporter can generate the consolidated e-Way Bills for movement of multiple consignments in one vehicle.

Further, there is an option available under the 'Consolidated e-Way Bill' menu as 'Regenerate Consolidated e-Way Bill. This option allows you to change the vehicle number without changing the individual EWBs. This generates a new Consolidated Bill, which has to be carried with new vehicle. Old consolidated e-Way Bill will become invalid for use.

Consolidated e-Way Bill, individually does not have any validity. Validity shall be examined on the basis of each individual

e-Way Bill.

Liability of receiver for e-Way Bills generated by other persons

The details of e-Way Bill generated shall be made available to the recipient, if registered, on the common portal, who shall communicate his acceptance or rejection of the consignment covered by the e-Way Bill.

In case, the recipient does not communicate his acceptance or rejection within 72 hours of the details being made available to him on the common portal, it shall be deemed that he has accepted the said details.

Validity of e-Way Bill

As per sub-rule (10) of Rule 138 of the CGST Rules, 2017, an e-Way or a consolidated e-Way Bill generated on the common portal as per the provisions and procedure of this rule shall remain valid for a period specified and such period is calculated on the basis of distance to be travelled. Such period shall also be fixed on the basis of whether

- Goods to be transported are Over Dimensional Cargo; or
- Goods to be transported are other than Over Dimensional Cargo.

So, let us first understand what is Over Dimensional Cargo. As per Explanation 2 to sub-rule (10) of Rule 138, it shall mean a cargo carried as a single indivisible unit and which exceeds the dimensional limits prescribed in Rule 93 of the Central Motor Vehicle Rules, 1989, made under the Motor Vehicles Act, 1988 (59 of 1988).

Hence if the goods are transported in Over Dimensional Cargo the validity period for e-Way is prescribed to be 1 day if the distance to be travelled is up to 20 Kms. and then thereafter for each 20 kms. or part thereof, additional one day shall be the period of validity of e-Way Bill.

Means if distance to be travelled is 5 kms, e-way bill shall be valid for 1 day. And if the distance to be travelled is 90 kms, the period of validity shall be 5 days.

Similarly, if the goods are transported through a conveyance other than Over Dimensional Cargo the validity period for e-Way is prescribed to be 1 day if the distance to be travelled is up to 100 kms. and then thereafter for each 100 kms. or part thereof, additional one day shall be the period of validity of e-Way Bill.

Means if distance to be travelled is 95 kms, e-Way Bill shall be valid for 1 days. And if the distance to be travelled is 490 kms., the period of validity shall be 5 days.

Now the another very important thing to understand is how to calculate the time period. For explaining this we need to refer Explanation 1 of sub-rule (10) of Rule 138 of the CGST Rules, 2017. It is provided that the period of validity shall be calculated from the time at which the e-Way Bill has been generated and each day shall be counted as the period expiring at midnight of the day immediately following the date of generation of e-Way Bill. Means if e-way bill is generated on 10th March @ 10 am for 10 kms. It shall be valid up to 12 midnight of 11th March.

Process to be followed for extension of e-Way Bill

There is an option under e-way bill to extend the validity period. This option is available for extension of e-Way Bill before 4 hours and after 4 hours of expiry of the validity.

Here, transporter will enter the e-way bill number and enter the reason for the requesting the extension, from place (current place), approximate distance to travel and Part-B details.

It may be noted that he cannot change the details of Part-A. He will get the extended validity based on the remaining distance to travel.

Cancellation of e-Way bill

Where an e-Way bill has been generated under this rule, but goods are either not transported or are not transported as per the details furnished in the e-way bill, the e-Way Bill may be cancelled electronically on the common portal within twenty four hours of generation of the e-Way Bill.

- ✓ An e-way bill cannot be cancelled if it has been verified in transit in accordance with the provisions of Rule 138B.

It must be noted that if there is a mistake, incorrect or wrong entry in the e-Way bill, then it cannot be edited or corrected. Only option is cancellation of e-Way Bill and generate a new one with correct details.

Transfer of conveyance

If the goods are transferred from one conveyance to another, the consignor or the recipient, who has provided information in **Part-A** of the **FORM GST EWB-01**, or the transporter shall, before such transfer and further movement of goods, update the details of conveyance in the e-Way Bill on the common portal in **Part-B** of **FORM GST EWB-01**.

The consignor or the recipient, who has furnished the information in **Part-A** of **FORM GST EWB-01**, or the transporter, may assign the e-way bill number to another registered or enrolled transporter for updating the information in **Part-B** of **FORM GST EWB-01** for further movement of the consignment.

After the details of the conveyance have been updated by the transporter in **Part-B** of **FORM GST EWB-01**, the consignor or recipient, as the case may be, who has furnished the information in **Part-A** of **FORM GST EWB-01** shall not be allowed to assign the e-Way Bill number to another transporter.

Documents and devices to be carried by a person-in-charge of a conveyance

The person in charge of a conveyance shall carry:

(a) the invoice or bill of supply or delivery challan, as the case may be; and

(b) a copy of the e-Way Bill in physical form or the e-Way Bill number in electronic form or mapped to a Radio Frequency Identification Device embedded on to the conveyance in such manner as may be notified by the Commissioner.

Restriction on furnishing of information in Part A of Form GST EWB-01 for return non filers

As per newly inserted Rule 138E of the CGST Rules, 2017 *vide* notification number 74/2018-Central Tax dated 31-12-2018 following persons shall be restricted from furnishing of **Part A** of **Form GST EWB-01** namely:

(a) being a person paying tax under section 10, has not furnished the returns for two consecutive tax periods; or

(b) being a person other than a person specified in clause (a), has not furnished the returns for a consecutive period of two months:

The above provision shall were supposed to come into effect from 21/08/2019 vide notification number 25/2019-Central Tax dated 13-06-2019. However as per notification number 36/2019-Central Tax dated 20-08-2019 the above provisions shall come into force from 21/11/2018.

E-Way bill in case of storing of goods in godown of transporter (Refer Circular 61/35/2018-GST dated 04-9-2018)

In case the consignee/ recipient taxpayer stores his goods in the godown of thetransporter, then the transporter's godown has to be declared as an additional place of business by the recipient taxpayer. In such cases, mere declaration by the recipient taxpayer to this effect with the concurrence of the transporter in the said declaration will suffice. Where the transporter's godown has been declared as the additional place of business by the recipient taxpayer, the transportation under the e-way bill shall be deemed to be concluded once the goods have reached the transporter's godown (recipient taxpayer' additional place of business). Also, e-way bill validity in such cases will not be required to be extended

Procedure for interception of conveyances for inspection of goods in movement, and detention, release and confiscation of such goods and conveyances (Also refer flow chart annexed for ease of understanding)

- Sub-section (3) of the section 68 of the CGST Act, 2017 provides that where any conveyance is intercepted by the proper officer at any place, he may require the person in charge of the conveyance to produce the documents for verification, and the said person shall be liable to produce the documents and also allow the inspection of goods.
- Section 129 of the CGST Act provides for detention, seizure and release of goods and conveyances in transit while section 130 of the CGST Act provides for the confiscation of goods or conveyances and imposition of penalty.
- In this regard, Circular No. 41/15/2018-GST dated 13th April, 2018 is issued containing detailed procedure for interception of conveyances for inspection of goods in movement, and detention, release and confiscation of such goods and conveyances
- The jurisdictional Commissioner or an officer authorised by him for this purpose shall, by an order, designate an officer/officers as the proper officer/officers to conduct interception and inspection of conveyances and goods in the jurisdictional area specified in such order.
- The proper officer, empowered to intercept and inspect a conveyance, may intercept any conveyance for verification of documents and/or inspection of goods. On being intercepted, the person in charge of the conveyance shall produce the documents related to the goods and the conveyance. The proper officer shall verify such documents and where, *prima facie*, no discrepancies are found, the conveyance shall be allowed to move further.
- Where the person in charge of the conveyance fails to produce any prescribed document or where the proper officer intends to undertake an inspection, he shall record a statement of the person in charge of the conveyance in FORM GST MOV-01. In addition, the proper officer shall issue an order for physical verification/inspection of the conveyance, goods and documents in FORM GST MOV-02, requiring the person in charge of the conveyance to station the conveyance at the place mentioned in such order and allow the inspection of the goods. The proper officer shall, within twenty four hours of the aforementioned issuance of FORM GST MOV-02, prepare a report in Part A of FORM GST EWB-03 and upload the same on the common portal.
- Within a period of three working days from the date of issue of the order in FORM GST MOV-02, the proper officer shall conclude the inspection proceedings, either by himself or through any other proper officer authorised in this behalf. Where circumstances warrant such time to be extended, he shall obtain a written permission in FORM GST MOV-03 from the Commissioner or an officer authorized by him, for extension of time beyond three working days and a copy of the order of extension shall be served on the person in charge of the conveyance.
- On completion of the physical verification/inspection of the conveyance and the goods in movement, the proper officer shall prepare a report of such physical verification in FORM GST MOV-04 and serve a copy of the said report to the person in charge of the goods and conveyance. The proper officer shall also record, on the common portal, the final report of the inspection in Part B of FORM GST EWB-03 within three days of such physical verification/ inspection.
- Where no discrepancies are found after the inspection of the goods and conveyance, the proper officer shall issue forthwith a release order in FORM GST MOV-05 and allow the conveyance to move further. Where the proper officer is of the opinion that the goods and conveyance need to be detained under section 129 of the CGST Act, he shall issue an order of detention in FORM GST MOV-06 and a notice in FORM GST MOV-07 in accordance with the provisions of sub-section (3) of section 129 of the CGST Act, specifying the tax and penalty payable. The said notice shall be served on the person in charge of the conveyance.
- Where the owner of the goods or any person authorized by him comes forward to make the payment of tax and penalty as applicable under clause (a) of sub-section (1) of section 129 of the CGST Act, or where the owner of the goods does not come forward to make the payment of tax and penalty as applicable under clause (b) of sub-section (1) of the said section, the proper officer shall, after the amount of tax and penalty has been paid in accordance with the provisions of the CGST Act and the CGST Rules, release the goods and conveyance by an order in FORM GST MOV-05. Further, the order in FORM GST MOV-09 shall be uploaded on the common portal and the demand accruing from the proceedings shall be added in the electronic liability register and the payment made shall be credited to such electronic liability register by debiting the electronic cash ledger or the electronic credit ledger of the concerned person in accordance with the provisions of section 49 of the CGST Act.

- Where the owner of the goods, or the person authorized by him, or any person other than the owner of the goods comes forward to get the goods and the conveyance released by furnishing a security under clause (c) of sub-section (1) of section 129 of the CGST Act, the goods and the conveyance shall be released, by an order in FORM GST MOV-05, after obtaining a bond in FORM GST MOV-08 along with a security in the form of bank guarantee equal to the amount payable under clause (a) or clause (b) of sub-section (1) of section 129 of the CGST Act. The finalisation of the proceedings under section 129 of the CGST Act shall be taken up on priority by the officer concerned and the security provided may be adjusted against the demand arising from such proceedings.
- Where any objections are filed against the proposed amount of tax and penalty payable, the proper officer shall consider such objections and thereafter, pass a speaking order in FORM GST MOV-09, quantifying the tax and penalty payable. On payment of such tax and penalty, the goods and conveyance shall be released forthwith by an order in FORM GST MOV-05. The order in FORM GST MOV-09 shall be uploaded on the common portal and the demand accruing from the order shall be added in the electronic liability register and, upon payment of the demand, such register shall be credited by either debiting the electronic cash ledger or the electronic credit ledger of the concerned person in accordance with the provisions of section 49 of the CGST Act.
- In case the proposed tax and penalty are not paid within seven days from the date of the issue of the order of detention in FORM GST MOV-06, action under section 130 of the CGST Act shall be initiated by serving a notice in FORM GST MOV-10, proposing confiscation of the goods and conveyance and imposition of penalty.
- Where the proper officer is of the opinion that such movement of goods is being effected to evade payment of tax, he may directly invoke section 130 of the CGST Act by issuing a notice proposing to confiscate the goods and conveyance in FORM GST MOV-10. In the said notice, the quantum of tax and penalty leviable under section 130 of the CGST Act read with section 122 of the CGST Act, and the fine in lieu of confiscation leviable under sub-section (2) of section 130 of the CGST Act shall be specified. Where the conveyance is used for the carriage of goods or passengers for hire, the owner of the conveyance shall also be issued a notice under the third proviso to sub-section (2) of section 130 of the CGST Act, proposing to impose a fine equal to the tax payable on the goods being transported in lieu of confiscation of the conveyance.
- No order for confiscation of goods or conveyance, or for imposition of penalty, shall be issued without giving the person an opportunity of being heard.
- An order of confiscation of goods shall be passed in FORM GST MOV-11, after taking into consideration the objections filed by the person in charge of the goods (owner or his representative), and the same shall be served on the person concerned. Once the order of confiscation is passed, the title of such goods shall stand transferred to the Central Government. In the said order, a suitable time not exceeding three months shall be offered to make the payment of tax, penalty and fine imposed in lieu of confiscation and get the goods released. The order in FORM GST MOV-11 shall be uploaded on the common portal and the demand accruing from the order shall be added in the electronic liability register and, upon payment of the demand, such register shall be credited by either debiting the electronic cash ledger or the electronic credit ledger of the concerned person in accordance with the provisions of section 49 of the CGST Act. Once an order of confiscation of goods is passed in FORM GST MOV-11, the order in FORM GST MOV-09 passed earlier with respect to the said goods shall be withdrawn.
- An order of confiscation of conveyance shall be passed in FORM GST MOV-11, after taking into consideration the objections filed by the person in charge of the conveyance and the same shall be served on the person concerned. Once the order of confiscation is passed, the title of such conveyance shall stand transferred to the Central Government. In the order passed above, a suitable time not exceeding three months shall be offered to make the payment of penalty and fines imposed in lieu of confiscation and get the conveyance released. The order in FORM GST MOV-11 shall be uploaded on the common portal and the demand accruing from the order shall be added in the electronic liability register and, upon payment of the demand, such register shall be credited by either debiting the electronic cash ledger or the electronic credit ledger of the concerned person in accordance with the provisions of section 49 of the CGST Act.
- The order referred to in clauses (n) and (o) above may be passed as a common order in the said FORM GST MOV-11.
- In case neither the owner of the goods nor any person other than the owner of the goods comes forward to make the payment of tax, penalty and fine imposed and get the goods or conveyance released within the time specified in FORM GST MOV-11, the proper officer shall auction the goods and/or conveyance by a public auction and remit the sale proceeds to the account of the Central Government.
- Suitable modifications in the time allowed for the service of notice or order for auction or disposal shall be done in case of perishable and/or hazardous goods.
- Whenever an order or proceedings under the CGST Act is passed by the proper officer, a corresponding order or proceedings shall be passed by him under the respective State or Union Territory GST Act and if applicable, under the Goods and Services Tax (Compensations to States) Act, 2017. STATUTORY PROVISIONS

Section 68. Inspection of Goods in Movement

(1) The Government may require the person in-charge of a conveyance carrying any consignment of goods of value exceeding such amount as may be specified to carry with him such documents and such devices as may be prescribed.

(2) The details of documents required to be carried under sub-section (1) shall be validated in such manner as may be prescribed.

(3) Where any conveyance referred to in sub-section (1) is intercepted by the proper officer at any place, he may require the person in charge of the said conveyance to produce the documents prescribed under the said sub-

section and devices for verification, and the said person shall be liable to produce the documents and devices and also allow the inspection of goods.

Section 129. Detention, seizure and release of goods and conveyances in transit

(1) Notwithstanding anything contained in this Act, where any person transports any goods or stores any goods while they are in transit in contravention of the provisions of this Act or the rules made thereunder, all such goods and conveyance used as a means of transport for carrying the said goods and documents relating to such goods and conveyance shall be liable to detention or seizure and after detention or seizure, shall be released–

(a) on payment of the applicable tax and penalty equal to one hundred per cent of the tax payable on such goods and, in case of exempted goods, on payment of an amount equal to two per cent of the value of goods or twenty-five thousand rupees, whichever is less, where the owner of the goods comes forward for payment of such tax and penalty;

(b) on payment of the applicable tax and penalty equal to the fifty per cent. of the value of the goods reduced by the tax amount paid thereon and, in case of exempted goods, on payment of an amount equal to five per cent of the value of goods or twenty-five thousand rupees, whichever is less, where the owner of the goods does not come forward for payment of such tax and penalty;

(c) upon furnishing a security equivalent to the amount payable under clause (a) or clause (b) in such form and manner as may be prescribed:

Provided that no such goods or conveyance shall be detained or seized without serving an order of detention or seizure on the person transporting the goods.

(2) The provisions of sub-section (6) of section 67 shall, mutatis mutandis, apply for detention and seizure of goods and conveyances.

(3) The proper officer detaining or seizing goods or conveyances shall issue a notice specifying the tax and penalty payable and thereafter, pass an order for payment of tax and penalty under clause (a) or clause (b) or clause (c).

(4) No tax, interest or penalty shall be determined under sub-section (3) without giving the person concerned an opportunity of being heard.

(5) On payment of amount referred in sub-section (1), all proceedings in respect of the notice specified in sub-section (3) shall be deemed to be concluded.

(6) Where the person transporting any goods or the owner of the goods fails to pay the amount of tax and penalty as provided in sub-section (1) within seven days of such detention or seizure, further proceedings shall be initiated in accordance with the provisions of section 130:

Provided that where the detained or seized goods are perishable or hazardous in nature or are likely to depreciate in value with passage of time, the said period of seven days may be reduced by the proper officer(Central Government has notified the goods or class of goods, to be disposed of by the proper officer, as soon as seizure u/s 67(2) of CGST Act takes place as per Notification No. 27/2018-Central Tax, dated 13/06/2018)

Section 130. Confiscation of goods or conveyances and levy of penalty

(1) Notwithstanding anything contained in this Act, if any person—

(i) supplies or receives any goods in contravention of any of the provisions of this Act or the rules made thereunder with intent to evade payment of tax; or

(ii) does not account for any goods on which he is liable to pay tax under this Act; or

(iii) supplies any goods liable to tax under this Act without having applied for registration; or

(iv) contravenes any of the provisions of this Act or the rules made thereunder with intent to evade payment of tax; or

(v) uses any conveyance as a means of transport for carriage of goods in contravention of the provisions of this Act or the rules made thereunder unless the owner of the conveyance proves that it was so used without the knowledge or connivance of the owner himself, his agent, if any, and the person in charge of the conveyance,

then, all such goods or conveyances shall be liable to confiscation and the person shall be liable to penalty under section 122.

(2) Whenever confiscation of any goods or conveyance is authorised by this Act, the officer adjudging it shall give to the owner of the goods an option to pay in lieu of confiscation, such fine as the said officer thinks fit:

Provided that such fine leviable shall not exceed the market value of the goods confiscated, less the tax chargeable thereon:

Provided further that the aggregate of such fine and penalty leviable shall not be less than the amount of penalty leviable under sub-section (1) of section 129:

Provided also that where any such conveyance is used for the carriage of the goods or passengers for hire, the owner of the conveyance shall be given an option to pay in lieu of the confiscation of the conveyance a fine equal to the tax payable on the goods being transported thereon.

(3) Where any fine in lieu of confiscation of goods or conveyance is imposed under sub-section (2), the owner of such goods or conveyance or the person referred to in sub-section (1), shall, in addition, be liable to any tax, penalty and charges payable in respect of such goods or conveyance.

(4) No order for confiscation of goods or conveyance or for imposition of penalty shall be issued without giving the person an opportunity of being heard.

(5) Where any goods or conveyance are confiscated under this Act, the title of such goods or conveyance shall thereupon vest in the Government.

(6) The proper officer adjudging confiscation shall take and hold possession of the things confiscated and every officer of Police, on the requisition of such proper officer, shall assist him in taking and holding such possession.

(7) The proper officer may, after satisfying himself that the confiscated goods or conveyance are not required in

any other proceedings under this Act and after giving reasonable time not exceeding three months to pay fine in lieu of confiscation, dispose of such goods or conveyance and deposit the sale proceeds thereof with the Government.

Rule 138. Information to be furnished prior to commencement of movement of goods and generation of e-way bill *(as substituted by Notification No. 12/2018-Central Tax dated 7-3-2018)*

(1) Every registered person who causes movement of goods of consignment value exceeding fifty thousand rupees—

(i) in relation to a supply; or

(ii) for reasons other than supply; or

(iii) due to inward supply from an unregistered person,

shall, before commencement of such movement, furnish information relating to the said goods as specified in Part A of FORM GST EWB-01, electronically, on the common portal along with such other information as may be required on the common portal and a unique number will be generated on the said portal:

Provided that the transporter, on an authorisation received from the registered person, may furnish information in Part A of FORM GST EWB-01, electronically, on the common portal along with such other information as may be required on the common portal and a unique number will be generated on the said portal:

Provided further that where the goods to be transported are supplied through an e- commerce operator or a courier agency, on an authorization received from the consignor, the information in Part A of FORM GST EWB-01 may be furnished by such e-commerce operator or courier agency and a unique number will be generated on the said portal:

Provided also that where goods are sent by a principal located in one State or Union Territory to a job worker located in any other State or Union Territory, the e-way bill shall be generated either by the principal or the job worker, if registered, irrespective of the value of the consignment:

Provided also that where handicraft goods are transported from one State or Union Territory to another State or Union territory by a person who has been exempted from the requirement of obtaining registration under clauses (i) and (ii) of section 24, the e-way bill shall be generated by the said person irrespective of the value of the consignment.

Explanation 1.— For the purposes of this rule, the expression "handicraft goods" has the meaning as assigned to it in the Government of India, Ministry of Finance, Notification No. 32/2017-Central Tax dated the 15th September, 2017 published in the Gazette of India, Extraordinary, Part II, Section 3, sub-section (i), vide number G.S.R 1158 (E) dated the 15th September, 2017 as amended from time to time.

Explanation 2.— For the purposes of this rule, the consignment value of goods shall be the value, determined in accordance with the provisions of section 15, declared in an invoice, a bill of supply or a delivery challan, as the case may be, issued in respect of the said consignment and also includes the central tax, State or Union territory tax, integrated tax and cess charged, if any, in the document and shall exclude the value of exempt supply of goods where the invoice is issued in respect of both exempt and taxable supply of goods.

(2) Where the goods are transported by the registered person as a consignor or the recipient of supply as the consignee, whether in his own conveyance or a hired one or a public conveyance, by road, the said person shall generate the e-way bill in FORM GST EWB-01 electronically on the common portal after furnishing information in Part B of FORM GST EWB-01.

(2A) Where the goods are transported by railways or by air or vessel, the e-way bill shall be generated by the registered person, being the supplier or the recipient, who shall, either before or after the commencement of movement, furnish, on the common portal, the information in Part B of FORM GST EWB-01:

Provided that where the goods are transported by railways, the railways shall not deliver the goods unless the e-way bill required under these rules is produced at the time of delivery.

(3) Where the e-way bill is not generated under sub-rule (2) and the goods are handed over to a transporter for transportation by road, the registered person shall furnish the information relating to the transporter on the common portal and the e-way bill shall be generated by the transporter on the said portal on the basis of the information furnished by the registered person in Part A of FORM GST EWB-01:

Provided that the registered person or, the transporter may, at his option, generate and carry the e-way bill even if the value of the consignment is less than fifty thousand rupees:

Provided further that where the movement is caused by an unregistered person either in his own conveyance or a hired one or through a transporter, he or the transporter may, at their option, generate the e-way bill in FORM GST EWB-01 on the common portal in the manner specified in this rule:

Provided also that where the goods are transported for a distance of up to fifty kilometers within the State or Union territory from the place of business of the consignor to the place of business of the transporter for further transportation, the supplier or the recipient, or as the case may be, the transporter may not furnish the details of conveyance in Part B of FORM GST EWB-01.

Explanation 1.– For the purposes of this sub-rule, where the goods are supplied by an unregistered supplier to a recipient who is registered, the movement shall be said to be caused by such recipient if the recipient is known at the time of commencement of the movement of goods.

Explanation 2.– The e-way bill shall not be valid for movement of goods by road unless the information in Part B of FORM GST EWB-01 has been furnished except in the case of movements covered under the third proviso to sub-rule (3) and the proviso to sub-rule (5).

(4) Upon generation of the e-way bill on the common portal, a unique e-way bill number (EBN) shall be made available to the supplier, the recipient and the transporter on the common portal.

(5) Where the goods are transferred from one conveyance to another, the consignor or the recipient, who has provided information in Part A of the FORM GST EWB-01, or

the transporter shall, before such transfer and further movement of goods, update the details of conveyance in the e-way bill on the common portal in Part B of FORM GST EWB-01:

Provided that where the goods are transported for a distance of up to fifty kilometers within the State or Union territory from the place of business of the transporter finally to the place of business of the consignee, the details of the conveyance may not be updated in the e-way bill.

(5A) The consignor or the recipient, who has furnished the information in Part A of FORM GST EWB-01, or the transporter, may assign the e-way bill number to another registered or enrolled transporter for updating the information in Part B of FORM GST EWB-01 for further movement of the consignment:

Provided that after the details of the conveyance have been updated by the transporter in Part B of FORM GST EWB-01, the consignor or recipient, as the case may be, who has furnished the information in Part A of FORM GST EWB-01 shall not be allowed to assign the e-way bill number to another transporter.

(6) After e-way bill has been generated in accordance with the provisions of sub-rule (1), where multiple consignments are intended to be transported in one conveyance, the transporter may indicate the serial number of e-way bills generated in respect of each such consignment electronically on the common portal and a consolidated e-way bill in FORM GST EWB-02 maybe generated by him on the said common portal prior to the movement of goods.

(7) Where the consignor or the consignee has not generated the e-way bill in FORM GST EWB-01 and the aggregate of the consignment value of goods carried in the conveyance is more than fifty thousand rupees, the transporter, except in case of transportation of goods by railways, air and vessel, shall, in respect of inter-State supply, generate the e-way bill in FORM GST EWB-01 on the basis of invoice or bill of supply or delivery challan, as the case may be, and may also generate a consolidated e-way bill in FORM GST EWB-02 on the common portal prior to the movement of goods:

Provided that where the goods to be transported are supplied through an e-commerce operator or a courier agency, the information in Part A of FORM GST EWB-01 may be furnished by such e-commerce operator or courier agency.

(8) The information furnished in Part A of FORM GST EWB-01 shall be made available to the registered supplier on the common portal who may utilise the same for furnishing the details in FORM GSTR-1:

Provided that when the information has been furnished by an unregistered supplier or an unregistered recipient in FORM GST EWB-01, he shall be informed electronically, if the mobile number or the e-mail is available.

(9) Where an e-way bill has been generated under this rule, but goods are either not transported or are not transported as per the details furnished in the e-way bill, the e-way bill may be cancelled electronically on the common portal within twenty four hours of generation of the e-way bill:

Provided that an e-way bill cannot be cancelled if it has been verified in transit in accordance with the provisions of rule 138B:

Provided further that the unique number generated under sub-rule (1) shall be valid for a period of fifteen days for updation of Part B of FORM GST EWB-01.

(10) An e-way bill or a consolidated e-way bill generated under this rule shall be valid for the period as mentioned in column (3) of the Table below from the relevant date, for the distance, within the country, the goods have to be transported, as mentioned in column (2) of the said Table:—

Sl. No.	*Distance*	*Validity period*
(1)	*(2)*	*(3)*
1.	Up to 100 km.	One day in cases other than Over Dimensional Cargo
2.	For every 100 km. or part thereof thereafter	One additional day in cases other than Over Dimensional Cargo
3.	Up to 20 km	One day in case of Over Dimensional Cargo
4.	For every 20 km. or part thereof thereafter	One additional day in case of Over Dimensional Cargo

Provided that the Commissioner may, on the recommendations of the Council, by notification, extend the validity period of an e-way bill for certain categories of goods as may be specified therein:

Provided further that where, under circumstances of an exceptional nature, including transshipment, the goods cannot be transported within the validity period of the e-way bill, the transporter may extend the validity period after updating the details in Part B of FORM GST EWB-01, if required.

Explanation 1.—For the purposes of this rule, the "relevant date" shall mean the date on which the e-way bill has been generated and the period of validity shall be counted from the time at which the e-way bill has been generated and each day shall be counted as the period expiring at midnight of the day immediately following the date of generation of e-way bill.

Explanation 2.— For the purposes of this rule, the expression "Over Dimensional Cargo" shall mean a cargo carried as a single indivisible unit and which exceeds the dimensional limits prescribed in rule 93 of the Central Motor Vehicle Rules, 1989, made under the Motor Vehicles Act, 1988 (59 of 1988).

(11) The details of the e-way bill generated under this rule shall be made available to the-

(a) supplier, if registered, where the information in Part A of FORM GST EWB-01 has been furnished by the recipient or the transporter; or

(b) recipient, if registered, where the information in Part A of FORM GST EWB-01 has been furnished by the supplier or the transporter,

on the common portal, and the supplier or the recipient, as the case may be, shall communicate his acceptance or rejection of the consignment covered by the e-way bill.

(12) Where the person to whom the information specified in sub-rule (11) has been made available does not communicate his acceptance or rejection within seventy

two hours of the details being made available to him on the common portal, or the time of delivery of goods whichever is earlier, it shall be deemed that he has accepted the said details.

(13) The e-way bill generated under this rule or under rule 138 of the Goods and Services Tax Rules of any State or Union territory shall be valid in every State and Union territory.

(14) Notwithstanding anything contained in this rule, no e-way bill is required to be generated—

(a) where the goods being transported are specified in Annexure;

(b) where the goods are being transported by a non-motorised conveyance;

(c) where the goods are being transported from the customs port, airport, air cargo complex and land customs station to an inland container depot or a container freight station for clearance by Customs;

(d) in respect of movement of goods within such areas as are notified under clause (d) of sub-rule (14) of rule 138 of the State or Union territory Goods and Services Tax Rules in that particular State or Union territory;

(e) where the goods, other than de-oiled cake, being transported, are specified in the Schedule appended to Notification No. 2/2017-Central Tax (Rate) dated the 28th June, 2017 published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), vide number G.S.R. 674 (E) dated the 28th June, 2017 as amended from time to time;

(f) where the goods being transported are alcoholic liquor for human consumption, petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas or aviation turbine fuel;

(g) where the supply of goods being transported is treated as no supply under Schedule III of the Act;

(h) where the goods are being transported—

(i) under customs bond from an inland container depot or a container freight station to a customs port, airport, air cargo complex and land customs station, or from one customs station or customs port to another customs station or customs port, or

(ii) under customs supervision or under customs seal;

(i) where the goods being transported are transit cargo from or to Nepal or Bhutan;

(j) where the goods being transported are exempt from tax under Notification No. 7/2017-Central Tax (Rate), dated 28th June 2017 published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), vide number G.S.R. 679(E) dated the 28th June, 2017 as amended from time to time and notification No. 26/2017-Central Tax (Rate), dated the 21st September, 2017 published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), vide number G.S.R. 1181(E) dated the 21st September, 2017 as amended from time to time;

(k) any movement of goods caused by defence formation under Ministry of defence as a consignor or consignee;

(l) where the consignor of goods is the Central Government, Government of any State or a local authority for transport of goods by rail;

(m) where empty cargo containers are being transported; and

(n) where the goods are being transported up to a distance of twenty kilometres from the place of the business of the consignor to a weighbridge for weighment or from the weighbridge back to the place of the business of the said consignor subject to the condition that the movement of goods is accompanied by a delivery challan issued in accordance with rule 55.

Explanation.— The facility of generation, cancellation, updation and assignment of e-way bill shall be made available through SMS to the supplier, recipient and the transporter, as the case may be. .

Value Added Tax in UAE

BACKGROUND

Value Added Tax (VAT) was implemented in UAE with effect from 1st January, 2018. The legislation which introduced VAT in UAE is known as the Federal Decree Law No. 8 of 2017, which was issued by H.H Sheikh Khalifa bin Zayed Al Nahyan. This Decree Law establishes the domestic rules which apply for VAT in UAE. It is an addition to the Unified VAT Agreement for the Gulf Co-operation Council (GCC). It is an indirect tax which applies to majority of transactions in goods & services. However, some exemptions have been granted. The standard rate of VAT in UAE is 5%. It has impacted both individuals & businesses, which has led to an increased cost of living for individuals and higher compliances for business organisations – both registered & unregistered.

VAT MECHANISM & FLOW

Fundamentally, the concept of VAT in UAE is quite similar to the erstwhile concept of VAT in Indian states. It is charged at each step in the supply chain on the difference in the value added. Businesses account and collect VAT on behalf of the government and claim a credit of the input VAT paid. It is the end consumer who bears the ultimate burden of VAT.

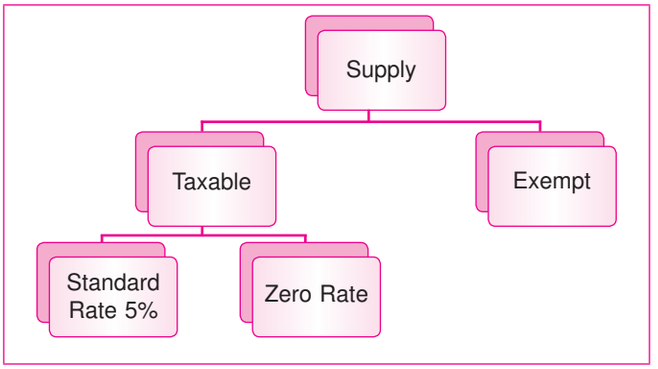
NATURE OF SUPPLIES



Supply of goods and services are classified as taxable or exempt. Taxable supplies are further bifurcated as those goods and services which are taxed at the standard rate of 5% or which are taxed at 0%. The difference between zero rated supplied and exempt supplies is that businesses which supply zero rated goods or services, must get registered under VAT. Under zero rated supplies, input VAT can be claimed as credit against its output VAT liability. However, in case of supply of exempt goods or services, input VAT cannot be claimed as credit against the output VAT liability.

REVERSE CHARGE MECHANISM

In a typical business, the supplier supplies goods/services and collects VAT on behalf of the customers, which is later paid to the government – This is referred to as Forward Charge. Under reverse charge (Article 48 of the Executive Regulations), the buyer or end customer pays the tax directly to the government.

The supplier does not have to pay VAT on import items, so the obligation of reporting a VAT transaction is shifted from the seller to the recipient or buyer. The recipient will have to record the VAT on purchases (input VAT) and the VAT on sales (output VAT) in their VAT return.

Reverse charge is applicable on both goods and services. If a taxable person in one GCC member state receives a supply from a business owner who resides in another GCC member state, then the receiver will have to pay VAT under the reverse charge mechanism. If a taxable person receives a supply from a person outside the GCC, he will have to pay VAT according to the reverse charge mechanism.

The reverse charge mechanism is mainly used for cross-border transactions. It relieves non-resident suppliers of the burden of registering and accounting for VAT in their buyers' territory.

Conditions for Reserve Charge Mechanism

- The receiver of the goods or services must be registered for VAT.
- Every registered business owner must keep proper records of their supplies that incur reverse charge.
- Invoices, receipt vouchers, and refund vouchers should all specify whether the tax payable for that particular transaction is through reverse charge.

Reserve Charge Mechanism for sale of Gold & Diamonds between registered business' in UAE

Cabinet Decision no. (25) of 2018 dated 22nd May, 2018, w.e.f. 1st June, 2018

To reduce the burden on registered entities trading in Gold & Diamonds, the authorities have introduced Reverse Charge Mechanism on supplies between a registered supplied to a registered recipient, where the recipient intends to either resell such Goods or use them to produce or manufacture any of the Goods. (Subject to conditions to be fulfilled)

FREE ZONES

Free Zone, also known as Free Trade Zone, is an area designed to promote the international business in UAE by providing 100% foreign enterprise ownership. Free Zones offer attractive incentives such as, no requirement for a UAE national as a local partner/shareholder, tax exemptions on duties and taxes such as Corporate Tax, Personal Income Tax, all import and export duties etc. The businesses in Free Zones are required to obtain the necessary licenses from the respective Free Zone authorities and comply with their guidelines when operating the business in this region.

DESIGNATED ZONES

The Ministry of Finance had clarified that only 20 Free Zones in UAE had got the status of being 'Designated Zones'. Subsequently another 5 Free zones were added to the list.

According to the law and Cabinet decisions, a designated free zone is a specific fenced geographic area that has security measures and customs controls in place to monitor entry and exit of individuals and movement of goods to and from the area.

Although designated free zones are part of the UAE territory, for VAT purposes, they are to be treated as being outside the UAE.

VAT is imposed on goods and services supplied or imported into the UAE. This means that if a supply is treated as not taking place in the UAE, then levies should not be charged.

However, in the VAT Executive Regulation certain types of supplies should be treated as if they are taking place in the UAE:

- provision of water services
- All forms of energy goods sold for use or consumption

Goods that arrive into a designated free zone from outside the UAE are not treated as imported into the UAE. Therefore, no VAT is charged on such arrival of the goods. A transfer or sale of goods into a Designated Zone from a place in the UAE which is not a Designated Zone is not an export for VAT purposes, and therefore will not give rise to zero-rated VAT treatment.

Transfer & Movement of Goods

Transfer of goods between designated zones will not be subject to VAT if both of the following conditions are met:

- The goods, or parts of the goods, are not released, used or altered during the transfer between the Designated Zones; and
- The transfer is undertaken in accordance with the rules for customs suspension according to GCC Common Customs Law

Where goods are moved between Designated Zones, the Federal Tax Authority may request the owner of the goods to provide a guarantee in respect of the VAT in case the conditions for the movement of goods are not met.

The sale of goods between designated free zones will be treated as outside the scope of the UAE VAT, if the goods are not for consumption.

EXECUTIVE REGULATIONS (ER) OF UAE VAT LAW

The main features and principles of the VAT system are provided in the VAT Law (i.e Federal Decree Law No. 8 of 2017 on Value Added Tax), while the specific details of application are provided in the VAT Regulations. Given below are those points which have not been covered in the earlier section of the Reference Manual.

Annual Adjustment

At the end of a Tax year, the Taxable Person is required to compute the final amount of recoverable input VAT based on its overall final input VAT recovery position for that Tax year. Where an adjustment is required (additional amount of input VAT to recover or amount of input VAT to be paid back to FTA), this must be reported in the first VAT return due in the subsequent Tax year.

Recovery of Excess Tax

The VAT Law foresees that a Taxable Person shall carry forward any Excess of Recoverable Tax to the subsequent Tax Periods and offset such excess against Payable tax or Administrative Penalties. If there remains any excess after being carried forward for a period of time, the Taxable Person may apply to the FTA to reclaim the remaining excess. The VAT Regulations refer to the Federal Law No. (7) of 2017 on Tax Procedures ("Federal Tax Procedures Law (7)") with regards to the mechanism applicable in order for a Taxable Person to claim its excess recoverable VAT to FTA.

Tax Invoice

It is mandatory to issue a tax invoice for taxable supplies made by a Taxable Person – there is no specific mention that the invoice must be in Arabic. The words 'Tax Invoice' should be clearly written on the invoice. The name, address, and Tax Registration Number of the supplier & the receiver must be mentioned. Tax Invoice must be dated & sequentially numbered or uniquely numbered. Discounts, if offered, must be stated separately.

Simplified Tax Invoice

The registrant can issue a simplified tax invoice where the value of the taxable supply does not exceed AED 10,000, or where the taxable supply is made to a non-registered recipient.

Relief to issue a Tax invoice

This applies where the supply is fully zero-rated and sufficient records to evidence the nature of the supply are kept.

Display of prices

The Executive Regulations have mandated that prices displayed of goods and services shall be inclusive of VAT, with an exception of certain supplies mentioned in Article 27 of VAT Regulations.

Tax Group

Related parties shall be registered as a Tax Group under Article 10 of the Executive Regulations. Related parties have been defined under the Executive Regulations as:

A) One Person or more acting in a partnership and having any of the following:
   1) Voting interests in each of those legal Persons of 50% or more;
   2) Market value interest in each of those legal Persons of 50% or more;
   3) Control of each of those legal Persons by any other means.

B) Each of Persons is a Related Party with a third Person.

Two or more Persons shall be considered Related Parties if they are associated in economic, financial and regulatory aspects.

Government entities and Charities are not allowed to be part of a VAT group. Government entities are defined as Federal and Local Ministries, Government departments, Government agencies, authorities and public institutions in the UAE. Charities are defined as societies and associations of public welfare not aiming to make a profit that are listed within a decision from the Cabinet upon recommendation of the Minister.

Disallowance of Input VAT and VAT on Entertainment Expenses

Recovery of VAT on purchase, lease and rent of motor vehicles used in the business and made available for personal use as well as VAT on entertainment expenses for persons other than employees is disallowed.

Recovery of VAT on entertainment expenses for employees and on goods and services used for free by employees for their personal benefit is also disallowed.

Entertainment expenses cover notably accommodation, food, drinks or any other kind of hospitality, when not provided in the normal course of a meeting. VAT on expenses of the business which have a personal benefit element attached to them is not disallowed if it is part of the business's legal obligation to provide for these expenses or where they are incurred in the normal practice of the business and are necessary for the employees to be in a position to perform their work.

VAT on Director Services

The general rule is that directors provide a service for VAT purposes to their company. As such, if the fees for services (in addition to any other supplies that might be made by the person) exceed the VAT mandatory registration threshold, namely AED 375,000, then directors are liable to register for VAT and charge VAT on the director fees. Specifically, services provided by a director should be taxable if:

- the director undertakes services on a regular, ongoing and independent basis (such as an individual who acts as an executive or non-executive director on a board or a number of different boards); and
- the total value of taxable supplies and imports made by the director, including supplies of director services, exceed the mandatory registration threshold.

Use of Exchange Rates for VAT return filing

Article 69 of Federal Decree-Law No. (8) of 2017 ("VAT Decree-Law") requires that where a supply was made in a currency other than UAE Dirham that the amount stated on the issued tax invoice should be converted into the UAE Dirham according to the exchange rate approved by the UAE Central Bank at the date of supply. Businesses are required by the VAT Decree-Law to use this exchange rate on any tax invoice issued in a currency other than the UAE Dirham from this date onwards.

Public Clarification on Disbursements & Reimbursements

The term "reimbursement" refers to the recovery of expenses that you incur as a principal. The term disbursement, on the other hand, refers to the recovery of payments made on behalf of another person.

While a disbursement of expenses is out of scope of VAT, reimbursement of expenses falls within the scope of VAT.

Public Clarification on Transfer of Business as a Going Concern

A company can be bought and sold by transferring shares of that company. The company itself is not involved in the transaction and therefore such a transfer of shares does not give rise to any changes in the business operations of the company – it still retains all its assets, liabilities, licences, employees and relationships.

In contrast, a transfer of assets (including a transfer of goodwill or trading licences) involves a transfer of title in the assets from one person to another person. In this kind of asset sale transaction, there is no change in the ownership of the entities involved in the transaction, and the purchaser does not take on liabilities that are not expressly part of the transaction or that are attached to the purchased asset.

Normally*, a sale of assets by a taxable person is treated as a taxable supply subject to VAT at the appropriate rate. In contrast, where assets are sold as part of a transfer of a business as a going concern, the transfer is not a supply at all and therefore no VAT is charged.

* Subject to conditions mentioned in the clarification

Refunds under VAT**

There are various scenarios under which refund of VAT can be claimed by registered as well as un-registered entities.

a. Refund of excess Input VAT by a registered entity – A registered entity having excess input (after set-off of output liability) for a tax period, may apply for refund of the said excess Input by ticking the option in the VAT return being filed for the concerned period. The application is then assessed by the tax authorities who may / may not ask for further details to substantiate their claim.

b. VAT refund for Tourists – In cases of tourists making purchases of AED 250 or more from the same taxable person, they shall be eligible for applying for refund of VAT paid on such purchases. The refund can be claimed at various exit points like Abu Dhabi International Airport, Dubai International Airport, Sharjah International Airport, etc. However, for the tourism to claim refund of the VAT amount, the supplier would have to be registered with the tax authorities under the refund scheme for tourists and fulfull the conditions mentioned in the said scheme.

c. VAT refund for exhibitions and conference services - Suppliers of certain services are able to claim a refund of the amount of VAT which they charge on supplies of these services to their international customers. There are a number of conditions which have to be met for the ability to reclaim the VAT to arise, including that the supplier should not collect the VAT component from the relevant international customers. The effect of these rules is that the international customers will not bear the cost of VAT when acquiring qualifying exhibition and conference services.

d. VAT refund on Goods and services connected with Expo 2020 Dubai - In accordance with the Cabinet Decision No. 1 of 2019 on the 'Refund of Value Added Tax Paid on Goods and Services Connected with Expo 2020 Dubai', Official Participants of the Expo 2020 are able to claim a refund of VAT incurred by them on the import or supply of certain Goods and Services.

*****There are detailed user guides and conditions for each of the above categories of refunds.***

VAT RETURN FILING

Checklist of details required to file a UAE VAT return

1	Value of supply of goods and services made within the period subject to the standard rate of VAT, these supplies and VAT have to be segregated Emirate-wise. Eg. Supplies to Dubai, to Abu Dhabi, to Sharjah etc.
2	Supplies subject to the reverse charge provisions (If applicable) (other than goods imported and for which VAT has been declared).
3	Zero rated supplies
4	Exempt supplies
5	Goods imported into the UAE (VAT due is populated based on the amounts declared by the tax registrant in the customs import declaration).
6	Adjustments to goods imported into the UAE.
7	All expenses subject to the standard rate of VAT for which the business would like to recover input tax and the tax amounts that are recoverable.
8	All expenses which were subject to the reverse charge for which you would like to recover input tax and the tax amounts that are recoverable.

Procedural Steps to file UAE VAT Returns

1	UAE VAT return can be filed only through the webportal "eservices.tax.gov.ae". There is no provision to file the return manually with the Federal Tax Authority (FTA)

2	Login to the FTA eServices portal and go to the 'VAT' tab whereby you will be able to access your VAT Returns. From this screen you should click on the option to open your VAT Return.
3	Complete the Form by filling in the following details:
	• Sales and all other outputs as well as on expenses and all other inputs as follows: 1. the net amounts excluding VAT. 2. the VAT amount. • The system will then calculate the payable tax or refund.
4	Submit the Form: carefully review all of the information entered on the form after completing all mandatory fields and confirming the declaration. Once you confirm that all of the information included in the VAT Return is correct, click on the 'Submit' button.
5	Settle the payable VAT (if applicable) through "My Payments" tab. Ensure payment deadlines are met.

- If the due date to file the VAT return is a public holiday, then the due date is extended to the first business day after the holiday.
- Standard periodicity to file UAE VAT returns is on a 'Quarterly' basis. Large organisations having an annual turnover of AED 150 million (Approx. ₹ 270 crore) or more have to file on a monthly basis.
- Due date to file UAE VAT Returns is the 28th day from the end of the tax period (month/quarter) Eg. For January 2018, it will be 28th February, 2018.
- ***Late Filing Penalty: 1***st offence – AED 1,000 | Repeated offence – AED 2,000.

VAT RECORD KEEPING (BOOK KEEPING & ACCOUNTANCY)

Each registrant is required by law to maintain books of accounts and to preserve them for a minimum of 5 years after the end of the financial year. However in case of capital assets, the time limit increases to 10 years and in case of records related to real estate, the time limit is 15 years.

Given below is an indicative list of books to be maintained:

Purchase & Sales invoices	Import & Export of Goods
Debit & Credit Notes	Import & Export of Services
Utilization of input credit available	Corrections made to tax invoices
Record of goods issued for free	Zero rated/exempt supplies & purchases

If the registrant fails to maintain/preserve the books of accounts and other related records, a penalty of AED 10,000 shall be imposed, and each repeated violation would attract a penalty of AED 50,000 (Approximately ₹ 180,000 & ₹ 900,000 respectively)

OPPORTUNITY FOR INDIAN CHARTERED ACCOUNTANTS

In any economy where Tax is introduced for the first time, there is immense scope for Chartered Accountants to interpret the law and help business' implement the law correctly. The introduction of VAT in UAE has brought with it new opportunities for Indian Chartered Accountants (both in Practice & Industry) to handle compliance and advisory assignments. Further, since it is a relatively new law, there are regular updates, guides & public clarifications introduced by the tax authorities, which open an avenue for advisory for Indian Chartered Accountants. Once the tax authorities start the assessments of VAT returns, the expertise possessed by Chartered Accountants in representation before authorities is going to be of immense value.

Compliances under the Companies Act, 2013 — Annual and Other Obligations under the Companies Act, 2013

OBLIGATIONS UNDER THE COMPANIES ACT, 2013 WITH RESPECT TO E-FILING OF FORMS, RETURNS AND DOCUMENTS WITH REGISTRAR OF COMPANIES

The Companies Act, 2013 ("the Act") provides for and casts an obligation on Companies incorporated under the Act to file various forms, returns and documents under various provisions with the Registrar of Companies (ROC)/Regional Director (RD)/ Central Government (CG) in an electronic mode within the prescribed time along with the prescribed fees or with payment of additional fees in the event of delayed filing.

Ministry of Corporate Affairs (MCA) has introduced e-governance Project MCA-21 which is designed to fully automate all processes related to proactive enforcement and compliance of legal requirements under the Act. The major component of this project are front office and back office. The front office is administered through the portal www.mca.gov.in since September 30, 2006. As the Companies Act, 2013 has become operative, new forms have been prescribed. In case the facility is not available to upload the form, you may use the manual form and attach the same to General E-form e.g. GNL 2 or such other prescribed form as specified in Circular No. 17 dated June 11, 2014 read with Circular No. 6/2014 dated March 28, 2014.

Various documents, returns, etc. that are required to be filed with the ROC could be categorized as under:

- Forms required to be filed once in a year – Annual Filing Obligations; and
- Forms required to be filed from time-to-time with ROC/CG, etc as provided under the Act based on specific event — Event based Filing Obligations.

ANNUAL FILING OBLIGATIONS

A. Annual Return under Section 92

i. The Annual Return, as on the financial year end, has to be filed with the ROC in an electronic mode within 60 days of the holding of the Annual General Meeting (AGM).

ii. Where AGM has not been held, the return is required to be filed within 60 days from the date on which the (AGM) should have been held together with the statement specifying the reasons for not holding the annual general meeting with such fees or additional fees as may be prescribed.

iii. The return is to be duly signed by a Director and the Company Secretary or where there is no Company Secretary, by a Company Secretary in Practice. The Annual Return in the format prescribed is to be attached as per Section 92.

iv. Every company shall place a copy of the annual return on the website of the company, if any, and the web-link of such annual return shall be disclosed in the Board's report in lieu of the extract in form MGT 9 forming part of the Annual Report.

v. The Annual Return filed by a listed Company or by a Company having paid-up Capital of ₹ 10 crore or more or turnover of ₹ 50 crore or more shall be certified by Company Secretary in Practice in Form MGT-8.

vi. Copies of all annual returns and copies of all certificates and documents required to be annexed thereto shall be preserved for a period of 8 years from the date of filing with the Registrar.

For OPC & Small Companies

In relation to One Person Company and Small Company, the annual return shall be signed by the company secretary, or where there is no company secretary, by the director of the Company.

Note: In case of an adjourned (AGM), the Annual Return incorporates the date of the original meeting.

REGISTRATION OF DIGITAL SIGNATURE

The verification of credentials of Authorized Signatories and Professionals is carried out during e-filing. MCA-21 system has sophisticated electronic 'pre-scrutiny' facilities that can verify the credentials of the signatory prior to acceptance of electronic documents. Therefore, documents that are digitally signed by the Authorized Signatories/Professionals will be accepted by the system only once registered with MCA.

Step-by-step process for registration of signature of director/secretary/professional

(i) Step 1: Go to the website of MCA-21 services http://www.mca.gov.in/MCA21/

(ii) Step 2: Go to the tab of Register your Digital Signature

(iii) Step 3: Select Director/Secretary/Professional under quick links, specify details as requested, connect the DSC to computer and register the DSC.

PAN is mandatory for Manager, Secretary and practicing professionals for DSC registration purpose.

The information submitted by the Professionals at the time of registering the Digital Signature Certificate (DSC) is verified by information in database and that submitted by the respective Professional Institute.

ONLINE PAYMENT FACILITY

Presently the online payment facility for payment of Registration Fees and Stamp Duty with the Registrar of Companies (ROC), is available for all the forms. Refer 'Table of Fees' as prescribed by Companies (Registration of Offices and Fees) Rules, 2014. Ministry of Corporate Affairs (MCA) has made online payment of fees compulsory.

Annual Accounts and Balance Sheet

- Sections 209-223 of the old Act of 1956 concerning Accounts have been replaced by new Chapter IX – Accounts of Companies along with the Companies (Accounts) Rules, 2014. The Rules are to be read along with Chapter IX of the new 2013 Act.
- "Books of Account" are defined for the first time in Section 2(13) of Companies Act, 2013 ("the new Act") and is in line with that prescribed in section 209(1) of the Companies Act, 1956 ("the old Act").
- Section 2(13) defines "books of account" to include records maintained in respect of—
  i. all sums of money received and expended by a company and matters in relation to which the receipts and expenditure take place;
  ii. all sales and purchases of goods and services by the company;
  iii. the assets and liabilities of the company; and
  iv. the items of cost as may be prescribed under section 148 in the case of a company which belongs to any class of companies specified under that section.
- There is a new definition of "Financial Statement" in Section 2(40) of the New Act in place of Profit & Loss & Balance Sheet described in Section 211 of the old Act. "Financial Statements" are required to give true and fair view and are to be in accordance with "Accounting Standards". These financial statements are required to be prepared, audited and adopted by the shareholders.
- "Financial Statements" include (i) the Balance Sheet (ii) the Statement of Profit and Loss (iii) the Cash Flow Statement (iv) the Statement of Changes in Equity and (v) Notes to Accounts.
- Therefore, now it is mandatory for all companies to also prepare the Cash Flow Statement and the Statement of Changes in Equity and have the same audited.
- The guidance for preparation of Statement of changes in equity is available in Ind AS 1.
- The Cash Flow Statement may not be prepared for OPC (One Person Company) and small company and dormant company. It is important to note the word "may". It implies that OPC, small companies and dormant companies have an option at their discretion to prepare the "Cash Flow Statement."
- [Briefly as per the new Act and the Rules thereunder, OPC are private companies and those which have only one shareholder and have net worth not exceeding ₹ 50 lakh and Average Annual Income (3 years average) of not exceeding ₹ 2 crore. A small company is defined in Section 2(85) of the New Act, as one which is not a public company, presently not having a paid-up capital exceeding ₹ 50 lakh and turnover as per profit and loss account for the immediately preceding financial year not exceeding ` 2 crore. Holding & Subsidiary Companies, Section 8 (old section 25) Companies and those governed by Special Acts are not to be treated as small companies. Section 455 of the new Act defines a dormant company as one which is having no significant accounting transactions.]
- The Financial Statements shall be for every Financial Year. "Financial Year" has been defined u/s. 2(41) of the new Act to mean the period ending 31st March every year. In case of a new company incorporated after 1st January of the year, it shall be 31st March next in the following year. Existing companies are required to align to the new financial period within 2 years of commencement of the new Act. There is an exception which may be granted by the tribunal where the Indian Company is a holding or a subsidiary company or associate of a company incorporated outside India and is required to follow different financial year for consolidation of accounts outside India.
- A new feature of Chapter IX is Consolidation of Accounts. All provisions relating to preparation & audit of accounts as applicable to the standalone Financial Statements are applicable to the Consolidated Financial Statements. All Companies (including step-down subsidiaries) irrespective of whether they are listed or not, private or public are required to prepare Consolidated Financial Statements.
- Where a company has one or more subsidiaries or associate companies, it shall, in addition to financial statements provided under sub-section (2), prepare a consolidated financial statement of the company and of all the subsidiaries and associate companies in the same form and manner as that of its own and in accordance with applicable accounting standards, which shall also be laid before the annual general meeting of the company along with the laying of its financial statement under sub-section (2):

  Provided that the company shall also attach along with its financial statement, a separate statement containing the salient features of the financial statement of its subsidiary or subsidiaries and associate company or companies in such form as may be prescribed:

  Provided further that the Central Government may provide for the consolidation of accounts of companies in such manner as may be prescribed.".
- Consolidation shall be done of all subsidiaries, associate companies and joint venture companies as per sub-section (3) of Section 129 of the new Act. Financial Statements shall be in the form provided for in Schedule III to the new Act.
- Schedule III also gives "general introduction for the preparation of Consolidated Financial Statements". This introduction is very broad and it appears that consolidation will have to be done as per AS-21. AS-21 gives detailed guidelines for consolidation. The Ministry of Corporate Affairs vide General Circular No. 39 dated 14-10-2014 has clarified that disclosures made on its standalone Financial Statements need not be repeated in Consolidated Financial Statements. In Consolidated Financial Statements only disclosures relevant to Consolidated Financial Statements should be given.

- Briefly, "Subsidiary Company" is defined in section 2(87) read with section 2(27) defining control of the new Act. Subsidiary company in relation of any other company (holding company) means a company in which the holding company controls the composition of the Board of Directors or controls more than half of the total paid-up capital either on its own or together with one or more of its subsidiary companies. "Associate Company" in relation to another company means a company in which that other company has a "significant influence" and includes a JV Company. "Significant influence" means control of at least 26% of the share capital. It is significant to note that under the old Act, there is reference to control of more than half of the total equity capital; in the new Act, reference is made to more than half of the total paid-up capital (i.e. including, preference share capital.) Further, under the new Act, a company having no subsidiary but having an associate and/or a joint venture company is required to prepare Consolidated Financial Statements. Under the Listing Agreement, listed companies were required to prepare Consolidated Financial Statements ONLY if it had subsidiary(ies).
- Apart from consolidation, Section 129(3) of the new Act also requires that a separate statement containing the salient features of the Financial Statements of the subsidiaries, associates and joint ventures be attached to the holding company's Financial Statements. This statement is required to be in Form AOC-1, which has two parts, PART "A" — Subsidiaries and PART "B" — Associates and Joint Ventures. The details in FORM AOC-1 can be easily extracted from the Financial Statements of the subsidiaries, associates and joint ventures.
- The old Act did not provide for reopening of the Annual Financial Statements and Restating or Revision of the Financial Statements. A circular of the Department of Company Affairs for Restating of Accounts issued by the Ministry provided for Restating of Accounts due to mistake (not arising out of fraud or mismanagement) and for the limited purpose of complying with the technical requirements of the laws viz. Income-tax Act, etc. Under the new Act, there are two independent provisions, Section 130 relating to Reopening of the Financial Statements and Section 131 relating to Voluntary Revision of the Financial Statements or the Board Report.

Reopening of Accounts

- Section 130 of the new Act provides that accounts cannot be reopened and financial statements cannot be recast by a company unless there an application has been made by the Central Government, Income Tax Authority, SEBI and other statutory regulatory body or authority or any other person concerned and an order is made by a court of Competent Jurisdiction or the Tribunal to the effect that:
  - o The relevant earlier accounts were prepared in a fraudulent manner, or
  - o The affairs of the company were mismanaged during the relevant period, casting a doubt on the reliability of the Financial Statements.
- These provisions have far reaching consequences and an order passed under Section 130 of the new Act could potentially reopen all accounts and Financial Statements for up to 8 previous years [up to 8 years, as Books of Account are required to be maintained u/s. 128(5), unless, there is an order for maintenance of records for longer period].
- Sub-section (2) of Section 130 provides that accounts so revised or recast shall be final. It appears that there is no requirement to revise the Directors' Report, Auditors' Report or adopt the same in a general meeting. The revised or recast accounts which would be final as per sub-section (2) would be submitted to the tribunal and be subject to such further directions or orders of the tribunal.
- New sub-section (3) of Section 130 provides that No order shall be made under sub-section (1) of Section 130 in respect of re-opening of books of account relating to a period earlier than eight financial years immediately preceding the current financial year, Provided that where a direction has been issued by the Central Government under the proviso to sub-section (5) of section 128 for keeping of books of account for a period longer than eight years, the books of account may be ordered to be re-opened within such longer period.

Voluntary Revision of the Financial Statements or the Board Report

- This is an altogether new provision which did not exist in the old Act. Section 131 of the new Act provides that the Board of Directors may voluntarily revise the Financial Statements or the Board Report where it finds that the Financial Statements do not comply with the provision of Section 129 of the new Act [briefly, Section 129 of the New Act provides that the Statement of Profit and Loss, the Balance Sheet and the Cash Flow Statement give a true and fair view of the affairs of the company and they are prepared as per the notified Accounting Standards] and/or the Board Report does not comply with Section 134 of the new Act. The Revision can be done for 3 preceding financial years. The company is required to obtain approval of the Tribunal before taking up the voluntary revision.
- Before passing any order, it is provided that a notice needs to be given to the Central Government and the Income-tax authorities and their representation considered.
- The Second proviso of section 131 of the New Act restricts the revision to only once in a Financial Year. However, sub-section 2 of section 131 puts a further restriction on the ability of the Board of Directors to revise Financial Statements or the Board Report in a situation where the audited accounts have been sent to members or delivered to the Registrar or laid before the Annual General Meeting. The sub-section provides that the revision in such cases must be confined to
  - "(a) corrections in respect of previous Financial Statement or Board Report – they do not comply with the provision of section 129 or section 134 and
  - (b) The making of any necessary consequential alteration".
- Sub-section (3) of section 131 of the new Act provides for rules relating to the compliances post the revision of accounts & Directors' Report. The Rules are also required to make provisions with respect to the role and function of the company's Auditors in relation to the revised Financial

Statements or Report. The Companies (Accounts) Rules, 2014 has not prescribed any such rule till date.

Specific rules have been framed for the manner in which books to be kept in electric mode — Rule 3 of The Companies (Accounts) Rule, 2014 manner of books of account to be kept in electronic mode.

- The books of account, other relevant books & papers maintained in electronic mode shall remain accessible in India for subsequent reference, retained completely in the same format in which they were originally generated, sent or received, unaltered, & present accurate information. The information received from branch offices shall not be altered and kept in a manner where it shall depict what was originally received from the branches; documents shall be capable of being displayed in a legible form.
- There shall be proper system for storage, retrieval, display or printout of the electronic records as the Audit Committee, if any, or the Board may deem appropriate and such records shall not be disposed of or rendered unusable, unless permitted by law.
- The backup of the books of account and other books and papers maintained in electronic mode, including at a place outside India, if any, shall be kept in servers physically located in India on a periodic basis. The company shall intimate to the Registrar on an annual basis at the time of filing of financial statements, details of Service Provider, IP address of the Service Provider and where the books are maintained on "Cloud," such address as provided by the service provider.

Schedule III for Ind AS

NOTIFICATION NO. G.S.R. 404(E), DATED 6TH APRIL, 2016

1. In exercise of the powers conferred by sub-section (1) of section 467 of the Companies Act, 2013 (18 of 2013), the Central Government hereby makes the following amendments to Schedule III of the said Act with effect from the date of publication of this notification in the Official Gazette, namely:—
2. In the Companies Act, 2013 (hereinafter referred to as the principal Act) in Schedule III, for the heading "General instructions for preparation of Balance Sheet and Statements of Profit and Loss of a Company" the following shall be substituted, namely:—

"Division I

Financial Statements for a company whose Financial Statements are required to comply with the Companies (Accounting Standards) Rules, 2006.

GENERAL INSTRUCTIONS FOR PREPARATION OF BALANCE SHEET AND STATEMENT OF PROFIT AND LOSS OF A COMPANY"

3. In the principal Act, in Schedule III, at the end, the following shall be inserted, namely:—

"Division II

Financial Statements for a company whose financial statements are drawn up in compliance of the Companies (Indian Accounting Standards) Rules, 2015.

GENERAL INSTRUCTIONS FOR PREPARATION OF FINANCIAL STATEMENTS OF A COMPANY REQUIRED TO COMPLY WITH IND AS"

1. Every company to which Indian Accounting Standards apply, shall prepare its financial statements in accordance with this Schedule or with such modification as may be required under certain circumstances.
2. Where compliance with the requirements of the Act including Indian Accounting Standards (except the option of presenting assets and liabilities in the order of liquidity as provided by the relevant Ind AS) as applicable to the companies require any change in treatment or disclosure including addition, amendment, substitution or deletion in the head or sub-head or any changes inter se, in the financial statements or statements forming part thereof, the same shall be made and the requirements under this Schedule shall stand modified accordingly.
3. The disclosure requirements specified in this Schedule are in addition to and not in substitution of the disclosure requirements specified in the Indian Accounting Standards. Additional disclosures specified in the Indian Accounting Standards shall be made in the Notes or by way of additional statement or statements unless required to be disclosed on the face of the Financial Statements. Similarly, all other disclosures as required by the Companies Act, 2013 shall be made in the Notes in addition to the requirements set out in this Schedule.
4. (i) Notes shall contain information in addition to that presented in the Financial Statements and shall provide where required—
   (a) narrative descriptions or disaggregations of items recognised in those statements; and
   (b) information about items that do not qualify for recognition in those statements.
   (ii) Each item on the face of the Balance Sheet, Statement of Changes in Equity and Statement of Profit and Loss shall be cross-referenced to any related information in the Notes. In preparing the Financial Statements including the Notes, a balance shall be maintained between providing excessive detail that may not assist users of Financial Statements and not providing important information as a result of too much aggregation.
5. Depending upon the turnover of the company, the figures appearing in the Financial Statements shall be rounded off as below:

Turnover		***Turnover Rounding off***
(i)	less than one hundred crore rupees	To the nearest hundreds, thousands, lakhs or millions, or decimals thereof.
(ii)	one hundred crore rupees or more	To the nearest, lakhs, millions or crores, or decimals thereof.

   Once a unit of measurement is used, it should be used uniformly in the Financial Statements.
6. Financial Statements shall contain the corresponding amounts (comparatives) for the immediately preceding reporting period for all items shown in the Financial Statements including Notes except in the case of first Financial Statements laid before the company after incorporation.
7. Financial Statements shall disclose all 'material' items, i.e., the items if they could, individually or collectively, influence the economic decisions that users make on the basis of the financial statements. Materiality depends on the size or nature of the item or a combination of both, to be judged in the particular circumstances.

8. For the purpose of this Schedule, the terms used herein shall have the same meanings assigned to them in Indian Accounting Standards.

9. Where any Act or Regulation requires specific disclosures to be made in the standalone financial statements of a company, the said disclosures shall be made in addition to those required under this Schedule.

Note: This Schedule sets out the minimum requirements for disclosure on the face of the Financial Statements, i.e.,Balance Sheet, Statement of Changes in Equity for the period, the Statement of Profit and Loss for the period (The term 'Statement of Profit and Loss' has the same meaning as 'Profit and Loss Account') and Notes. Cash flow statement shall be prepared, where applicable, in accordance with the requirements of the relevant Indian Accounting Standard.

Line items, sub-line items and sub-totals shall be presented as an addition or substitution on the face of the Financial Statements when such presentation is relevant to an understanding of the company's financial position or performance or to cater to industry or sector-specific disclosure requirements or when required for compliance with the amendments to the Companies Act, 2013 or under the Indian Accounting Standards.

GENERAL INSTRUCTIONS FOR PREPARATION OF BALANCE SHEET

1. An entity shall classify an asset as current when—
   (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
   (b) it holds the asset primarily for the purpose of trading;
   (c) it expects to realise the asset within twelve months after the reporting period; or
   (d) the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

   An entity shall classify all other assets as non-current.

2. The operating cycle of an entity is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. When the entity's normal operating cycle is not clearly identifiable, it is assumed to be twelve months.

3. An entity shall classify a liability as current when—
   (a) it expects to settle the liability in its normal operating cycle;
   (b) it holds the liability primarily for the purpose of trading;
   (c) the liability is due to be settled within twelve months after the reporting period; or
   (d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

   An entity shall classify all other liabilities as non-current.
4. A receivable shall be classified as a 'trade receivable' if it is in respect of the amount due on account of goods sold or services rendered in the normal course of business.
5. A payable shall be classified as a 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business.

Notes

1. "Factory buildings" does not include offices, godowns and staff quarters.
2. Where, during any financial year, any addition has been made to any asset, or where any asset has been sold, discarded, demolished or destroyed, the depreciation on such assets shall be calculated on a pro rata basis from the date of such addition or, as the case may be, up to the date on which such asset has been sold, discarded, demolished or destroyed.
3. The following information shall also be disclosed in the accounts, namely:—
   (i) Depreciation methods used; and
   (ii) The useful lives of the assets for computing depreciation, if they are different from the life specified in the Schedule.
4. Useful life specified in Part C of the Schedule is for whole of the asset. Where cost of a part of the asset is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part shall be determined separately.
5. Depreciable amount is the cost of an asset, or other amount substituted for cost, less its residual value. Ordinarily, the residual value of an asset is often insignificant but it should generally be not more than 5% of the original cost of the asset.
6. The useful lives of assets working on shift basis have been specified in the Schedule based on their single shift working. Except for assets in respect of which no extra shift depreciation is permitted (indicated by NESD in Part C above), if an asset is used for any time during the year for double shift, the depreciation will increase by 50% for that period and in case of the triple shift the depreciation shall be calculated on the basis of 100% for that period.
7. From the date this Schedule comes into effect, the carrying amount of the asset as on that date—
   (a) shall be depreciated over the remaining useful life of the asset as per this Schedule;
   (b) after retaining the residual value, shall be recognised in the opening balance of retained earnings where the remaining useful life of an asset is nil.
8. **"Continuous process plant"** means a plant which is required and designed to operate for twenty-four hours a day.

Corporate Social Responsibility

Introduction

Section 135 of the Companies Act 2013 deals with the provisions of **Corporate Social Responsibility (CSR).**

Corporate Social Responsibility (CSR, also called corporate conscience, corporate citizenship, social performance, or sustainable responsible business/Responsible Business) is a form of corporate self-regulation integrated into a business model. CSR policy functions as a built-in, self-regulating mechanism whereby a business monitors and ensures its active compliance with the spirit of the law, ethical standards, and international norms. In some models, a company's implementation of CSR goes beyond compliance and engages in "actions that appear to further some social good, beyond the interests of the company, and that which is required by law."

CSR is a process with the aim to embrace responsibility for the company's actions and encourage a positive impact through its activities on the environment, consumers, employees, communities, stakeholders, and all other members of the public sphere who may also be considered stakeholders.

The term "corporate social responsibility" became popular in the 1960s and has remained a term used indiscriminately by many to cover legal and moral responsibility more narrowly construed.

Application to the Companies

Section 135 of the Companies Act, 2013 makes it mandatory for following companies having in immediately preceding financial year:

- Every company having net worth of rupees five hundred crore or more, or
- Every company having turnover of rupees one thousand crore or more, or
- Every company having net profit of rupees five crore or more.

to comply with CSR provisions.

Action Points to comply with CSR Provisions

1. Constitute a CSR Committee of the Board consisting of three or more directors, out of which at least one director shall be an independent director. Where a company is not required to appoint an independent director under sub-section (4) of section 149, it shall have in its Corporate Social Responsibility Committee consisting of two or more directors;
2. Disclose the composition of the CSR Committee in the Board's report under sub-section (3) of Section 134;
3. After taking into account recommendations made by the CSR Committee, approve the CSR Policy for the company;
4. Disclose contents of such policy in its report and also place it on the company's website, if any, in such manner as may be prescribed; and
5. Ensure that the activities as are included in CSR Policy of the company are undertaken by the company;
6. Give preference to the local area and areas around it where the company operates, for spending the amount earmarked for CSR activities;
7. If the company fails to spend the CSR amount, the Board shall, in its report made under clause (o) of sub-section (3) of Section 134, specify the reasons for not spending the amount;
8. Net Profit not to include profit arising from any overseas branch and dividends from other company;
9. Every foreign Company operating in India fulfilling the criteria to fulfill CSR Regulations;
10. Entities eligible for CSR spending - India only:
    (a) a company established under section 8 of the Act or a registered trust or a registered society, established by the company, either singly or along with any other company, or
    (b) a company established under section 8 of the Act or a registered trust or a registered society, established by the Central Government or State Government or any entity established under an Act of Parliament or a State legislature :

    If, the Board of a company decides to undertake its CSR activities through a company established under section 8 of the Act or a registered trust or a registered society, other than those specified herein, such company or trust or society shall have an established track record of three years in undertaking similar programs or projects; and the company has specified the projects or programs to be undertaken, the modalities of utilisation of funds of such projects and programs and the monitoring and reporting mechanism."
11. A company is allowed to collaborate with other companies for CSR activities;
12. CSR spending on own employees and their family cannot exceed 5% of total CSR expenditure;
13. Political Contribution is not a CSR spending.

Functions of CSR Committee

1. Formulate and recommend to the Board, a CSR Policy indicating activities to be undertaken by the company as specified in Schedule VII to the Companies Act, 2013;
2. Recommend the amount of expenditure to be incurred on the CSR activities;
3. Monitor CSR Policy of the company from time to time.

The Board of a company may decide to undertake its CSR activities approved by the CSR Committee, through

(a) a company established under section 8 of the Act or a registered trust or a registered society, established by the company, either singly or alongwith any other company, or

(b) a company established under section 8 of the Act or a registered trust or a registered society, established by the Central Government or State Government or any entity established under an Act of Parliament or a State legislature:

Provided that- if, the Board of a company decides to undertake its CSR activities through a company

established under section 8 of the Act or a registered trust or a registered society, other than those specified in this sub-rule, such company or trust or society shall have an established track record of three years in undertaking similar programs or projects; and the company has specified the projects or programs to be undertaken, the modalities of utilisation of funds of such projects and programs and the monitoring and reporting mechanism.

CSR Spending

The Board shall ensure that the company spends, in every financial year, at least 2% of the average net profits of the company made during the three immediately preceding financial years, in pursuance of its CSR Policy. **The Companies (Amendment) Act 2019 has provided that, where the company has not completed the period of three financial years since its incorporation, during such immediately preceding financial years.**

Any financial year

"Any financial year" referred under sub-section (1) of Section 135 of the Act read with Rule 3(2) of Companies CSR Rules 2014, implies 'any of the three preceding financial years' (Clarification vide MCA General Circular No. 21/2014).

What does not constitute CSR spending?

Rule 4 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, requires that the CSR activities that shall be undertaken by the companies for the purpose of Section 135 of the Act shall exclude activities undertaken in pursuance of its 'normal course of business.' The Rules also specify that CSR projects or programmes or activities that benefit only the employees of the company and their families shall not be considered as CSR activities in accordance with the requirements of the Act. Such programmes or projects or activities, that are carried out as a pre-condition for setting up a business, or as part of a contractual obligation undertaken by the company or in accordance with any other Act or as a part of the requirement in this regard by the relevant authorities cannot be considered as a CSR activity within the meaning of the Act. Similarly, the requirements under relevant regulations or otherwise prescribed by the concerned regulators as a necessary part of running of the business, would be considered to be the activities undertaken in the 'normal course of business' of the company and, therefore, would not be considered CSR activities.

Calculation of Net Profit

For the purposes of CSR spending, "net profit" shall not include such sums as may be prescribed, and shall be calculated in accordance with the provisions of section 198 **(amended by the Companies Amendment Act 2017 with effect from 19/09/2018)**.

Net profit as per Section 198 is to be calculated in following manner:

Net Profit as per Profit and Loss Account	XXX
Add: Bounties and subsidies received from any Government, or any public authority constituted or authorised in this behalf, by any Government, unless and except in so far as the Central Government otherwise directs **(if not credited to Profit and Loss Account)**.	XXX
Less: Following items **(if credited to Profit and Loss Account)**: (a) profits, by way of premium on shares or debentures of the company, which are issued or sold by the company; (b) profits on sales by the company of forfeited shares; (c) profits of a capital nature including profits from the sale of the undertaking or any of the undertakings of the company or of any part thereof; (d) profits from the sale of any immovable property or fixed assets of a capital nature comprised in the undertaking or any of the undertakings of the company, unless the business of the company consists, whether wholly or partly, of buying and selling any such property or assets: Provided that where the amount for which any fixed asset is sold exceeds the written-down value thereof, credit shall be given for so much of the excess as is not higher than the difference between the original cost of that fixed asset and its written down value; (e) any change in carrying amount of an asset or of a liability recognised in equity reserves including surplus in Profit and Loss Account on measurement of the asset or the liability at fair value.	XXX
Less: Usual working charges and other expenses as stated in sub-section (4) of section 198 **(if not debited to Profit and Loss Account)**	XXX
Add: Following items **(if debited to Profit and Loss Account):** (a) income-tax and super-tax payable by the company under the Income-tax Act, 1961, or any other tax on the income of the company not falling under clauses (d) and (e) of sub-section (4); (b) any compensation, damages or payments made voluntarily, that is to say, otherwise than in virtue of a liability such as is referred to in clause (m) of sub-section (4); (c) loss of a capital nature including loss on sale of the undertaking or any of the undertakings of the company or of any part thereof not including any excess of the written-down value of any asset which is sold, discarded, demolished or destroyed over its sale proceeds or its scrap value; (d) any change in carrying amount of an asset or of a liability recognised in equity reserves including surplus in profit and loss account on measurement of the asset or the liability at fair value.	XXX

Implications of the Income-tax Act, 1961

The Finance (No. 2) Act, 2014 has amended the provisions of Section 37 of the Income-tax Act 1961 to provide that for the purposes of Section 37(1) any expenditure incurred by

an assessee on the activities relating to corporate social responsibility referred to in Section 135 of the Companies Act, 2013 shall not be deemed to have been incurred for the purpose of business and hence shall not be allowed as deduction under Section 37 of the Income-tax Act, 1961.

However, the CSR expenditure which is of the nature described in Sections 30 to 36 of the Income-tax Act 1961 shall be allowed deduction under those sections subject to fulfilment of conditions, if any, specified therein. This apart, if the CSR spending is made by way of donation to a permitted entity, the same can be allowed as deduction under Section 80G of the Income-tax Act, 1961.

Essence of CSR

1. Activities undertaken in pursuance of the CSR policy must be relatable to areas or subject as specified in Schedule VII to the Companies Act 2013. The entries in the said Schedule VII must be interpreted liberally so as to capture the essence of the subjects enumerated in the said Schedule. The items enlisted in the amended Schedule VII of the Act are broad-based and are intended to cover a wide range of activities as illustratively mentioned in the Annexure.
2. CSR activities should be undertaken by the companies in project/programme mode. One-off events such as marathons/awards/charitable contribution/advertisement/ sponsorships of TV programmes, etc. would not be qualified as part of CSR expenditure.
3. Expenses incurred by companies for the fulfilment of any Act/Statute of regulations (such as Labour Laws, Land Acquisition Act etc.) would not count as CSR expenditure under the Companies Act 2013.
4. Salaries paid by the companies to regular CSR staff as well as to volunteers of the companies (in proportion to company's time/hours spent specifically on CSR) can be factored into CSR project cost as part of the CSR expenditure.
5. "Any financial year" referred under Sub-Section (1) of Section 135 of the Act read with Rule 3(2) of Companies CSR Rule, 2014, implies 'any of the three preceding financial years'.

6. Expenditure incurred by Foreign Holding Company for CSR activities in India will qualify as CSR spend of the Indian subsidiary if, the CSR expenditures are routed through Indian subsidiaries and if the Indian subsidiary is required to do so as per Section 135 of the Act.
7. 'Registered Trust' (as referred in Rule 4(2) of the Companies CSR Rules, 2014) would include Trusts registered under Income-tax Act 1961, for those States where registration of Trust is not mandatory.
8. Contribution to Corpus of a Trust/society/section 8 companies, etc. will qualify as CSR expenditure as long as (a) the Trust/society/section 8 companies, etc. is created exclusively for undertaking CSR activities, or (b) where the corpus is created exclusively for a purpose directly relatable to a subject covered in Schedule VII to the Act.

ICAI's Guidance Note

The ICAI has come out with Guidance Note on CSR effective May 15, 2015. In view of this, FAQs. issued by the ICAI as an interim guidance to the members stand withdrawn.

The objective of the Guidance Note is to provide guidance on recognition, measurement, presentation, and disclosure of expenditure on activities relating to CSR.

The Guidance Note does not deal with identification of activities that constitute CSR activities, but only provides guidance on accounting for expenditure on CSR activities in line with the requirements of the generally accepted accounting principles including the applicable Accounting Standards.

The provisions of the Act clearly lay down that the expenditure on CSR activities is to be disclosed only in the Board's Report in accordance with the Rules made there under. In view of this, no provision for the amount which is not spent, i.e., any shortfall in the amount that was expected to be spent as per the provisions of the Act on CSR activities and the amount actually spent at the end of a reporting period may be made in the financial statements. However, if a company has already undertaken certain CSR activity for which a liability has been incurred by entering into a contractual obligation, then in accordance with the generally accepted principles of accounting, a provision for the amount representing the extent to which the CSR activity was completed during the year, needs to be recognised in the financial statements.

Where a company spends more than that required under law, a question arises as to whether the excess amount 'spent' can be carried forward to be adjusted against amounts to be spent on CSR activities in future period. Since '2% of average net profits of immediately preceding three years' is the minimum amount which is required to be spent under section 135 (5) of the Act the excess amount cannot be carried forward for set off against the CSR expenditure required to be spent in future.

In case the expenditure incurred by the company is of such nature which may give rise to an 'asset', a question may arise as to whether such an 'asset' should be recognised by the company in its balance sheet. In this context, it would be relevant to note the definition of the term 'asset' as per the Framework for Preparation and Presentation of Financial Statements issued by the ICAI. An 'asset' is a "resource controlled by an enterprise as a result of past events from which future economic benefits are expected to flow to the enterprise." Hence, in cases where the control of the 'asset' is transferred by the company, e.g., a school building is transferred to a Gram Panchayat for running and maintaining the school, it should not be recognised as 'asset' in its books and such expenditure would need to be charged to the statement of profit and loss as and when incurred. Where a company retains the control of 'asset', then it would need to be examined whether any future economic benefits accrue to the company. Invariably future economic benefits from a 'CSR asset' would not flow to the company as any surplus from CSR cannot be included by the company in business profits in view of Rule 6(2) of the Companies (Corporate Social Responsibility Policy) Rules, 2014.

In some cases, a company may supply goods manufactured by it or render services as CSR activities. In such cases, the expenditure incurred should be recognised when the control on the goods manufactured by it is transferred or the allowable services are rendered. The goods manufactured by the company should be valued in accordance with the principles prescribed in Accounting Standard (AS) 2, Valuation of Inventories. The services rendered should be measured at cost. Indirect taxes (like excise duty, service tax, VAT or other applicable taxes) on the goods and services so contributed will also form part of the CSR expenditure.

Where a company receives a grant from others for carrying out CSR activities, the CSR expenditure should be measured net of the grant.

Any surplus arising out of CSR project or programme or activities shall be recognised in the statement of profit and loss as income and since this surplus cannot be a part of business profits of the company, the same should immediately be recognised as liability for CSR expenditure in the balance sheet and recognised as a charge to the statement of profit and loss. Accordingly, such surplus would not form part of the minimum 2% of the average net profits of the company made during the three immediately preceding financial years in pursuance of its Corporate Social Responsibility Policy.

From the perspective of better financial reporting and in line with the requirements of Schedule III to the Companies Act 2013, it is recommended that all expenditure on CSR activities, that qualify to be recognised as expense should be recognised as a separate line item as 'CSR expenditure' in the statement of profit and loss. Further, the relevant note should disclose the break-up of various heads of expenses included in the line item 'CSR expenditure'.

The notes to accounts relating to CSR expenditure should also contain the following:

(a) Gross amount required to be spent by the company during the year.

(b) Amount spent during the year on:

		In cash	*Yet to be paid in cash*	*Total*
(i)	Construction/ acquisition of any asset			
(ii)	On purposes other than (i) above			

The above disclosure, to the extent relevant, may also be made in the notes to the cash flow statement, where applicable.

Details of related party transactions, e.g., contribution to a trust controlled by the company in relation to CSR expenditure as per Accounting Standard (AS) 18, Related Party Disclosures.

Where a provision is made (the company has incurred liability), same should be presented as per the requirements of Schedule III to the Companies Act 2013. Further, movements in the provision during the year should be shown separately.

ICAI FAQs

Corporate Laws & Corporate Governance Committee ICAI has come out with Frequently Asked Questions On the provisions of Corporate Social Responsibility under Section 135 of the Companies Act 2013which are reproduced hereunder.

1. Whether CSR expense is a Capital expenditure or a revenue expenditure Treatment in books of account

In case the expenditure incurred by the company is of such nature which may give rise to an 'asset', it should be recognised by the company in its balance sheet, provided the control over the asset is with the Company and future economic benefits are expected to flow to the company. Where any CSR asset is recognized in its balance sheet, the same may be classified under natural head (e.g. Building, Plant & Machinery, etc.) with specific subhead of 'CSR Asset' if the expenditure satisfies the definition of 'asset.' For example, a building used for CSR activities where the beneficial interest has not been relinquished for Lifetime by a company and from which any economic benefits flow to a company, may be recognised as 'CSR Building' for the purpose of reflecting the same in the balance sheet. If an amount spent on an asset has been shown as CSR spend, then the depreciation on such asset cannot be claimed as CSR spend again. Once cost of the asset is included for CSR spend, then the depreciation on such asset will not be included for CSR spend even if the asset is capitalized in the books of account and depreciation charged thereon. Where an expenditure does not give rise to an 'asset' as explained above, the same may be treated as expenditure of revenue nature and dealt with in accordance with FAQ 4 below.

Disclosure of CSR spend

Item 5 (a) of the General Instructions for Preparation of Statement of Profit and Loss under Schedule III to the Companies Act 2013, requires that in case of companies covered under Section 135, the amount of expenditure incurred on 'Corporate Social Responsibility Activities' shall be disclosed by way of a note to the statement of profit and loss. The note should also disclose the details with regard to the expenditure incurred in construction of a capital asset under a CSR project.

2. Whether CSR spends are to be shown in books of account under a separate CSR head or are they to be included under the normal heads of accounts or are they to be shown in the notes to accounts.

All expenditure on CSR activities that qualifies to be recognized as expense may either be recognized as a separate line item as 'CSR expenditure' or under natural heads of expenses in the statement of profit and loss with disclosure of the break-up and the total amount spent on CSR activities during the year. Some of the items which are charged to the profit & loss account in the normal course, meeting the criteria for CSR expenditure would also be eligible to be considered as CSR expenditure. Disclosure of CSR spend is already covered in answer to question no 1 above.

3. Please give illustrations of certain types of CSR spending apart from CSR spends which are easily identifiable by the company.

The following are examples of expenditure that can be classified as CSR expenditure if it is within the areas or subject covered by Schedule VII and is as per CSR policy approved by the Company's Board of Directors. These are only illustrations and companies are required to apply facts and circumstances in each case for categorization of such spends.

a) Any company supplying its goods or services manufactured/ provided by it free of cost or at a concessional rate to people affected by natural calamities like flood, earthquake, etc.

b) A company decides that for every pack of pencils sold by the company, Rupee 0.50 will go towards education of a girl child. The amount earmarked from such sale will not be automatically considered as CSR and only such of the amounts which are spent will qualify to be considered as CSR spend

c) Spending in Technical and Vocational Training for skill building based on training cum apprenticeship results in enhancing the employability of such trainees. Cost of such expenses such as stipend, faculty, infrastructure costs, etc will be included as CSR activities. It will not deprive the company which is providing such training to hire a trainee from that pool of talent. However, if such training is provided to existing employees then it shall not qualify as CSR.

4. Will CSR spend be an Appropriation or a charge on P&L.

In general, the CSR spend amount needs to be appropriated unless otherwise its incurred by the company as part of its normal business activity which also qualifies for CSR activity, in which case, it will continue to be charged to P&L in the normal course.

5. Are overseas Branch profits / losses included in Net Profit for calculating CSR spend?

Net Profit for the purpose of calculating CSR spend shall not include any profit arising from any overseas branch or branches of the company, whether operated as a separate company or otherwise. In addition any dividend received from other companies in India which are covered under and complying with the provisions of section 135 of the Act as well as any dividend received from a company incorporated outside India shall also be excluded from the Net Profit. This is built on the rationale that CSR spend outside India does not qualify as CSR spend under Section 135 of the Companies Act 2013. As a corollary, income earned outside India shall also not be considered for determining CSR spend in India.

6. How do we treat CSR spending in the ordinary course of business vs. CSR expenses not incurred in the ordinary course. Does it include CSR spending that also includes employees of the Company or their families who are also beneficiaries of such CSR spend?

CSR activities shall exclude activities undertaken in pursuance of its 'normal course of business.' For example, an electricity distribution company connecting the last house in a village cannot classify such expense as CSR. Similarly a tea plantation

company planting trees and shrubs in close proximity to such tea plantations cannot be classified as CSR spending since they are in the ordinary course of business of such businesses. Similarly, Programmes or projects or activities that are carried out as a pre-condition for setting up a business or as part of a contractual obligation undertaken by the company or in accordance with any other law, should not be considered as CSR. Such spending on installation of rain water harvesting or a device to prevent pollution which are mandatorily required to be carried out by law shall not qualify as CSR spend. Such requirements under relevant regulations prescribed as a necessary part of running of the business, would be considered to be the activities undertaken in the 'normal course of business' of the company and, therefore, would not be considered CSR activities. CSR projects or programmes or activities that benefit only the employees of the company and their families shall not be considered as CSR. However, programme or activities that are for the benefit of all, but, which also include some employees or their families will still be considered as CSR as long as such benefits are not exclusively for the benefit of such employees. For example, recreational facilities provided for employees and their families in the employee quarters shall not be considered as CSR. However, if the Company maintains say a stadium for promotion of sports in a city used by residents of that place and not exclusively by its employees, then such spending shall be still considered as CSR.

7. Treatment of shortage in CSR spend and disclosure and possibility of carry forward of excess spending of CSR. Is there any need for creation of a provision in the event of a shortage in spending?

Any shortfall in spending in CSR shall be explained in the financial statements and the Board of Directors shall state the amount unspent and reasons for not spending that amount. Any such shortfall is not required to be provided for in the books of account. However, if a company has already undertaken certain CSR activity for which a contractual liability has been incurred then, a provision for the requisite amount payable to record that liability needs to be recognized as per the applicable Accounting Standards. Any amount excess spent (i.e., more than 2% as specified in Section 135) cannot be carried forward to the subsequent years. However, the company is entitled to disclose in their Annual Reports of subsequent years any such excess spending of previous years while giving reasons for not spending in those later years.

The Companies (Amendment) Act 2019 has provided that unless the unspent amount relates to any ongoing project referred to in sub-section (6), the Company should transfer such unspent amount to a Fund specified in Schedule VII, within a period of six months of the expiry of the financial year."

Three new sub-sections are inserted by the Companies (Amendment) Act 2019 as under:

"(6) Any amount remaining unspent under sub-section (5), pursuant to any ongoing project, fulfilling such conditions as may be prescribed, undertaken by a company in pursuance of its Corporate Social Responsibility Policy, shall be transferred by the company within a period of thirty days from the end of the financial year to a special account to be opened by the company in that behalf for that financial year in any scheduled bank to be called the Unspent Corporate Social Responsibility Account, and such amount shall be spent by the company in pursuance of its obligation towards the Corporate Social Responsibility Policy within a period of three financial years from the date of such transfer, failing which, the company shall transfer the same to a Fund specified in Schedule VII, within a period of thirty days from the date of completion of the third financial year.

(7) If a company contravenes the provisions of sub-section (5) or sub-section (6), the company shall be punishable with fine which shall not be less than fifty thousand rupees but which may extend to twenty-five lakh rupees and every officer of such company who is in default shall be punishable with imprisonment for a term which may extend to three years or with fine which shall not be less than fifty thousand rupees but which may extend to five lakh rupees, or with both.

(8) The Central Government may give such general or special directions to a company or class of companies as it considers necessary to ensure compliance of provisions of this section and such company or class of companies shall comply with such directions."

The same is illustrated as follows:

If a company fails to spend CSR amount for FY 2019-20 as on 31st March 2020	Then the company shall transfer on or before 30th September 2020 to the Funds as mentioned in Schedule VII.
If a company is holding the unspent amount for ongoing project for FY 2019-20 as on 31st March 2020	Then open an account Unspent Corporate Social Responsibility A/c and transfer the unspent amount of CSR before 30th April 2020. Such amount shall be spent within 3 years from the date of transfer i,e., on or before 30th April 2023.
If a company fails to spend amount in unspent CSR A/c – for a period of 3 years	Then the company shall transfer on or before 30th April 2023 to the Funds as mentioned in Schedule VII.

8. Is CSR spending required to be done by the Company directly or such amounts can be contributed to charity/ NGO/ section 8 company. Will such contribution qualify as CSR spend?

Yes. Contribution by the Company to such trusts, NGOs, etc also qualify for CSR spend if it meets the track record and other criteria as per Rule 4(2) of Companies (CSR Policy) Rules, 2014.

9. Net Profit calculation methodology- Net Profit as per Section 135 is required to be calculated as per Section 198 of the Companies Act 2013. However, Net profits as defined in the Companies (CSR Policy) Rules, 2014 defines Net Profit as Net Profit as per Financial statements prepared in accordance with the Act.

As per the Companies Amendment Act 2017, "Net profit" shall not include such sums as may be prescribed, and shall be calculated in accordance with the provisions of section 198. What will not be included in net profit is not yet prescribed.

Since the Rules specify that the net profits are as per provisions of the Act and the relevant Section 135 of the Act requires such net profits calculation as per Section 198 of the Companies Act the net profit shall be calculated u/s 198 of the Companies Act. This is based on a harmonious interpretation of the specific section in the Act and the relevant Rules framed under that Section.

COMPANIES (CORPORATE SOCIAL RESPONSIBILITY POLICY) AMENDMENT RULES, 2016 — AMENDMENT IN RULE 4

  (b) in the case of a company not having a share capital, such number of members who have, on the date of receipt of the requisition, not less than one-tenth of the total voting power of all the members having on the said date a right to vote, call an extraordinary general meeting of the company.

D. RESOLUTIONS UNDER THE COMPANIES ACT, 2013

The Companies Act, 2013 does not define the term resolution. A Company being an artificial person, any decision taken by the Company shall be in the form of Resolution. Principally, there are three types of Resolutions:

Ordinary, Special & Unanimous Resolution

The Act generally specifies the matters in respect of which resolutions are required to be passed by the members in general meetings or directors in board meeting and are given below:

Ordinary Resolution: [Section 114(1)]

A resolution shall be an ordinary resolution if the notice required under the Act has been duly given and it is required to be passed by the votes cast, whether on a show of hands, or electronically or on a poll, as the case may be, in favour of the resolution, including the casting vote, if any, of the Chairman, by members who, being entitled so to do, vote in person, or where proxies are allowed, by proxy or by postal ballot, exceed the votes, if any, cast against the resolution by members, so entitled and voting.

Special Resolution: [Section 114(2)]

A resolution shall be a special resolution when—

a) the intention to propose the resolution as a special resolution has been duly specified in the notice calling the general meeting or other intimation given to the members of the resolution;

b) the notice required under the Act has been duly given; and

c) the votes cast in favour of the resolution, whether on a show of hands, or electronically or on a poll, as the case may be, by members who, being entitled so to do, vote in person or by proxy or by postal ballot, are required to be not less than three times the number of the votes, if any, cast against the resolution by members so entitled and voting.

Unanimous Resolution

Other than Ordinary Resolution and Special Resolution, there is also a concept of unanimous resolution which requires the approval of all the members present and voting without a single vote cast against it.

Example: As per Section 162(1) of the Companies Act, 2013 which states that "At a general meeting of a company, a motion for the appointment of two or more persons as directors of the company by a single resolution shall not be moved unless a proposal to move such a motion has first been agreed to at the meeting without any vote being cast against it."

Passing of Resolution by Circulation

As per Section 175(1), a Company may pass resolution through circulation. The said resolution may be circulated in draft, together with necessary papers, if any, to all the directors or members of the Committee at their address registered with the Company in India by hand delivery or courier/post or through e-mail/fax. The same must be approved by majority of directors or members, who are entitled to vote on the resolution. A resolution passed through circulation shall be noted at a subsequent meeting and made part of minutes of such meeting. If more than 1/3rd of directors require the resolution must be decided at the meeting, the Chairperson shall put the resolution to be decided at a meeting of the Board.

Limited Liability Partnership Act, 2008 [LLP Act]

With the growth of Indian economy, the role played by its entrepreneurs as well as its technical and professional manpower has been acknowledged internationally. In this background, a need was felt for a new corporate form that would provide an alternative to the traditional partnership which exposes its partners to unlimited personal liability and a statute-based governance structure of limited liability companies.

Limited Liability Partnership [LLP] is viewed as an alternative corporate business vehicle that provides the benefits of limited liability but allows its members the flexibility of organising their internal structure as a partnership based on a mutually arrived agreement. LLP form is expected to enable entrepreneurs, professionals and enterprises providing services of any kind or engaged in scientific and technical disciplines, to form commercially efficient vehicles suited to their requirements.

With this background, Limited Liability Partnership Act, 2008 [LLP Act] was enacted on 12th December 2008 and assented on 7th January 2009.

Subsequently, Government of India [GOI] notified various provisions of LLP Act on 31st March, 2009. GOI has, on April 1, 2009, also notified the Limited Liability Partnership Rules, 2009 [LLP Rules] in respect of registration and operational aspects under the LLP Act. MCA has notified Limited Liability Partnership (Amendment) Rules, 2012 making amendments in process of incorporation and integration of LLP system with MCA with new e-forms.

KEY DEFINITIONS

- "Body Corporate" is defined to mean a company as defined in Section 3 of the Companies Act, 1956 and includes LLP, LLP incorporated outside India, a foreign company but does not include a corporation sole, a registered co-operative society and any other body corporate notified by the Central Government (not being a company defined under the Companies Act, 1956 or LLP defined under LLP Act). [Section 2(1)(d)]. Circular 13/2013 dated 29-7-2013 clarifies that an HUF/ its Karta is not covered under the definition of Body Corporate and cannot be appointed as Designated Partner.
- "Business" includes every trade, profession, service and occupation. [Section 2(1)(e)]
- "Financial Year", in relation to LLP, means the period from 1st April of a year to the 31st March of the following year. However, in case of LLP incorporated after 30th September, financial year may end on 31st March of the year next following that year. [Section 2(1)(l)]
- "Foreign Limited Liability Partnership" means an LLP formed, incorporated or registered outside India which establishes a place of business within India. [Section 2(1)(m)]
- "Limited Liability Partnership" means a partnership formed and registered under LLP Act. [Section 2(1)(n)]
- "Limited liability partnership agreement" means any written agreement between the partners of LLP or between the LLP and its partners which determines the mutual rights and duties of the partners and their rights and duties in relation to that LLP. [Section 2(1)(o)]
- "Partner" in relation to an LLP means a person who becomes a partner in an LLP in accordance with the LLP agreement. [Section 2(1)(q)]

NATURE OF LLP

- LLP is a –
  - — "body corporate" formed and incorporated under LLP Act;
  - — legal entity separate from its partners and has perpetual succession. The LLP, unlike a partnership firm, has contractual capacity and can enter into contracts, hold property in its name and can sue and be sued in its name. [Sections 3(1) & (2)]
- Two or more partners are required to form an LLP. Any individual or a body corporate can be a partner in an LLP.

  In case if individual is a partner, he should not be –
  - — found to be of unsound mind; or
  - — an undischarged insolvent; or
  - — a person who has applied to be adjudicated as insolvent and the application is pending
- If the number of partners of an LLP falls below two and the LLP carries on business for more than six months, the only partner in such case shall be liable personally for the obligations of LLP incurred during that period.

  [Sections 5 and 6]

DESIGNATED PARTNERS [SECTION 7]

- LLP shall have at least two "designated partners" [DP] who are individuals and at least one of them shall be "resident in India". In case all of the Partners are Bodies Corporate or one or more of the partners of an LLP are bodies corporate, at least two individuals who are partners of such LLP or nominees of such bodies corporate shall act as "designated partners".
  - — "Resident in India" means a person who has stayed in India for minimum 182 days during the immediately preceding 1 year.
- Designated partner is responsible for compliance with the provisions of LLP Act.
- Designated Partner is required to obtain Directors Identification Number [DIN] from the Central Government.
- Application for allotment of DIN needs to be submitted online on the MCA website along with the necessary proof duly attested and certified as prescribed.
- Particulars of Individual who have consented to act as DP have to be filed with the Registrar in e-form 4 by the LLP within 30 days of his appointment. In case of incorporation, the individual consenting to act as Partner or DP shall be required to file the consent in e-form 2.
- An LLP may appoint a DP within 30 days of a vacancy arising for any reason and if no DP is appointed, or if at any time there is only 1 DP, each partner shall be deemed to be a DP.

INCORPORATION OF LLP [SECTIONS 11 TO 21]

Procedure for incorporation of LLP is similar to the procedure for incorporation of a company under the Companies Act, 2013. Applicants are first required to file the application for reservation of name with the Registrar of Companies [ROC]. Once the name applied is approved by the ROC, the documents for incorporation of LLP need to be filed within 3 months from the date of issue of letter for approval for reservation of name of the proposed LLP.

- Name of every LLP shall end with the words "Limited Liability Partnership" or "LLP".
- Name which is undesirable or nearly resembles to that of any other partnership firm or LLP or any body corporate or trade mark, is not allowed.
- Any entity (body corporate/registered partnership firm) which has a name similar to the name of LLP which has been incorporated subsequently may seek change of name of such LLP through ROC within 24 months from date of registration of such LLP.
- No person shall carry on business under any name/title which contains the words "Limited Liability Partnership" or "LLP" without duly incorporating it as LLP under the LLP Act.
- LLP is required to file with the ROC, the LLP agreement ratified by all the partners within 30 days of incorporation of LLP.

PARTNERS AND THEIR RELATIONS AND EXTENT OF LIABILITY [SECTIONS 22 TO 31]

- Mutual rights and duties of partners of an LLP inter se and those of the LLP and its partners shall be governed by an agreement between the partners, or agreement between the LLP and its partners. In absence of any such agreements, the mutual rights and duties shall be governed by the LLP Act.
- Every partner of an LLP is, for the purpose of the business of LLP, the agent of LLP, but not of other partners.
- LLP, being a separate legal entity, shall be liable to the full extent of its assets whereas the liability of the partners of LLP shall be limited to their agreed contribution in the LLP.
- LLP is not bound by anything done by a partner in dealing with a person if –
  - — the partner in fact has no authority to act for the LLP in doing a particular act; and
  - — the person knows that he has no authority or does not know or believe him to be a partner of the LLP
- LLP is liable if the partner of an LLP is liable to any person for wrongful act/omission on his part in the course of business of LLP/with its authority.
- Obligation of LLP whether arising in contract or otherwise, shall solely be the obligation of LLP. Liabilities of LLP shall be met out of properties of LLP.
- Partner is not personally liable for the obligations of LLP solely by reason of being a partner of LLP.
- No partner is liable for the wrongful act or omission of any other partner of LLP, but the partner will be personally liable for his own wrongful act or omission.
- The liability of the LLP and partners who are found to have acted with intent to defraud creditors or for any fraudulent purpose shall be unlimited for all or any of the debts or other liabilities of the LLP. Similarly, if the partners/ designated partner/employees of LLP who conduct the affairs of LLP in a fraudulent manner, shall be liable to compensate to any person who has suffered loss or damage by reason of such conduct.
- Cessation of a partner on grounds like resignation, death, dissolution of LLP, declaration that a person is of unsound mind, declared/applied to be adjudged as insolvent, etc. will not be effective unless —
  - — the person has notice that the partner has ceased to be so; or
  - — notice of cessation has been delivered to ROC.

  The notice of cessation may be filed by the outgoing partner if he has reasonable cause to believe that LLP has not filed the said notice.

CONTRIBUTION BY PARTNER [SECTIONS 32 AND 33]

- A contribution of a partner to the capital of LLP may consist of any of the –
  - — Tangible, movable or immovable property
  - — Intangible property
  - — Other benefit to the LLP including money, promissory notes, contracts for services performed or to be performed.
- The obligation of a partner for the contribution shall be as per the LLP agreement.
- Creditor, which extends credit or acts in reliance on an obligation described in the LLP agreement, without the notice of any compromise made between the partners, may enforce the original obligation against such partner.

AUDIT/FINANCIAL DISCLOSURES [SECTIONS 34 AND 35]

- LLP shall maintain the prescribed books of account relating to its affairs on cash or accrual basis and according to the double entry system of accounting.
- The accounts of every LLP are required to be audited, except in following situations:
  - — Turnover does not exceed ₹ 40,00,000 in any financial year; or
  - — Contribution does not exceed ₹ 25,00,000

  Central Government has powers to exempt certain class of LLP from requirement of compulsory audit.
- LLP are required to file following documents with the ROC
  - — Statement of Account and Solvency (e-Form 8), within 30 days from the end of 6 months of the financial year;
  - — Annual Return (e-Form 11) within 60 days from the end of the financial year.

COMPOUNDING OF OFFENCES [SECTION 39 AND RULE 41]

Rule 41(1) of the LLP Rules, 2009 prescribes that every application for compounding of offences shall be made in

Form 31, which is to be filled and submitted to the Registrar, who shall forward it to the Central Government. Rule 41(4) further provides that when an offence has been compounded u/s. 39 of the LLP Act, 2008, An intimation in Form 22 shall be filed before the Registrar within 7 days from the date of such compounding.

ASSIGNMENT & TRANSFER OF PARTNERSHIP RIGHTS [SECTION 42]

- The rights of a partner to a share of the profits and losses of the LLP and to receive distribution in accordance with the LLP agreement are transferable, either wholly or in part. However, such transfer of rights does not cause either dissociation of the partner or a dissolution and winding up of the LLP.
- Such transfer of right, shall not, by itself entitle, the assignee or the transferee to participate in the management or conduct of the activities of the LLP or access information concerning the transactions of the LLP.

FOREIGN LLP [SECTION 59 AND RULE 34]

The Insolvency and Bankruptcy Code, 2016

1. PREFACE

1) In India, when it comes to recovery of dues cum rehabilitation and revival of sick business, there are plenty of laws starting from age old civil suit for recoveries to Sick Industrial Companies (Special Provisions) Act, 1985 (SICA), (Now Repealed w.e.f. Dec 2016),The Recovery of Debt Due to Banks and Financial Institutions Act, 1993, The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI) and the Companies Act, 2013 dealing with insolvency and bankruptcy of companies and limited liability partnerships. As a result, High Courts, District Courts, the Company Law Board, the Board for Industrial and Financial Reconstruction (BIFR) and the Debt Recovery Tribunals (DRTs), have jurisdiction at various stages, giving rise to crossing each other and as a result delays and complexities in the process whereas liquidation of companies is handled by the High Courts, individual cases are dealt with under the Presidency Towns Insolvency Act, 1909 and Provincial Insolvency Act, 1920. Entire maze of legal framework does not aid lenders in effective and timely recovery of defaulted assets and causes undue strain on the Indian credit system.

2) Considering problems of plenty – each one sometimes overlapping others command area. Multiplicity of laws and adjudicating authorities for Insolvency and bankruptcy of various entities were a hindrance towards resolution of recovery problems of creditors and declaration of insolvency, their revival plan and liquidation of corporate entities. The Government in order to overhaul the existing bankruptcy laws and replace them with one that will facilitate easy and time-bound closure of businesses, the Government introduced a new Act which came into force vide notification dated 28th May,2016.

3) The Insolvency and Bankruptcy Code, 2016 ('Code') is now the new framework for insolvency resolution in India. As per the preamble, It provides a mechanism for the insolvency resolution of debtors in a time bound manner to enable maximisation of the value of their assets, with a view to promote entrepreneurship, availability of credit and balance the interests of all the stakeholders.

4) The Code separates commercial aspects of insolvency and bankruptcy proceedings from judicial aspects and empowers and facilitates the stakeholders and Adjudicating Authority to decide matters having commercial prudence. It aims at revival or winding up of borrowers in financial distress and to facilitate time bound closure of borrower's companies/firms in economic distress, in accordance with the prescribed time bound processes under the Code and rules and regulations made thereunder.

5) (a) The Code was enacted in 2016 following a series of committee reports on NPA problems, Restructuring & Revival programming for sick complain and early effort for either Revival or for Liquidator's opinion India's insolvency framework. It was hoped that it would provide a consolidated insolvency framework that would give certainty of process, time and outcome to creditors, borrowers and other market participants.

Till date this code is kept responsive, vibrant&amenable to changes and accordingly subjected to No. of amendments (3 till now- which amended 8 clauses in first bill, 30 clauses in 2nd bill and 8 clauses in the latest amendment bill) to fill up loop-holes/ lacuna based on various court judgements & practical difficulties faced by various stakeholders latest being Insolvency & Bankruptcy Code (Amendment) Act 2019 as notified in the Official Gazette on 16th August 2019.

(b) The Code introduced a creditor-in-control regime (with a focus on empowering financial creditors), a time-bound resolution process and reduced scope for judicial intervention, and established institutions such as the Insolvency and Bankruptcy Board of India, insolvency professionals and information utilities.

6) (a) Since the implementation of this new regime, the constitutional validity of various provisions of the Code has been challenged before various High Courts, and the Supreme Court. Even on the ground of violation of principles of Natural justice, it was challenged since corporate borrower is not getting opportunities of being heard. However, in the case of Swiss Ribbons Pvt. Ltd. Supreme Court upheld validity of the Act.

(b) The National Company Law Tribunals, the National Company Law Appellate Tribunal, the High Courts and the Supreme Court have adjudicated upon matters under the Code with unprecedented speed, and have provided certainty on interpretation of key concepts under it. The Insolvency and Bankruptcy Board of India and the Government of India have also been extremely responsive in making legislative amendments to ensure that the Code is implemented in its right spirit. These developments have enriched the jurisprudence and practice of insolvency in the country.

2. OBJECTIVES OF CODE

1. To create a new institutional framework, consisting of Insolvency and Bankruptcy Board, Insolvency Professional Agencies, Insolvency Professionals, Information Utilities and Adjudicating authorities thus offering a uniform and comprehensive legislation.

   This is an Act to consolidate and amend laws relating to reorganization and insolvency resolution of corporate persons, Partnership firms and individuals in time bound manner.

   To improve ease of doing business in India and also to set up a better and faster debt recovery mechanism in India.

2. To promote entrepreneurship, availability of credit, and balance the interest of all the stakeholders by consolidating and amending the laws relating to reorganisation and insolvency resolution of the corporate

persons, partnership firms and individuals in a time bound manner and for maximisation of the value of the asset of such persons and matters connected therewith or incidental thereto.

3. The objective of Insolvency and Bankruptcy Code, 2016 is to consolidate multiple laws and adjudicating authorities dealing with insolvency, bankruptcy, revival and/or liquidation of various entities including individual, partnership firms, corporate entities etc. Earlier laws pertaining to DRT and SARFAESI were the exclusive forums for banks/financial institutions while BIFR and Companies Act had limited application for sick companies, their revival and/or liquidation. The Insolvency and Bankruptcy Code, 2016 intends and will hopefully overcome these kind of problems.

4. The provisions of this Act shall apply to—
   - Companies incorporated under Companies Act ,2013 or under any previous company law:
   - Any other company governed by any special act for the time being in force, except in so far as the said provisions are inconsistent with the provisions of such special Act;
   - Limited Liability Partnership incorporated under the Limited Liability Partnership Act, 2008;
   - Such body corporate, incorporated by any Act for the time being in force, as the Central Government may, by notification specify in this behalf; and
   - Partnership firms and individuals, to the extent of insolvency, liquidation or bankruptcy, as the case may be.

5. Part II of the Code deals with the matter related to Insolvency and liquidation of Companies & Limited Liability Partnership Firms. Chapters I and VII of Part III contain provisions that are applicable to individuals. These provisions are contained in Sections 78 to 187 of the Code.

6. This code is now applicable to all the financial creditors like the financial services entities such as NBFC ARCs etc.

7. Institutional set up under the Code

(A) Insolvency and Bankruptcy Board (IBB)

Section 3(1) of IBC, 2016: Board means the Insolvency and Bankruptcy Board of India established under sub-section (1) of Section 188.

The Code provides for the establishment of the Board called Insolvency and Bankruptcy Board of India. The Board shall be appointed by the Central Government:

Role of the Board includes:

1. Regulating all matters related to insolvency and bankruptcy process.
2. Setting out eligibility requirements of insolvency intermediaries i.e., Insolvency Professionals, Insolvency Professional Agencies and Information Utilities.
3. Regulating entry, registration and exit of insolvency intermediaries.
4. Making model bye-laws for Insolvency Professional Agencies.
5. Setting out regulatory standards for Insolvency Professionals.
6. Specifying the manners in which Information Utilities can collect and store data.

8. Adjudicatory Authorities

- The National Company Law Tribunal is the adjudicating authority to deal with the insolvency matters of Companies and Limited Liability Partnership Firms. Appeals from NCLT orders lie to the National Company Law Appellate Tribunal and thereafter to the Supreme Court of India.
- NCLAT shall be the appellate authority to hear appeals arising out of the orders passed by the Board in respect of Insolvency Professional Agency or Insolvency Professional or Information Utilities.
- The Debt Recovery Tribunal is the adjudicating authority to deal with the insolvency & bankruptcy matters of Individual & Partnership Firms. Appeals from DRT orders lie to the Debt Recovery Appellate Tribunal and thereafter to the Supreme Court of India. The Supreme Court may, if it is satisfied that a person was prevented by sufficient cause from filing an appeal within ninety days, allow the appeal to be filed within a further period not exceeding thirty days.

  No civil court or authority shall have jurisdiction to entertain any suit or proceedings in respect of any matter on which National Company Law Tribunal or the National Company Law Appellate Tribunal has jurisdiction under this Act.

9. Some Important Definitions

a) **"claim"** means –
   1. A right to payment
   2. Right to an equitable remedy for breach of performance, if such breach gives rise to a right to payment

b) **"creditor"** means any person to whom a debt is owed and includes a financial creditor, an operational creditor, a secured creditor, and unsecured creditor.

c) **"default"** means the state when a debt has become due and is not repaid by the debtor or the corporate debtor as the case may be;

10. Corporate Insolvency Resolution Process (CIRP)

Where any corporate debtor commits a default, a financial creditor, an operational creditor or the corporate debtor itself may initiate corporate insolvency resolution process in respect of such corporate debtor in the manner as provided under this Chapter.

Commencement of CIRP

The Code enables stakeholders to make an application to initiate the corporate insolvency resolution process (CIRP) of the corporate debtor on default of a threshold amount. It requires adjudicating authority (AA) to ascertain the existence of the default within 14 days of receipt of application and initiate CIRP where it is satisfied that the default has occurred. It is however observed that some applications are taking longer than the statutory period of 14 days for disposal, while the AA may dispose off an application after 14 days of its receipt, for reasons to be recorded in writing. The courts have held this timeline to be directory. To avoid delays in admission of application, especially in case of financial debt, where the default is generally undisputed, the bill requires the AA to record its reasons in writing, where an application for admission is not disposed off within the stipulated time.

Persons who may initiate corporate insolvency resolution process.

A **financial creditor** either by itself or jointly with other financial creditors may file an application for initiating corporate insolvency resolution process against a corporate debtor before the Adjudicating Authority when a default has occurred along with

(a) Proof of the default recorded with the information utility or such other proof of default as may be specified;

(b) The proposed resolution professional to act as an interim resolution professional

Initiation of corporate insolvency resolution process by financial creditor.

Where the **Adjudicating Authority** is satisfied that –

(a) a default has occurred, the application is complete and no disciplinary proceeding is pending against the resolution professional, it may by order, admit such application;

Before admitting an application of CIRP the adjusting authority must provide right of hearing to corporate debtor on principles of Natural Justice.

The **corporate insolvency resolution** process shall commence from the date of admission of the application under sub-section (5). The process can be withdrawn at any point of time if entire COC endorses.

The Adjudicating Authority shall communicate the order to the financial creditor and the corporate debtor within 2 days.

Application for initiation of corporate insolvency resolution process by operational creditor

An **operational creditor** shall, on the occurrence of a default, deliver a demand notice or copy of an invoice demanding payment of the amount involved in the default to the corporate debtor in such form as may be prescribed, through an information utility, wherever applicable, or by registered post or courier or by any electronic communication.

The **corporate debtor** shall, within a period of ten days of the receipt of the demand notice, bring to the notice of the operational creditor the existence of a dispute, and record of the pendency of the suit or arbitration proceedings filed at least sixty days prior to the receipt of such invoice.

After the expiry of the period of **ten days** from the date of delivery of the notice demanding payment under section 8, if the operational creditor does not receive payment from the corporate debtor or notice of the dispute under section 8, the operational creditor may file an application with the Adjudicating Authority in the prescribed form for initiating a corporate insolvency resolution process.

The **Adjudicating Authority** shall, within two days of the receipt of the application under sub-section (2), admit the application and communicate such decision to the operational creditor and the corporate debtor.

CIRP by Debtor

Where a default has occurred, a corporate debtor also may file an application for initiating corporate insolvency resolution process with the Adjudicating Authority.

The application under sub-section (1) shall be filed in such form, containing such particulars and in such manner and accompanied with such fee as may be prescribed.

The **corporate applicant** shall, along with the application furnish the information relating to

(a) Its books of account and such other documents and for such period as may be specified; and

(b) The proposed resolution professional to be appointed to act as the interim resolution professional.

The **corporate insolvency resolution** process shall commence from the date of admission of the application under sub-section (4) of this section.

Subject to sub-section (2) the corporate insolvency resolution process shall be completed within a period of one hundred and eighty days from the date of admission of the application to initiate such process, which can be extended maximum up to 270 days.

including time taken in legal proceedings, is not completed within the said period of three hundred and thirty days, an

order requiring the corporate debtor to be liquidated shall be passed.

11. Impact of Insolvency Process

The Adjudicating Authority, after admission of the application under sections 7, 9 or section 10, shall, by an order –

(a) declare a moratorium for the purposes referred to in section 14; critical & essential supplies will not be stopped during moratorium.

(b) cause a public announcement of the initiation of corporate insolvency resolution process to be made under section 15 and call for the submission of claims in the manner laid down in section 16; and

(c) appoint an interim resolution professional in the manner as laid down in section 16.

12. On the insolvency commencement date, the Adjudicating Authority shall by order declare moratorium prohibiting all of the following:

(a) the institution or continuation of suits or proceedings against the corporate debtor including execution of any judgment, decree or order in any court of law, tribunal, arbitration panel or other authority;

(b) the corporate debtor from transferring, encumbering, alienating or disposing of any of its assets or any legal right or beneficial interest therein other than in the ordinary course of business;

(c) any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002;

(d) The recovery of any property by an owner or lessor where such property is occupied by or in the possession of the corporate debtor; and

(e) The termination, suspension or interruption of the supply of such essential goods or services to the corporate debtor as may be specified.

The order of moratorium shall continue till the completion of the corporate insolvency resolution process:

13. From the date of appointment of the interim resolution professional

(a) The management of the affairs of the corporate debtor shall vest in the interim resolution professional;

(b) The powers of the board of directors or the partners or of the corporate debtor (as the case may be) shall be suspended and be exercised by the interim resolution professional;

(c) The officers and managers of the corporate debtor shall report to the interim resolution professional and provide access to such documents and records of the corporate debtor as may be demanded by the interim resolution professional;

(d) The financial institutions maintaining accounts of the corporate debtor shall act on the instructions of the corporate debtor in relation to such accounts and furnish all information relating to the corporate debtor available with them to the interim resolution professional.

14. Subject to the provisions of Chapter VII of this Part, the interim resolution professional shall have immunity from criminal prosecution and any other liability for anything done or omitted to be done in good faith in the discharge of his duties as an insolvency resolution professional under this Act.

15. It shall be the duty of the resolution professional to preserve and protect the assets of the corporate debtor, including the continued business operations of the corporate debtor.

16. If the Adjudicating Authority is satisfied that the resolution plan confirms to requirements as referred to in sub-section (1) of section 31 it shall by order approve the resolution plan which shall be binding on the corporate debtor and its employees, shareholders, creditors and guarantors and other stakeholders involved in the resolution plan.

After the order of approval under sub-section (1) (a) the moratorium order passed by the Adjudicating Authority under section 14 shall cease to have effect.

17. Liability of both the principal corporate debtor and the guarantor can be proceeded against under the Code. The guarantor can also be proceeded against under different fora, when the corporate debtor is being proceeded against under the Code. In the alternate, the guarantor can be proceeded against under the Code, even when a corporate insolvency resolution process has not been initiated against the principal debtor.

The Code excludes those financial creditors who are related parties of the corporate debtor from participating in the committee of creditors.

Home buyers have now been deemed to be financial creditors by amendment to the Code, and are members of the committee of creditors.

Statutory dues are dues owed to the Government. These dues are operational debts, and the statutory creditors would be operational creditors. In liquidation, these dues would fall within section 53(1)(e), and distributions to be made to them would rank equal to debts owed to a secured creditor for any amount unpaid following the enforcement of security interest.

18. Time-Lines under The Code

One of the aims of an insolvency law is to maximize the value of the assets of the corporate debtor. Value is usually dependent on the time taken to resolve the insolvency, since it erodes over time, and rapidly once formal insolvency proceedings commence. There are concerns that delays may make reorganization impossible, and may induce liquidation, causing value destruction. Further, even in liquidation, delays lower recoveries Where the insolvency regime facilitates a restructuring based on negotiations with creditors, the concern is that delaying tactics will extend the time set for negotiations at the start. Another source of delay could lie in adjudicatory mechanisms, and delay in passing orders relevant for the resolution of insolvency.

Analysis

"(1) Subject to sub-section (2), the corporate insolvency resolution process shall be completed within a period of one hundred and eighty days from the date of admission of the application to initiate such process.

(2) *The resolution professional shall file an application to the Adjudicating Authority to extend the period of the corporate insolvency resolution process beyond one hundred and eighty days, if instructed to do so by a resolution passed at a meeting of the committee of creditors by a vote of sixty-six per cent of the voting shares.*

(3) *On receipt of an application under sub-section (2), if the Adjudicating Authority is satisfied that the subject matter of the case is such that corporate insolvency resolution process cannot be completed within one hundred and eighty days, it may by order extend the duration of such process beyond one hundred and eighty days by such further period as it thinks fit, but not exceeding ninety days:*

Provided that any extension of the period of corporate insolvency resolution process under this section shall not be granted more than once."

After the expiry of 180 days (or 270 days Now extended to 330 days as the case may be), in the event a resolution plan has not been submitted, or if submitted, and rejected under section 31 of the Code or even after the dismissal of an appeal filed under section 61 contesting rejection of a plan, the Code directs that the debtor initiate a liquidation process.

Closure of CIRP

The Code envisages closure of a CIRP in a time bound manner as undue delay is likely to reduce the value of the Corporate debtor making its revival difficult. It mandates completion of a CIRP within 180 days, with a one-time extension of up to 90 days. While holding this timeline to be mandatory, the courts have allowed the AA to exclude certain periods from the CIRP period if the facts & circumstances justify such exclusion, including time spent on litigation. Consequently, many CIRPs are continuing even after expiry of 270 days frustrating time bound resolution. To address the issue the bill requires that CIRP shall mandatorily be completed within 330 days, including any extension of time as well as any exclusion of time on account of legal proceedings. It further provides that an ongoing CIRP, which has not been closed yet within 330 days, shall be completed within next 90 days.

Status of CIRPs as on 30.06.2019:

STATUS OF CIRP	*NO. OF CIRPS*
Admitted	2162
Closed on Appeal/ Review/ Settled	174
Closed by withdrawal u/s 12A	101
Closed by resolution	120
Closed by Liquidation	475
Ongoing CIRP	
> 270 days	445
> 180 days < 270 days	221
> 90 days <180 days	349
< 90 days	277

Grounds for considering exclusion of events from the time limit

The intervening period can be excluded forcounting of the total period of 330 days of resolution process:

(i) If the corporate insolvency resolution process is stayed by 'a court of law or the Adjudicating Authority or the Appellate Tribunal or the Hon'ble Supreme Court.

(ii) If no 'Resolution Professional' is functioning for one or other reason during the corporate insolvency resolution process, such as removal.

(iii) The period between the date of order of admission/ moratorium is passed and the actual date on which the Resolution Professional' takes charge for completing the corporate insolvency resolution process.

(iv) On hearing a case, if order is reserved by the Adjudicating Authority or the Appellate Tribunal or the Hon'ble Supreme Court and finally pass order enabling the 'Resolution Professional' to complete the corporate insolvency resolution process.

(v) If the corporate insolvency resolution process is set aside by the Appellate Tribunal or order of the Appellate Tribunal is reversed by the Hon'ble Supreme Court and corporate insolvency resolution process is restored.

(vi) Any other circumstances which justifies exclusion of certain period. However, after exclusion of the period, if further period is allowed the total number of days cannot exceed 330 days which is the maximum time limit prescribed under the Code."

19. Liquidation Process

If the Adjudicating Authority is of the opinion that the resolution plan does not conform to any of the requirements mentioned in sub-section (1) of section 31, it shall by order reject the resolution plan and such order shall provide for the liquidation of the corporate debtor in the manner laid down in this Chapter, subject to the directions of the Adjudicating Authority, the liquidator shall have the following powers and duties, namely:—

20. The liquidator shall receive or collect the claims of creditors within a period of twenty-one days from the date of the commencement of the liquidation process.

(a) Require any property transferred in connection with the giving of the preference to be vested in the corporate debtor;

(b) Require any property to be so vested if it represents in the hands of any person, the application either of the proceeds of sale of property so transferred or of money so transferred;

(c) Release or discharge (in whole or in part) of any security interest created by the corporate debtor;

(d) Require any person to pay, in respect of benefits received by him from the corporate debtor, such sums to the liquidator or the resolution professional, as the Adjudicating Authority may direct;

Where the corporate debtor has entered into an undervalued transaction and the Adjudicating Authority is satisfied that such transaction was deliberately entered into by such corporate debtor -

(a) for putting assets of the corporate debtor beyond the reach of any person who is entitled to make a claim against the corporate debtor; or

(b) in order to adversely affect the interests of such a person in relation to the claim,

the Adjudicating Authority shall make an order-

(a) Restoring the position to what it would have been if the transaction had not been entered into; and

(b) protecting the interests of persons who are victims of such transactions:

21. Extortionate Credit Transactions

Where the corporate debtor has been part of a transaction involving the receipt of financial or operational debt in the period within two years preceding the insolvency commencement date, the liquidator or the resolution professional as the case may be, may make an application for avoidance of such transaction to the Adjudicating Authority if the terms of such credit transaction required exorbitant payments to be made by the corporate debtor.

22. Order of Priority for Distribution of Proceeds During Liquidation

The proceeds from the sale of the liquidation trust assets shall be distributed in the following order of priority.

(ii) debts owed to a secured creditor for any amount unpaid following the enforcement of security interest;

(f) any remaining debts;

(g) preference shareholders, if any; and

(h) equity shareholders or partners, as the case may be.

(2) Any contractual arrangements between recipients under sub-section (1) with equal ranking, if disrupting the order of priority under that sub-section shall be disregarded by the liquidator.

(3) The fees payable to the liquidator shall be deducted proportionately from the proceeds payable to each class of recipients under sub-section (1), and the proceeds to the relevant recipient shall be distributed after such deduction.

Further, the Amended Regulation which came into force from 25th July 2019

a) Require completion of liquidation process within one year of its commencement, notwithstanding pendency of applications for avoidance transactions,

b) Provide a model timeline for each task in the liquidation process. It also specifies a maximum time of 90 days from the order of liquidation for c**ompletion of compromise or arrangement**, if any, proposed by the stakeholders under Section 230 of the Companies Act, 2013."

c) Further amendments on regulations pertaining to liquidation call for financial creditors to contribute towards the liquidation cost.

d) The amendments also delve into specifics of process over **sale of corporate debtor as going concern** under liquidation, where the process 'shall be closed without dissolution of the corporate debtor' or **sale of business of the corporate debtor as a going concern.**

23. Fast Track Corporate Insolvency Resolution Process

(1) A corporate insolvency resolution process carried out in accordance with this Chapter shall be called a fast track corporate insolvency resolution process.

(2) Subject to sub-section (3), the fast track corporate insolvency resolution process shall be completed within a period of ninety days from the insolvency commencement date.

(3) The resolution professional shall file an application to the Adjudicating Authority to extend the period of the fast track corporate insolvency resolution process beyond ninety days if instructed to do so by way of a resolution passed at a meeting of the committee of creditors and supported by a vote of seventy five per cent of the voting share.

An application for fast track corporate insolvency resolution process may be made in respect of the following corporate debtors, namely:-

29. The resolution professional shall prepare a final list of qualifying debts and submit that at least five days prior to the end of the moratorium period to the Adjudicating Authority.

The Adjudicating Authority shall pass a discharge order at the end of the moratorium period for discharge of the debtor from the qualifying debts mentioned in the list under sub-section (1).

30. Insolvency Resolution Process

A debtor may apply, either personally or through a resolution professional, to the Adjudicating Authority for initiating the insolvency resolution process, by submitting an application.

A creditor may apply either by himself, or jointly with other creditors, to the Adjudicating Authority for initiating an insolvency resolution process under this section by submitting an application.

31. When an application is filed under section 94 or section 95 —

(a) a moratorium shall commence on the date of the application in relation to all the debts and shall cease to have effect on the date of admission such application; and

(b) during the moratorium period —

(i) any pending legal action or legal proceeding in respect of any debt shall be deemed to have been stayed; and

(ii) the creditors of the debtor shall not be permitted to initiate any legal action or legal proceedings in respect of any debt.

When the application is admitted under section 100, a moratorium shall commence in relation to all the debts and shall cease to have effect at the end of the period of six months beginning with the date of admission of the application or on the date the Adjudicating Authority passes an order on the repayment plan under section 114, whichever is earlier.

During the moratorium period—

(a) any pending legal action or legal proceeding in respect of any debt shall be deemed to have been stayed; and

(c) the creditors shall not be entitled to initiate any legal action or legal proceedings in respect of any debt.

Where an order admitting the application under section 96 has been made in relation to a firm, the moratorium under sub-section (1) shall operate against all the partners of the firm.

The debtor shall prepare, in consultation with the resolution professional, a repayment plan containing a proposal to the creditors for restructuring of his debts or affairs.

The repayment plan shall —

(a) provide an explanation as to why, in the opinion of the debtor and the resolution professional, a repayment plan is desirable; and

(b) give reasons why the creditors may be expected to agree to the repayment plan;

(c) make provision for payment of fee to the resolution professional;

(d) provide for such other matters as may be specified.

The repayment plan prepared under section 105 shall be submitted to the Adjudicating Authority along with a report of the resolution professional on the repayment plan under sub-section (2).

32. Other Important Points

- **The Code carries a clear focus on quick decision-making, be it turnaround or liquidation. In contrast to an early settlement of all stakeholder issues, and in that way help in speedy release of scarce capital assets locked in a closed unit for productive use.**
- **Also a significant provision in the Code pertains to the waterfall mechanism, whereby liquidation proceeds will be paid in well defined sequential manner where interestingly Government dues have been given least priority and figure after most other dues.**
- **It would be interesting to note that the present laws protect only secured creditors. The Code now seeks to protect the interests of operational creditors.**

33. Challenges in implementation of Insolvency and Bankruptcy Code

(a) The trigger for filing application for corporate insolvency resolution process is default in repayment of financial debt or operational debt. There is no requirement of any notice before filing for insolvency resolution process, by financial creditor.

(b) There are time limits prescribed for each step in the Insolvency Resolution Process and if insolvency resolution plan is not approved within 180 days or 270 days and now 330 days if extended, the corporate debtor shall be ordered to be wound up and put under liquidation. It is clear that trigger for insolvency resolution petition is a single default which will result in taking over/ liquidation. Though basic idea is to revive ailing units it is more and more found inclined for settlement recoveries or liquidation which affects employment.

(c) Concerns have been raised that in some cases extensive litigation is causing undue delays, which may hamper the value maximisation. Though time limits are set for completion of entire process there are instances of tremendous delay at admission stage & due to court intervention S.C. in decision of Arcelor Mittal held that litigation time ought to be omitted from Total Time frame period.

(d) There is a need to ensure that all creditors are treated fairly, without unduly burdening the Adjudicating Authority whose role is to ensure that the resolution plan complies with the provisions of the Code. Various stakeholders have suggested that if the creditors were treated on an equal footing, when they have different pre-insolvency entitlements, it would adversely impact the cost and availability of credit.

(e) Further, views have also been obtained so as to bring clarity on the voting pattern of financial creditors represented by the authorized representative.

(f) The Code was enacted with a view to consolidate the fragmented laws pertaining to insolvency. The purpose of consolidating various insolvency laws is to reduce the uncertainty that arises from the application of multiple laws administered by different authorities, and the consequent delay and reduction in value.

(g) To enable this consolidation, the Code repeals and modifies provisions of various laws that are directly in conflict with it. However, the scheme of various laws enacted by Parliament as well as by State Legislatures may still be found to be inconsistent with other laws.

(h) However, since with the Code is to be evaluated on a case-by-case basis keeping in mind the provisions of the legislations. Given that the Code is a special law that is intended to be a complete code dealing with insolvency and bankruptcy, and has an overriding provision, it is likely that the provisions of the Code will prevail over previously enacted inconsistent State law.

(i) Other debts

Those debts that are neither operational nor financial are considered other debts. While there were no specific provisions in the Code guaranteeing rights to such creditors to initiate or control the insolvency resolution process, the Insolvency and Bankruptcy Board of India, through an amendment to the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016, has enabled 'other creditors' to file claims in the process.

THE INSOLVENCY AND BANKRUPTCY CODE (AMENDMENT) ACT 2019

In view of the aforesaid difficulties and in order to fill the critical gaps in the corporate insolvency framework, it has become necessary to amend certain provisions of the Insolvency and Bankruptcy Code. The Insolvency and Bankruptcy Code (Amendment) Act, 2019, *inter alia,* provides for the following, namely:–

(1) to amend clause (26) of section 5 of the Code so as to insert an Explanation in the definition of "resolution plan" to clarify that a resolution plan proposing the insolvency resolution of corporate debtor as a going concern may include the provisions for corporate restructuring, including by way of merger, amalgamation and demerger to enable the market to come up with dynamic resolution plans in the interest of value maximisation;

(2) to amend sub-section (4) of section 7 of the Code to provide that if an application has not been admitted or rejected within fourteen days by the Adjudicating Authority, it shall provide the reasons in writing for the same;

(3) to amend sub-section (3) of section 12 of the Code to mandate that the insolvency resolution process of a corporate debtor shall not extend beyond three hundred and thirty days from the insolvency commencement date, which will include the time taken in legal proceedings, in order to prevent undue delays in the completion of the Corporate Insolvency Resolution Process. However, if the process, including time taken in legal proceedings, is not completed within the said period of three hundred and thirty days, an order requiring the corporate debtor to be liquidated under clause (a) of sub-section (1) of section 33 shall be passed. It is clarified that the time taken for the completion of the corporate insolvency resolution process shall include the time taken in legal proceedings;

(4) to insert sub-section (3A) in section 25A of the Code to provide that an authorised representative under sub-section (6A) of section 21 will cast the vote for all financial creditors he represents in accordance with the decision taken by a vote of more than fifty per cent. of the voting share of the financial creditors he represents, who have cast their vote, in order to facilitate decision making in the committee of creditors, especially when financial creditors are large and heterogeneous group;

(5) to amend sub-section (2) of section 30 of the Code to provide that–

(i) the operational creditors shall receive an amount that is not less than the liquidation value of their debt or the amount that would have been received if the amount to be distributed under the resolution plan had been distributed in accordance with the order of priorities in section 53 of the Code, whichever is higher;

(ii) the financial creditors who do not vote in favour of the resolution plan shall receive an amount that is not less than the liquidation value of their debt;

(iii) the provisions shall apply to the corporate insolvency resolution process of a corporate debtor–

(A) where a resolution plan has not been approved or rejected by the Adjudicating Authority; or

(B) an appeal is preferred under section 61 or 62 or such appeal is not time barred under any provision of law for the time being in force; or

(C) where a legal proceeding has been initiated in any court against the decision of the Adjudicating Authority in respect of a resolution plan;

(6) to amend sub-section (1) of section 31 of the Code to clarify that the resolution plan approved by the Adjudicating Authority shall also be binding on the Central Government, any State Government or any local authority to whom a debt in respect of payment of dues arising under any law for the time being in force, such as authorities to whom statutory dues are owed, including tax authorities;

(7) to amend sub-section (2) of section 33 of the Code to clarify that the committee of creditors may take the decision to liquidate the corporate debtor, in accordance with the requirements provided in sub-section (2) of section 33, any time after the constitution of the committee of creditors under sub-section (1) of section 21 until the confirmation of the resolution plan, including at any time before the preparation of the information memorandum.

The bill is already approved & cleared by parliament on 01.08.2019.

(j) Very less no. of NCLT to deal with huge pile up of applications now at their doorsteps.

Judiciary Intervention

The law of insolvency as it stands is interpreted by courts and insolvency orders are passed in extreme cases. The proposed Bankruptcy Law is a major change and departure from the existing law, which is interpreted by the Courts in favor of debtors. Courts have held that winding up is a discretionary relief which the Court should grant if existence of the company will cause immense prejudice to all concerned.

There is no exercise of judicial discretion in deciding whether liquidation order needs to be passed on rejection of Resolution Plan. If plan is not approved by Creditors, the company is to be wound up. Adoption of new norms for honoring commitments to pay and implementation of the IBC based on new principles are going to be major challenges. In addition, establishment of new entities such as Insolvency Professionals, Insolvency Professional Agencies, Insolvency and Bankruptcy Board of India, Information Utilities and the National Company Law Tribunals and make them functional is also going to be a major challenge in implementing the Code.

New Professional Opportunities for Chartered Accountants

1) Opportunities for Chartered Accountants as an Insolvency, the Chartered Accountants are best suited to be the Insolvency Professionals. They too carry out the insolvency and bankruptcy process.

Whenever an Insolvency or bankruptcy process has been initiated, it shall be the function of an insolvency professional to take such actions as may be necessary, be it a fresh start order process or individual insolvency resolution process or corporate insolvency resolution process Insolvency Professional (IP) to take over the management and operations of the borrower during the CIRP or liquidation of a corporate debtor firm.

The Code does not specify which persons can act as insolvency professionals. However, it does say that the

Board may specify the categories of professionals or persons possessing such qualifications and experience in the field of finance, law, management, insolvency or such other field, as it deems fit. Chartered Accountants have experience in the field of law, and management.

Chartered Accountants can act as Insolvency professionals for all types of winding up, insolvency, bankruptcy – be it for corporates, individuals or firms. Further, since the adjudicating authority except for individuals and firms is the NCLT, Chartered Accountants can appear before such authority and represent their clients. This will open new avenues of practice for professionals who would like to work with financial institutions on debt restructuring projects, one-time settlements and the like.

2) The insolvency professionals are to be appointed as liquidators, trustees etc. at various stages of the insolvency proceedings.

INSOLVENCY PROFESSIONAL AGENCY FORMED BY ICAI

The Indian Institute of Insolvency professionals of ICAI (IIIPI) is a Section 8 Company formed by the Institute of Chartered Accountants of India to enroll and regulate insolvency professionals as its members in accordance with the Insolvency and Bankruptcy Code, 2016 and read with regulations.

ICAI IPA has been designated as the first Insolvency Agency in India. It has already started functioning and enrolling Insolvency Professionals.It is very heartening to note that maximum No. of enrolled Insolvency Professionals are with IBBI of ICAI.

CONCLUSION

Looking at very high level of NPA's and strict stand now taken by Government against all the defaulters initially to start with all large borrowers, there will be tremendous opportunities for CA to venture out in this new area as serious practitioners and in that way help the nation also in recycling assets or helping revivable units.

Impact of Insolvency

Out of total admitted claims of Financial Creditors as on 30.06.2019 amounting to Rs. 2,52,577 crores, the realized by Financial creditors amounts to Rs. 1,08,070 crores which is about 43% & it is 1.88 times of the liquidation value if the same would have been recovered by the liquidation route.

RERA – Transformation & Balancing

RERDA, 2016 came into force from 1st May, 2016 but in true sense majority sections were made operative from 1st May, 2017 including Registration of Projects and various compliances thereunder.

Once again Maharashtra State has emerged as Pioneer State to implement RERDA, 2016 in true spirit and aggressive mode. MahaRera has launched Web Site for online registration of Projects and Agents, Online Complaint Process including filing Appeal before Tribunal, Quarterly updation of Projects, Correction of status of Projects etc. Maharashtra Real Estate Appellate Tribunal is also now in full force. MahaRERA has moved one step further by forming Conciliation Forum wherein both the parties can settle their disputes amicably through conciliation process without undergoing complaint mechanism.

Maharashtra State has set up example and guidelines for all other State and Union Territories so far as regulating the affairs of Real Estate Industry in transparent and speedy manner.

The following Statistical data shows the aggressive outlook of MahaRERA Authority.

a. Across Country nearly 40,000 projects are registered and around 21500 projects are registered with MahaRERA of which 4700 projects have declared themselves as duly completed upon getting Occupancy Certificate. Many Online Projects which had missed the deadline of 31st July, 2017 for registration have been penalized from ₹ 50,000/- to ₹ 12,00,000/- for delay in registration.

b. There are nearly 8300 Complaints lodged by aggrieved persons and 5200 orders have been passed by MahaRERA Authority till date whereby many benchmark decisions are delivered.

c. There are nearly 1000 Appeals filed before Appellate Tribunal of which Tribunal has delivered around 275 judgments till date.

d. MahaRera Authority has passed 16 *Suo Moto* orders punishing various builders for not observing rules and regulations while advertising their product by levying penalty on developers ranging from ₹ 2 lakhs to ₹ 50 lakhs.

e. Even mischievous Consumers are given directions to pay due amounts to Promoter in the interest of Real Estate Sector.

f. Agents are punished for not mentioning MahaRERA number and web site address.

g. Huge penalties ranging from ₹ 50,000/- to ₹ 50,00,000/- have been levied on the following ground :-

    1. Not Registering On Going Project with in stipulated time.
    2. Not putting MahaRERA Project Number in all modes of advertisements.
    3. Not mentioning MahaRERA web site address in all modes of advertisements.
    4. Non-compliance of directions issued by MahaRERA Authority.
    5. The wrong act of Architect issuing wrong certificate of building completion have been referred to Institute for necessary action for misconduct by Architect.

h. MahaRERA has set up two additional offices in Division Pune and Nagpur for the convenience of various stakeholders of Real Estate Sector.

i. Central Government has entrusted task of regulating RERDA, 2016 for the Union Territories of Daman& Diu, Dadra Nagar Haveli looking at the performance of MahaRera Authority.

j. Gujarat, Goa and other States RERA Authority have followed various circulars, instructions, Forms and orders passed by MahaRERA Authority while drafting their Regulations and Rules.

(MahaRERA Authority has truly acted as a Role Model in implementation of RERDA Laws. It is unfortunate that many other States have not taken up bold stand while implementing new emerging laws for promotion and regulation of Real Estate Sector. The Giant State like West Bengal has not even notified Rules to implement true spirit of law.) Suggest to review para and wordings.

Currently Real Estate is undergoing recessionary trend on account of various factors like :-

a. Huge Unsold Inventories.

b. Reduction in Purchasing Power of People on account of slowdown of economy.

c. Introduction and side effects of Demonetization, GST and (RERDA) since last quarter of 2016.

d. Deficiencies and inefficiency of Approval Systems and lack of Single window approval resulting in delays in completion of Project.

e. Overburdened Courts and slow process of Judicial system resulting in no faith in judicial system including delayed justice.

However, RERDA Laws intend to bridge various gaps and perceptions of consumer from Real Estate Sector. It is the political will of each State and its bureaucrats that will decide the fate of RERDA laws. Maharashtra State has proved that if the laws are implemented in true spirit, it can bring back the lost confidence of consumer of Real Estate Sector. Consumer of Maharashtra are lucky enough as now MahaRera Authority is fully equipped with transparent web site , speedy redressal mechanism , threat of heavy penalties on Promoter etc. which will ensure that no Promoter will indulge in any sort of Mal Practices which were commonly noticed in past. Now customers can relax as there is transparency of documents someone to hear their grievances and ensure safety of their hard earned monies.

Summary of Judgements and Rullings so far

1. Date of Possession is date agreed by Promoter in Allotment Letter, Agreement for Sales and not revised timeline declared while registration of ongoing projects.

2. Allotment Letters, MOU etc are held to be kinds of Agreement. It can be enforced even if there are no registered Agreement between Promoter and Customer.
3. Society is also declared as Promoter being Land Owner. However, the matter is under reconsideration on the subject that there is no privity of contract between Society, Land Owners and customers and whether such promoter can be asked to refund the monies collected by Developer Promoter.
4. Investor are also entitled for various relief under RERA.
5. Promoter is required to execute Agreement for Sales upon collecting more than 10 % of monies from customers.
6. Interest is payable for delay in possession in case where customer do not wish to quit the project. (However, as MOFA does not provide for Non Exit Clause an interest for delayed possession,) PI check Tribunal recently pronounced that in such cases interest for delayed possession is applicable from 1st May, 2017.
7. Customers who do not wish to continue with the project entitled for Refund of Principal with Interest and Compensation.
8. Appeal by Promoter before RERA Tribunal can not be entertained if minimum requirement of deposit of amount as envisaged u/s 43(5) is not done by the Promoter. Once Promoter commit default here , then later on he can not file Appeal by complying the deposit of amount as required by Section 43(5).
9. Revised Possession date for On going Project should commensurate with stage of construction and it can not be arbitrary.
10. In case of change of Developer, it is obligation of New Developer to look at all the obligation of old Developer towards customers as per section 15 of Act.
11. Even lenders like financial institution can be complainant where refund of monies are involved u/s 18 as they also are aggrieved persons .
12. Multi shopping is not allowed. RERA Complaint can not be entertained if civil or other legal proceedings are pending before courts or consumer forum.
13. Force Majure i.e factors beyond control cannot be commercial factors like future probable increase in FSI, slow down in economy etc
14. Leasehold Premises and rights thereto are also covered under RERA.
15. Termination of Allotment or Agreement prior to RERDA 2016 i.e 1st May , 2017 and cause of action like bouncing of post dated cheques are not eligible for filing complaint.
16. Possession as per Occupancy or Completion Certificate are legal possession and Fit out possession is not legal possession .
17. Change of relief sought is permissible if raised during the course of hearing process provided it does not change the substance of the case.
18. Registration should be qua Project and not *qua* each Promoter.
19. Tenants, Land Owner under area sharing and society members are not allottee but equity holders and are not entitled to claim relief under RERA. However, while considering issue of obtaining consent from allottee for extension of project, even existing members of society are considered as allottee.
20. Non Compliance of orders of RERA Authority or Appellate Tribunal is punishable with fine per day of default.
21. There are many such matters handled by MahaRera Authority and Appellate Tribunal so far.

Challenge to RERDA Laws on the ground of Constitutional Validity of various Sections of RERDA, 2016

Many Writ petitions were filed by Promoters of different States against Union of India mainly challenging the constitutional validity of application of the RERDA, 2016 to the On Going Projects along with other Sections under challenge.

Supreme Court transferred all these Petitions to High Court, Mumbai vide its order dated 4th September, 2017.

The Extract of Apex Court Order dated 4th September, 2017

"For the present we feel that it would be appropriate to direct the High Court of Judicature at Bombay to take up the matters i.e., W.P. (L) Nos. 1967, 2010, 2011, 2023, 1965, 2034, 4419, 4692 and 19157 of 2017 along with other connected matters, if any, pending in the High Court, together.

We request the Chief Justice of the High Court of Bombay to assign the cases to a particular Bench for expeditious decisions of the matters. Let matters be decided within two months."

High Court Mumbai pronounced its detailed 330 page Land mark Judgment on 6th December, 2017 with Division Bench consisting of two judeges Justice Naresh Patil and Justice R G Ketkar. Eminent Senior Counsel put forward their arguments in support of their respective claim.

Mr. Darius Khambata, Senior Counsel was appointed as Amicus Curiae (Friend of Court) with Ms. Naira Jejeebhoy and Pheroze Mehta.

Summary of Matters and Points for consideration before High Court, Mumbai were as under:-

a. It would be illegal, unreasonable, arbitrary and unconstitutional to compel the promoters of the ongoing projects to register their projects under RERA by applying provisions of RERA retrospectively.

   Held : There no harsh provisions enacted in RERDA 2016 and what Promoters are required to ensure that at least 70 % of funds collected from customers are utilized for the Project. Constitutional Validity of RERDA 2016 is upheld and it is held that law can be applied to On Going Projects also.

b. RERA fails to take into account the past agreements entered into between the promoters and the allottees and the rights and liabilities arising and flowing from such agreements entered into during MOFA Regime.

   Held – There are various common cause of action viz delay in possession, defect warranty period , formation of association of allottee and Conveyancing the property etc in past law and current law prescribed by RERDA 2016. RERA is welfare legislation and parliament can enact law retrospectively in larger public interest.

c. Proviso to Section 6 for extension of Project which restrict the period of extension to one year only , be declared as illegal, unreasonable, unconstitutional and contrary to the spirit of the provisions of Articles 14, 19(1)(g) and 20 of the Constitution.

Held – Here Court has held that RERDA 2016 allows one year extension and further extension can be granted upon verification of facts and merits of each case.

d. Provisions of Section 8 i.e Revocation of Project by Authority are unreasonable and adversely affects rights of the Promoters.

Held – RERA Authority shall be facilitator only upon revocation of projects and rights of old Promoter as to his financial investment shall remain and shall be decided by the New Promoter.

e. The Provisions of Section 18(1)(a) with regard to option given to allottee asking for Refund of Money with interest and compensation or interest for delayed period in cases of delay in possession , are highly arbitrary in nature. Their operation is retrospective/retro-active. Its application would seriously prejudice and affect the rights of the promoter in carrying out trade and business. The provisions of Section 18(1)(a) have been given retrospective effect and are arbitrary. The penal provisions are also unreasonable and unconstitutional as a person cannot be punished for the act done by him prior to enacting the penal provision. The provisions are contrary to Article 20 of the Constitution.

Held – RERA being welfare legislation , this has been construed to be valid provision.

f. Section 18(1)(b) which puts obligations on promoter to refund the money of allottees in the event of discontinuance of business or revocation of Project are ultra vires of Article 19(1)(g) of the Constitution and cannot be saved under Article 19(6) of the Constitution.

Held – The Provisions are valid and non ultra vires of Article 19(1)(g) and 19(6).

g. Validity of first Proviso to Section 3(1) putting restriction on Promoter not to indulge in marketing without first getting registration of Project, Section 3(2)(a) covering land area more than 500 square meter or number of apartment more than 8, Explanation to Section 3, Section 4(2)(l)(D) imposing condition of depositing 70% or 100% of amount realized from customers, challenged .

Held – Provisions are constitutionally valid.

h. Validity of the Provisions of Section 22 mentioning qualification of adjudicating member and Section 46(1)(b) specifying qualification of Judicial Member of RERA challenged.

Held – Qualification of adjudication officer and Judicial member of RERA u/s 46(1)(b) should be only Judicial person and others can not be appointed in that place.

i. Section 71 gives power to authority to adjudicate compensation but presence of Judicial Member is necessary while exercising this powers.

Held – Yes Presence of Judicial Member is required for adjudication proceedings.

Retrospective and Retroactive terminologies have been discussed in length. The Court further observed that Legislation i.e Parliament has power to enact law retrospectively or retroactively if it is in the larger public interest. It is held that regulation of Real Estate Sector is in the interest of consumer which is main Preamble and intention while enacting new law "RERDA, 2016 "
